A. Review budget, number of positions to salary and benefits and conduct surveys to ensure we are making every effort to attract, maintain and retain qualified employees across the District. Continually evaluate current market trends to ensure District wages and benefits remain competitive and attractive to top talent candidates and current Staff.

The HR department is currently researching firms that provide salary surveys to encompass both regional and industry related data. Once cost information is received, this information will be reviewed with the General Manager for further direction. Following the increases to wages related to the annual COLA, a review of local agencies' compensation will be made to determine competitiveness of District's current pay scale and benefits offered. Please note: most recently, following the advice from our attorney, we have updated recreation privilege enrollment to comply with IRS regulations. Working with the General Manager and the Board of Trustees, any future changes to recreation privileges will be reviewed and promptly updated.

- B. Assess the ongoing impacts of wages, and retention of employment changes as follows:
 - I. For recreational specific venues and positions: monitor FLSA changes for continued recreational exemption status compliance; review regional like-industry wages for recommended changes to District's current budget; identify training opportunities to ensure continued growth of seasonal employees.

This is an ongoing process that continues throughout the year. We maintain a large network of regional and industry professionals; as such, we have constant access to shared information as needed.

Until such time as this training is developed, the HR department has identified applicable trainings available on Absorb. The HR Department has increased its recruiting focus to partner with local businesses and agencies for cross marketing of new and open positions. This includes attending and hosting additional job fairs. The increased engagement with the District's residents, to include new residents, is anticipated to yield positive results to improved hiring responses.
- C. Conduct quarterly management educational trainings for both new and current management and supervisory employees with an emphasis on communication, motivation, productivity and team building to improve job satisfaction, morale and employee recruitment/retention and succession planning for both employees and managers.

Following the full implementation of the new Tyler (Munis) HRIS system, renewed focus on individualized training (by department, by position) will begin.

Partner with the Recreation Center Management Team to develop Health and Wellness strategies for District employees; monitor programs to evaluate an overall reduction in absenteeism related to illness, reduced insurance usage, improved employee morale, and increased employee engagement. This is scheduled for review following the implementation of the new HRIS

This is scheduled for review following the implementation of the new HRIS system^{*}. With the implementation of the new HCM/Payroll software, we will have

- d. Approval of Authorized Staffing Levels and Salary Ranges for applicable full-time positions,
- e. Approval of the Incline Village General Improvement District's Capital Improvement Program Budget for Fiscal Year 2022-2023.

II. <u>BACKGROUND</u>

This agenda item has been prepared for Board of Trustees action to approve the District's FY2022/23 Final Budget, as well as several related actions required to implement the budget and ensure compliance with applicable Nevada Revised Statutes and Board of Trustees policies.

The budget process began in late fall with the development of baseline operating budgets to support District operations, programs and services as well as updates to the District's multi-year capital improvement plan that represents a funding required to maintain, upgrade and improve facilities and fixed assets that support District activities and amenities.

The budget has been informed by the District's Strategic Plan and priority objectives as well as financial policies that ensure that the District remains fiscally sound and that resources are available to support activities and investments over a multi-year planning horizon.

Moreover, Board of Trustees input has been a key element in the development of the FY2022-23 budget, having held a series of budget workshops (January 12th, 26th, and March 1st) to guide development of the FY2022-23 budget. In addition, during the course of the FY2022-23 budget process, the Board of Trustees also reviewed and updated selected Board Policies and Practices which directly impacted various aspects of the FY2022-23 budget.

Following the presentation of the FY2022-23 Tentative Budget at the Board meeting of April 13th (and subsequent filing with the State of Nevada Department of Taxation) a number of revisions were necessitated and have been incorporated into the District's Final Budget for FY2022-23. These revisions were presented to the Board at their May 11th meeting.

The Final FY2022-23 budget, as presented herein, requires Board action to authorize appropriations totaling \$87,712,570 in support of District operations, capital projects and debt, and supports authorized staffing of 270.9 full-time equivalent positions. The spending plan represented by the FY2022-23 budget is supported by revenues of \$75,452,842 including Charges for Services, Facility Fees, Taxes and inter-fund revenues. The budget also reflects significant appropriations from available fund balances, totaling \$15,805,700, primarily in support of one-time funding allocations for planned capital projects within the District's Utility and Community Services funds, as well as selected carry-over appropriations from the current fiscal year supporting ongoing and multi-year projects provided for in the current fiscal year's General Fund budget.

The State of Nevada Department of Taxation prescribed budget Form 4404LGF also includes amounts for the governmental fund-type capital projects to be carried over. The State considers the budget authority to lapse each June 30.

III. <u>BUDGET HIGHLIGHTS</u>

1. The **All Funds** District-wide FY2022-23 budget provides for a balanced budget, across all major funds, with expenditure appropriations totaling \$88,712,570 summarized as follows:

Fund	Beginning Unrestricted		Sources		Uses		Ending Unrestricted	
General Fund	\$	6,032,688	\$	4,117,002	\$ 4,885,816	\$	5,263,874	
Utility Fund		15,519,531		14,568,081	27,634,445		2,453,167	
Community Services		12,130,352		50,108,982	50,119,021		12,120,313	
Beach Fund		4,727,750		3,192,130	2,631,439		5,288,441	
Internal Services Fund				3,466,647	3,441,849		24,798	
	\$	38,410,321	\$	75,452,842	\$ 88,712,570	\$	25,150,593	

- 2. **General Fund**. The General Fund budget, totaling net appropriations of \$4,885,816 is primarily supported by property and sales tax revenues distributed by Washoe County. General Fund revenues have been upgraded as a result revised estimates provided by the State Department of Taxation. General Fund expenditures reflect an increase of 3.4 FTE positions, and includes a contingency appropriation of \$100,000. For FY2022-23 the recovery of costs for central services overhead costs allocated to other District funds (\$1,887,589), consistent with the requirements of NRS 354.613 as well as Board Policy 18.1.0. The FY2022/23 budget reflects a drawdown of fund balance of \$768,814 to support one-time capital program appropriations. The General Fund is expected to end the fiscal year with an unrestricted fund balance of \$5.26 million, or \$4.53 million over the Board's General Fund reserve policy level.
- 3. Utility Fund. The District's Utility-funded operations are supported by revenues of \$14,568,081 comprised largely of charges for services paid by water and sewer customers, and fees provided through the District's franchise agreement for solid waste services. The FY2022/23 budget incorporates increased water and sewer revenues resulting from recent Board action approving utility rate adjustments for 2022-23 to support utility operations and capital investment, consistent with a multi-year rate plan. Utility fund expenditure appropriations totaling \$27,634,445 are included in the FY2022-23 budget, supporting operations (\$11,132,540), capital investments (\$15,588,700) and debt service (\$643,135). Included in the capital program budget is \$10,000,000 in funding to support initial

construction of the Effluent Pipeline Project and \$3,000,000 for the related Effluent Pond Lining Project. The FY2022-23 Utility Fund budget results in a draw-down of unrestricted net position of \$13,066,364 (including \$13,000,000 previously reserved by the Board of Trustees for the Effluent Pipeline project. The Utility Fund is projected to end the FY2022-23 fiscal year with an unrestricted net position of \$2.45 million. This reserve level is nearly sufficient to meet the Board's target level for operating reserves, but falls significantly short of meeting the target capital reserve level. Based on the assumptions used to develop the multi-year utility rate plan, Utility Fund reserves are projected to be fully-restored to Board policy levels by FY2025-26.

- 4. Community Services Fund. The District's Community Services Fund(s) for FY2022-23 reflect expenditure appropriations of \$50,119,021 supported by Charges for Services (\$20,437,223), Facility Fees (\$3,692,700), use of available fund balances (\$1,635,000), and estimated capital grant revenues of \$25,435,000 related to the planned Recreation Center Expansion Project. The overall Community Services Budget for FY2022-23 is significantly supported by net revenues of \$3.2 million expected to be generated from the Diamond Peak Ski Resort, with roughly 50% of FY2022/23 net revenues supporting other venue operations, and 50% (\$1.62 million) contributing to the year-end fund balance. FY2022/23 budget assumes the Community Services Fund will end the fiscal year with an unrestricted net position of \$12.12 million, or \$6.70 million above the Board's reserve policy level. However, the current five-year forecast reflect spending down the excess fund balance by FY2024/25, largely through planned priority capital projects.
- 5. **Beach Fund**. Beach operations in FY2022-23 reflect expenditure appropriations totaling \$2,631,439 funded primarily through the Beach Facility Fee (\$2,556,840) and Charges and Services (\$623,890) paid by guests. Beach fund appropriations include \$2,140,074 supporting beach operations and \$485,000 supporting planned capital expenditures. The Beach Fund is expected to end the 2022-23 fiscal year with a fund balance of \$5.28 million. While this level of fund balance is \$4.7 million above the Board's reserve policy level, funds are being set aside to support future Board-priority capital projects identified in the Beach Master Plan, to include renovation of the Incline Beach House and improvements to beach access and circulation for both vehicles and pedestrians.
- 6. **Facility Fees**. A significant component of the Final FY2022-23 budget impacting the District's Community Services and Beach funds is the adjustment to the Recreation Facility Fee and Beach Facility Fee assessed on property owners for the coming fiscal year. Board of Trustees direction has been provided to retain the combined Facility Fee at \$780 for FY2022-

23, with the Recreation Facility Fee set at \$450, and the Beach Facility Fee set at \$330 per parcel. While the Board of Trustees is requested to adopt the Recreation Facility Fee and Beach Facility Fee for FY2022-23 via this agenda item, separate Board action is required (also on tonight's agenda) to provide for the collection of the Facility Fees by the Washoe County Treasurer's office via the property tax bill issued to each property owner within the District.

- 7. **Capital Improvement Project Budget**. Appropriations supporting the District's FY2022-23 Capital Improvement Project Budget total \$44,748,400 funded through \$44,633,400 in new appropriations and \$115,000 in net carry-over appropriations from the current year supporting ongoing projects. Significantly, of the \$44.6 million in new appropriations, a total of \$25.535 million is supported through private capital grants, and an additional \$15.8 million is supported through available excess fund balances, within the General Fund, Utility Fund, Community Services Fund, and Beach Fund. This draw down of fund balances for capital program expenditures is required, and indeed intentional, and informed the Board direction relative to the setting of Utility Rates and Recreation and Beach Facility Fees for FY2022-23.
- 8. **Review of Capital vs. Expense Items.** As part of this year's budget process, a total of \$1,633,200 in project funding included in the FY2022/23 capital plan has been identified as appropriately accounted for as operating expenses (rather than capital assets to be depreciated). These include funding for routine repairs and maintenance, individual items that fall below existing capitalization thresholds, and funds to support master plans, feasibility studies, etc. While these projects remain (for presentation purposes) in the multi-year capital plan, the appropriations have been reallocated to operating expenditures across applicable funds.
- 9. **Carry-forward Appropriations**. An estimated \$6.77 million in carry-forward appropriations are expected to be rolled forward from the current year budget to the FY2022/23 budget. However, of this amount, only \$124,300 in carry-forward appropriations (related exclusively to the General Fund) are proposed to be included in the approval of the FY2022/23 Final Budget presented herein. The balance of carry-forward appropriations are intended to be the subject of separate Board action, following the close of the current fiscal year. This modified carryover process will help ensure that appropriate amounts are carried-forward, based on actual expenditures through June 30, 2022, rather than estimates of funds expected to be available at year end.

The projects requiring carry-over of General Fund appropriations as part of the Final Budget include:

Power Infrastructure Improvements	\$ 40,000
• Network Upgrades – Switches, Controller	rs, WAP 75,000
• Pavement Maintenance – Admin Building	<u> </u>
-	\$124,300

- **10. Transactions Authorized through Annual Budget Appropriations.** Included in the FY2022/23 Final Budget are appropriations for specific expenditures that are deemed authorized by the Board through approval of the annual budget. The payments supported by these appropriations thus do not require separate Board action during the fiscal year. These payments include:
 - Insurance Premiums Payments made to Menath Insurance for Nevada POOL/PACT related to Property, General Liability and Workers' Compensation premiums.
 - Utilities Payments made to utility providers, including AT&T, NV Energy, Southwest Gas, Waste Management, and IVGID (water and sewer services).

III. <u>CONCLUSION</u>

Following Board of Trustees action to approve the District's FY2022-23 Budget, and related implementing actions, Staff will be submitting the Final Budget to the State of Nevada (filing date June 1, 2022) as well as preparing the FY2022-23 Adopted Budget document to assist the Board, residents and the public understand the sources and uses, flow of funds, and fund balances across all District funds and activities. Through this process, Staff aims to increase the level of transparency and understanding of the District's budget, financial position and fiscal practices.

Staff is indebted to the Board of Trustees and community members that provided input throughout this year's budget process and Staff look forward to continuing to work collaboratively to ensure the District remains financially sound and that resources are available to support ongoing operations, programs, services and capital investments in both the short- and long-term, while at the same time providing prudent financial stewardship of District resources with the ultimate goal of providing sustained value to our residents.

FY2022-23 FINAL BUDGET

CENTRAL SERVICES COST ALLOCATION PLAN

FY2022-23 Final Budget

Central Services Cost Allocation Plan

Board Policy 18.1.0, as amended by the Board of Trustees on January 12, 2022, establishes the framework for updating the District's Central Services Cost Allocation Plan in conjunction with the annual budget process.

The Central Services Cost Allocation Plan has been developed to equitably distribute general, overhead and administrative costs incurred by the District's General Fund in the course of supporting the operations of the District's Enterprise Funds, consistent with applicable provisions of Policy 18.1.0 related to allowable costs, allocation methodology and billing rates.

Historically, the General Fund administrative costs allocated to other funds through the annual Central Services Cost Allocation Plan have been limited to costs attributed to Finance/Accounting and Human Resources activities. Finance and Accounting provide support to District operations through budgeting, accounting, financial reporting, accounts payable processing, and cash management, while Human Resources provides direct support through recruitment, employment, training, benefits administration and payroll.

Updating the Central Services Cost Allocation Plan

Eligible costs to be allocated in the FY2022/23 fiscal year are based on the final General Fund budgets for Accounting (activity 120) - net of interest earnings revenue credited to the General Fund - and Human Resources (activity 150),

These costs are then, in turn, allocated to all District Funds/Department/Divisions as follows:

- Eighty percent (80%) of the eligible costs of the Accounting budget is allocated based on each Fund/Department/Division/Activity's percentage of District-wide budgeted non-personnel costs, exclusive of capital, debt and transfers. These would include Professional Services, Services and Supplies, Utilities, and Cost of Goods Sold.
- One-hundred percent (100%) of costs of the Human Resources budget plus twenty percent (20%) of the eligible costs of the Accounting budget are allocated based on each Fund/Department/Division/Activity's average percentage of District-wide full-time equivalent (FTE) positions, wages and benefits.
- The combined amounts of Central Services Overhead costs thus allocated to each Department/Division/Activity, represent the amounts budgeted as Central Services Overhead costs within each Fund/Department's budget.

Central Services Overhead Billing Rates

The annual Central Services Overhead billing rate for each Fund/Department is then calculated based on the budgeted overhead allocation as a percentage their respective personnel, and non-personnel budget (exclusive of capital and debt). Expressed as a percentage, this represents the overhead billing rate charged to each budgetary unit within that fund.

Monthly Central Services Overhead Charges

Prior to the close of each monthly accounting period, a Central Services Overhead charge will be recorded by applying the calculated overhead billing rate for each budgetary unit to the actual expenditures for the period (exclusive of capital and debt).

The total of the amount of Central Services Overhead charged to all applicable budgetary units for the accounting period will also be recorded in the General Fund as a credit to expenditures within the Accounting (activity 120) and Human Resources (activity 150) budgets, reflective of each activities share of recovered costs.

Year-end Adjustments to Central Services Overhead Charges

Board Policy 18.1.0 provides that the amount of Central Services Overhead charged out through the allocation plan shall not exceed the actual cost of the overhead incurred. For this reason, prior to the close of the last accounting period of the fiscal year, the cumulative amount of Central Services Charges posted for the fiscal year shall be compared to actual expenditures incurred by the Accounting and Human Resources activities.

To the extent that Central Services Overhead costs charged (and recovered) exceed the amount of eligible overhead costs actually expended, an adjustment will be included in the June Central Services Overhead charge to ensure that the total overhead charge is equal to the actual overhead expenditure for the fiscal year.

The attached schedule provides a summary of the FY2022/23 Central Services Overhead Cost Allocation Plan for FY2022-23, as reviewed and updated through the annual budget process, consistent with Board Policy 18.1.0.

FY2022-23 FACILITY FEES

Recreation Facility Fee Beach Facility Fee

As part of the annual budget process, the Board traditionally approves a resolution which outlines:

- The billing and collection process set forth in Nevada Revised Statutes 318.197 (establishing standby service charges for services and facilities furnished by the District) and 318.201 (establishing the method of collection), as well as
- Establishing the amount of the Recreation Facility Fee (RFF) and Beach Facility Fee (BFF) to be collected.

Upon final approval, the District provides Washoe County Treasurer's Office with appropriate fee amounts to be assessed on each individual parcel within the District, pursuant to the prescribed process.

At its meeting of April 13, 2022, the Board of a Trustees took action (via Resolution 1891) to approve the Preliminary Report for Collection as well as setting of a public hearing for May 26, 2022 to consider final action of the Recreation and Beach Facility Fees for FY2022-23.

The Board also held a discussion of Recreation and Beach Facility Fees as part of its Budget Workshops held on April 13, 2022. Following Board discussion, direction was provided to Staff to finalize the Report for Collection as well as the FY2022-23 Final Budget to include a Recreation Facility Fee of \$450 and a Beach Facility Fee of \$330 for FY2022-23.

Accordingly, Staff has prepared a Final FY2022/23 Budget that, upon final adoption, provides appropriations covering costs of operating, capital and debt in support of District activities. Consistent with Board direction provided at the workshop on April 13, 2022, the Final FY2022-23 budget has been revised to reflect a Recreation Facility Fee of \$450 to be collected from all properties within the District to support planned expenditures within the Community Services Funds and the Beach Facility Fee of \$330 to be collected from applicable properties within the District to support planned expenditures within the Beach Fund, as specified in the Final 2022-2023 Recreation Roll Report, subject to approval by the Board.

The recommendation for establishment of the Facility Fee to be assessed for Fiscal Year 2022-23 is summarized as follows:

•	Recreation Facility Fee (All properties)	\$450.00
•	Beach Facility Fee (properties with Beach access)	330.00
	Total Combined Fee (properties with Beach access)	<u>\$780.00</u>

The estimated total revenues to be generated by the proposed fees and included in the fiscal year 2022-23 final budget are as follows:

	Community Services	Beach	
	Fund	Fund	Total
Recreation Facility Fee	\$3,692,700		
Beach Facility Fee		\$2,556,840	
Total Combined Revenues			\$6,249,540

Revenue

Wedding & Event bookings continue to return at a strong rate as we move into booking 2023 dates. We predict this region is seeing a shift in popular wedding months from late summer/fall to spring, possibly due to consecutive years of wildfire smoke. Our average number of weddings in June is 5.7, this June 2022 we have 10 weddings scheduled. Looking forward to May & June 2023, we have 4 weddings currently booked and are still outside of the average 1 year booking window.

This winter we evaluated the increased food & beverage cost of goods and increased the pricing to our customers in order to maintain revenues.

The facility rate increases approved by the board in March will be apparent as we book new business for 2023.

Budget

We will continue to manage the budget based on business levels. The cost of business is continuing to rise both in wages and costs of goods. As we evaluate these increases during the budgeting process we will evaluate our venue rates and work with the food & beverage department to evaluate food rates to correspond with increases.

The infrastructure at The Chateau continues to age and we are continuing to see large expenses in order to maintain the building and keep the venue in a presentable state. For example, the capstones on top of the pillar are loose and have been re-grouted multiple times, the significant damage to sewer pipes which shut down the catering kitchen for multiple weeks in summer 2021.

Strategic Plan Initiatives:

Highlights of Budgeted Initiatives within Board-approved Strategic Plan specific to the Diamond Peak Ski venue include:

- Re-evaluate, during the budget process, the optimum level of employees and related total compensation, necessary to each department based on industry standard and levels of service.
- Focus on creative strategies related to differences in how the District recruits full time, part time, and seasonal employees.
- Update and enhance the District's public facing websites to bring in line with current industry best practices for data security, responsive design, and user experience

FY2022/23 Budget Highlights:

Revenues

The revenues within the FY2022/23 budget have been adjusted to market rate within the region when applicable or updates to a projected number of units purchased and or visit projections. Revenue sources are presented through the following accounts.

- Admissions and Fees
- Season Passes
- Concessions
- Food and Beverage Main Lodge
- Food and Beverage Snowflake Lodge
- Ski and Ride Center Lessons
- Child Ski Center Lessons
- Equipment Rental
- Hyatt Sport Shop

Expenditures (Uses)

One of the most strategic items that the ski area focuses on is the recruitment, retention and workplace culture of its personnel. This budget initiative is in line with the District Strategic Plan.

Staffing

The FY2023 Budget includes investments that specifically targets personnel recruiting and retention. During winter operations the ski area employs over 300 seasonal staff members to provide venue services to our community members and guests. The budget will identify a rate adjustment to \$18.00 per hour for the majority of front line personnel. Staffing changes from the FY2021/22 budget include:

- The addition of a Ski Lift Technician
- Patrol Director/Safety Coordinator position increased from 7 months' employment to 10
- Director of Food and Beverage position reinstated
- No change to projected seasonal personnel hours worked with the exception of an increase in winter Slope Maintenance

Operations and Maintenance

The FY2023 Budget identifies minor adjustments related to operations as recruitment and personnel wage adjustments remain the focus to operations. Maintenance of equipment budgets including replacements parts have been adjusted as manufactures have indicated an inflationary increase to goods sold.

Capital - The FY2022/23 Capital Plan includes funding for priority capital projects, to include:

- Installation of RFID Software and Gantries
- Purchase of 14-passenger shuttle van
- Re-design of Bae Lodge Kitchen and Food Storage space

APPENDIX C

FY2022-23 FINAL BUDGET RATES & CHARGES

RATES & CHARGES

www.ivgid.org

RATES & CHARGES

Establishing Rates and Charges for service is an essential part of the annual budget process. Each major venue considers its products and services, costs associated with delivery, and the customer types for these transactions. They are applied to units of service to become part of the revenues and sources.

The District approaches rates with the understanding that parcel owners as the facility fee payers, deserve and should get preferred pricing and when practical preferred access to venues. IVGID issues picture passes and punch cards to the parcel owners. Therefore Key Rates identify when a Picture Pass Holder has preferred pricing. By contrast, a Punch Card can potentially buy down a rate from the non-pass holder amount to that of a pass holder.

At their meeting of March 1, 2022, the Board of Trustees approved a formal pricing policy for Community Services and Beach products and services. The goal of the pricing policy is to ensure full cost-recovery for non-resident pricing, and establish a consistent framework for discounted pricing provided to Picture Pass Holders and their guests.

The Board also took formal action to approve "key rates" for the District's Golf venues, Facility Rentals/Special Events and Diamond Peak resident season passes. These approved rates for the 2022-2023 seasons are included in this section.

In addition, the Board has given staff the authority set rates and charges for other programs and services, as well as to make "yield management" and "dynamic pricing" decisions which will allow price adjustments at any time to encourage utilization of our venues or realize the appropriate value of a service. Staff makes operational decisions throughout the year that modify pricing for products and services.

These rates and charges are not intended to be all inclusive for each price, line item or transaction. Nor are they necessarily going to be restated as changes are made throughout the fiscal year. Rather, they are presented as an indication of the intention at the point of adopting the budget each May.

<u>M E M O R A N D U M</u>

TO:	Board of Trustees
THROUGH:	Indra S. Winquest District General Manager
FROM:	Paul Navazio Director of Finance
SUBJECT:	Review, discuss and possibly approve Resolution Number 1893: A Resolution Approving the Report for Collection of Recreation Standby and Service Charges per parcel of \$780 with beach privileges and \$330 without beach privileges, Fiscal Year 2022/2023.
DATE:	May 26, 2022

I. <u>RECOMMENDATION</u>

That the Board of Trustees makes a motion to adopt Resolution Number 1893 which approves the Report for Collection of Recreation Standby and Services Charges (also known as the Recreation Facility Fee and Beach Facility Fee) for fiscal year 2022/2023.

II. DISTRICT STRATEGIC PLAN

Long Range Principle 2 Finance – Maintain the allocation of Facility Fee components for operations, debt service and capital expenditure to provide resources for each important aspect of District activities. Comply with Nevada Revised Statutes and Administrative Code requirement for the budget process and document content.

III. BACKGROUND

Each year, the District establishes an annual Recreation Facility Fee and Beach Facility Fee to be collected from property owners within the District through a levy placed on the property tax bill and collected on behalf of the District by the Washoe County Tax Collection Office. These fees are established based on the revenues required to support debt, capital expenditure and operations for the District's various recreation and beach facilities. These revenues, combined with service charges collected by the District for facility use and program activities serve to Resolution Number 1893: -2-A Resolution Preliminarily Approving the Report for Collection of Recreation Standby and Service Charges, Fiscal Year 2022/2023

support the operations of the District funded by the Community Services Fund and Beach Fund, respectively.

As part of the annual budget process, the Board is required to approve a resolution which outlines the billing and collection process set forth in Nevada Revised Statutes 318.197 (establishing standby service charges for services and facilities furnished by the District) and 318.201 (establishing the method of collection), as well as the preliminary amount of the Recreation Facility Fee (RFF) and Beach Facility Fee (BFF). The resolution also sets the date for the required public hearing to consider the proposed Recreation Facility Fee and Beach Facility Fee prior to final approval by the Board. Upon final approval, the District provides Washoe County with appropriate fee amounts to be assessed on each individual parcel within the District, pursuant to the prescribed process.

Staff has prepared the Report for Collection on the Washoe County Tax Roll for the Recreation Standby and Service Charges (also known as the Recreation Facility Fee and the Beach Facility Fee). Consistent with past Board direction, the final budget assumes that the combined Recreation Facility Fee and Beach Facility Fee continue to be charged at the rate of \$780 for fiscal year 2022/23, comprised of the Recreation Facility Fee charge of \$450 and Beach Facility Fee charge of \$330. The Board may consider modifying the allocation of the combined fees prior to final approval, following conducting of the required public hearing.

The Board is reminded that the method of collections refers to a process that is rooted in historical references. The report includes a table to establish those major events which link the current fee to those past events. Other sections cover budgetary and collection processes.

IV. FINANCIAL IMPACT AND BUDGET

Staff has prepared a Final Budget for fiscal year 2022/23 that, upon final adoption, provides appropriations covering costs of operating, capital and debt in support of District activities. Per Board direction, the fiscal year 2022/23 Final Budget assumes that the Recreation Facility Fee of \$450 per dwelling unit will be collected from all properties within the District to support planned expenditures within the Community Services Fund, and the Beach Facility Fee of \$330 will be collected from applicable properties to support planned expenditures within the Beach Fund, as specified in the preliminary 2022/2023 Recreation Roll Report, subject to approval by the Board.

Resolution Number 1893: -3-A Resolution Preliminarily Approving the Report for Collection of Recreation Standby and Service Charges, Fiscal Year 2022/2023

The Facility Fee(s) included in the Final Budget for fiscal year 2022/23, subject to Board approval, are summarized as follows:

Recreation Facility Fee (all properties)	\$450.00
Beach Facility Fee (properties with Beach access)	330.00
Total Combined Fee (properties with Beach access)	<u>\$780.00</u>

The estimated total revenues to be generated by the proposed fees and included in the fiscal year 2021/22 preliminary budget are as follows:

	Community Services	Beach	
	Fund	Fund	<u>Total</u>
Recreation Facility Fee	\$3,692,700		
Beach Facility Fee		\$2,556,840	
Total Combined Revenues			\$6,249,540

IV. <u>ALTERNATIVES</u>

The Board can direct Staff to revise, change, or modify the Recreation Facility Fee and Beach Facility Fee as currently proposed, provided any revision does not result in Facility Fee charges in excess of the amount(s) referenced in the public hearing notice for each respective fee.

V. BUSINESS IMPACT

This item is not a "rule" within the meaning of Nevada Revised Statutes, Chapter 237, and does not require a Business Impact Statement.

WHEREAS, said Board met at said time and place and XXXX (#) person(s) appeared and XXXX (#) person(s) protested against the charges made on their property and against said report, and the Board fully heard all persons and considered all matters and was fully advised in the premises, and did by motion revise, change, reduce or modify any of the charges therein which, in its opinion, were so required in order that said charges be equitably distributed among the several parcels of property contained in the report;

NOW, THEREFORE, IT IS ORDERED as follows:

1. That protests were not made at or before said hearing by the owners of a majority of separate parcels of property described in said report, and that said Board has jurisdiction to take further proceedings in relation thereto;

5. That the rates charged for natural, intrinsic and fundamental distinctions are reasonable in their relation to the object of the charges imposed in said report, and that said charges have been apportioned in relation to said natural, intrinsic, fundamental and reasonable distinctions among said rates.

6. That said report, as revised, changed, reduced or modified, if any, is hereby adopted and that all of the charges herein constitute a perpetual lien on and against each of the parcels of property in the amount set opposite their description in said report, which lien is effective as of the date on which general taxes for the fiscal year 2022-2023 become a lien.

7. In addition, any parcel which is (1) undeveloped, and (2) subject to a deed restriction, acceptable to IVGID staff, preventing any and all development of the parcel in perpetuity, which deed restriction is recorded in the Washoe County Recorder's Office, and (3) whose owner agrees to waive in perpetuity on his own behalf as well as on behalf of his successors and assigns any right to demand in the future any recreation privileges arising from or associated with said parcel is also excepted and excluded from the charges imposed by subsections A through C of this section.

Any exception granted pursuant to paragraph I. D shall operate prospectively only from and after the date subsequent to which such exception is approved by *the Board of Trustees* of the Incline Village General Improvement District and no exception as created by the paragraph I. D shall have any retroactive application.

- E. <u>Recreation Privileges</u>. Each parcel which is charged a Recreation and/or Beach Facility Fee is entitled to recreation privileges, as described in IVGID Ordinance No. 7, an Ordinance Establishing Recreation Privileges by the Incline Village General Improvement District.
- **II.** The amount of moneys required for the fiscal year extending from July 1, 2022, to June 30, 2023, has been determined by this Board to be about \$3,692,700 for the Recreation Facility Fee and \$2,556,840 for Beach Facility Fee for the proper servicing of said identified bonds and for the administration, operation, maintenance and improvement of said real properties, equipment and facilities.
- **III.** Said sum has been apportioned among the several lots, pieces or parcels of real property, and dwelling units within the District in accordance with the applicable rates and charges prescribed and established therefore as set forth in this report.
- **IV.** The lots and parcels of real property so charged have been described by their parcel numbers used by the County Assessor in the County Tax Roll for the fiscal year 2022-2023, which are by reference to maps prepared by and on file in the office of the County Assessor for said County.
- V. The Board has, by resolution, elected and determined to have such charges for the forthcoming fiscal year collected on the general tax roll of the County of Washoe for said year, on which general District taxes are collected, in the same manner, by the same persons and at the same time, together with and not separately from its general District taxes.

The District has agreed to pay the Washoe County Treasurer an annual fee of \$1,000 for the processing of these fees.

- VI. The amounts of the charges shall constitute a lien against the lot or parcel of real property against which the charge has been imposed as of the time when the lien of taxes on the roll attaches, and all laws applicable to the levy, collection and enforcement of general taxes of the District, including, but not limited to, those pertaining to the matters of delinquency, correction, cancellation, refund, redemption and sale, are applicable to such charges.
- VII. The County Treasurer shall include the amount of the charges on the bills for taxes levied against the respective lots and parcels of land, and thereafter the amounts of the charges shall be collected at the same time and in the same manner and by the same persons as, together with and not separately from, the general taxes for the District, and shall be delinquent at the same time and thereafter be subject to the same delinquency penalties, provided that the County Treasurer may, in his discretion, issue separate bills for such charges and separate receipts for collections on account of such charges.

III. <u>SUMMARY</u>

The District General Manager's Ordinance 7 Committee members' and Staff's goal with this evaluation of Ordinance 7 was to focus on how to adapt the Ordinance and Recreation Privileges to the current times with additional focus on ensuring

Review, discuss and possibly adopt Ordinance 7, An -2-Ordinance Establishing Rates, Rules and Regulations for IVGID Recreation Passes and Recreation Punch Cards by the Incline Village General Improvement District effective June 1, 2022

Ordinance 7 is amended in a way that anticipates continued change both in the community and how the venues are utilized by parcel owners and their guests. Simplification and consistency were also a focus in order to increase efficiencies across operations while ensuring compliance with District policies and the beach deed (Attachment A).

Overall, beach visits have increased steadily over the past 15-20 years which has resulted in incremental increases in operational and maintenance costs. As a result, the committee focused on recommended edits that would allow reasonable, but not unlimited, access for all parcel owners. Additionally, the committee felt it was very important to eliminate potential opportunities for abuse of recreation privileges by reducing ways that the District has historically provided access to the IVGID beaches.

Special Legal Counsel provided a thorough review of the committee recommendations and provided valuable input, in particular, related to the definition of a "guest," which is not defined currently in Ordinance 7, "commercial operations" at IVGID beaches, which are not currently well defined in Ordinance 7, as well as other general aspects of Ordinance 7. It was deemed extremely important to the committee to ensure compliance with the beach deed prior to making any edits.

The committee and District General Manager recommendations for edits are designed to be consistent and fair across all parcels while allowing reasonable access to parcel owners and their guests and addressing overcrowding and excessive access issues at the IVGID beaches. The goal is to create sustainability moving forward and allowing for a quality experience for parcel owners and their guests. It will be important to evaluate the impacts of any edits made to Ordinance 7 over the next couple years to ensure success.

The GM's Ordinance 7 Committee, during its meetings, discussed briefly the topic of motel and hotel occupants. Recently, a motel owner has indicated that he wishes to obtain beach access for his occupants. Staff and Special Legal Counsel have sought to find language that would address the motel owner's concerns. Unfortunately, a consensus has not been reached, and the proposed Ordinance 7 contains 2 options for addressing motel/hotel occupants in Paragraph 75. These options will be discussed at the meeting.

Review, discuss and possibly adopt Ordinance 7, An Ordinance Establishing Rates, Rules and Regulations for IVGID Recreation Passes and Recreation Punch Cards by the Incline Village General Improvement District effective June 1, 2022

IV. <u>NEXT STEPS</u>

At the IVGID Board Meeting held on April 13, 2022, the Board of Trustees took action to set a public hearing for May 26, 2022. The Board of Trustees continued to discuss and provide feedback and direction related to recommended edits at the IVGID Board Meeting of April 27, 2022, as well as the May 11, 2022 Board Meeting. Staff has worked with District Legal Counsel to finalize a draft edited version of Ordinance 7 (Attachment B) for formal adoption after a public hearing at the May 26, 2022 Board of Trustees meeting.

It should be noted that the draft redline version (Attachment C) is a working document and has been provided for context, as it outlines all of the edits made, based on the committee and District General Manger's recommendations, in alignment and agreement with the Board of Trustees. Additionally, a conformed version with the edits incorporated has been provided (Attachment D). Both of these documents have been updated since both the April 13 and April 27, 2022, as well as May 11, 2022 Board of Trustees meetings.

In addition, and in an abundance of caution, Staff recommended that we consider the proposed edits to Ordinance 7 a "rule" subject to NRS 237 with the potential to "directly restrict the formation, operation or expansion of a business." (NRS 237.060(2)(b).) This is based on the proposed clarifications on commercial operations at the beaches.

NRS 237 requires additional outreach to the business community in addition to the general public hearing process. Based on direction by the Board of Trustees, Staff has provided notice to the business community of the proposal and their ability to submit comments on the proposal. Staff prepared and distributed a "business impact statement" for the Board's consideration, which was approved unanimously at the May 11, 2022 Board Meeting.

Edits are recommended to be implemented beginning June 1, 2022, which is consistent with rollout of the annual Recreation Punch Card renewal.

V. BUSINESS IMPACT STATEMENT

As required by the Nevada Department of Taxation, Division of Local Government Services, the District prepared and mailed notices regarding the draft Business Impact Statement to all potentially affected business. Review, discuss and possibly adopt Ordinance 7, An Ordinance Establishing Rates, Rules and Regulations for IVGID Recreation Passes and Recreation Punch Cards by the Incline Village General Improvement District effective June 1, 2022

As the Board of Trustees heard at its April 27, 2022 meeting, several members of the boating business community made comments and Incline Boat Storage and Marine submitted their written comments which are attached to the minutes of this meeting. North Shore Boat Rentals also submitted written comments which are attached to the minutes of the Board of Trustees meeting of April 27, 2022 and were shared with the Board of Trustees and District General Manager prior to the meeting.

The attached fully executed business impact statement (Attachment E) was adopted by the Board of Trustees at their May 11, 2022 Board of Trustees Meeting.

VI. <u>ALTERNATIVES</u>

Recommended Revisions to Ordinance 7 (edited after 5/11/22)

A. IVGID Picture Passes

Currently -

All parcels are allotted 5 passes. These can be all IVGID Picture Passes, all Recreation Punch Cards, or a combination of the two. The IVGID Picture Pass gets the holder into the beach properties at no charge, and all of the other recreation venues and programs at the District IVGID Pass holder rate, which is significantly discounted from the rate that members of the public who are not IVGID Pass holders are charged. *There are currently 20,485 active IVGID Picture Passes as of 2/17/22.* The IVGID Pass holder gets a discounted rate at:

- IVGID Beach Properties (no additional fee)
- Diamond Peak Ski Resort
- Recreation Center
- Community Programming
- Championship and Mountain Golf Courses
- Tennis & Pickle Ball Center
- Chateau, Aspen Grove, parks and ball fields for facility rentals

Additionally, by practice, IVGID has allowed each parcel to purchase unlimited additional Picture Passes above the five each parcel is allotted (except that the 2021 emergency COVID rules limited each parcel to purchasing up to 5 Additional Recreation Passes). Additional Picture Passes can only be purchased for individuals that qualify per the Family Tree. These passes currently cost 1/5th of the Recreation Facility Fee (RFF) and Beach Facility Fee (BFF) which combined is currently \$780 per parcel, so the fee currently to purchase an additional picture pass for parcels that come with access to the beaches is \$156. These passes are good for one year from the date of purchase and are not allowed to be used to get discounted rates at the golf courses. As a reminder, not all parcels pay the Beach Facility Fee (BFF) as they were generally annexed after the beach properties were purchased (in particular those located in Crystal Bay as well as most others with direct beach access).

Survey Question #2: Please indicate how you utilize the access privileges/cards allotted to your parcel.

Responses:

Committee Recommendations -

- No change within the initial five passes that all Parcels are allotted. Board Agreement 4/13/22
- Recommend adding a <u>verified Domestic Partner</u>, to the second level of consanguinity in the family tree. Please note... *After Special Counsel's review, it was highly recommended that the family tree is not to be expanded beyond adding a domestic partner*. Board Agreement/staff to develop criteria 4/27/22
- Recommend allowing for the purchase of up to (3) three additional Picture Passes for family members within Family Tree, and which will count towards a total of a maximum of five additional IVGID Passes/Recreation Punch Cards which can be purchased. Board Agreement 4/27/22

Additional Picture Passes will no longer include the ability to bring guests as agreed upon by the board on 4/27 after recommendation from the General Manager.

• Recommend requiring Picture Pass holders under 18 to get updated photo every 3 years. This is to make sure that each youth is recognizable and passes are not transferable. Board Agreement 4/13/22

B. Recreation Punch Cards

Currently -

As noted above, all parcels are allotted 5 passes. This can be all picture passes, all Recreation Punch Cards, or a combination of the two. Recreation Punch Cards are transferable and the value on the card is 1/5th of the RFF and BFF

combined, or the value of only the RFF which is paid by all parcels that do not have access to IVGID beaches. Assuming sufficient value on the Recreation Punch Card, the cardholder(s) would be allowed to use the value on the Recreation Punch Card to discount the fee to the IVGID Pass Holder rate at the following Recreation Venues:

IVGID Beach Properties (entire amount of guest fee is deducted from the Recreation Punch Card) Diamond Peak Ski Resort Recreation Center Community Programming Championship and Mountain Golf Courses Tennis & Pickle ball Center Chateau and Aspen Grove for facility rentals

Current practice is to allow the Recreation Punch Card holder (assuming the appropriate dollar amount is available on the card) to use the card to discount down a fee from the non-IVGID Pass holder rate to the IVGID Pass holder rate. For example: a Recreation Punch Card holder wants to access the Recreation Center. The non-IVGID Pass holder rate is \$15.00 and the IVGID Pass holder rate is \$11.00. Staff would therefore deduct \$4 from the Recreation Punch Card Value and the individual would pay \$11.00 out of pocket. To be clear, the Recreation Punch Card can only be used to bring the rate down from the non-IVGID Pass Holder rate to the IVGID Pass holder rate. The only Recreation Punch Card is the IVGID Pass holder rate.

Survey Question 25: Do you feel like you get value from the option to have Recreation Punch Cards?

Responses:

Yes 73.2% (1,609)

No 26.8% (589)

Survey Question 27: Do you support the complete elimination of Recreation Punch Cards, so that only IVGID Picture Passes could be used for beach access?

Responses:

22% Yes (493)

67% No (1478)

Other – Write-in 10.5% (231)

Survey Question 29: If Recreation Punch Cards remain, should IVGID allow Punch Card holders to use the remaining balance on the card for the entire value of guest access at all IVGID venues, rather than buying down to the Picture Pass holder rate?

Responses:

Yes 68.6% (1,476)

No 24.5% (528)

Other – Write-in 6.9% (148)

Please also reference survey questions and responses 30- 34 related to this recommendation.

Committee Recommendations -

- Based on community feedback, the Recreation Punch Card provides value and should remain. Board Agreement 4/13/22
- Recommend allowing the Recreation Punch Card to buy down up to the entire amount of the access or service fee, including access to the boat ramp. For example; instead of only deducting the difference between the IVGID Pass Holder and the non-IVGID Pass Holder Rate, the card holder would be able to pay for the entire fee from the balance on the Recreation Punch Card; hence, for example, to deduct the entire \$15 entrance fee to the Recreation Center. Board in agreement to not yet implement. Further discussion resulted in the need for further evaluation of potential unintended impacts as well as evaluate the Recreation Punch Card as it exists today and possible changes moving forward.
- Recommend limiting the number of additional cards, whether IVGID Picture Passes or Recreation Punch Cards that can be purchased per parcel up to a maximum of (5) five Additional IVGID Passes with a maximum of (3) Additional Recreation Punch Cards. Board Agreement 5/13/22
- The Recreation Punch Cards expire annually on May 31st. It has been suggested by a few community members that any value leftover should rollover. This is *not* recommended by the committee, as the value of the annual Recreation Punch Card is tied to the annual payment of the Recreation & Beach Facility Fees as a component of the parcel property taxes, and since rolling over balances would therefore create difficult financial and accounting burdens. Board Agreement 4/13/22
- Recommend renaming the Recreation Punch Card to something that more correctly reflects the purpose of card and to clearly distinguish it from the current Recreation Punch Card. Two examples would be: "Recreation Access Card", "Guest Access Card". Board in agreement to not change the name as the future of Recreation Punch Cards will continue to be evaluated 4/27/22

C. Guest Access

Currently (not including temporary restrictions related to COVID) -

There are currently several ways that the District administers Beach Access for guests of parcel owners:

- IVGID Picture Pass Holders may pay the daily applicable guest rate at any of the beach gates for guest entrance. *There is no limit on the number of guests that an IVGID Picture Pass Holder or Parcel can bring to the beach either daily, seasonally, or annually when the IVGID Picture Pass Holder accompanies the Guest.*
- IVGID Picture Pass Holders may purchase daily passes at the Recreation Center. Currently there is no limit on the amount of daily passes that can be purchased. The daily passes expire at the end of the beach season which is typically mid to late October weather dependent. Additionally, these passes are transferable and the IVGID Pass Holder does not need to be present at the beach gates with their guests. Daily beach passes are administrational and are not referenced in Ordinance 7. *Please note, during the 2020 and* 2021 beach seasons, Daily Beach and Exchange passes were not issued as a result of temporary covid 19 restrictions put in place via a Board of Trustees approved Resolution.
- Recreation Punch Card holders can use the card to purchase access to the beaches as long as the remaining value on the card covers the cost of guest entrance. There is no limit on the number of guests that the Recreation Punch Card can be used to purchase entrance and the Recreation Punch Card is transferable.
- Parcel Owners can utilize daily exchange passes to provide their guests access. The Exchange pass acts very similar to a regular daily pass. Its transferable and expires at the end of the beach season. The reason why its referred to as an exchange pass is that a parcel owner can take the value of the Recreation Punch Card and exchange for daily passes. This is primarily used by timeshare parcels, parcels owned by multiple owners, and owners of short-term rentals. Daily exchange passes are administrational and are specifically not referenced in Ordinance 7.
- During COVID in 2020 and 2021, the above have been restricted pursuant to temporary emergency rules, including but not limited to daily beach passes and exchange passes have been eliminated, and Guests could only access the beach with a valid Recreation Punch Card or if accompanied by an IVGID Picture Pass Holder.

Survey Question 11: How often do you provide access to guests (who do not have their own access) to IVGID beaches during the spring/summer/fall season when beach gates are staffed?

Responses:

20+ times per season 7.6% (146)

10-19 times per season 17.8% (343)

5-9 times per season 25.4% (489)

1-4 times per season 41.2% (793)

Never 7.9% (152)

Please also reference survey questions and responses 12 - 17 related to this recommendation.

Survey Question 18: Should IVGID require that all guests (including those paying for purchasing access using a Recreation Punch Card) be accompanied by an IVGID Picture Pass holder in order to access the beaches?

Responses:

Yes 57.7% (1,108)

No 42.3% (812)

Committee Recommendations -

- Recommend permanently Eliminate Daily Beach Passes (Daily Beach Passes are not provided for in Ordinance 7) Board Agreement 4/13/22
- Recommend permanently Eliminate Daily Exchange Passes (Exchange Passes are not provided for in Ordinance 7) Board Agreement 4/13/22
- Unless accompanied by an IVGID Picture Pass Holder who purchases guest entrance, a Guest can only access the beaches with a valid Recreation Punch Card that has the applicable value remaining on the card to cover the total cost of entrance to the beaches for each person accompanying the Recreation Punch Card. Board Agreement 4/13/22

- Further discuss and consider requiring all guests to be present with an IVGID Pass Holder at the beach gates to enter, regardless of whether or not the parcel owner or guest have a Recreation Punch Card. This was presented to the community and we received split responses (see survey results above), and the committee does not have a consensus among members to make this a formal recommendation at this time and leaves this decision to the Board. Board in Agreement to not implement at this time, however will evaluate if needed in the future dependent upon the effectiveness of approved revisions.

- The Committee recommends considering placing a limit on the total number of guests a parcel and/or IVGID Picture Pass Holder can bring to the beach during high season or, alternatively on a daily basis during high season. *However, a methodical approach may be more appropriate. If additional restrictions become necessary, this would be something IVGID should consider implementing. This would require customization of the existing operating software in order to appropriately manage this level of a* restriction(*s*). It has been acknowledged that the Districts current operating software cannot currently accommodate this concept so this would need to be evaluated. Staff recommended at the board of trustees are in agreement to set the threshold for a group to 25 people or more which will be required to be pre-authorized by the General Manager and/or his/her designee. *5*/11/22
- If a daily or annual limit is placed on the number of guests that an IVGID Picture Pass Holder/Parcel can bring to the beaches, IVGID must provide an

administrational process for parcel owners/IVGID Picture Pass Holders to request access for a larger group. It is recommended that there is a restriction on the number of total guests allowed per request as well as a restriction on the number of requests a given parcel owner/IVGID Picture Pass Holder can make in a calendar year. See above

D. Definition of a Guest

Currently -

There is currently no definition of a "Guest" as it relates to the IVGID Beaches or the other Recreation Venues in Ordinance 7. More importantly, a "Guest" is not defined in the beach deed either. Each of the District Venues has slightly different rate category structures.,

1. Championship and Mountain Golf Courses: Resident/IVGID Pass Holder rate, Guest rate (must be present with an IVGID Pass Holder), Hyatt rate and non-IVGID Pass Holder rate.

2. Diamond Peak, Recreation Center, Tennis Center, and Community Programming have a IVGID Pass Holder Rate and a Non-IVGID Pass Holder Rate.

3. The Beaches have a guest rate but currently the guest is not required to be present with the IVGID Picture Pass Holder at the gate upon entrance. The IVGID Pass Holder can give their guest a Recreation Punch Card. It has been discussed and debated amongst the Staff, Community and the Ordinance 7 Committee whether or not there should be a requirement of all guests to be present with and IVGID Pass Holder upon entrance at the beach gates. This concept was preferred by slightly over half of the community survey responders for a variety of reasons, so the community is divided on whether or not the District should adopt this requirement. Staff is currently working with the Board of Trustees to revise the current fee structure in an effort to standardize across all venues and services consistent with any potential revisions to Ordinance 7.

Please reference survey questions and responses 30 - 34 related to this recommendation.

Committee Recommendations -

It is recommended that the District develop a definition of a "Guest" that would be consistent across all applicable venues and services. However, the Committee has had difficulty coming to a consensus on any specific definition to recommend, largely due to the different interests and opinions among parcel owners. Many parcel owners favor a restrictive definition of guest that would imply a more personal relationship, while many others, concerned about violations of their property rights, favor a much broader definition. The goal of developing a definition must be to define with more specificity who is and who is not a guest. Protecting the Beach Deed must be the primary factor when it comes to developing this critical definition, as the Beach Deed grants rights for property owners and tenants, <u>and their guests only as determined by IVGID</u>, to have access to the beaches for recreational purposes, and therefore a guest needs to be defined so as to exclude commercial use of the beaches by the parcel owners, to be consistent with the beach deed. We have requested a definition of "Guest" from our outside counsel.

Special Counsel has evaluated the Draft Committee Recommendations and all relevant material and research and has recommended the following as a definition of a guest as it relates to Ordinance 7 which is consistent with the Beach Deed:

"As you are aware, an issue has arisen as to whether the term "guest" should be defined in Ordinance No. 7. The current Ordinance No. 7 does not define the term "guest." The term "guest" is specifically used in the deed conveying the IVGID beach properties to IVGID. Further, the Board of Trustees of IVGID is specifically authorized in the deed to define the term. There are pros and cons to defining the term. Should the Board decide to define the term, I recommend the following definition: Guest means any person invited by a property owner (as defined in the deed conveying the IVGID beach properties to Incline Village General Improvement District on June 4, 1968) to use the District owned beaches. A property owner or its assign cannot sell access to the IVGID beach properties. Further, no compensation may be received by a property owner or its assign for access to the IVGID beach properties".

Steve Balkenbush Special Counsel to IVGID

Board Agreement 4/13/22

The majority of the committee is comfortable with the definition provided by Special Counsel. However, members of the committee have provided concerns/suggestions related to the definition. These concerns include lack of clarity and detail, and determination of what constitutes "selling of Recreation Privileges".

E. Commercial Operations

Currently -

IVGID is formally contracted with two local vendors to provide alcohol beverage services and non-motorized watercraft rentals (kayaks, paddleboards). Both of these vendors went through a Request for Proposal (RFP) process and were selected by an interview panel. These services are provided to and for the benefit of all of the recreational authorized users of the beaches. No other commercial operations are authorized at the beaches.

There are several local watercraft rental companies as well as two storage companies that also provide launch and retrieval services for their respective clients. Currently, these companies are owned and operated by parcel owners who are IVGID Pass Holders, and hence they have their own, independent, access rights to the IVGID beaches and the Ski Beach Boat Ramp for their own recreational uses as set forth in the beach deed. Historically these companies have also utilized the Ski Beach Boat Ramp to launch their commercial watercraft, paying the applicable fees to do so. IVGID also requires these companies to provide both a Washoe County business license and Insurance. Staff has been consistently challenged over the years to manage this activity as there are differing opinions as related to this issue (i.e., use of commercial watercraft by non-IVGID Pass holders, use of the beaches by commercial or other watercraft anchored off the beaches, etc.).

IVGID has Jurisdiction over its beach properties only and not the waterways or areas outside of the fenced boundaries. IVGID does not allow any unapproved marketing, solicitation, or administering of contracts/rental agreements on IVGID property. Periodically, the boat rental and storage companies, as a method of operating their businesses, will accompany their clients at the beach gates to pay the applicable guest fees so that the client may enter the IVGID beaches for the purpose of accessing the boat ramp to ultimately access and recreate on Lake Tahoe. These clients would otherwise not have access to the IVGID beaches. The owners/operators of the businesses are therefore using their IVGID Pass Holder access to provide access to their respective clients for commercial and monetary gain. The Committee believes that this is not a recreational use by the owner/operator of the business as it is in effect selling IVGID Recreation Privileges for monetary gain, and therefore may be a violation of Ordinance 7.

Committee Recommendations -

The Committee recommends that language be added to Ordinance 7 that makes it even more clear that commercial activities that are not specifically sanctioned by IVGID for the recreational benefit of all beach users, are not permitted, and the sanctions that will apply.

The Committee also urged hiring a special legal counsel to review and/ to file for judicial review of the commercial boat operators' activities as they pertain to the Beach Deed, as discussed above and with the specific questions identified below. This is an issue on which the Staff, the Board of Trustees, the Ordinance 7 Committee and many members of the community are all in agreement. It is very important to determine whether or not these operations could be considered a violation of the Beach Deed.

The Committee members all recommended that the commercial watercraft operations operators who are parcel owners, only be allowed to launch boats for their own use and for the use of IVGID Pass Holders with beach access, so as to allow these IVGID Pass Holders to use the beaches, the boat launch and the facilities for their recreational purposes. The Committee members specifically recommended that the commercial watercraft operations operators not be allowed to launch boats for the public or any person who is not a parcel owner or guest with beach access.

Accordingly, the following key questions have been researched:

- Can Ordinance 7 provide that owners/operator of commercial boat businesses only can launch their commercial watercraft for their own personal recreational use or for the use of IVGID Picture Pass Holders with beach access, and launch boats owned by parcel owners with beach access and their tenants and guests, even if the commercial operators have their own valid IVGID Passes to the IVGID Beaches?
- If allowed to access the Boat Ramp, is it a potential violation of the beach deed for them to accompany their non-pass holder clients for the purpose of client access to IVGID beaches (i.e., an activity that is for monetary/commercial gain)?

Special Counsel has provided the following recommended language related to commercial activity at the beaches, in particular commercial boat activity:

Commercial use of beaches. Commercial use of the beaches, includes but is not limited to offering of beach privileges or beach access to customers or any person for remuneration or offering beach access as an inducement to a potential customer by a business or a business enterprise.

Boat launching by a commercial enterprise at Ski Beach or any other of the District's restricted access beaches. Boat launching by commercial enterprise at Ski Beach or any of the other of the District's restricted access beaches is prohibited except as follows: (i) Commercial watercraft operations owners who are parcel owners and Recreational Pass Holders are allowed to launch boats for their own personal use. (ii) If a IVGID Recreational Pass Holder owns a boat which is stored at a local commercial business, and the local commercial business brings the boat and launches it for the IVGID Recreational Pass Holder to use the boat at any of the District's beaches or picks up the IVGID Recreational Pass Holder in the water, this is deemed a permissible non-commercial activity, for the benefit of the IVGID Recreational Pass Holder, not a commercial use for the commercial boat business. (iii) If a local commercial business brings a boat to pick up its customers who are Recreational Pass Holders, and who are paying the business to rent the boat for a few hours or the day, this is deemed a permissible non-commercial activity for the benefit of the IVGID Recreational Pass Holder, not a commercial use for the commercial boat business. All other boat activities on the Beaches are deemed commercial use and not allowed.

Marketing of beach access is prohibited. No IVGID Recreational Pass Holder or their Guests shall market or authorize the marketing of beach access for any commercial or personal purposes or in connection with offering anything for sale, lease, license or valuable consideration to the IVGID Recreational Pass Holder.

Board Agreement. Business Impact Statement approved unanimously at the 5/11/22 Board of Trustees Meeting.

F. Other Recommendations

- 1. Special Counsel Legal and/or Judicial Review of gold/silver card, employee and employee dependent access to beaches. While the majority of the Committee did not believe that policies on employee use and access to IVGID facilities was within the purview of Ordinance 7, the Committee suggested that the District retain legal counsel advise as to whether any of the following employee related access to the beaches potentially violates the Beach Deed, as the Committee desires to protect the private beaches and Beach Deed as a primary directive. The recommended research only relates to beach access and not to other venues. The issues for attorney opinion and or judicial review are: (i) gold/silver cards for beach access; (ii) access to the beaches by IVGID employees (including those employees who do not own or lease parcels with beach access); (iii) access to the beaches by employee dependents (including those employee dependents who do not own or lease parcels with beach access); and (iv) access by guests of employees and guests of employee dependents accompanying the employee or employee dependent to the beach. .
- 2. Strengthen Disciplinary Action for Abuse of Recreation Privileges. To add specificity. (increased focus on selling of recreation privileges) (no advertising in any way especially social media) Board Agreement 4/13/22
- 3. Ensure there are controls preventing potential attempts to gain privileges via unbuildable lots, sub dividing etc. (enforce via district policies). To add specificity. Recommended language to be inserted into Ordinance 7 as a revision as approved by special counsel:

ARTICLE X. UNBUILDABLE LOTS

Unbuildable lots that do not have Beach Access Privileges as of June 1, 2022 will not be eligible for Beach Access Privileges, IVGID Recreation Passes or Recreation Punch Cards.

Unbuildable lots that currently have Recreation Privileges as of June 1, 2022 will continue to receive Recreation Privileges as long as the current Owners own the lots, but not after death, sale or other transfer of lot, and only so long as the Recreation Fee continues to be assessed and is paid in full.

No unbuildable lots may be subdivided to produce additional Parcels that would receive in excess of the five (5) IVGID Recreation Passes for the unbuildable lot as it existed as of May 30, 1968. Except as set forth in the next paragraph 81, the district will not issue more than five (5) IVGID Recreation Passes for an unbuildable lot as it existed as of May 30, 1968. Notwithstanding the foregoing, if a formerly unbuildable lot is deemed by the County to be buildable and a residence or commercial property is built "on that lot" in the future, that Parcel will become eligible for Recreation Privileges.

Unbuildable lots that have been subdivided to produce additional Parcels in the past and are receiving in excess of the 5 Recreation Passes (if any), will be grandfathered to the extent they are currently receiving in excess of the five (5) IVGID Recreation Passes that would have been allocated to that Parcel as it existed as of May 30, 1968, so long as the current Owners own the Parcel, but this right shall not survive the ownership of the current Owners. - 5. Add Requirement that in the case of multiple ownership, there must be delegated one individual from the ownership group who is able to authorize recreation privileges on the parcel. An Agent/Owner Authorization Form will be required to be on file at all times. Board Agreement 4/27.
- 6. Hotels, Motels, Timeshares receive recreation privileges consistent with any other Dwelling Unit that pays the RFF/BFF. It's up to the Timeshare owner/operator to determine how to administer the Recreation Privileges they receive. Board Agreement 4/13/22

Recreation Punch Card Holder, or an Assignee, Tenant or Guest of Owner or IVGID Recreation Pass Holder, to the District, to the District's Property and to third parties and their real and personal property, arising out of or caused by actions or inactions of such persons and Entities.

- Fraudulent Use. It is Fraudulent Use to provide false or misleading 97. information to obtain a Recreation Punch Card or IVGID Recreation Pass. or any fraudulent use of such card or pass, including but not limited to, (i) making a false representation that a person falls under the Family Tree when the person does not; (ii) providing false information or documents in connection with the acquisition of an IVGID Recreation Pass or Recreation Punch Card; (iii) an Owner or manager of an Owner, or Agent of an Owner, falsely attesting on an Application that an Applicant allegedly has a valid and enforceable lease, when the Applicant does not have a valid and enforceable lease for in excess of 6 months, or falsely stating that the Applicant lives at the Parcel when the Applicant does not; (iv) making an Assignment of Recreation Privileges to a person who is not authorized to receive such Assignment under this Ordinance 7; (v) obtaining an Additional IVGID Recreation Pass or Additional Recreation Punch Card for persons who are not eligible to receive an Additional IVGID Recreation Pass or Additional Recreation Punch Card.. Such fraudulent use will be grounds for voiding one, or more or all Recreation Privileges issued against the Parcel for a period of up to two years. The District reserves the right to pursue any other disciplinary and legal action, as allowed by law. Because fraudulent use is such a serious action with such serious adverse consequences to the District and others, Owners are urged to advise all persons who receive IVGID Recreation Passes or Recreation Punch Cards on an Owner's Parcel, of the serious consequences of taking these prohibited actions.
- 98. Selling of Recreation Privileges or Allowing Others to Use IVGID Recreation Passes or Allowing Persons Who Are Not Guests of the Owner to Use a Recreation Punch Card Issued to the Owner. Recreation Punch Cards may only be given by an Owner to persons who are Guests of the specific Owner who received the Recreation Punch Card from the District, and cannot be given to the Guests of other Owners or to other Others to give to their Guests, and Guests of an Owner cannot give a Recreation Punch Card to persons who are not Guests of the Owner to whom the Recreation Punch Card has been issued. It is strictly forbidden for any Owner or person to ask another Owner to use the Recreation Punch Cards

(As amended June 13, 1991; November 17, 1993; May 8, 1995; June 12, 1995; March 25, 1998 and proposed on May 26, 2022)

An Ordinance Establishing Rates, Rules and Regulations for IVGID Recreation Passes and Recreation Punch Cards by the Incline Village General Improvement District

of another Owner or for an Owner or person to give another Owner or person his/her/its Recreation Punch Card(s) to be used for Guests of another Owner or Person. It is strictly forbidden for any IVGID Recreation Pass Holder, Recreation Punch Card Holder or other individual to sell an Assignment of Recreation Privileges, or to sell individual IVGID Recreation Passes or Recreation Punch Cards. Notwithstanding the preceding sentence, when an IVGID Recreation Pass Holder accompanies a Guest at the Beach Gate and the Guest receives access as a Guest not paid for by a Recreation Punch Card, the IVGID Recreation Pass Holder may allow a Guest to pay the District for the Guest's access fee by credit card at the time of entry into the Beach only, and not at any other time, to avoid any appearance of selling of recreation privileges. Any such sales of privileges, passes, or cards or giving or transferring of Recreation Punch Cards from one Owner to another Owner or person to be used for Guest(s) of the other Owner or person is considered to be fraudulent use and will be grounds for voiding one, more or all Recreation Privileges issued against the Parcel or in the case of transfers between Owners, Recreation Privileges issued against both Parcels may be voided, for a period of up to two years. The District reserves the right to pursue any other disciplinary or legal action against the Owner, the IVGID Recreation Pass Holder or the Recreation Punch Card Holder. Because selling and otherwise allowing others to improperly use Recreation Privileges is such a serious action with such serious adverse consequences to the District and others, Owners are urged to advise all persons who receive IVGID Recreation Passes or Recreation Punch Cards on their Parcel, of the serious consequences of taking these prohibited actions.

- 99. Misconduct. Use of the District's Recreation Facilities by any IVGID Recreation Pass Holder or Recreation Punch Card Holder is a privilege. For misconduct or violation of the provisions of this Ordinance, an IVGID Recreation Pass Holder or Recreation Punch Card Holder may be removed from the Recreation Venues and Facilities and/or his/her Recreation Privileges, including but not limited to the immediate confiscation of the IVGID Recreation Pass or Recreation Punch Card, and/or suspension of Recreation Privileges for any period deemed appropriate by the District including up to two years or those privileges may be revoked, at the District's sole discretion. Misconduct includes but is not limited to:

BUSINESS IMPACT STATEMENT FOR ORDINANCE 7, AN ORDINANCE ESTABLISHING RATES, RULES AND REGULATIONS FOR RECREATION PASSES AND RECREATION PUNCH CARDS BY THE INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT (LAST AMENDED MARCH 25, 1998) Proposed for adoption at the May 11, 2022 Board of Trustees Meeting

2. The estimated economic effect of the proposed rule on businesses, including, without limitation, both adverse and beneficial effects, and both direct and indirect effects:

In addition to various generally applicable changes, below are proposed changes to Ordinance 7 that would affect business:

Adverse effects: Incline Village General Improvement District has allowed the usage of its boat ramp for launching of business entities watercrafts for many years. The Board of Trustees of the Incline Village General Improvement District has decided to amend the governing Ordinance, Ordinance 7, and within those changes is a change to how the boat ramp can be used by businesses.

Beneficial effects: The last amendment to this ordinance was in March, 1998, so the practice has been allowed to operate for the past 24 years and it has been determined that it needs to change in order to continue the peaceful enjoyment of the restricted access beaches to those who pay for them via their yearly facility fees.

Direct effects: The launching of watercraft from the boat ramp will be severely restricted to all users and could cause businesses to discontinue their services due to lack of access at this boat ramp.

Indirect effects: Less customers, less revenue to all parties.

3. The following constitutes a description of the methods the local government considered to reduce the impact of the proposed rule on businesses as a statement regarding whether any, and if so which, of these methods were used.

These beaches are deed-restricted therefore they have restricted access. Businesses have been aware of the potential and need to stop the usage as is currently practiced for many years. With the recent COVID-19 pandemic and the behaviors of parcel owners changing due to same, the impact became evident and discussions with these business operators became more urgent, frequent, and candid.

4. The governing body estimates the annual cost to the local government for enforcement of the proposed rule is \$50,000.

The governing body anticipates that the rewriting, printing and distribution of related materials and possible implementation costs for additional staffing and security would be necessary.

The undersigned certifies that, to the best of his knowledge or belief, the information contained in the statement was prepared properly and is accurate.

то:	Board of Trustees
FROM:	Indra Winquest District General Manager
	Josh Nelson General Counsel
SUBJECT:	Review, discuss, and adopt Policy and Procedure No. 141/Resolution No. 1895 regarding complimentary and discounted use of District facilities and programs
DATE:	May 18, 2022

I. <u>RECOMMENDATION</u>

That the Board of Trustees review, discuss, and adopt Policy and Procedure No. 141/Resolution No. 1895 regarding complimentary and discounted use of District facilities and programs.

II. BACKGROUND

The Audit Committee requested a legal opinion responding to a community member's letter asking whether a number of IVGID expenditures and programs complied with Dillon's Rule. The General Counsel provided an opinion on these items at a series of Audit Committee meetings. Ultimately, the Audit Committee requested that the Board of Trustees consider hiring legal counsel to refine and/or create policies to ensure the District is in compliance with Dillon's Rule. The Board authorized a review of its personnel, facility use, and contribution policies at its September 2, 2021 meeting. This work was proposed to be accomplished in two phases: (1) an initial review and then workshop with the Board on potential changes and (2) preparing redlines based on Board feedback.

At its December 8, 2021 meeting, the Board reviewed its current policies and provided direction for future amendments. These current policies are (1) Policy and Procedure No. 110/Resolution No. 1493 (Community Relations Expenditures), (2) Policy and Procedure No. 115/Resolution No. 1527 (Use of Boardroom), (3) Policy and Procedure No. 127/Resolution No. 1619 (Complimentary Use of Facilities) and (4) Policy and Procedure No. 132/Resolution No. 1701 (Discounted Use of Non-Profits and Similar Groups). Copies of these four policies are enclosed

for reference. These policies generally fall into two categories: (1) complimentary or discounted use of facilities or programs and (2) monetary contributions.

At the December workshop, the Board felt that free and discounted use of facilities and programs should be addressed within IVGID's pricing policy. The Board also felt that monetary contributions should be handled on an individual basis by the Board. As the Board recently approved a revised pricing policy, staff recommends that the Board formally adopt a modified policy on free and discounted use of facilities and programs.

Enclosed is a draft policy. Of note, it includes the following:

- <u>Defines Eligible Groups</u>: Eligible groups are defined as a local non-profit, a national non-profit with a local chapter, or local government agency or school district. Local means the Incline Village/Crystal Bay community.
- <u>Links to the Pricing Policy</u>: This policy does not provide any complimentary or discounted use. It entitles eligible groups to the use prescribed in the District's pricing and similar policies.

AYES, and in favor thereof, NOES, ABSENT,

> Sara Schmitz Secretary, IVGID Board of Trustees

TO:	Board of Trustees
FROM:	Matthew Dent Board of Trustees Vice Chairman
THROUGH:	Josh Nelson District General Counsel
SUBJECT:	Review, discuss and potentially approve amendments to Policy 15.1 to regarding commencing the process to fill vacancies
DATE:	May 26, 2022

I. <u>RECOMMENDATION</u>

It is recommended that the Board of Trustees review, discuss, and potentially approve amendments to Policy 15.1.0 to clarify the timelines for initiating the process to fill vacancies on the Audit Committee.

II. BACKGROUND

Policy 15.1.0: Accounting, Auditing and Financial Reporting: Audit Committee Charter creates and outlines the Audit Committee. The Audit Committee consists of five members. Three members are At-Large Members from the general public. Two members are appointed from the Board of Trustees. At-Large Members serve two-year terms, and Trustee members are appointed annually.

Currently, Policy 15.1.0 does not discuss the timeline for filling vacancies on the Audit Committee, especially for At Large Members who are appointed through a public solicitation and application process. The proposed edits to Policy 15.1.0 would clarify that staff has the authority to start this process and would require staff to begin the process to fill vacancies within thirty days of their occurrence.

The proposed edits are shown in redline in the attachment.

III. FINANCIAL IMPACT

There is no direct impact from this item.

IV. <u>ALTERNATIVES</u>

Not modify Policy 15.1.0 or include different timelines.

Attachment:

Revised Policy 15.1.0

The Incline Village General Improvement District is committed to be proactive, informed, and to provide the highest level of financial accountability and transparency to its parcel owners and other stakeholders (i.e., the State of Nevada).

The Government Finance Officers Association (GFOA) encourages the effective use of an audit committee in the public sector and considers such a committee an integral element of public accountability and governance. An Audit Committee plays a key role with respect to overseeing the integrity of the District's annual financial statements (the "ACFR") by ensuring those responsible for financial management (Management and the Board of Trustees) meet their responsibilities for maintaining an effective system of internal controls over financial reporting. An Audit Committee is a practical means for a governing body to provide much needed independent review and oversight of the District's financial reporting processes, internal controls, and independent auditors.

An Audit Committee also provides a forum separate from management in which auditors and other interested parties can candidly discuss concerns. By effectively carrying out its functions and responsibilities, an Audit Committee helps to ensure that procedures are in place to objectively assess management's practices, and that the independent auditors, through their own review, objectively assess the government's financial reporting practices.

An Audit Committee should be formally established by the Board of Trustees, be adequately funded, and be subject to a formally approved Audit Committee Charter.

POLICY: The Audit Committee (the "Committee") is to assist the Board of Trustees fulfill its responsibilities in accordance with Nevada Revised Statutes (NRS), District Policies, Practices, Ordinances, and Resolutions by providing oversight over the District's financial reports, the system of internal controls including the internal audit plans and reports, and the independent auditor's reports within the ACFR.

The Committee shall have open communication with and maintain strong working relationships with the IVGID Board of Trustees, the General Manager, Director of Finance, and the independent auditor.

This Committee shall review the Charter annually with any recommended changes submitted to the Board of Trustees for consideration and possible approval.

ORGANIZATION: The Committee shall consist of five (5) voting members. This includes two Board members appointed annually by Trustees and three members appointed by the Trustees to serve as qualified At-Large Members. Any recommendations for expanding the number of voting members will be recommended by the Committee and submitted to the Board of Trustees for possible approval. The Committee may retain financial or other appropriate advisors to attend meetings, provide guidance and training, as needed, and as approved by the Board of Trustees for financial expenditures.

Members of the Committee should have or shall obtain an understanding of accounting, auditing, financial reporting, and internal controls to be able, with the assistance of an advisor if needed, to deliberate on issues for which the Committee is responsible. Therefore, the Board of Trustees may need to budget for periodic training of the Committee members and an outside advisor to assist the Committee with the independent conduct of its work with the approval of the Board of Trustees. Any advisor so engaged should possess the following qualifications:

- A thorough understanding and experience with Generally Accepted Accounting Principles (GAAP), Government Accounting Standard Board (GASB) statements, and financial reporting
- Experience either preparing or auditing financial statements
- Experience with internal controls
- An understanding of the function of an audit committee

At-large Committee members shall be independent. They shall not accept any consulting, advisory, or other compensatory fee from the District. All members shall not be an affiliated person with the District and at-large members suggested qualifications:

At-Large Committee members shall be expected to comply with all District policies that apply to volunteers. District staff shall be responsible for providing copies of all relevant policies to Committee members.

• Annually, the Board of Trustees will appoint two Trustees to be Committee members. Appointing Trustees to serve successive years increases continuity and allows for knowledge retention. In the event a Trustee is removed or resigns, the Board of Trustees shall appoint a new member to the Committee. In accordance with GFOA recommendations, Trustees considered for appointment to the Committee shall not be exercising

managerial responsibilities that fall within the scope of the audit of the District.¹

- At-Large Members shall be appointed by the Board of Trustees from applicants with appropriate accounting, auditing, internal controls, and financial reporting expertise. This expertise could include:
 - Hold an active CPA license (preferably in Nevada) or have at least 15 years of progressive financial management experience as evidenced on a resume, CV, or LinkedIn
 - Experience on governing board, either as committee or board member

- At-Large Members will serve staggered two-year terms:
 - For the first appointment, one member will serve a one-year term and the other two will serve a two-year term.
 - For each subsequent appointment the member will serve a two-year term.

One member of the Committee shall be appointed by the Committee to be the Chair. The Chair will schedule all Committee meetings and provide Committee members with a written agenda for each meeting. Committee Members may request agenda items for the Chair's consideration and approval.

The Committee members are limited to two 2-year terms, which may be extended with the Board of Trustees approval in the event there are no interested or qualified applicants to fill any future vacancies. In the event of any regular or unexpected vacancies for At Large Members, staff shall conduct a public process to solicit and receive applications from interested community members for consideration by the Board of Trustees. Staff shall begin this process with sufficient time to ensure the

<u>MEMORANDUM</u>

TO: Board of Trustees

THROUGH: Indra Winquest District General Manager

- FROM: Brad Underwood, P.E. Director of Public Works
- SUBJECT: Approve a purchase order for the 2022 Update Camera Equipment Project – 2599SS2107 - Fund: Utilities; Division: Sewer; Vendor: WECO Industries, in the amount of \$50,383.26.

DISTRICT STRATEGIC PLAN: Long Range Principle 5 – Assets and Infrastructure.

DATE: May 26, 2022

I. <u>RECOMMENDATION</u>

That the Board of Trustees makes a motion to approve a purchase order for the 2022 Update Camera Equipment Project – 2599SS2107 - Fund: Utilities; Division: Sewer; Vendor: WECO Industries, in the amount of \$50,383.26.

II. DISTRICT STRATEGIC PLAN

Long Range Principle 5 – Assets and Infrastructure – The District will practice perpetual asset renewal, replacement, and improvement to provide safe and superior long term utility services and recreation venues, facilities and services.

- Maintain, renew, expand, and enhance District infrastructure to meet the capacity needs and desires of the community for future generations.
- Maintain, procure, and construct District assets to ensure safe and accessible operations for the public and the District's workforce.

III. BACKGROUND

This project is a FY 2021-22 Capital Project to update Public Works' existing CCTV camera and related equipment.

The camera van is used by the Utility Division to inspect the 105 miles of sewer mains throughout the District. The Division has an annual CCTV program and, over the last 5 years, the average length of sewer lines CCTV'd annually is nearly 15,000 feet.

This purchase will replace the actual camera equipment housed inside the van. The camera, camera head, transporter, cable reel, computer and various electronic components receive a high degree of wear and tear and therefore are subject to a shorter life span. This equipment was originally purchased in 2010 and last updated in FY 2014/15. Some components have reached the end of their useful life, while advances in technology and equipment serviceability also play a part in this upgrade.

This camera equipment is critical to the operation of the Public Works Utility Division for identifying underground sewer pipelines in need of maintenance, repairs or replacement and locating sewer service laterals for new construction. It is also used to quickly identify the cause of a sanitary sewer overflow and sources of illegal discharges.

The van itself is addressed in a separate project, as it falls under a different schedule for vehicle replacement.

Federal and State requirements mandate CCTV inspection of sewer systems. Results of inspections may be required to receive government funding for capital projects.

In accordance with Board Policy 3.1.0., 0.15, Consent Calendar, this item is included on the Consent Calendar as it is routine business of the District and within the currently approved District Budget.

IV. BID RESULTS

The camera equipment and associated accessories must be compatible with the existing equipment that is not being upgraded; therefore, a sole source solicitation from WECO Industries was required. No other sources are available for the IVGID camera system. Attachment A is the breakdown of the equipment pricing. The total for all the upgraded equipment is \$50,383.26

If approved, a purchase order will be created and the order placed. While some materials may have longer lead times, expected delivery time is within 60 calendar days of placing the order.

Approve a purchase order for the 2022 Update -3-Camera Equipment Project – 2599SS2107 - Fund: Utilities; Division: Sewer; Vendor: WECO Industries, in the amount of \$50,383.26.

V. FINANCIAL IMPACT AND BUDGET

The 2022 Update Camera Equipment Project (2599SS2107) is included in the FY 2021-22 CIP Budget, with an approved budget of \$60,000 for FY21/22 (Attachment B). Sufficient funds are available in the approved project account to support the recommended total authorization of \$50,383.26.

VI. <u>ALTERNATIVES</u>

Not authorize the purchase.

VII. BUSINESS IMPACT

This item is not a "rule" within the meaning of Nevada Revised Statutes, Chapter 237, and does not require a Business Impact Statement.

I. <u>RECOMMENDATION</u>

That the Board of Trustees makes a motion to authorize property owner of 775 Fairview Boulevard (APN 126-273-04) to further investigate and refine details of a Lot Line Adjustment (LLA) and return to the Board for formal approval.

II. DISTRICT STRATEGIC PLAN

Long Range Principle 5 – Assets and Infrastructure – The District will practice perpetual asset renewal, replacement, and improvement to provide safe and superior long term utility services and recreation venues, facilities and services.

- Maintain, renew, expand, and enhance District infrastructure to meet the capacity needs and desires of the community for future generations.
- Maintain, procure, and construct District assets to ensure safe and accessible operations for the public and the District's workforce.

III. <u>BACKGROUND</u>

The Buchholz own property adjacent to an IVGID parcel on which a water tank and water line exist. The Buchholz property is approximately 15 acres and has two existing single family homes. The Buchholz have approached Public Works to utilize the IVGID property to perform a Lot Line Adjustment to create a boundary separating the two homes. The Buchholz would then dedicate an exclusive easement back to IVGID for the water tank and water line facilities.

The first home on the property was constructed in 2001. The second home was built in 2009 as an Accessory Dwelling Unit (ADU). Public Works staff conferred

with TRPA who indicated that when the ADU was approved, it was conditioned on a restriction that the parcel could not be divided. Therefore, the only mechanism for the Buchholz to divide their property to create separate parcels for each home is to utilize the LLA process through Washoe County.

-2-

Public Works has reviewed this request and has determined that maintenance of the District's water facilities could equally occur whether the parcel is owned by IVGID or accessed through an exclusive easement. As part of the property owner's investigation, Public Works will require a survey of existing IVGID property and, as part of that survey, identification of the actual location of the existing water line.

In authorizing the Buchholz to further investigate and refine the details of the LLA, their representatives would proceed with an appraisal. This appraisal would include the current market value of the IVGID property and the value of an exclusive easement. It is anticipated that IVGID would be paid the difference between these two values in exchange for allowing use of IVGID property for the LLA. Once the appraisal is complete, this information would be brought before the Board of Trustees for their final approval to allow the use of IVGID property for the LLA and accepting the exclusive easement.

BID RESULTS IV.

This item is not subject to competitive bidding within the meaning of Nevada Revised Statute 332,115.

V. FINANCIAL IMPACT AND BUDGET

The fiscal impact is unknown at this time. The applicant will be required to perform an appraisal to determine the financial impact of using IVGID property to achieve the Lot Line Adjustment to divide their property and provide IVGID an exclusive easement.

VI. ALTERNATIVES

Do not allow the applicant to use IVGID property for purposes of achieving a Lot Line Adjustment to divide their property.

VII. **BUSINESS IMPACT**

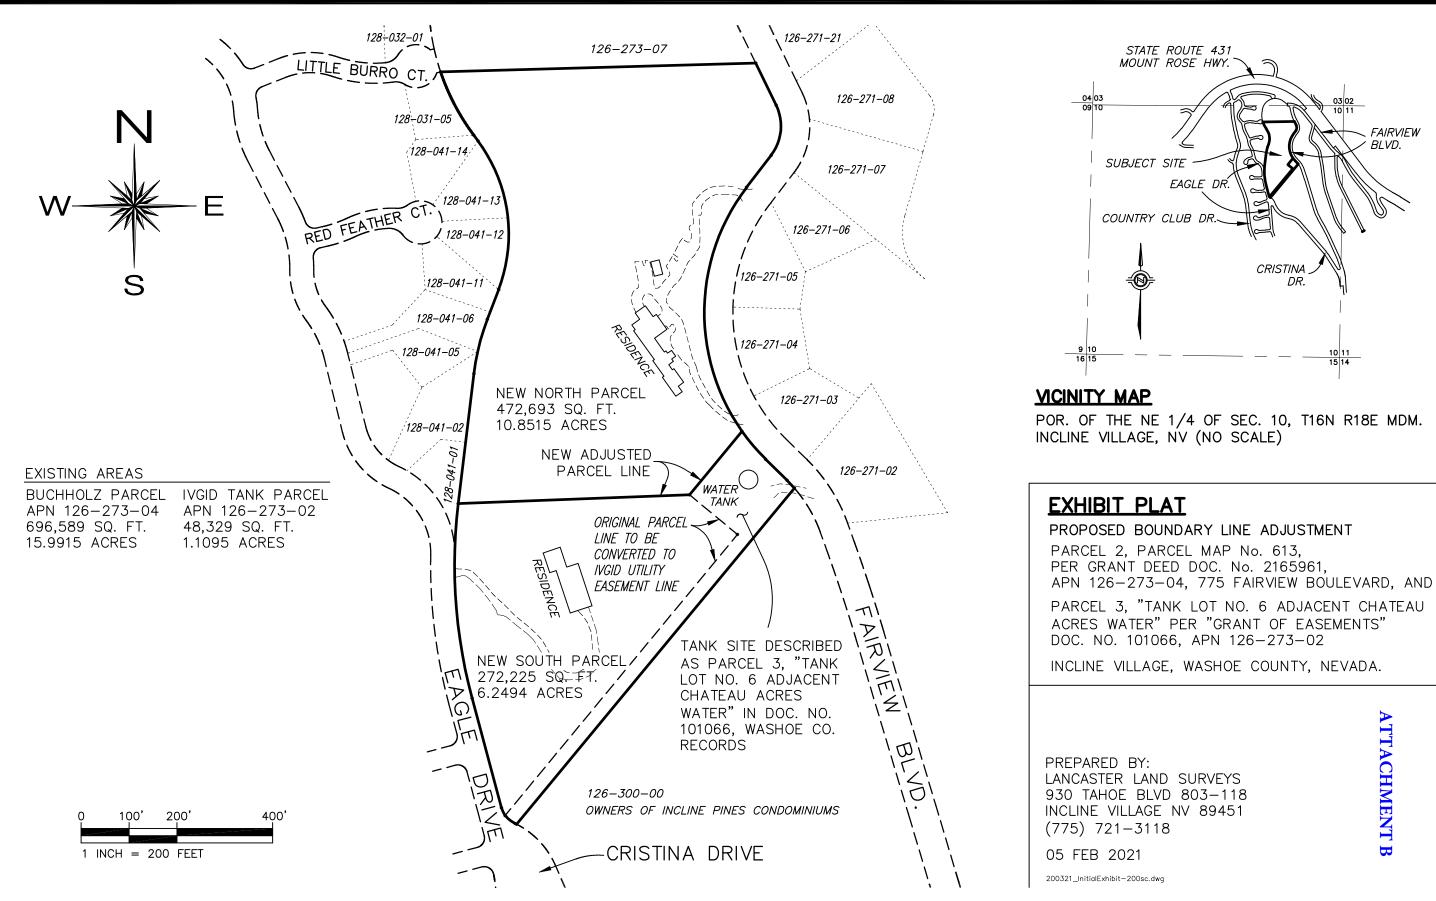

This item is not a "rule" within the meaning of Nevada Revised Statutes, Chapter 237, and does not require a Business Impact Statement.

Trustee Tonking requested an item be added to this agenda to appoint two (2) Board of Trustees members to the Audit Committee.

At the Board of Trustees meeting on June 9, 2021, Trustee Sara Schmitz was appointed to a one-year term. At this same meeting, Trustee Dent expressed his desire to not be re-appointed for a new term. No Trustee was appointed, at that time, to fill the vacancy created by Trustee Dent's resignation. On or about September 2, 2021, Trustee Dent expressed an interest to serve until the end of the year; the item was agendized and the Board unanimously voted Trustee Dent to serve as a member of the Audit Committee.

The Incline Village General Improvement District is committed to be proactive, informed, and to provide the highest level of financial accountability and transparency to its parcel owners and other stakeholders (i.e., the State of Nevada).

The Government Finance Officers Association (GFOA) encourages the effective use of an audit committee in the public sector and considers such a committee an integral element of public accountability and governance. An Audit Committee also provides a forum separate from management in which auditors and other interested parties can candidly discuss concerns. By effectively carrying out its functions and responsibilities, an Audit Committee helps to ensure that procedures are in place to objectively assess management's practices, and that the independent auditors, through their own review, objectively assess the government's financial reporting practices.

An Audit Committee should be formally established by the Board of Trustees, be adequately funded, and be subject to a formally approved Audit Committee Charter.

This Committee shall review the Charter annually with any recommended changes submitted to the Board of Trustees for consideration and possible approval.

SUBJECT:	Review, discuss and potentially provide direction regarding modify the term of Audit Committee appointments to expire in February.
DATE:	May 26, 2026

I. RECOMMENDATION

It is recommended that the Board of Trustees review, discuss, and potentially provide direction to modify the term of Audit Committee appointments to expire in February instead of June. With this direction, staff would prepare amendments to Policy 15.1.0 for adoption at a future meeting.

Ш. BACKGROUND

Policy 15.1.0: Accounting, Auditing and Financial Reporting: Audit Committee Charter creates and outlines the Audit Committee. By practice, appointments have been made on a fiscal year basis, starting in July and ending in June. The Board may wish to consider modifying the expiration of the terms to have terms expire in February with new terms beginning in March. This would align the Audit Committee terms with the audit process. If the Board agrees with this proposal, staff will provide revisions to Policy 15.1.0 for adoption at the next Board of Trustees meeting.

III. **FINANCIAL IMPACT**

There is no direct impact from this item.

IV. **ALTERNATIVES**

Not modify Policy 15.1.0 regarding the expiration of terms.

MINUTES

REGULAR MEETING OF APRIL 27, 2022

Incline Village General Improvement District

The regular meeting of the Board of Trustees of the Incline Village General Improvement District was called to order by Board Chairman Tim Callicrate on Wednesday, April 27, 2022 at 6:00 p.m. at the Boardroom, 893 Southwood Boulevard, Incline Village, Nevada.

A. <u>PLEDGE OF ALLEGIANCE*</u>

The pledge of allegiance was recited.

B. <u>ROLL CALL OF TRUSTEES*</u>

On roll call, present were Trustees Tim Callicrate, Matthew Dent, Sara Schmitz, Michaela Tonking, and Kendra Wong (absent).

Members of Staff present were District General Counsel Melissa Crosthwaite, Director of Finance Paul Navazio, Engineering Manager Kate Nelson, General Manager Diamond Peak Ski Resort Mike Bandelin, Director of Public Works Brad Underwood, and Director of Golf and Community Services Darren Howard. Members of the public physically present were Bradley Mindlin, Lisa Mindlin, Ray Tulloch, Bradley Johnson, Yolanda Knaak, Dave Noble, Gail Krolick, and Denise Davis.

C. INITIAL PUBLIC COMMENTS*

Bradley Mindlin said thank you to each one of you as he has sat on committees and it is a lot of work. He is running for IVGID and wanted to introduce himself and stated that he is happy to have the opportunity to serve.

Bradley Johnson said he was here to speak on Consent Calendar Item H.1. Staff has done a great of outlining the items that Mr. Faust has done and the savings to the community. He is speaking on behalf of North Tahoe Public Utility District, as their General Manager. The partnership on fire protection, composed of all the public agencies around the lake, is an important one and IVGID and their participation in the partnership is an essential representative of the Nevada side as his organization and Tahoe City Public Utility District are working on the California side thus the Nevada voice is essential. \$7 million is flowing into this basin and that comes on top of \$17 million in previous years and he is excited about the Federal money that is flowing. We are asking for \$15 million this year and we can't do it from the California side of the lake alone and when we speak

with the delegation, they understand that Nevada is working hard. Strongly encourage you to continue the contract with Mr. Faust for the good of the basin.

Yolanda Knaak said she is a candidate for IVGID and that she hopes you vote for her. She came to speak about the water and sewer charges schedules. The words "as adopted on April 27, 2022" at the top of the page sends a message about having public comment and as such that we have already decided. It would be better to put this out after adoption and the opportunity to have the public give their comments.

Charley Miller said he is a resident and that he would echo everything that Mr. Johnson said and the value of Mr. Faust. It has kept our rates down and it is bistate which protects our fire protections services so thank you and please endorse this contract. He endorses the Recreation Center expansion and stated that it is so generous of Mr. Duffield to do this. It is a no brainer and he would encourage everyone to vote yes. Water rates – IVGID has held them flat for a couple of years, when you hold rates flat, you have a big make up to do and that is what we are seeing now. We need to keep up.

Ray Tulloch said he is candidate for IVGID and Chair of the Audit Committee. He knows that we are getting Federal money and he would like to know how it is spent. Mr. Miller talked about it and part of his election platform is to see how those costs are covered. Utility rate increase – having spent 45 years in the industry and put forth rate increases, this is the first time to have a rate increase for revenues without expenses. What is expected is to make efficiencies but he is seeing more positions being created. IVGID should be looking at every dollar being spent.

D. <u>APPROVAL OF AGENDA</u> (for possible action)

Board Chairman Callicrate asked for any changes to the agenda; none were submitted; therefore the agenda was approved as submitted.

E. <u>REPORTS TO THE BOARD</u>*

E.1. SUBJECT: Nevada League of Cities; Presentation by Executive Director Wesley Harper

Executive Director Wesley Harper went over the submitted material. Trustee Schmitz asked what have we been paying in dues; Staff replied that it is around \$4,000. Trustee Schmitz asked what can you help us with? Mr. Harper said we have strategies to move the infrastructure projects as Incline Village wasn't included in the ARPA Plan and we looked to petition for the

GID's and towns to be included in those funds. Politics are pretty straight forward, the Governor is looking to fund infrastructure projects and then the infrastructure bill was passed. We are working with GIDs and towns to fund those projects directly. District General Manager Winquest said that Trustee Tonking has been very active with the Nevada League of Cities and that she has been meeting once every 3 weeks with the League and getting updates on a variety of issues - a way to track changes in the NRS as they impact the way that we operate, as a District, and there are some that we weren't aware of; another issue is administering public records and it is becoming a bigger challenge and looking at it from a legislative perspective and we are seeing a lot more lawsuits on this issue; and we are working on the ARPA funding and working with the State and Washoe County as we are looking at all the pots of money out there. Staff feels that the transition, to provide better results, is being seen in motion now and we are very excited about the progress. Yes, the increase in dues is large but we think it will provide us the value. Trustee Dent asked how are you going to track/tie to the Strategic Plan and how are you going to measure it? District General Manager Winquest said that Trustee Tonking and he will track results on things we need such as updates on the NRS which should be easy to track and report the results. Yes, everyone is going after ARPA monies and we need everyone to know that we are out there because there is so much money out there and it is fluid. IVGID doesn't have the resources to do this on our own but rather we rely on our partners and we should be able to justify the value from the League of Cities. Trustee Dent said is this to focus on the same things that Tri-Strategies is focusing on? District General Manager Winguest said there is some crossover and there are some things that League of Cities are doing. Mr. Harper said we didn't talk about Federal and State advocacy; this allows us to be more efficient in this space and there are 2 ways to measure – measure the 4 things we outlined and then nothing else bad happened. That shows up with State advocacy. State lobbyists bring relationships and the League is in a different position as they don't represent a single municipality. When cities are divided, legislators can work against municipalities and, with the League, it is usually on behalf of the whole and they can say this is a problem that can be address. Trustee Schmitz asked what percentage of GID are members? Mr. Harper said 3 members are GIDs. Trustee Schmitz said we are united and is that something you are trying to target? Mr. Harper said the GIDs were optional, cities prefer it be cities, GID's were grandfathered in and other GIDs want to be in. GIDs are considering forming their own group and we are not open to additional GIDs or towns joining the league. Trustee Schmitz said instead of jumping from \$4,000, can we do a stepped in approach in dues membership in order to understand the value received? Mr. Harper said yes, every

> municipality is in a different place and there are those that want to see value first. One Nevada Plan is setting out a funding plan for the results and that this can be a chicken and egg scenario such that to the extent we are not funded in full, it takes away from the value we have outlined. GIDs being unique and special, we treat them the same as cities and we don't have membership tiers. Yes, GIDs are special in the politic subdivision but not treated any different than the City of Las Vegas. Trustee Tonking said you can really see a change at the League and a difference. Board Chairman Callicrate thanked Mr. Harper for his presentation and for coming up to Incline Village to make this presentation in person.

E.2. SUBJECT: TREASURERS REPORT – Requesting Trustee: Treasurer Michaela Tonking

E.2.A. Payment of Bills (For District payments exceeding \$10,000 or any item of capital expenditure, in the aggregate in any one transaction, a summary of payments made shall be presented to the Board at a public meeting for review. The Board hereby authorizes payment of any and all obligations aggregating less than \$10,000 provided they are budgeted and the expenditure is approved according to District signing authority policy)

Trustee Tonking went over the submitted material and provided an update on the following items:

- Procurement cards had their meeting with Wells Fargo yesterday; part of the conversation was to have a card based on department versus an individual;
- There will be a draft update on the Accounting and Finance manual coming out soon.

Trustee Schmitz asked if this is going to result in a significant reduction of the procurement cards that are out in circulation? Director of Finance Navazio said yes and that the goal is to reduce the cards and have what we need. Staff is looking at where we can reduce the number of cards in a work unit and still be able to take advantage of them when needed.

F. <u>REVIEW OF THE LONG RANGE CALENDAR</u> (for possible action)

District General Manager Winquest went over the submitted material. Trustee Schmitz said she had suggested an update for Strategic Plan. District General Manager Winquest said we didn't approve the Strategic Plan until September and

it is Staff's goal to include it in a May General Manager's report. Trustee Schmitz said we might want to put a placeholder in February for Ordinance 7 review; District General Manager Winguest said he will do a beach wrap up earlier. Trustee Schmitz said we need to review Policy 15.1.0 and get that on the agenda at some point. Quite some time ago, Trustee Dent asked about a Fleet plan. Trustee Dent said he doesn't recall making that comment but does recall a statement about holding our vehicles a little longer. Trustee Schmitz said perhaps it would be good for us to learn on how and where are we leveraging Mr. Faust, Tri-Strategies and League of Cities and that it would be good to say how all of those fit together. District General Manager Winquest said he agrees, it should absolutely be discussed by the Board, and noted that he tries to focus on the best interests of the District thus he would encourage that discussion. Trustee Dent said he would agree with that and that he knows we give individual input and he thinks Trustee Schmitz is talking about a Board plan. Trustee Dent said that he has been talking with District General Counsel Nelson about a revision to Policy 15.1.0 and he thinks it is coming before the Board on May 11. Trustee Schmitz asked if the Diamond Peak Master Plan should be revisited? It is a very valuable resource and it needs to be properly maintaining. District General Manager Winguest said he and General Manager Diamond Peak Ski Resort Mike Bandelin spoke about this and that we agreed to give him a little bit of time and that we are targeting midsummer to put together a District General Manager Advisory Committee to discuss these things. We are waiting a little bit because of bandwidth however we recognize that it is absolutely important to discuss. Trustee Tonking said she would like to have Policy 3.1.0 review sooner rather than later.

Board Chairman Callicrate called for a break at 6:55 p.m. and the Board reconvened at 7:00 p.m.

G. <u>PUBLIC HEARING</u> (for possible action)

Public Comments will be taken on this item. The Board Chairman will set the time limit for these comments at the meeting. It is anticipated that will be 3 minutes.

G.1. SUBJECT: Conduct the Public Hearing for the Proposed Amendments to the Sewer and Water Schedule of Service Charges and Fee Schedule.

Trustee Dent made a motion to open the public hearing. Trustee Schmitz seconded the motion. Board Chairman Callicrate called the question and the motion was passed unanimously.

Board Chairman Callicrate asked Director of Public Works Underwood if the required notices were made; Director of Public Works Underwood confirmed that the required notices have been provided. Board Chairman Callicrate then asked for public comments.

Charley Miller said he is in favor of this and when you hold rates back for 3 years and not keeping up with COLA, etc. that we are basically trying to catch up and that is difficult. He appreciates the work of the team.

Board Chairman Callicrate, hearing no further public comments, turned the item over to the Director of Public Works.

Director of Public Works Underwood and Mr. Shawn Koorn from HDR went over the submitted materials. Trustee Dent said his guestion is in regards to inflation, 2.7% is what was used, should we adjust that knowing that it is much higher? Mr. Koorn said there is a couple of inflationary components built in and that 2.7% is fairly consistent and averaged right around that, so that's ok. On O&M expense side, the average is 3.5%. In 2022/2023, he made the adjustments to reflect what you are seeing; pretty close. Looking at each year – he feels comfortable. Trustee Schmitz said that Mr. Faust has secured 595 funding and that it is not put into this budget or plan? Mr. Koorn said he has some in 2023 for the Effluent Pond included. Trustee Schmitz said how much? Director of Public Works Underwood said he thinks \$2.2 million is included. Trustee Schmitz said on agenda packet page 11, complete use of all of the funds, she knows that Trustee Dent has brought this up in the past, and that is bonding – do we have that as a contingency? Mr. Koorn said we have \$2.3 million for FY 2023 and started borrowing in FY 2024 with 3 years of borrowing and we could move that forward with full payments. If moved forward, there is a balance in there, and it will fall out a little better. Trustee Schmitz said thank you for doing the additional analysis and putting forth that alternative which she is supportive of. Trustee Tonking said she is in favor of that as well. Trustee Dent said he too is in favor.

Trustee Dent made a motion to close the public hearing. Trustee Schmitz seconded the motion. Board Chairman Callicrate called the question and the motion was passed unanimously.

Trustee Dent made a motion to approve Resolution 1892 (agenda packet page 124) for the proposed amendments and adopting the rates with no contingency (agenda packet pages 468, 470, and 471). Trustee Schmitz seconded the motion. Board Chairman Callicrate called the question and the motion was passed unanimously.

Trustee Dent made a motion to approve the Consent Calendar as submitted. Trustee Schmitz seconded the motion. Board Chairman Callicrate called the question and the motion was passed unanimously.

I. <u>GENERAL BUSINESS</u> (for possible action)

I.1. SUBJECT: Review, discuss, and possibly award the 30% Schematic Design Contract, for the Recreation Center Expansion Project 30% Schematic Design; Vendor: H&K Architect in the amount not to exceed of \$72,000; under Memorandum of Understanding with the David and Cheryl Duffield Foundation; authorize \$29,000 of Public Works Staff support through the 30% Schematic design phase, and authorize an FY2021/22 budget augmentation of \$101,000, within the Community Services – Recreation Center Fund (350) to support this work (Requesting Staff Member: Engineering Manager Kate Nelson)

Engineering Manager Kate Nelson gave an overview of the submitted materials. District General Manager Winquest said he wanted to clarify that

the Director of Finance is happy to respond on any financial questions. There were no plans, on the District's part, to include any of the items in the Community Services Master Plans however since the design consultant visited the Recreation Center, they identified that the lobby was an issue and there could be the ability to move some of the administrative offices to that area so as to free up some additional space. It wasn't in the original plan but knowing it's in the Master Plan, and that the Board has highly recommended that we use our Master Plans as guides, this is an opportunity to explore, discuss, and maybe check some of the boxes in the Community Services Master Plan. Trustee Tonking said she was sitting on the interview plan and the way Staff went through the process was phenomenal, really well done process and feel it is an opportunity to look at and possibly fix some of things that we have in the Recreation Center. Trustee Dent said the \$101,000 and the \$29,000 of Staff time - how much Staff time are we spending, all the costs would be recovered and he wants to make sure we know what is being spent. District General Winquest said \$72,000 would be reimbursed, \$29,000 of the Staff time was discussed and it is our good faith effort, within the Memorandum of Understanding, we have had full transparency including up until now, and then the Staff time will be included and the donor agrees to reimbursement. Trustee Schmitz said she agrees with the last guestion, and would like to ask a clarifying question, heard you say if we go with the \$72,000, it would be covered by the donor? District General Manager Winguest clarified that \$65,000 would be covered by the donor and \$7,000 will be covered by District. Trustee Schmitz said how much Staff time have we spent so far? Engineering Manager Nelson said we have captured it under the general line item, we have it through the end of March and then April. Trustee Schmitz said we can capture that and we need to be open and transparent about it. She doesn't see the deliverable, agenda packet page 202, this is what we have committed to deliver, she doesn't see the deliverable for project cost estimation? Engineering Manager Nelson said what we will receive is a high level estimate and that is what we will bring that to the Board. Trustee Schmitz asked if we can add that as a deliverable? Maintenance and cost estimate - not included nor is the last one, what budget estimate do we need to have for those final 2 deliverables? Engineering Manager Nelson said those two deliverables will be coming from the District General Manager and Staff and Boys and Girls Club, and the other item from the Committee. District General Manager Winguest said it will be a deliverable by Staff and our Vision Committee. These are items that our Buildings and Parks Departments already do as well as leveraging another building by the Boys and Girls Club. It will evolve and these things are being worked and working on concurrently; they will be presented in June in total. Trustee Schmitz asked if we are going to see and approve the

budget for internal Staff time and what the District is providing for the 30% design? District General Manager Winguest said he doesn't think is necessary as these types of tasks are incorporated into our everyday job description. Trustee Schmitz said this is beyond the day to day operations and would expect we have a budget and that we are tracking those costs to share with our community. Board Chairman Callicrate said that the \$29,000 is pretty clear. Trustee Schmitz said that the \$29,000 doesn't include this. Engineering Manager Nelson said we track our time down to 15 minutes and that she is not sure that the District General Manager or the Parks and Recreation Superintendent have that ability. District General Manager Winguest said there needs to be a level of trust and managing our workloads. Can we ask Staff to track their time by the minute, yes, however it would be very high level. Trustee Tonking said she is a little confused on Trustee Schmitz' question as the District has a lot of projects that Staff oversees and we don't see it and don't track it on any of those projects so she is confused about what Trustee Schmitz is asking for. Trustee Schmitz said that there are 2 deliverables that are required on this specific project and, to be fully transparent, we should have some element of reporting and it is a deliverable and if we could outsource it well, she thought we were going to be asking the architect to do some of this work. Trustee Tonking said we should believe that our Staff wouldn't put this on their plate if they couldn't do it and it is not taking away from other work. They may have to work a little longer because of what they are doing. Trustee Schmitz said it is about what costs the District is spending and if we could offload that effort, maybe we should do it. Engineering Manager Nelson said because we know the costs so well, to outsource it, it would be spending time to give that information, and the best people to develop this information is Staff. Further, the Boys and Girls Club know their business and they are our best resources so it would be difficult to outsource. Trustee Dent said is this something that we can say a range of hours as he thinks that is all Trustee Schmitz is looking for? District General Manager Winguest said we can give it a rough estimate – up to this point, he has spent about 6 to 8 hours, our Staff has spent 5 or 6 hours, Buildings Team will spend several hours and it would cost us more money to contract this out. Our Staff and the Boys and Girls Club know this effort, we can give you the rough estimate but this is our good faith effort as it could be a \$25 million project and opportunities come up like this very rarely. We can give you the best information that we can as we move through this project. Trustee Dent said we get public records requests which are a huge ask and that this is not about the time that is being spent but that we want to be transparent. Everyone on the Board is in support of this project and the Board just wants to know that the District has spent X amount and Y amount was spent by the donor. Trustee Schmitz said that is

exactly correct and the amount of public records requests we might get, she wants to have the information, understand what this is, and when we get the public records request, it doesn't become a huge burden on Staff.

Trustee Tonking made a motion to award the 30% Schematic Design Contract, Option 2 (Attachment A) for the Recreation Center Expansion Project 30% Schematic Design; Vendor: H&K Architect in the amount of \$72,000 (Option 2); under Memorandum of Understanding with the David and Cheryl Duffield Foundation; authorize \$29,000 of Public Works Staff support through the 30% Schematic design phase, and authorize an FY2021/22 budget augmentation of \$101,000, within the Community Services – Recreation Center Fund (350) to support this work. Trustee Dent seconded the motion. Board Chairman Callicrate asked for further comment; receiving none, he called the question and the motion was passed unanimously.

I.2. SUBJECT: Review, discuss and provide direction related to potential edits to Ordinance 7, An Ordinance Establishing Rates, Rules and Regulations for IVGID Recreation Passes and Recreation Punch Cards by the Incline Village General Improvement District (Requesting Staff Member: District General Manager Indra Winquest)

District General Manager Winquest gave an overview of the submitted materials. The following direction was provided:

LIMIT OF PEOPLE ON THE BEACHES (DAILY)

- Yes, to a limitation on the number of guests that passholders can bring to the beaches.
- Dust off Resolution 1575 and evaluate the group reservations and how Staff manages that effort.
- Think about it as parcels and keep in mind equity.
- Whatever we come up won't be perfect and the solution will be brought forth at our next meeting.
- Consider including a group reservation paragraph within Ordinance 7.

FAMILY TREE

Purchase up to 3 additional picture passes per parcel but stamped with no guests.

NAME OF PUNCH CARD

✤ Not changing the name at this time.

BUY DOWN OF ACCESS

Leave it as is but continue to look at it with the committee.

NANNY/CARETAKER ADDITION

Consensus was that this idea has merit, it needs to have some really strict punishment tied to it if there is abuse, should be within the 8 allowed, possibility of treating this like a tenant with a written lease however it needs to be thoroughly thought through.

DEFINITION OF GUEST

There will be no language included in the Ordinance about reimbursement.

DOMESTIC PARTNER

A verification process could be added and the children of a domestic partner should be added.

MISCONDUCT/MISREPRESENTATION

Trying to strength this section so the people understand if they don't follow the rules then there are serious consequences.

PUNCH CARDS ARE FOR GUESTS

- Punch cards are for guests associated with the parcel. Last year, we discovered that some people reached the maximum and they were asking their friends if they could give them to them; we are trying to avoid this situation. Will may be added to misconduct not yet but it would be.
- Consider putting "not transferable" on the cards.
- Clean up the commercial access and access with punch cards as that could help alleviate that situation.

MULTI-OWNERSHIP OF PROPERTIES

There should be one point of contact (authorized owner) when there are multiple owners and that is up to the owners to figure out and designate.

District General Manager Winquest thanked the Board for the great feedback as he is confident that we can get this over the finish line. Board Chairman Callicrate said, addressing the public and the Board, that if you have specific concerns, please send us an email to let us know. District

General Manager Winguest said final revisions will be included in the Board packet of May 11. Trustee Schmitz said she has received phone calls, emails, and members of the public talking to her and they really do feel that the survey said 57% of those who responded to the survey said a picture pass holder should escort their guests to the beaches. The beach deed says parcel owner and their guest and you don't have a guest without a host. If vou are going to uphold the beach deed, you don't hand someone a card and say that person is my guest. That person isn't a guest, that person has just been given a punch card so that was some of the feedback she was given. She recalls Trustee Tonking gave the example about someone who is elderly and has adult children, etc. and, in reality, they have the ability for those adult children to have a picture pass because they are a family member. So ultimately there are 5 picture pass holders who could accompany a guest to the beach. So it is not saying that Grandma is the one who has to escort somebody to the beach because if Grandma has children who are here, they have the ability to be awarded a picture pass because they are part of the family tree. In thinking about this more, there is the potential for 5 people who could escort their guests and she is bringing this back up because she thinks it is important to support the beach deed and making sure that we are doing the right thing for the residents of the community. Trustee Tonking said she would push back on that as she thinks we are still protecting the beach deed by not having that provision and a perfect example is that her Grandma has 6 kids and 30 cousins and they aren't going to have picture passes; she doesn't agree with it personally but understand where you are coming from. Trustee Dent said that the majority of the community is in favor, it is not a large majority of the community, and something to look into further. We need to figure out a way to move in that direction. From the results we have, we definitely 57% of the community is in favor and we need to listen to them. Don't know if we have a path to completely act but he is in favor to revisit. In favor of it but not sure. Board Chairman Callicrate said yes, and after this summer, revisit the question and we are not ignoring the 57% but it is about how the question was phrased. Out of fairness, we need to monitor it this summer, revisit this fall, and, going to the point brought up by Trustee Schmitz, he knows we have to rethink it. District General Manager Winguest said he got a call from a resident about this topic; she said she was not in favor of this concept and that she will just find a friend to bring her friend down to the beach. We have some really impactful changes and we have an opportunity to reevaluate. Trustee Dent said the next time we have a survey taking that question and several others, we need to dive deeper, and he hasn't thought about enough but definitely do need to revisit it.

J. MEETING MINUTES (for possible action)

J.1. Meeting of March 30, 2022

Board Chairman Callicrate asked for changes, none were received. The meeting minutes of March 30, 2022 were accepted as submitted.

K. FINAL PUBLIC COMMENTS*

Yolanda Knaak said she is a candidate for IVGID and thank you for all your hard work. A lot of people have complained about overcrowding so thanks for working on it.

Denise Davis said she is a member of the Ordinance 7 Committee and that she would like to address some language. When the Trustees were talking about the community survey, she wants to remind everyone about the 57% - that was 57% of the people who took survey and answered the question. While it might seem nitpicky, it is not 57% of the community, so please keep that in mind and that it was 57% of those that took the survey and answered the question.

Charley Miller said to address Trustee Schmitz' concerns about General Business Item I.1. – regarding the transparency of Staff time to the community. To put the thing into perspective, .01% that Staff will spend on Staff time. You need to remember the scale of this donation, \$25 million, and that this is an identified Board approved project. As someone who spends time at Recreation Center, it is strained. All projects move forward, stall, move forward and then do move forward but to request a report on time is not worth it and don't challenge them on their time on a project that is included in the Master Plan. In his house, he needed to do some remodeling, bathroom would move to the top if someone wanted to pay for it. Public records request is a right and it is not going to stop them for making those requests.

Ray Tulloch said thank you for your deliberations on Ordinance 7 and he thinks you missed one thing on transferable and that is you are penalizing people who can't use them so think through it. Regarding Mr. Miller's comments, who claims to be a good project manager, he is off as it is 1% so he is off by a factor of 100%.

L. <u>ADJOURNMENT</u> (for possible action)
