2. Authorize Staff to execute all documents based on a review as to form by General Counsel and Staff and after determining compliance with the State of Nevada Department of Taxation Guidance Letter 16-004 relative to leasing agreements and medium-term obligations.

**-OR-**

3. Authorize the purchase of 80 Club Car Tempo Lithium Battery Golf Carts for an amount not to exceed \$533,360, which includes a trade-in credit of \$164,000 (CIP#3141LV1898); Vendor Club Car, LLC.; and
4. Authorize an FY2021/22 budget augmentation appropriating \$155,360 to the Golf Fund (320) from available resources within the Community Services Enterprise Fund unrestricted net position.

**II. BACKGROUND**

At its meeting of October 13, 2021, Staff presented to the Board of Trustees

several options for replacement of the current fleet of 80 golf carts serving the Championship Golf Course, based on the proposals received in response to a Request for Proposal issued by the District. The information provided to the Board included quotes for the purchase of 80 battery-powered replacement golf carts, as well as several lease financing options provided by the two vendors who responded to the Districts' RFP. Options presented included: straight purchase, 48-month leases, 60-month leases, and a 48-month lease with a purchase option.

The Board of Trustees took action at the October 13, 2021 meeting to authorize Staff to accept the low-bid quote from Club Car, LLC. for the manufacture and delivery of 80 Tempo - Lithium Battery electric golf carts.

The Board of Trustees further directed Staff to return to the Board with the option of a 54-month lease as well as the possibility of including purchase options under each of the lease terms.

Finally, the Board of Trustees provided direction to Staff to return to the Board of Trustees with a Resolution of Intent to enter into a medium-term obligation financing, subject to approval by the State of Nevada Department of Taxation, pursuant to NRS 350.089.

At its November 10<sup>th</sup> meeting, the Board conducted a public hearing on the draft Resolution of Intent but there were not four votes to move forward. Rather, the Board wishes to consider purchasing the carts outright and continued consideration of the lease option to this meeting. The Board also directed Staff to agendize a potential purchase of the cart. This item brings both options before the Board for final consideration. Please note that a second public hearing is not required.

### **III. DISCUSSION**

The following table summarizes the available options for procurement of 80 Tempo-lithium battery golf carts, to include additional financing options requested by the Board of Trustees at their meeting of October 13, 2021. (*See Attachment 4 for additional information related to each financing options*).

Staff Recommendation for Preferred Financing Option:

Based on a review of the financing options available to the District for procurement of the 80 Club Car Tempo lithium-battery electric golf carts, Staff recommends that the Board of Trustees authorize the District to enter into a 54-month Fair Market Value Lease, in the amount not to exceed \$379,469, with monthly payments of \$7,027.20. The recommended lease terms reflect a trade-in credit of \$164,000 for the existing 80 golf carts (at \$2,050.00 per cart).

*Note: This option would provide for an option for the District to purchase the golf carts at the end of the least term at the “fair market value” to be determined at that time.*

Pursuing this option requires that the District follow the requirements of NRS 350.089, related to medium-term financing obligations. These include Board action to approve Resolution No. 1890, with final approval pending review by the State of Nevada Department of Taxation. (*This process must be completed prior to first lease payment, estimated to be May 2022*).

#### Alternative Procurement Option – Outright Purchase

Should the Board favor a financing option that results in ownership of the golf carts, Staff would recommend the Board authorize procurement of the 80 Club Car Tempo Lithium Battery electric carts through an outright purchase, rather than any of the lease-purchase options presented in this memo.

An outright purchase of replacement carts for the Championship Course golf cart fleets represents the lowest-cost option when compared to any of the lease-purchase options. However, this option requires an up-front payment of \$533,360, which includes a trade-in credit of \$164,000 for the existing 80 golf carts (at \$2,050.00 per cart). The quoted purchase price of \$533,360, exceeds the funding currently budgeted for this project, and thus would require Board approval of a supporting budget augmentation appropriating \$155,360 from available funding within the Community Service Enterprise Fund reserves.

This option nonetheless would have the advantage of the District owning the golf carts which would carry a significant trade-in value at the end of their use.

#### **IV. FISCAL IMPACT**

The overall cost and budget implications of replacing the Championship Course golf carts is dependent on a number of factors, and deserve due consideration.

The FY2021/22 Capital Improvement Budget includes appropriations carried-over from the FY2020/21 CIP budget, in the amount of \$378,000 (Golf Fund 340).

Staff’s recommendation to lease 80 Club Car Tempo - Lithium Battery electric golf carts through a 54-month lease would result in total cost over the term of the lease of \$379,469 (or \$84,326 per year). This option would provide the District with the option to purchase the golf carts at the end of the lease term, based on the “fair market value” of the carts, to be determined at that time.

Alternative options considered for the replacement of the Championship Course golf carts include out-right purchase, lease-financing options (to include 48-, 54, and 60-month terms), and lease-purchase options (including fully-amortized level annual costs for a four-year term, or lump-sum balloon payment at end of 48- 54- or 60-month terms).

The financial analysis of all of the options considered support the staff recommendation for procuring the Club Car Tempo Lithium-battery electric golf carts through a 54-month Fair Market Value lease, based on total payments over the term of the lease, and the expected useful life of the lithium-battery carts.

As noted, should the Board prefer any of the procurement options that result in District ownership of the golf carts, staff would recommend pursuing an outright purchase as this represents lower-cost option in comparison to any of the lease-purchase options.

## V. ALTERNATIVES

The Board could choose any of the financing options presented in this report, as an alternative to the staff recommendation to procure the 80 Club Car Tempo lithium battery electric carts through a 54-month fair-market lease. Should the Board prefer a procurement option that results in District ownership of the 80 Club Car Tempo Lithium battery electric golf carts, staff recommends the Board approve the following:

- 1) Authorize purchase of 80 Club Car Tempo Lithium Battery Electric Golf Carts through lump-sum purchase payment of \$533,360, per bids received September 15, 2021, which includes a trade-in credit of \$164,000 for the eighty (80) existing golf carts; and
- 2) Authorize a budget augmentation appropriating of \$155,360 to the Golf Fund (320) from available resources within the Community Services Enterprise Fund unrestricted net position.

## VI. BUSINESS IMPACT

This item is not a "rule" within the meaning of Nevada Revised Statutes, Chapter 237, and does not require a Business Impact Statement.

## VII. COMMENTS

The Nevada Department of Taxation issued Guidance Letter 16-004 on September 27, 2016 relating to lease agreements that could be considered alternative financing. Under that guidance, the District will be filing a request for approval of

any Board-approved lease agreement with the Department of Taxation.

Once approval is received from the State, Staff will notify the Board of Trustees, at their next regular meeting, and proceed with executing remaining portion of the transaction.

**RESOLUTION NUMBER 1890  
A RESOLUTION AUTHORIZING A MEDIUM-TERM OBLIGATION  
INSTALLMENT PURCHASE AGREEMENT**

**WHEREAS**, the Incline Village General Improvement District serving the communities of Incline Village and Crystal Bay, Nevada, at a regular meeting held on November 10, 2021 at 6 P.M. PST and a special meeting held on November 22, 2021 at 9 A.M. PST determined that the public interest requires a Medium-Term Installment Purchase Agreement; and the following findings of fact determined: the Incline Village General Improvement District operates the Championship Golf Course which utilizes a eighty (80) cart fleet of golf carts and has determined that the best use of public funds is to acquire this replacement of this equipment, for a period of fifty-four (54) months through the use of an Equipment Lease/Purchase Agreement with DLL Finance, LLC, which by its terms is deemed an installment purchase agreement.

**WHEREAS**, proper notice was given of the intention to act upon the Resolution Authorizing a Medium-Term Obligation (Installment Purchase Agreement) pursuant to Nevada Revised Statutes 350.087 and Nevada Administrative Code 350.100 through 350.160.

**NOW, THEREFORE, IT IS HEREBY RESOLVED THAT THE BOARD OF TRUSTEES OF THE INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT** proposes to enter an Installment Purchase Agreement with a principal amount not to exceed \$379,469, at an annual interest rate not to exceed 4% as of the time of closing the equipment’s lease, and to be repaid over fifty-four months.

The purpose for which the funds are to be used is the acquisition of eighty (80) Club Car Tempo - lithium-battery powered golf carts for use at the Championship Golf Course.

The obligation will be repaid from operating revenues of the Community Services Enterprise Fund, through scheduled payments under an Equipment Lease/Purchase Agreement with DLL Finance, LLC. The dollar amount available to repay the obligation is from lease payments made in 54 monthly installments, subject to annual budget appropriations. This form of acquiring the use of this equipment is considered the best net outflow of resources to the operations of the Community Services Enterprise Fund.

**IT IS FURTHER RESOLVED** that the District Clerk forward the necessary documents to the Executive Director, Department of Taxation, Carson City, Nevada.

---

I hereby certify that the foregoing is a full, true and correct copy of a resolution duly passed and adopted at a specially held meeting of the Board of Trustees of the Incline Village General Improvement District on the 22nd day of November, 2021, by the following vote of the Incline Village General Improvement District Board of Trustees (consisting of five (5) members):
