IVGID PUBLIC WORKS IS AVAILABLE 24/7 TO RESPOND TO WATER/SEWER EMERGENCIES. CALL 775-832-1203.

THE IMPORTANCE OF METER STAKES IN WINTER

The blue meter stake at your property helps us quickly locate your water meter and service line.

Customers are responsible for allowing IVGID access to the water meter. In the winter, the stake still needs to be accessible. It is used to locate your water meter in a timely manner in order to turn off your water; in case of a water leak or emergency.

Please do not remove blue meter stakes. Do not cover the meter box with dirt, rocks, plants or hardscape. These greatly impede the ability to shut off the meter and water supply for repairs.

If your meter stake is covered in snow, we can usually find the stake with a metal detector so we know where to start digging.

If you are missing a meter stake, please contact us and we will make sure to install one in spring.

STOKE MOUNTAIN TOURS

@ DIAMOND PEAK

Fridays @ 10:30am & 1:30pm
January through March

Program participants will learn about the unique plant and animal life that flourishes within the ski area's boundaries, the history of the resort and the Lake Tahoe region. Also covered is Diamond Peak's national sustainability certification through STOKE Certified and the resort's continuing efforts to incorporate sustainable practices into snowmaking and operations.

Register at the WasteNot table on the deck that morning and then meet on the snow behind the Base Lodge at the tour start time.

Must be an intermediate skier or snowboarder and have a valid lift ticket or season pass to participate, unless otherwise noted.

REMEMBER TO TURN OFF YOUR WATER EVERY TIME YOU LEAVE!
