DATE: February 28, 2024

I. RECOMMENDATION

The Board of Trustees makes a motion to:

1. Review, discuss and possibly authorize the Agreement for surveying services of the Ponderosa Ranch Road Water Main Replacement Project - CIP 2299WS1803; Vendor: Walsh Odyssey Engineering, LTD, dba Odyssey Engineering, Inc., for an amount not to exceed \$7,800.00.
2. Authorize the Interim Director of Public Works to execute the Agreement.

II. BACKGROUND

The existing waterline running along Ponderosa Ranch Road is an old steel pipeline that has been in operation well beyond its design life and requires frequent repairs. Leaks are occurring on a regular basis which require IVGID staff to respond and make repairs. The upcoming Ponderosa Ranch Road Water Line Replacement Project will remove and replace the existing steel line as part of the District effort to replace these outdated water mains (Attachment 2). This proposed survey is necessary to enable accurate design and construction documents ready for the eventual public bid.

In accordance with Board Policy 3.1.0. Subsection 0.4, this item is included on the Consent Calendar as it is routine business of the District and within the currently approved District's FY 2023-2024 Capital Improvement Project Water Utility Fund.

III. BID RESULTS

The proposed Agreement is in compliance with the District's Purchasing Policy for Goods and Services, Policy 21.1.0; Subsection 2.2.3 - Purchase of Goods and General Services up to \$10,000 and NRS 332.115.1 (b), Professional Services. Staff did not seek competitive bids for the proposed work because it is in accordance with these policies.

IV. FINANCIAL IMPACT AND BUDGET

The Watermain Replacement - Future CIP #2299WS1803 has an approved FY 2023/24 budget of \$50,000 for 2024, with \$600,000 approved for fiscal years 2025, 2026 and 2027.

V. ALTERNATIVES

The Board of Trustees may deny execution of the proposed Agreement and the proposed survey work will not go forward and the existing steel water main will remain in operation indefinitely. In this case, the outdated water main is expected to continue failing with repair work increasing in frequency and scope. This will affect several parcel owners and businesses along both Ponderosa Ranch Road and Tunnel Creek Road.

VI. COMMENTS

In conclusion:

1. The original steel waterline in Ponderosa Ranch Road is failing and must be replaced as part of the ongoing effort to replace all steel lines within the District.
2. In order to correctly design the replacement project, a topographic site survey must be completed.
3. The proposed work is planned, budgeted and funded through the Public Works Water Utility capital improvements budget.
4. The Professional Services Agreement between the District and Odyssey

Engineering has been reviewed and approved by District Legal Counsel.

VII. BUSINESS IMPACT/BENEFIT

This item is not a "rule" within the meaning of Nevada Revised Statute 237, and does not require a Business Impact Statement.

"Covered Professional Services" as designated in the Professional Liability/Errors and Omissions policy must specifically include work performed under this Agreement.

Requirements of specific coverage or limits contained in this section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. Any available coverage shall be provided to the parties required to be named as additional insured pursuant to this Agreement. Defense costs shall be payable in addition to the limits.

3.2.10.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms supplied or approved by the District to add the following provisions to the insurance policies:

If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, District has the right but not the duty to obtain the insurance it deems necessary and any premium paid by District will be promptly reimbursed by Consultant or District will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, District may terminate this Agreement for cause.

SCOPE OF WORK

Incline Village General Improvement District Ponderosa Ranch Road Survey for Water Main Replacements

Introduction:

Incline Village GID has requested Odyssey Engineering Inc. to assist with surveying and mapping services for the Ponderosa Ranch Road water main replacement project. Odyssey will perform a field survey and prepare a topographic survey of the project footprint to be subsequently utilized for design purposes.

Scope of Work:

- Prepare a base map showing recorded information as shown on the surrounding recorded maps or provided title reports. Base map will show parcel lines, right-of-way, centerlines, and recorded easements, based from record mapping, and any other applicable items, as provided.
- Conduct an as-built topographic map, at 1-foot contour intervals, of the subject area in order to produce future design drawings. The topographic map will include hardscape surfaces such as edge of pavement, curb and gutter, concrete pads, valley gutters, asphalt surfaces, walkways, ground shots, surface utilities, observed evidence of sub-surface utilities (marked by a private utility marking company), top/toe and grade breaks of existing slopes, existing walls, and fence lines.

Deliverables:

- Odyssey Engineering Inc. will provide a Civil 3d drawing containing the topographic survey/surface, base map and an orthophoto overlay (if weather allows).
