<u>MEMORANDUM</u>

TO:

Board of Trustees

FROM:

Indra Winquest General Manager

VIA:

Paul Navazio

Director of Finance

SUBJECT: Audit Report and Final Comprehensive Annual Financial Report

(CAFR) for the fiscal year ended June 30, 2021

DATE:

January 22, 2021

L **BACKGROUND**

This agenda item has been prepared to transmit to the Board of Trustees the reports from the District's Independent Auditor, Eide Bailly, related to the audit of the Comprehensive Annual Financial Report for the fiscal year ending June 30, 2020.

The final CAFR includes the Auditor's Report (page 7), the Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards (page 93), Auditor's Comments (page 95) and Schedule of Findings and Responses (page 96).

In addition to transmittal of the final CAFR and audit report, the agenda item also includes, via attachments, the Management Representation Letter as well as the required Auditor's Communication With Those Charged with Governance (AU-C260 Letter).

Pursuant to the requirements of NRS 354.624(6), the Auditor's Report and final CAFR will be presented to the Board of Trustees at their meeting of January 28, 2021, and subsequently will be filed with the appropriate entities prior to January 30, 2021.

Attachments:

- Management Representation Letter, dated January 22, 2021 1)
- Comprehensive Annual Financial Report for the fiscal year ended 2) June 30, 2020, including Auditor's reports
- Auditor's Communication With Those Charged with Governance 3) (AU-C260 Letter).

January 22, 2021

Eide Bailly LLP 5441 Kietzke Ln #150 Reno, NV 89511

This representation letter is provided in connection with your audit of the financial statements of the governmental activities, the business-type activities, and each major fund, of Incline Village General Improvement District as of June 30, 2020 and for the year then ended, and the related notes to the financial statements, for the purpose of expressing opinions on whether the financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows, where applicable, of the various opinion units of the Incline Village General Improvement District in accordance with accounting principles generally accepted for governments in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of January 22, 2021.

Financial Statements

- We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated May 29, 2020, for the preparation and fair presentation of the financial statements of the various opinion units referred to above in accordance with U.S. GAAP.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- We acknowledge our responsibility for compliance with the laws, regulations, and provisions of contracts and grant agreements.
- We have reviewed, approved, and taken responsibility for the financial statements and related notes.

- We have identified and communicated to you all previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- The effects of the uncorrected misstatements aggregated below by you during the current engagement are immaterial, both individually and in the aggregate, to the applicable opinion units and to the financial statements as a whole:
 - o To pass on adjusting unearned revenue for ski buddy comp passes and discounted tickets given with Diamond Peak season passes issued prior to 6/30/20.

Community Service Special Revenue Fund:

Unearned Revenue 110.000 110,000

 To pass on adjusting sick leave retirement not expected to be used with current resources. Community Services Special Revenue Fund:

| Compensated absences | 124,526 |
|----------------------------|---------|
| Operating expenses | 40,851 |
| Fund balances | 83,675 |
| General Fund: | |
| Compensated absences | 7,040 |
| Operating expenses | 2,000 |
| Fund balances | 5,040 |
| Beach Special Revenue Fund | |
| Compensated absences | 8 000 |

2,000 Operating expenses 6,000 Fund balances

 To pass on adjusting the prior year impact of writing off items in CIP to expense. Governmental-type Activities:

> Fund balance 109,206

109,206 Operating expenses

- The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
- All component units, as well as joint ventures with an equity interest, if any, are included and other joint ventures and related organizations are properly disclosed.
- All funds and activities are properly classified.
- All funds that meet the quantitative criteria in GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, and GASB Statement No. 37, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments: Omnibus, for presentation as major are identified and presented as such and all other funds that are presented as major are considered important to financial statement users.
- All components of net position, nonspendable fund balance, and restricted, committed, assigned, and unassigned fund balance are properly classified and, if applicable, approved.

- Our policy regarding whether to first apply restricted or unrestricted resources when an expense
 is incurred for purposes for which both restricted and unrestricted net position/fund balance are
 available is appropriately disclosed and net position/fund balance is properly recognized under
 the policy.
- All revenues within the statement of activities have been properly classified as program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
- All expenses have been properly classified in or allocated to functions and programs in the statement of activities, and allocations, if any, have been made on a reasonable basis.
- All interfund and intra-entity transactions and balances have been properly classified and reported.
- Special items and extraordinary items have been properly classified and reported, if any.
- Deposit and investment risks have been properly and fully disclosed.
- Capital assets, including infrastructure assets, are properly capitalized, reported, and if applicable, depreciated.
- All required supplementary information is measured and presented within the prescribed guidelines.
- With regard to items reported at fair value:
 - o The underlying assumptions are reasonable, and they appropriately reflect management's intent and ability to carry out its stated courses of action.
 - o The measurement methods and related assumptions used in determining fair value are appropriate in the circumstances and have been consistently applied.
 - o The disclosures related to fair values are complete, adequate, and in conformity with U.S. GAAP.
 - o There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.
- We have reviewed and approved the various adjusting journal entries, including the
 restatement noted in the governmental activities on the government-wide financial statements,
 that were proposed by you for recording in our books and records and reflected in the financial
 statements.
- We have received and evaluated the correspondence from members of the community regarding the June 30, 2019 CAFR. We have provided you our analysis and conclusions on the points, and believe that the only items needing restatement have been made known to you and reflected in the June 30, 2020 financial statements.

Information Provided

- We have provided you with:
 - Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements of the various opinion units referred to above, such as records, documentation, meeting minutes, and other matters;
 - Additional information that you have requested from us for the purpose of the audit;
 and
 - o Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
- All transactions have been recorded in the accounting records and are reflected in the financial statements.

- We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- We have provided to you our analysis of the entity's ability to continue as a going concern, including significant conditions and events present, and if necessary, our analysis of management's plans, and our ability to achieve those plans.
- We have disclosed to you all information that we are aware of regarding fraud or suspected fraud that affects the entity and involves:
 - Management;
 - Employees who have significant roles in internal control; or
 - Others where the fraud could have a material effect on the financial statements.
- We have disclosed to you all information that we are aware of regarding allegations of fraud, or suspected fraud, affecting the entity's financial statements communicated by employees, former employees, vendors, regulators, or others.
- We have disclosed to you all known instances that have occurred or are likely to have occurred,
 of noncompliance with provisions of contracts and grant agreements that has a material effect
 on the determination of financial statement amounts or other financial data significant to the
 audit objectives.
- We have no knowledge of any instances that have occurred or are likely to have occurred of abuse that could be quantitatively or qualitatively material to the financial statements or other financial data significant to the audit objectives.
- We have taken timely and appropriate steps to remedy fraud, noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that you have reported to us, if any.
- We have a process to track the status of audit findings and recommendations.
- We have identified for you all previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- We have provided to you our views on reported audit findings, conclusions, and recommendations, as well as planned corrective actions.
- We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
- We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.
- There have been no communications from regulatory agencies concerning noncompliance with or deficiencies in accounting, internal control, or financial reporting practices.
- Incline Village General Improvement District has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
- We have disclosed to you all guarantees, whether written or oral, under which Incline Village General Improvement District is contingently liable.
- We have disclosed to you all significant estimates and material concentrations known to management that are required to be disclosed in accordance with GASB Statement No. 62 (GASB-62), Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. Significant estimates are estimates at the balance sheet date that could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.

- We have identified and disclosed to you the laws, regulations, and provisions of contracts and grant agreements that could have a direct and material effect on financial statement amounts, including legal and contractual provisions for reporting specific activities in separate funds.
- There are no:
 - Violations or possible violations of laws or regulations, or provisions of contracts or grant agreements whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency, including applicable budget laws and regulations.
 - Unasserted claims or assessments that our lawyer has advised are probable of assertion and must be disclosed in accordance with GASB-62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.
 - Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by GASB-62.
 - Continuing disclosure consent decree agreements or filings with the Securities and Exchange Commission and we have filed updates on a timely basis in accordance with the agreements (Rule 240, 15c2-12).
- Incline Village General Improvement District has satisfactory title to all owned assets, and there
 are no liens or encumbrances on such assets nor has any asset or future revenue been pledged
 as collateral, except as disclosed to you.
- We have complied with all aspects of grant agreements and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- We have reviewed capital assets and certain identifiable intangibles to be held and used for impairment whenever events or changes in circumstances have indicated that the carrying amount of the assets might not be recoverable and have appropriately recorded the adjustment.
- Provisions for uncollectible receivables have been properly identified and recorded.
- The methods and significant inputs and assumptions used to determine fair values of financial instruments are as follows: based on quoted prices in active markets for identical assets or based on significant other observable inputs. The methods and significant assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes and are in accordance with the provisions of GASB Statement No. 72, Fair Value Measurement and Application.

Supplementary Information in Relation to the Financial Statements as a Whole

With respect to the individual fund schedules including budgetary comparisons accompanying the financial statements:

- We acknowledge our responsibility for the presentation of the Supplementary Information noted above in accordance with U.S. GAAP.
- We believe the Supplementary Information noted above, including its form and content, is fairly presented in accordance with U.S. GAAP.
- The methods of measurement or presentation have not changed from those used in the prior period.
- There are no significant assumptions or interpretations underlying the measurement or presentation of the Supplementary Information noted above.
- When the Supplementary Information noted above is not presented with the audited financial statements, management will make the audited financial statements readily available to the

- intended users of the supplementary information no later than the date of issuance by the entity of the supplementary information and the auditor's report thereon.
- We acknowledge our responsibility to include the auditor's report on the supplementary information in any document containing the supplementary information and that indicates the auditor reported on such supplementary information.
- We acknowledge our responsibility to present the supplementary information with the audited
 financial statements or, if the supplementary information will not be presented with the audited
 financial statements, to make the audited financial statements readily available to the intended
 users of the supplementary information no later than the date of issuance by the entity of the
 supplementary information and the auditor's report thereon.

Required Supplementary Information

With respect to the management's discussion and analysis and schedule of employer required contributions accompanying the financial statements.

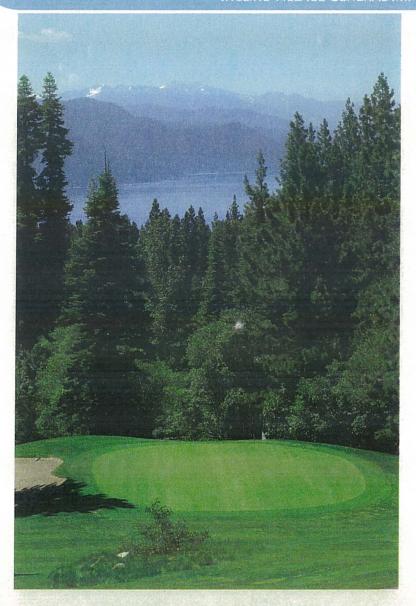

- We acknowledge our responsibility for the presentation of the Required Supplementary Information noted above in accordance with U.S. GAAP.
- We believe the Required Supplementary Information noted above, including its form and content, is measured and fairly presented in accordance with U.S. GAAP.
- The methods of measurement or presentation have not changed from those used in the prior period.
- There are no significant assumptions or interpretations underlying the measurement or presentation of the Required Supplementary Information noted above.

Sincerely,

Paul Navazio, Director of Finance

INTRODUCTION

January 22, 2021

Board of Trustees for the Incline Village General Improvement District and Citizens of Incline Village and Crystal Bay, Nevada

The Incline Village General Improvement District (the District) hereby submits the Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2020. State law (Nevada Revised Statutes 354.624) requires that local governments provide an annual audit by independent certified public accounts in conformance with generally accepted auditing standards.

This report consists of management's representation of the finances of the District and, as such, management assumes full responsibility for the completeness and reliability of the information contained in this report, consistent with a framework of internal controls established for this purpose. To the best of our knowledge the enclosed information is reported, in all material respects, in a manner intended to fairly represent the financial position as well as changes in financial position of the District.

The District's financial statements have been audited by Eide Bailly. LLP, Certified Public Accountants. The goal of the independent audit is to provide reasonable assurance that the District's financial statements for the fiscal year ended June 30, 2020 are free of material misstatements. The independent audit consisted of examination, on a test basis, evidence supporting the amounts and disclosures reported, assessing the accounting principles applied by management, and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the Incline Village General Improvement District's financial statements for the year ended June 30, 2020 are fairly presented in conformity with generally-accepted accounting principles (GAAP). The independent auditor's report is presented as the first component of the financial section of this report.

Management's Discussion and Analysis (MD&A), as required supplementary information, follows the Independent Auditor's report and provides a narrative summary and analysis that may assist the reader in interpreting the financial statements. This letter of transmittal is designed to complement MD&A and should be read in conjunction with that overview.

Profile of the District

The District was formed in 1961 in accordance with the State of Nevada's Revised Statutes, Chapter 318, pertaining to General Improvement District Law as a body corporate and public and a quasi-municipal corporation in the State of Nevada. The District is located on the northeast corner of Lake Tahoe, in the Sierra Nevada Mountains, and occupies a land area of approximately 15.36 square miles and serves a base population of approximately 9,000 residents.

The District is governed by a five-member Board of Trustees elected by residents of Incline Village and Crystal Bay to serve staggered four-year terms. In accordance with the enabling legislation, the District provides water, waste water, and solid waste services within its boundaries, as well as various recreational amenities including downhill skiing, two golf courses, a multi-use recreation center, tennis facilities, meeting facilities, parks, beaches, playgrounds and other recreation-related programming. The District serves approximately 4,200 water/sewer customers, accommodates over 100,000 skiers, 35,000 golfers, and 170,000 beach users, and oversees a variety of other activities including over 120,000 visits to the Recreation Center annually.

The District adheres to the Local Government Budget Act incorporated within Nevada Revised Statutes, which includes prescribed procedures to establish the budgetary data reflected in these financial statements. Budgets are adopted on a basis consistent with GAAP for all funds. Budgets are adopted for all governmental and proprietary fund types. The District can amend or augment the budget after following procedures prescribed in State statutes. The District Board of Trustees amended the fiscal year 2019-2020 budget to re-establish governmental capital and debt funds for its Community Services and Beach activities. The financial statements included in this report are presented accordingly.

Local Economic Condition and Outlook

Located on the northeast shore of Lake Tahoe, Nevada, near the California border in Washoe County, the District's economy is largely dependent on tourism, centered on summer and winter recreational activities. Due to its location, the

region's economy is closely tied to the California/San Francisco Bay Area economy. The Reno-Sparks Convention & Visitors Authority report at June 2019 indicates the combined room occupancy rate increased 6.3% from last year.

Development within the District is challenged by the availability of parcels for redevelopment. There are commercial projects planned in Crystal Bay. The preliminary development permits for the projects have been approved. The scope of the development will be determined by future events. It is anticipated they will have a positive effect on the area.

Located in Incline Village, Sierra Nevada University (SNU) is Nevada's only private residential four-year liberal arts college which serves the community-at-large and those looking for a unique educational experience. The university has forged a unique partnership with Tahoe Center for Environmental Sciences (TCES). This partnership, between public and private institutions of higher education in two states, includes Sierra Nevada University, the University of California, Davis (UC Davis), the Desert Research Institute (DRI) and the University of Nevada, Reno (UNR).

The 2010 census population of 9,087 reflects an 8% decrease since 2000. Of the District's 7,954 housing units, the Census reports 3,353 for seasonal recreation use. This is 14% more than the number in 2000. The median housing value at June 30, 2020 for single family residence and condo sales for Incline Village and Crystal Bay were \$1,296,000 and \$605,000, respectfully, representing a 7.4% decrease on residence and a 2.3% increase on condos over last year. For the entire Washoe County the values were \$514,670 and \$303,670 respectively. Values in Incline Village and Crystal Bay tend to be higher than Washoe County average and can fluctuate due to both seasonality as well as variability in the "second home" market. Housing demand and prices are expected to be impacted in the short-run as a result of the COVID-19 pandemic both from the trend toward remote working and proximity to California and the housing trends in the Bay Area and Sacramento regions.

The Reno-Sparks June 2020 unemployment rate of 8.7% is well under the State at 15.2%, and is below the national level at 10.2%. These unemployment rates reflect a significant increase over unemployment rates reported in 2019 largely due to the economic impacts of the COVID-19 pandemic.

Lake Tahoe is known as one of the most beautiful regions in the world and as the largest alpine lake in North America, it offers an alpine environment untouchable anywhere else. The pristine beauty of Lake Tahoe draws over three and one-half million visitors annually from around the world. From snow skiing to golfing to boating to gaming, Lake Tahoe is one of the premier resort destinations, offering visitors countless activities. Additionally, Incline Village/Crystal Bay offers a spectacular and serene mountain neighborhood for property owners.

The 2004 Legislature passed Assembly Bill 489 to provide property tax relief which provides a partial abatement of taxes by applying a 3% cap on the tax bill of the owner's primary residence and a higher cap on the tax bill of other properties beginning with the 2005/2006 tax roll in Washoe County. For the fiscal year 2019-2020 the abatement was \$21,199 based on State of Nevada Department of Taxation formulas. The pre-abated Ad Valorem levy was \$2,040,175.

Beginning in 2010, the District has had a portion of its property tax settlements offset to settle a court ordered tax refund by Washoe County. The General Fund was able to meet this obligation while maintaining service levels while the refund was completed. A settlement agreement was reached with Washoe County in the current fiscal year. As part of the settlement, the District is responsible for refunding \$1,359,757. These funds have been restricted within the District's General Fund.

Financial Initiatives

The Board of Trustees establishes policy and direction, within the framework of the District Strategic Plan and its Long Range Principles. The Plan covering the years 2018 to 2020 was adopted May 9, 2018. A point of emphasis of the Strategic Plan includes developing performance measures, stabilizing planning for capital improvements, and enhancing communication at many levels.

Review of District's Fund Accounting Beginning with fiscal year 2015-16, the District transitioned from Proprietary, Enterprise fund accounting to General Government, Special Revenue fund accounting for its Community Services and Beach Activities. In approving the District's 2020-21 annual budget, the Board of Trustees has taken action to direct the District to transition back to Proprietary, Enterprise fund accounting beginning in fiscal year 2021-22. While using the Special Revenue, Capital Projects and Debt Service Fund types the District's financial statements arguably demonstrate how fees and charges collected support operations, capital and debt obligations, a return to Enterprise Fund accounting is expected to better support the District's objective of establishing pricing policies aimed at recovering the full cost of operating District recreational venues, including the costs of capital assets and debt. A Resolution of Intent has been filed with the State of Nevada Department of Taxation relating to this upcoming transition in fund accounting models.

<u>Utility Rates to Support Infrastructure.</u> The District has identified approximately 6 miles of effluent pipeline for replacement over a series of years. This project is expected to cost at least \$15,000,000. Currently, the District is collecting \$2.0 million per year from utility rate charges for this project. The Board has yet to determine, however, if the project will

ultimately be funded with existing resources (pay-as-you-go), or through issuance of utility revenue bonds. A decision on preferred financing plan is expected to inform the District's upcoming utility rate study. In addition, a review of the District's utility fund reserve policy will inform the next rate study. The last increase in water and sewer rates was effective in May, 2019. In part due to the uncertainty associated with the COVID-19 pandemic (and its economic impacts to our residents) the Board did not enact the planned water and sewer rate increases scheduled to take effect in May, 2020.

Policy Direction related to District's Recreation and Beach Facility Fees. The fiscal year 2019-20 marks the tenth year in which the combined fee charged to the majority of parcel owners within the District remained set at \$830 per dwelling unit equivalent. While the fees collected are allocated by the Board to support operations, capital expenditures and debt service, a policy of "smoothing" has been employed to avoid potentially significant variations in the Recreation and Beach facility fees resulting from the timing of major capital projects. The fees continue to be set on the basis of needs identified in the District's Community Services and Beach Master Plans and the multi-year capital improvement plan adopted each year to support implementation of these plans. This policy is consistent with the District's objective of long-term financial planning and fiscal stability.

Commitment of Fund Balances to Priority Capital Projects. The District's recent actions related to establishing its annual Facility Fees and utility rates to support planned future capital projects has resulted in an increase in its unrestricted fund balances and net position within impacted funds. Beginning with fiscal year 2019-20, the Board has begun to take specific actions intended to commit certain fund balances to specific projects. Specifically, as of June 30, 2020, the Board as directed staff to designate a total of \$9,656,890 in utility fund unrestricted net position for the planned Effluent Pipeline Replacement project, with additional funds having been committed in fiscal year 2020-21. The Board is also considering taking action to designate available unrestricted fund balances within the District's Community Service and Beach funds for specific future projects, but for which current fee revenues and available fund balances are anticipated to serve as the funding source for specific projects, acknowledging that specific capital project budget appropriations will occur in future years. The designation of selected fund balances for specific purposes is intended to provide the residents and property owners of the District with a clear sense of the specific projects for which funds are currently being collected and set-aside.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Incline Village General Improvement District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019. This was the nineteenth year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report would not have been possible without the dedicated service of the entire staff of the accounting department and the District's venues. We wish to express our appreciation to all staff assisting with the preparation of this report. Credit also must be given to the Board of Trustees as well as the Audit Committee for their support and contribution to maintaining the highest standards of professionalism in the management of Incline Village General Improvement District.

To the Board of Trustees Incline Village General Improvement District Incline Village, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Incline Village General Improvement District (the "District"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund, Community Services Special Revenue Fund, and Beach Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Correction of an Error

As discussed in Note 22 to the financial statements, certain errors resulting in amounts being recorded as construction in progress and capital assets rather than being expensed during prior years were discovered by management during the current year. In addition, certain errors in the recording of unearned revenue for golf passes in prior years were discovered by management during the current year. Accordingly, these errors were corrected in the current year and have resulted in a restatement of net position and fund balance as of July 1, 2019. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 17 and the schedule of employer required contributions on page 57, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods or preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, individual fund schedules including budgetary comparisons, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements.

The individual fund schedules including budgetary comparisons are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules including budgetary comparisons are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Reno, Nevada January 22, 2021

This section of the Incline Village General Improvement District's (IVGID's) Comprehensive Annual Financial Report (CAFR) presents a narrative overview and analysis of the District's financial activities for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the transmittal letter, financial statements and notes to gain a more complete picture of the information presented therein.

FINANCIAL HIGHLIGHTS

Financial highlights based on Government-wide Financial Statements, for the year ended June 30, 2020:

- The District's net position as of June 30, 2020 was \$157.96 million and reflects an increase in net
 position of \$5.66 million over the prior year. Of this amount, a total of \$36.63 million (unrestricted
 net position) is available to meet the District's future obligations, including future planned capital
 projects.
- The net position of the District's governmental activities increased by \$4.28 million (to \$79.27 million) and the net position of the District's business-type activities increased by \$1.39 million (to \$78.70 million).
- The District's General Fund reported an ending fund balance, as of June 30, 2020, of \$4.63 million, representing an increase of \$0.86 million over the prior year. Of this amount, a total \$3.11 million represents the unassigned fund balance.
- The District's Community Services Special Revenue Fund ended the year with a fund balance of \$15.28 million, reflecting an increase of \$1.81 million from the prior year; the Beach Special Revenue Fund ended the year with a fund balance of \$2.59 million, reflecting an increase of \$0.78 million from the prior year. The entire fund balance within the District's Community Services and Beach Special Revenue funds are either restricted or committed for future use to support the District's recreational programs and facility improvements.
- As of June 30, 2020 the District had total bond debt outstanding of \$5.22 million including Utility
 Revenue Bonds outstanding of \$4.08 million and Recreation Bonds outstanding totaling \$1.14 million.
 The District retired \$0.89 million in bond principal during the fiscal year.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements which consists of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

This report also contains other Required Supplementary Information and Supplementary Information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District finances in a manner similar to a private-sector business.

The <u>Statement of Net Position</u> presents information on all of the District's assets and liabilities and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases, in net position, may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The <u>Statement of Activities</u> presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs regardless of the

timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements (Statement of Net Position and Statement of Activities) distinguish functions of the District as either governmental activities or business-type activities. The governmental activities of the District include administration, recreation and internal service activities. These are supported by general tax revenues, facilities fees assessed on properties within the District as well as charges for services. The business-type activities of the District include utility (water, sewer and solid waste) activities that reflect enterprise operations where a fee for service typically covers all or most of the costs of operations including depreciation and debt service.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over fiscal resources that have been segregated for specific activities. The District uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements; as such, the principal role of a fund is to demonstrate fiscal accountability. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statement, the governmental fund financial statement focuses on near-term inflow and outflow of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. This information is useful in evaluating a government's near-term financing requirements.

The District maintains multiple governmental funds. Information is presented separately in the governmental fund financial statements for the General Fund, Community Services Special Revenue fund, Community Services Capital Projects and Community Services Debt Service funds, as well as the Beach Special Revenue, Beach Capital Projects and Beach Debt Service funds.

Because the focus of the governmental funds financial statements is narrower than that of the government-wide financial statement, it is useful to compare the information presented for governmental funds with similar information presented for government activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District adopts an annual budget for each of its governmental funds. A budgetary comparison is provided in order to demonstrate compliance with the approved budget. The budgetary comparison for the District's General Fund and Special Revenue Funds is provided as part of the basic financial statements. Budget comparisons for each of the individual governmental funds are provided as part of the Supplemental Information section of the CAFR.

<u>Proprietary funds</u>. The District operates two types of proprietary funds. <u>Enterprise funds</u> are used to report the same functions presented in business-type activities in the government-wide statements. The District uses enterprise funds to account for its Utility Fund. <u>Internal Service funds</u> are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses an internal service fund to account for its maintenance of its fleet of vehicles, buildings maintenance, and engineering functions. The Internal Service Fund is classified as governmental-type activities in the government-wide statement since the most substantial users of these services are activities supported through the District's governmental funds.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the District. As a required supplementary schedule the District has prepared a schedule for its Multi-Employer Retirement Plans. Additional supplementary information is provided related to individual funds, providing more detailed budget-to-actual comparisons. These schedules indicate compliance with budgetary constraints and management directives to enhance accountability at the fund and function level. The supplementary information provides schedules to report revenue and expenditure results according to the format required by the State of Nevada Department of Taxation, Local Government Division. In addition, selected statistical information is provided on a five or ten-year basis, as available, for trend and historical analysis. This information addresses a number of the major revenue sources of the District including the Recreation and Beach Facility Fee.

GOVERNMENTAL-WIDE FINANCIAL ANALYSIS

The District's assets exceeded liabilities and deferred inflows of resources by \$157.96 million at June 30, 2020. The largest portion of net position (76.5%) reflects net investment in capital assets (e.g., land, buildings, equipment, construction in progress less accumulated depreciation and bonds that are still outstanding). The District uses these capital assets to provide services to citizens; therefore, they are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since capital assets cannot be used to liquidate these liabilities.

Governmental activities increased the Districts' net position by \$3.61 million. Activities for the year ended June 30, 2020 contributed \$4.28 million toward ending net position, however this amount was offset by prior year adjustments totaling of \$0.67 million. (The results for Governmental Activities for 2019 do not reflect impact of prior year restatement).

Major contributors to the increase in net position over the fiscal year included expenses ending the year well below budget across all major functions (including Administration, Ski, Golf, Beach Recreation Center and Programming, Parks and Tennis), as well as spending below budget for Community Services and Beach capital projects.

While revenues through June 30, 2020 across all governmental activities fell approximately \$535,000 below budget, COVID-19-related facility closures and curtailment of recreational programming resulted in expenditure savings that more than offset the unfavorable revenue variance. In addition, deferral of capital projects yielded significant savings within the fiscal year, with over \$2.5 million in unexpended capital budget appropriations being carried forward to the fiscal year 2020/21.

Total governmental activity revenue overall decreased sharply year-to-year in the area of charges for services, driven largely by early closure of the District's ski resort and reduced availability of venues from March through June related to COVID restrictions. (The results for Governmental Activities for 2019 do not reflect impact of prior year restatement).

For the District's government-wide financial statements for fiscal year 2019/20, revenues and expenditures within its Internal Services funds are excluded as these costs are included in the other governmental and business-type functions supported by the Internal Services functions.

The facility fee, assessed on parcel owners, is the most stable of the revenue streams for the District. The facility fee is assessed by the District for recreation and beach privileges and is collected by Washoe County Assessor's office through the real property quarterly billing process. For 2019-20 the District assessed \$5,783,115 in Community Services facility fees and \$968,500 in Beach facility fees.

Total governmental activities include the General Fund which provides District wide administration, Internal Services, and Recreation and Beach programming, capital projects and debt service. Expenditures in the General Fund decreased slightly year-over-year due to cost-saving measures implemented in the fourth quarter in response to the COVID-19 pandemic which forced curtailment of District programming and facility access. Cost-savings were achieved through hiring freezes, furloughs of non-essential personnel and deferral of non-essential discretionary expenditures. Internal services expenditures similarly experienced a slight reduction year-over-year, particularly in Building Maintenance, and elimination of the District's Workers' Compensation Fund. Community Services Recreation expenditures reflect an increase of 6.6% over prior year due primarily to timing of capital project expenditures off-setting operating expenditure reduction related to activities impacted by COVID-19. Similarly, expenditures within the District's Beach activities reflect a reduction from prior year due to reduced staffing levels and expenditures in the fourth quarter of the fiscal year.

Business-type activities: Business-type activities increased their net position by \$1.39 million over the past fiscal year. The Utility Fund historically has little fluctuation in its activity from year-to-year, and as an essential service (water, sewer and solid waste) was somewhat insulated from operational impacts related to the COVID-19 pandemic. The Utility Fund's increase in net position continues to result largely from utility rate revenues collected in support of a major pending capital project to replace sections of the effluent pipeline. Capital expenditures for the year were \$1,657,757, while depreciation expense was \$3,367,361. Principal reduction on bonds was \$523,988.

FINANCIAL ANALYSIS OF DISTIRICT FUNDS

The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the District's governmental funds is to provide information on current inflows, outflows, and balances of resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance of \$3,110,801 across all governmental funds may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the District's General Fund balance increased to \$4,630,149, with \$159,611 non-spendable, and \$1,359,737 restricted for pending property tax settlement. This results in an unassigned fund balance as of June 30, 2020 of \$3,110,801.

The District's recreational programming is conducted under two activities; they are Community Services and Beach. As a result of a deed restriction, a distinct constituency is served by the Beach fund and thus its inflows and outflows are measured separately to demonstrate compliance. The Community Services Special Revenue Fund Balance increased to \$15,208,913. The Beach Special Revenue Fund Balance increased to \$2,591,632

Budgets are adopted for all governmental funds on a modified accrual basis. The focus of this basis is to capture transactions based on current financial resources. Increases and decreases in financial resources are recognized only to the extent that they reflect near-term inflows or outflows of cash.

General Fund Budgetary Highlights

General Fund functional revenues exceed expenditures by \$1.16 million for the fiscal year ended June 30, 2020; however a \$0.30 million transfer was recorded representing the last allocation of Workers' Compensation self-insurance balances re-allocated to other funds. This results in a net change in fund balance of \$0.87 million as of June 30, 2020.

Selected highlights within the District's General Fund includes:

- Revenues exceeding budget by \$223,523, with the single largest contributor being investment earnings which ended the year \$231,643 above budget.
- General Fund expenditures for the year ended June 30, 2020 were \$2,711,859, or \$1,023,110 below budget (net of Central Services Overhead cost recover). Year-end expenditures were below budget across all General Fund-supported administrative functions, with the largest favorable budget variances in General Administration, Human Resources and Information Technology.
- Capital Outlay expenditures within the General Fund were below budget; however, \$300,000 in capital
 appropriations were carried forward to fiscal year 2020/21 (related to project to replace the District's
 Payroll / Human Resources Management System).

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: The Incline Village General Improvement District's investment in capital assets for its governmental and business-type activities, as of June 30, 2020 amounts to \$126,084,950 (net of accumulated depreciation). Investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, and recreation facilities. Increases in net capital assets included the Mountain Clubhouse Improvement Project., Incline Park Facility renovations and replacement of vehicles and equipment. Readers desiring more information, with respect to capital asset activity, should see Note 5 to the financial statements.

.

Long-term debt: At the end of the current fiscal year, the District had total bonded debt outstanding of \$5.22 million, including \$4.08 million in outstanding Utility Revenue Bonds and \$1.14 million in outstanding Recreation Bonds. Of the total amount of long-term debt outstanding, \$4.28 million comprise debt backed by the full faith and credit of the District, with the source for repayment being revenues from charges for services (including assessed facility fees). The remainder of the District debt, \$0.94 million, represents bonds secured solely by specified utility rate revenue sources.

Long-term liability activity for the year ended June 30, 2020 was as follows:

| | I | Beginning Balance | | New Issues | Р | rincipal Paid | Ending Balance | | |
|-------------------------------|----|----------------------|----|---------------|----|------------------|-------------------|--|--|
| Governmental Type Activities: | | | | | | ····· | | | |

| Business Type Activities: | | | | | | | | | |
| Bonds Payable; | | | | | | | | | |
| Utility Revenue Supported | | 4,608,926 | | - | | 523,988 | 4,084,938 | | |
| Total | \$ | 6,106,926 | S | - | \$ | 884,988 | \$ 5,221,938 | | |

Readers desiring more information, with respect to the District's debt, should see Note 9 to the financial statements.

The District may borrow money and incur or assume indebtedness as provided in Nevada Revised Statutes, Chapter 318, Section 277, so long as the total of all such indebtedness (but excluding revenue bonds and special assessment bonds) does not exceed an amount equal to 50 percent of the total of the last assessed valuation of taxable property.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

• The COVID-19 pandemic, which required curtailment of District program and operations starting on March 16, 2020, continues as a source of uncertainty into the current fiscal year. While the District's FY2020/21 annual budget includes conservative assumptions related to direct impacts of the COVID-19 pandemic on availability and access to District venues, broader economic impacts of the prolonged pandemic on our residents and guests have the potential to further affect District finances in the near term as well providing uncertainty in terms of long-term return to "normal" operations.

- The District's primary revenue sources continue to be service charges from users, comprised of fees charged by venues at the point of service delivery and a standby charge paid by parcel owners via property tax bills to support availability of facility and services. The standby charge, known as the Facility Fee, is set annually by the Board of Trustees and provides critical funding in support of venue operations, capital improvements and debt. The Board continues to review and set the Facility Fee based on a multi-year capital improvement plan and informed by the District's Strategic Plan.
- Among the priority capital improvement projects is the replacement of several miles of the effluent pipeline transporting treated wastewater from the District's Water Resource Recovery Facility out of the basin. Concurrent with final project design and financing plans being considered by the Board, an updated utility rate study is planned for the current fiscal year to establish rates over to be set over the next five-year planning horizon in support of this project as well as other utility capital investments needs, ongoing operations and establishment of appropriate reserve levels within the District's utility fund.
- The Board of Trustees is in the process of updating its priority projects to support goals of the District's Community Services Master Plan, which includes projects at each of the District's venues, including Diamond Peak Ski Area, Recreation Center, Beach facilities and golf courses. The Board is considering commitment of existing fund balances for projects such as the renovation of the Burnt Cedar Pool as well as potential financing options for projects beyond fiscal year 2021/22.

REQUEST OF INFORMATION

This financial report is designed to provide a general overview of the District's finances for all interested parties. Questions concerning the information provided in this report or request for additional financial information should be addressed to the Director of Finance, 893 Southwood Boulevard, Incline Village, Nevada, 89451. This report will also be available on the District's website at www.yourtahoeplace.org.

INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Incline Village General Improvement District (the "District") operates under provisions of the Nevada Revised Statutes (NRS), Chapter 318. Under the law, this General Improvement District has been granted authority by Washoe County to provide water, sewer and solid waste services, and recreational facilities and programs for the benefit of individuals owning property or residing within its geographical boundaries. The unincorporated rural areas of Incline Village and Crystal Bay, Washoe County, Nevada are within these boundaries.

The District is governed by a board of five publicly elected trustees. The District is not included in any other governmental reporting entity. The District is a legally separate government and it is fiscally independent of any other governmental entity. The District is not financially accountable for any other entity.

B. Basic Financial Statements - Government-wide financial statements

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of the District.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis, and is reflected on a full accrual, economic resource basis that recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets, restricted; and unrestricted.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to customers who receive a direct benefit from goods or services. Grants and contributions are restricted to meeting the operational or capital requirements of a function. General revenues reflect items that are not included as either program revenue or grants and contributions. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues and grants.

C. Basic Financial Statements - Fund financial statements

The financial transactions of the District are reported in individual purpose based fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows and outflows, fund equity, revenues and expenditures/expenses. Separate financial statements are provided for governmental funds and proprietary funds. The District has no fiduciary funds. Major funds for each fund type are presented as separate columns in the fund financial statements.

D. Measurement Focus/Basis of Accounting - Fund financial statements

The measurement focus describes the types of transactions and events that are reported in a fund's operating statement. Basis of accounting refers to the timing of revenues and how expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days under the accrual basis of accounting.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses include the cost of sales and services, administration and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met. The Proprietary funds utilize the accrual basis of accounting.

The District's internal services are presented in the proprietary fund's financial statements. The principal users of Internal Services (Fleet, Engineering and Buildings) are the District's utility and recreation program activities. All Internal Services are considered a governmental - type activity for the Government-wide financial statements. The majority of utilization of internal services is by the Utility Fund, Community Services and the Beach funds. The effect of inter-fund activity has not been eliminated from the Government-wide financial statements.

The District uses the following funds (all considered Major):

Governmental Funds -

General Fund - is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund's primary function is to provide general administration for all other functions.

Community Services – providing recreation to approximately 8,200 parcel owners, their guests and visitors.

- Special Revenue Fund operation of golf, event facilities, downhill skiing, recreation and fitness programs, parks and tennis
- Capital Projects Fund capital projects related to recreation functions
- Debt Service Fund debt service related to recreation functions

Beach – providing beach, picnic areas, boat launching and swimming pool programs to approximately 7,700 parcel owners and their guests.

- Special Revenue Fund operations of beach functions
- Capital Projects Fund capital projects related to beach functions
- Debt Service Fund debt service related to beach functions

Proprietary Funds -

Enterprise Funds - The Enterprise Funds are used to account for operations of the District's Utility Departments. Utility Fund – providing water, sewer, solid waste and recycling services to approximately 4,100 customers.

Internal Service Funds – The Internal Service Fund accounts for the financing of goods or services provided by one department to other departments of the District. The District provides Fleet, Engineering, and Buildings Maintenance which includes repair and maintenance of the District's vehicles and equipment, engineering services, and buildings maintenance. The Fleet, Engineering and Buildings Maintenance Departments also collectively provide planning, inspection, construction and maintenance for the District's structures and equipment.

E. Budgets and Budgetary Accounting

The District adheres to the Local Government Budget Act incorporated within Chapter 354 of the Nevada Revised Statutes, which includes the following major procedures to establish the budgetary data reflected in these financial statements.

1. On or before April 15, 2019, the Board of Trustees filed a tentative budget with the Nevada Department of Taxation. Public hearings on the tentative budget were held after the third Monday in May. On May 22, 2019, at a public hearing, the Board adopted a final budget. On or before June 1, 2019 the final budget was filed with the Nevada Department of Taxation.

- 2. Budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) for all funds. Formal budgetary integration in the financial records is employed to enhance management control during the year for all funds requiring budgets. Budgets are adopted for all governmental and proprietary fund types. The governmental fund type budgets are adopted on a modified accrual basis and the proprietary funds types budgets are adopted on an accrual basis. The District can amend or augment the budget after following State Statutes and, if necessary, public hearing procedures. The District did not augment its budget for the 2019-20 fiscal year. However, the Board amended the fiscal year 2019-20 budget, in accordance with NRS 354.598005 to re-establish use of separate Capital and Debt funds for Community Services and Beach activities. As a result, budgeted and actual revenues and expenditures were reallocated across the respective funds.
- 3. The legal level of budgetary control is at the fund level. Appropriations are adopted at the function level. Management has no amendment authority without the District's Board approval. Generally, the expenses in the proprietary funds also may not exceed appropriations. While management has flexibility to change the operating budgets of the proprietary funds but in practice rarely does so. Statutes do not require that enterprise fund capital outlay, debt service payments and other non-operating cash transactions, normally reflected in the balance sheet of the proprietary funds, to be limited by the budget.
- 4. The District also presents select cash flow information in order to reflect all resources being used to provide for capital outlay, debt service payments and other transactions particularly in proprietary funds. This supplemental disclosure allows the District to identify the extent of current year items that are being paid from previously funded resources. The presentation includes items according to character and object. It also provides the Nevada Department of Taxation with requested information that compares to amounts reported on their budget forms.

F. Cash, Cash Equivalents and Investments

The District's cash and cash equivalents are considered to be cash-on-hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition that are held for routine expenditures.

District Funds share bank accounts for operations, payroll and reimbursements. Activity between funds occurs in the regular activities of the District. The General Fund issues accounts payable and payroll and related benefits for all funds. To the extent payment has not occurred, but the cost was realized by the benefitted fund, internal balances for Due from or to Other Funds are established. These are cleared monthly through pooled cash. The combined pooled balances are monitored to assure no fund makes temporary loans to another, within the context of Nevada Revised Statute 354.6118.

Short-term investments reflect items held with maturities within one year. These are predominantly certificates of deposit and agency issues. These provide funds for capital projects.

Long-term investments reflect items held with maturities beyond one year. These include certificates of deposit and instruments issued by the Federal Government or its agencies.

Nevada Revised Statutes authorize the District to invest in obligations of the U.S. Government or U.S. Treasury, providing maturities are 10 years or less from the date of purchase; the local government investment pool (LGIP) (operated by the Nevada State Treasurer); negotiable certificates of deposit issued by commercial banks or insured savings and loans; short-term negotiable notes or bonds issued by local governments; and bankers' acceptances eligible by law for rediscount with the Federal Reserve Banks not to exceed 180 days.

Funds on deposit with LGIP are considered cash and cash equivalents. Even though the weighted average maturity of the underlying investments in the LGIP are greater than 90 days, the District can liquidate its deposits within a few days. The District has reported these deposits at cost plus accrued interest, which approximates fair value

The District's investments are stated at fair value as of the reporting date. These are categorized using fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based in the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted

prices in active markets for identical assets; Level 2 inputs are significant other observable inputs: Level 3 are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2020:

Certificates of Deposits valued at quoted market prices (Level 1 inputs)

G. Receivables

Receivables reflected in the District's basic financial statements include monies due from other governments, grants receivable as well as other accounts receivable.

Due From Other Governments. Property taxes are levied no later than July 10 of each year on property values assessed for the same year. The taxes may be paid in four installments as follows: the first installment is due on or before the third Monday in August, the second installment is due on or before the first Monday in October, the third installment is due on or before the first Monday in January, and the fourth installment is due on or before the first Monday in March. If payment of the taxes is not made within ten days following the day the installments become due, penalties are assessed in accordance with NRS 361.483. Once the installments become delinquent, interest is added at the rate of 10 percent per annum. Taxes levied become a perpetual lien against the property assessed until the tax and any penalty charges and interest which may accrue thereon are paid. Washoe County assesses the property tax, bills, collects, and distributes the property tax revenue.

The District also receives certain tax revenues in the General Fund which are collected by the State of Nevada. These settlements arrive within 60 days of the month close when they are generated. The amounts are listed as Due from Other Governments. The District also has an operating grant from Washoe County, received monthly in arrears. The uncollected balance of this grant is carried in Due from Other Governments.

Grants Receivable. The District has been awarded grants to finance the construction of various utility infrastructures, restoration of a creek zone and to upgrade a ballfield. These funds are earned when requisite construction costs are incurred. The District has recognized funds earned but not collected by a Grants Receivable.

Other Receivables. Accounts receivable reflects service charges to customers and resident for deposits or fees that are earned, but not collected. An allowance for doubtful accounts is considered and at present, the allowance totals \$24,393. The District may file a tax lien for uncollected utility service fees.

H. Inventory and Prepaid Items

There are no inventories in the General Fund. Inventories of items for resale for Community Services Special Revenue and Proprietary Funds are stated at the lower of cost (first-in, first-out) or market.

Certain payments are made to vendors for costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. They are recognized under the consumption method when used.

I. Restricted Assets

The District has restricted several deposits for the benefit of other agencies in connection with performance under a retail operation, construction projects, and debt service. These agencies establish the restriction by regulation or agreement. For the fiscal year ended June 30, 2020 monies within the General Fund fund balance are shown as restricted as a result of a pending settlement agreement related to a property tax dispute files with Washoe County by Incline Village property owners.

J. Capital Assets

Capital assets include land, buildings, machinery and equipment, or water rights which are reported in the applicable governmental or business-type activities column in the government-wide financial statements. If purchased or constructed, all capital assets are recorded at historical cost. Donated capital assets are valued at acquisition value as of the date of donation. The costs of normal maintenance and repairs that do not add to the

value of the asset or materially extend assets lives are not capitalized. Depreciation of all exhaustible capital assets (all categories except land and construction in progress) is charged as an expense against each fund's operation. The District's policy is to capitalize assets with a normal useful life of three or more years.

The District holds 4,272 Acre Feet of Water Rights. This represents about 1,405,000,000 gallons. The District's historical records cannot separately identify the cost of water rights from land.

Activities of the General Fund include District administration, accounting and finance, information systems and technology, human resources, risk management, the General Manager's office, communications and the Board of Trustees. The land, buildings, furniture and equipment, including technology assets, represent items used in common by all of the activities of the General Fund at the District's administrative office. The computers and technology represent equipment of the Information Systems & Technology (IST) department that services the needs of the entire District. These assets are presented as a part of government-wide net assets.

Activities of the Community Services Special Revenue Fund include two 18-hole golf courses, a large and small meeting facility, a ski resort, a recreation center, parks, tennis center, a skateboard park and green spaces. Venue improvements includes the cost of developing program ready locations.

Activities of the Beach Special Revenue Fund includes three beaches with restricted access. One has a watercraft launch ramp and storage areas for paddleboards and kayaks. Two beaches have concession stands and playground areas. One beach provides swimming and wading pools.

Utility capital assets include traditional distribution lines, tanks, pumps and treatment. However, since the District is located in the Lake Tahoe Basin, the number of pumps, tanks and export lines is increased due to the requirements to manage in a mountainous and environmentally sensitive area.

The District has a number of Construction in Progress items related to major projects that span multiple fiscal years as well as the fact that the fiscal year-end falls in the middle of the active acquisitions season. The District accumulates costs through a series of pre-design, design and acquisition stages.

Depreciation has been provided over the estimated useful lives of the various assets using the straight-line method. Estimated lives and capitalization thresholds of major classes of depreciable assets are as follows:

| Asset Category | <u>Depreciable Life</u> | Capitalization Threshold |
|---------------------------------|-------------------------|--------------------------|
| Buildings and Structures | 30 - 50 years | \$10,000 |
| Improvements and Infrastructure | 10-50 years | \$10,000 |
| Equipment and Vehicles | 3-20 years | \$ 5,000 |

With its location within the Lake Tahoe Basin, Defensible Space is an important function for the District. This is generally accomplished through contracts with the North Lake Tahoe Fire Protection District serving essentially the same geographic area as the District. Defensible Space expenditures range from clearing the understory to major tree removal and fuels reduction. The goal of the program is to create a "halo" around the community restricting the movement of wildfire in or out of the community. The substance of those efforts removes vegetation and other fuels as they accumulate. The degree of work in any given area rotates over time based on conditions as assessed by the Fire District. Much of the funding for the effort comes from other governments on a Federal, State and local level. The IVGID contribution is focused on treatment of District owned parcels. The District budgets to provide resources for its share of contracted expenditures. The work provides an ongoing benefit, but the District expenses all costs as incurred.

K. Amortization of Bond Discounts

The discounts on bonds sold are being amortized to expense over the term of the bonds. Bonds payable are reported net of related discounts.

L. Compensated Absences and Accrued Personnel Costs

Full-time employees are provided vacation benefits that specifically relate to tenure with the District. After six months of service, employees are entitled to their vested vacation leave upon termination. The liability for vacation benefits is recognized with an expenditure or charge to the appropriate fund and activity as earned.

The District pays payroll every two weeks. Any District payroll earned as of month end is accrued based on the number of days attributed to that month to the total 14 days paid with the next scheduled payroll. Liabilities for fringe benefits and other costs, such as taxes, are also accrued on the same method.

The District has adopted a plan under which certain retirees, who have met specific service requirements, can roll unused sick leave pay to cover medical expenses after retirement. Otherwise, sick leave is not vested.

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that will apply to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

N. Unearned Revenue and Refundable Deposits

The District's Utility Fund reads meters in 3 cycles over the course of a month. Billing occurs once a month. Billings for the next cycle are also reconciled with actual usage. Funds received for the Tahoe Water Suppliers Association are recognized only to the extent expended and may roll over to the next year.

The District's Community Services Fund recognizes unearned revenue to the extent it has issued user passes, gift or payment cards that can be applied to future purchases. There also are advance deposits made to reserve dates for facility rentals or program registrations. User passes expire with a stated season.

O. Long-Term Debt

In the government-wide financial statement, and proprietary fund financial statements, long term debts are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund statements net of related discounts. Bond discounts are amortized using the straight-line method and are amortized over the term of the related debt.

P. Fund Balance

In the fund financial statements, fund balance for governmental funds are reported in classifications that comprise a hierarchy based primarily on how amounts can be spent. These include "non-spendable' which are not expected to be converted to cash, such as inventory or prepaid items, "restricted" by conditions of law, regulation grants or contract with external parties, "committed" which arise from formal acts of the District's Board, "assigned" which reflect an intent by management of the District or "unassigned" which is the residual amount. The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board of Trustees is the highest level of decision-making authority for the District, which can act by their resolution, prior to the end of the fiscal year, and thus commit and/or assign fund balance. Once adopted, the limitation imposed by the Board of Trustees remains in place until a similar resolution is taken to remove or revise the limitation.

The District's Board of Trustees has adopted Policy 7.1.0 and Practice 7.2.0, establishing policy related to appropriate level of fund balance, as follows:

General Fund - must meet the minimum balance requirements (4.0% of prior year expenditures) required under Nevada Administrative Code Section 354.650.

Special Revenue Funds - 25% of the fiscal years' operating expenditures (based on the current adopted budget) other than capital expenditure and debt service.

Proprietary Fund Types:

- Utilities Operations 25% of operating expenses for the fiscal year based on the current adopted budget.
- Internal Services 25% of operating expenses for the fiscal year based on the current adopted budget. (This level of fund balance was not achieved for the fiscal year ending June 30, 2020).

The District first utilizes restricted resources to finance qualifying activities then unrestricted resources, as they are needed when amounts are available for the same use. The District's Governmental fund types first utilizes committed resources as authorized, then assigned and then unassigned when amounts are available for the same use.

Q. Net Position

In the Proprietary fund and the government-wide financial statements, net position is presented in one of three classifications: net investment in capital assets, restricted and the residual unrestricted. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by outstanding balances on bonds that are attributable to the acquisition, construction or improvement of those assets. The restricted component of net position consists of restricted assets reduced by liabilities related to those assets. The unrestricted component of net position is the net amount of assets and liabilities not included in the determination of net investment of capital assets or the restricted component.

R. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

S. Central Services Cost Allocation

The District allocates the shared costs of Accounting and Human Resources based under a Board-approved plan, adopted each year with the budget. The cost allocation plan considers full time equivalent staffing-levels, wages, benefits, and certain services and supplies as a basis for determining charges. The charges are based on budgeted expenses. The revenue generated by the allocation is recorded as an offset to General Government expenses (for Human Resources and Accounting) in the governmental funds statements.

T. Accounting for Facility Fees

Each year, the District establishes an annual Recreation Facility Fee and Beach Facility Fee to be collected from property owners within the District through a levy placed on the property tax bill and collected on behalf of the District by the Washoe County Treasurer's Office. These fees are established based on the revenues required to support debt, capital expenditure and operations for the District's various recreation and beach facilities. These revenues, combined with service charges collected by the District for facility use and program activities serve to support the operations of the District. These revenues are recorded as general revenues within the government-wide statement of activities as opposed to charges for services. The Facility Fees are recorded as revenues to the Community Services Special Revenue Fund and the Beach Special Revenues fund, with subsequent transfers to Capital and Debt fund, as required, to support actual expenditures.

U. Punch Cards Utilized

Under District Ordinance 7, parcel owners may use a portion of the value of their recreation passes to pay down the difference between a regular rate and the resident rate for certain types of recreational fees. These forms of payment are presented as contra revenue in the Fund statements. Utilization is recognized based on the relationship of privileges used to total facility fee paid by the parcel. Under the 2019-20 budgeted fee structure, this is 85% to Community Services Special Revenue Fund and 15% to the Beach Special Revenue Fund. Contrarevenues related to Punch Card utilization are only recorded on transactions involving Punch Cards with Beach Access. No contra-revenues are recorded for transactions involving Punch Cards with no Beach Access, nor are they recorded for transactions using additional Punch Cards purchased by property owners throughout the year.

DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

2. COMPLIANCE WITH NEVADA REVISED STATUES AND NEVADA ADMINISTRATIVE CODE

The District conforms to all applicable statutory constraints on its financial administration.

3. CASH, CASH EQUIVALENTS AND INVESTMENTS

At year-end, the carrying amount of the District's checking deposits was \$1,843,928 while the bank balance was \$2,028,104. Of the bank balance, \$250,000 was covered by Federal Depository Insurance Coverage and the balance was covered by pledged collateral under an arrangement with the State of Nevada on behalf of all local units of government.

Cash and Cash Equivalents at June 30, 2019 consist of:

| Operating Checking Accounts | \$1,843,928 |
|--|--------------|
| Petty cash and change funds | 56,803 |
| Nevada Local Government Investme (average weighted maturity of 130 da | |
| General LGIP Account | 12,865,999 |
| Utility LGIP Account | 5,427,563 |
| US Government Money Market | 5,821,441 |
| Total Cash and Cash Equivalents | \$26,015,734 |

A portion of the District's investments are placed with Wells Fargo Bank as custodian in the US Government Money Market, where fair value is determined by multiplying the number of trading units held, by the quoted market value on that date.

The District is a voluntary participant in the State of Nevada Local Government Investment Pool (LGIP), which has regulatory oversight from the Board of Finance of the State of Nevada. The District's investment in the LGIP is equal to its original investment plus monthly allocation of interest income, and realized and unrealized gains and losses, which is the same as the value of the pool shares.

Nevada Revised Statutes (NRS 355.170) set forth acceptable investments for Nevada local governments. The District has adopted a formal investment policy that meets those limits and maturities for its investment choices. Essentially those investments are brokered certificates of deposit and government agencies.

The District categorizes its fair value measurements for investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs.

Fair Value Measurements as of June 30, 2020

| | Level 1 | Total |
|---|---------------|------------------|
| Certificates of Deposit | \$ 13,728,997 | \$ 13,728,997 |
| Interest Bearing Amounts - Investments | | 13,728,997 |
| LGIP at Net Asset Value (Cash Equivalent) | | 18,293,562 |
| LGIP Restricted Deposits at Net Asset Value | | 458,854 |
| Total Fair Value Measurements | | \$ 32,481,413 |

Investment Maturities by Investment Type as of June 30, 2020

| | 2021 | 2022 | 202 | .3 | Total |
|----------------------------|------------------|------------------|-------|------|------------|
| Certificates of Deposit | \$ 8,593 | ,317 \$ 5,135,68 | 30 \$ | - \$ | 13,728,997 |
| LGIP as a Cash Equivalent | 18,293 | ,562 | | | 18,293,562 |
| LGIP - Restricted Deposits | 458 | ,854 | | | 458,854 |
| All | Investment Types | | | \$ | 32,481,413 |

Investment Maturities by Activity as of June 30, 2020

| | Governmental H | | | usiness Type | | |
|--------------------------------|----------------|-----------------------|----|--------------|------------------|--|
| | | Activities Activities | | | Total | |
| Short Term | \$ | 4,801,614 | \$ | 3,791,702 | \$ 8,593,316 | |
| Long Term | | 3,598,620 | | 1,537,061 | 5,135,681 | |
| LGIP as a Cash Equivalent | | 12,865,999 | | 5,427,563 | 18,293,562 | |
| LGIP - Restricted Deposit | | 136,059 | | 322,795 | 458,854 | |
| Total Investment Activity Type | \$ | 21,402,292 | \$ | 11,079,121 | \$ 32,481,413 | |

Interest Rate Risk - To the extent possible, the District's portfolio shall remain sufficiently liquid so as to support near-term operating and capital expenditures. In so doing, the portfolio will have limited interest rate risk associated with long-term investments.

Credit Risk – The District's Investment Policy is based on the Uniform Prudent Investors Act and Nevada Revised Statutes 355.170 (NRS). The NRS authorizes the District to invest in obligations of the U.S. Government or U.S. Treasury, providing maturities are 10 years or less from the date of purchase; the local government pooled investment fund; negotiable certificates of deposit issued by commercial banks or insured savings and loans; short-term negotiable notes or bonds issued by local governments; and bankers' acceptances eligible by law for rediscount with the Federal Reserve Banks not to exceed 180 days. Diversification of the District's investments is guided by the Uniform Prudent Investors Act.

Custodial Credit Risk – The District Investment Policy requires FDIC coverage or collateralization on deposit-type securities. The District's cash accounts on deposit with financial institutions were covered by federal depository insurance and are collateralized by the Office of the State Treasurer/Nevada Collateral Pool.

Concentration Credit Risk – The District Investment Policy calls for diversification without setting maximum allocations. The District invests in Federal government-sponsored enterprises (GSE) for safety and to meet statutory requirements. Individual CD's are held with a number of banks at or under the FDIC insured limited calculated by those institutions. LGIP is an unrated external investment pool administered by the State Treasurer, with oversight by the State of Nevada Board of Finance.

4. RESTRICTED DEPOSITS

The State of Nevada requires a deposit for sales tax collection and electronic filing of \$6,075, for a retail location in non-District owned premises.

On September 13, 2017 the District's Board of Trustees approved a settlement agreement relative to ongoing litigation with a member of the public. Under this agreement, damages awarded by the Washoe County District Court are held in a segregated account in the District's name until the Nevada Supreme Court Appeal is completed. The amount of the deposit was \$242,584 and now stands at \$243,026.

The assets of the EPA State Revolving Fund (SRF) Reserve may be used to service the Nevada SRF Sewer Bond of 2002. These restricted assets are pledged to provide a measure of security for the Nevada State Water Pollution Control Revolving Fund. The pledge is for \$213,000, interest earned is in the account at the District's discretion. The EPA SRF

Reserve is in the LGIP Account totaling \$229,223. The assets in the TRPA (Tahoe Regional Planning Authority) Reserve may be used to satisfy performance obligations on projects authorized by the TRPA. These usually cover several years for construction and inspection phases. The total required deposits are \$211,778, and interest earned is in the account at the District's discretion. The TRPA Project Reserve is in the LGIP Account totaling \$229,631:

| Deposit with State of Nevada for Sales Tax | \$ | 6,075 |
|---|----|---------|
| Building Deposit held by Parasol Tahoe Foundation | | 100 |
| Litigation Damage Deposit held by the District | | 243,026 |
| LGIP Restricted Deposits (SRF & TRPA) | _ | 458,854 |
| Total Restricted Deposits | \$ | 708,055 |

5. CAPITAL ASSETS

| Capital Asset activity for the year ended June 30, 2020: | Balance July 1, 2019 (as restated) | Increases | | Decreases | | Balance June 30, 2020 | |
|--|--|-----------------|----|-------------|----|--------------------------|--|
| Governmental Activities: | | | | | | | |
| Capital assets, not being depreciated | | | | | | | |
| Land - General Government | \$ 2,669,904 | \$ _ | \$ | - | \$ | 2,669,904 | |
| Land - Community Services | 11,996,999 | 318,574 | | - | | 12,315,573 | |
| Land - Beach | 2,304,850 | - | | - | | 2,304,850 | |
| Subtotal Land | 16,971,753 | 318,574 | | - | | 17,290,327 | |
| Construction in Progress - General Government | 18,000 | 276,472 | | (294,472) | | - | |
| Construction in Progress - Community Services | 1,488,931 | 5,122,879 | | (4,010,660) | | 2,601,150 | |
| Construction in Progress - Beach | 360,912 | 70,512 | | (57,998) | | 373,426 | |
| Subtotal Construction in Progress | 1,867,843 | 5,469,863 | | (4,363,130) | | 2,974,576 | |
| Total capital assets, not being depreciated | \$ 18,839,596 | \$ 5,788,437 | \$ | (4,363,130) | \$ | 20,264,903 | |
| Capital assets, being depreciated | | | | | | | |
| Buildings and Structures - General Government | 891,744 | 27,469 | | - | | 919,213 | |
| Buildings and Structures - Community Services | 29,635,572 | 2,481,684 | | (98,427) | | 32,018,829 | |
| Buildings and Structures - Beach | 2,683,716 | - | | - | | 2,683,716 | |
| Venue Improvements - Community Services | 34,320,150 | 205,292 | | - | | 34,525,442 | |
| Venue Improvements - Beach | 2,235,821 | 16,927 | | - | | 2,252,748 | |

The District has a number of Construction in Progress projects open as of June 30, 2020. Community Services includes \$251,653 for the Diamond Peak Master Plan, while Beach includes \$216,131 for the Incline Beach Facility Study. The Utility Fund includes \$719,785 for the design phase of the Effluent Export Line that project will be ongoing through at least 2023. The District's primary building season is limited to May to October because of regulations from the Tahoe Regional Planning Agency. Most equipment purchases follow the budget and fiscal year cycle.

Depreciation expenses for the year ended June 30, 2020 was charged to functions as follows:

| Depreciation expenses for the year ended June 30, 2020 were char | ged to fu | nctions as follows |
|--|-----------|--------------------|
| Governmental Activities: | | |
| General Government | \$ | 303,432 |
| Recreation | | 2,938,157 |
| Beach | | 236,888 |
| Internal Services | | 12,561 |
| Total Depredation Expense | S | 3,491,038 |
| | | |
| Business-Type Activities: | | |
| Utility Fund Water and Sewer | \$ | 3,367,361 |

The District holds a substantial number of land parcels for recreation and public purposes. Approximately 80 parcels were acquired at no cost through a Washoe County tax forfeiture transfer. These lands are not held for the purpose of income or profit, and therefore are not considered an investment.

6. ACCRUED PERSONNEL COSTS

The General Fund processes and issues payments for all payroll and most related personnel and benefit costs for all funds of the District. At the time the expenses are incurred, each fund records its appropriate costs. As payments are made, the individual funds provide their share through the pooled cash. This process provides the General Fund with the necessary available financial resources to meet the District wide obligations. Generally, no regular payroll or personnel accruals are recorded to the individual funds. Accruals for special payments, Health Reimbursement Accounts, Sick Leave at Retirement, Workers Compensation and Vacation can appear in individual funds, because they are recognized well in advance of the payment process. The General Fund also maintains any banks accounts specific for payment of benefits.

As a regular course of operations, the payroll including June 30 was paid July 17. The employee benefits earned through June 30 are also funded in the following month. At any given point the District has an obligation to its employees for the value of vacation time earned and not taken. The obligation is measured by the value due as if the employee terminated. The District allows retiring employees with an excess of 20 years of service, and that have accrued sick leave, to have it converted to Medical Retiree Benefit for reimbursing post-employment heath related costs. There are 5 eligible employees covered. The District has no other post-employment benefit obligations for health insurance or retirement benefits.

The District offers health reimbursement accounts (HRA) in exchange for the insured accepting a higher deductible or coinsurance. The Plan is administered by the health insurance carrier. The District also has a third party administered flexible spending account (FSA). The District maintains bank accounts exclusively for reimbursements for HRA and FSA transactions.

The District provides Workers Compensation through a risk pooling arrangement funded with quarterly assessments. The fourth quarter is paid in arrears after a payroll verification conducted by the risk pool.

Accrued Personnel Costs as of June 30, 2020:

| Current Payroll Liabilities: | | Governmental | Ε | Business-Type | Total | |
|---------------------------------|----|--------------|----|---------------|-----------|--|
| Accrued Payroll | \$ | 635,622 | \$ | 89,914 \$ | 725,536 | |
| Taxes Withheld | | 48,110 | | - | 48,110 | |
| Accrued Benefits | | 30,561 | | - | 30,561 | |
| Deferred Comp | | 17,075 | | - | 17,075 | |
| Retirement Plan | | 47,767 | | - | 47,767 | |
| Health Reimbursement Accounts | | 131,727 | | • | 131,727 | |
| Sick Leave Retirement Benefits | | 143,588 | | 156,908 | 300,496 | |
| Workers Comp Unpaid Assessments | | 126,073 | | 2,309 | 128,382 | |
| Accrued Vacation | | 407,284 | | 195,029 | 602,313 | |
| Total Government-wide | \$ | 1,587,807 | \$ | 444,160 \$ | 2,031,967 | |

The Government-wide Accrued Personnel Costs could be liquidated within one year and has been classified as current. The following accounts are based on ongoing activity as opposed to a point in time accrual:

| | Balance | Provis | sions | Balance |
|-------------------------------|---------------|------------------|-----------------|---------------|
| Select Benefit Liabilities | June 30, 2019 | Additions | <u>Payments</u> | June 30, 2020 |
| Health Reimbursement Accts. | \$ 131,190 | \$ 54,949 | \$ 54,412 | \$ 131,727 |
| Sick Leave Retirement Benefit | 294,982 | 40,872 | 35,358 | 300,496 |
| Accrued Vacation | 593,455 | 681,199 | 672,341 | 602,313 |

7. UNEARNED REVENUE

The District receives a number of payments that will be recognized as revenue or a liquidated liability based upon a future transaction when the service is provided. These include:

| | | | Community | | | | |
|-------------------------|------------|-----------|--------------------|------|---|------------------|---------------|
| | | | Services | Bea | ch | | |
| | <u>Gen</u> | eral | Special Rev. | Spec | cial Rev. | <u>Utility</u> | <u>Total</u> |
| Billed in advance | \$ | 43 | \$ 419,429 | \$ | - | \$167,926 | \$ 587,398 |
| Unexpired season passes | | - | 869,233 | | - | - | 869,233 |
| Internal Gift Cards | | _ | 72,580 | | <u>-</u> | | <u>72,580</u> |
| Total | \$ | <u>43</u> | <u>\$1,361,242</u> | \$ | *************************************** | <u>\$167,926</u> | \$1,529,211 |

8. INTERFUND ACCOUNTS AND TRANSFERS

The outstanding balances between funds results mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. The balances settle monthly through pooled cash and therefore there are no open balances as of June 30, 2020.

Transfers from the General Fund were to return self-insurance resources to the operating funds after first transferred to the General Fund in the prior year, as required by Nevada Revised Statute. The same Statute does not allow the General Fund to redistribute the resources in the same fiscal year as received. Of the \$474,356 received in prior fiscal year, \$300,000 was redistributed in fiscal year 2019-2020.

Transfers for Capital Projects and Debt Service represent revenues from the fund that by statue or budget authority collects the revenue to provide resources for specified functions and transaction types to the fund that will expend them.

Gross Transfers reported on the financial statements as of June 30, 2020 are as follows:

| | Fund Tra | nsfer | In: | | | | | | | |
|---------------------------------------|-----------------|-------|---|--|--|-----------------------------|------------------------------|--------------------------|-----------------|--------------|
| Fund Transfer Out: | General Fund | | Community Services Special Revenue | Community Services Capital Projects | Community Services Debt Service | Beach Special Revenue | Beach Capital Projects | Beach Debt Service | Utility Fund | Total Out |
| Internal Services Fund | \$ | - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - |
| General Fund | | - | 241,875 | - | - | 13,125 | - | - | 45,000 | \$ 300,000 |
| Community Services Special Revenue | | - | - | 3,421,632 | 384,354 | | - | - | - | \$ 3,805,986 |
| Beach Special Revenue | | | | | <u>~</u> | | 82,009 | 6,289 | | \$ 88,298 |
| Total I | n_\$ | | \$ 241,875 | \$ 3,421,632 | \$ 384,354 | \$ 13,125 | \$ 82,009 | \$ 6,289 | \$ 45,000 | \$ 4,194,284 |

9. LONG-TERM DEBT

All of the District's Long Term Bonds are collateralized by a pledge of revenues derived and to be derived from the operation of either the Utility, Community Services or Beach venues, after deduction there from of the amount necessary to pay all operating and maintenance charges as required by applicable bond agreements. The District is also required to maintain rates sufficient to pay all maintenance, depreciation, replacement, betterment, and interest charges.

Outstanding Long-Term Debt as of June 30, 2020:

| | Issue | Maturity | Interest | Amount | Principal | Current | |
|--|-------------------|----------------|----------|-----------|--------------------|------------------|--|
| <u>Issue</u> | Date | <u>Date</u> | Rate | Issued | Outstanding | Portion | |

| Total | <u>\$4,084,938</u> | <u>\$ 491,539</u> | <u>\$ 1,137,000</u> | <u>\$ 38,891</u> | | |

At June 30, 2020, principal and interest to maturity paid from pledged future Utility Revenues totals \$4,576,480 and \$1,175,891 paid from pledged Recreation Revenues. For the year ended June 30, 2020, the net pledged revenue was \$1,180,430 for Utility Debt and \$2,765,761 for Recreation Debt.

10. DEFERRED INFLOW OF RESOURCES

The District is holding a deposit of \$243,026 for a damage award as part of ongoing litigation relating to matters asserted by a member of the public. An appeal was filed with Nevada Supreme Court, and a final order was issued in favor of the District in November 2020.

The District has been awarded FEMA/Nevada Department of Emergency Management grants for 2017 damage to the Diamond Peak Maintenance Building for \$38,643 and a portion of the culvert for \$331,019. Review of the final costs and determination of payment is ongoing. These amounts are deferred at the fund level.

11. CAPITAL GRANTS

The District was awarded FEMA/Nevada Department of Emergency Management Grants for 2017 damages to facilities and infrastructure. Final review and payment is ongoing. This year the District received \$160,891 for the Incline Creek Restoration Project from the Nevada Department of Environmental Protection in that was a Federal Grant funded by the EPA. That project also received \$121,109 from the Nevada Division of State Lands. The District also received \$1,355,400 from the Incline Tahoe Foundation for the Incline Park Facility Renovation Project.

12. DISTRICT RETIREMENT BENEFIT PLANS

The District has two retirement plans covering substantially all of its full-time year round employees. Those not covered under the Pension Trust Fund for Operating Engineers are covered by the District's Money Purchase Pension Plan (Section 401(a)). The District also sponsors a Section 457 Deferred Compensation Plan. No trust is used in relation to these plans; account balances are in the name of the individual employee.

The District's Money Purchase Pension Section 401(a) Plan is a defined contribution plan. The plan is administered by third party administrators. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after six months of service. The District's provides a non-elective contribution of 12.3% of the employee's earnings. The District's contributions for each employee are fully vested after four years of service. District contributions and interest forfeited by employees who leave employment before fully vesting, are used to reduce the District's current-period contribution requirement. Employees are not allowed to contribute directly into this plan.

The Pension Trust Fund for Operating Engineers is a cost sharing, multiple employer, defined benefit plan contract between the District's employees and the Operating Engineers Union. The plan provides retirement and medical benefits to eligible participants based on a formula of years of service and reaching a qualifying age. It is available to approximately 45 positions in the District, covered by the collective bargaining agreements, with only four electing to do so. The District is not a party to this defined benefit plan. The District's liability under the union collective bargaining agreement is limited to making monthly contributions based on union employees' pay for hours worked. Consequently, the District is not liable for any funding shortage of the defined benefit plan. Each year the District contributions to the plan equal 100% of the District's liability under the bargaining agreement. The Pension Trust Fund for Operating Engineers issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Pension Trust Fund for Operating Engineers, 1600 Harbor Bay Parkway, Suite 200, Alameda, California 94502 or by calling (800) 251-5014.

The District's Deferred Compensation (Section 457) Plan is a defined contribution plan. The plan is administered by third party administrators. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate immediately after the first day of a month of employment. Employee contributions are subject to Internal Revenue Service regulations for Section 457 plans. The District provides a matching contribution up to 5%. Both employee and District contributions are fully vested 100% as made.

The District's total contributions equal to required contributions for employees covered by the above plans are as follows:

| | 401(a) Money | Operating | Employer | Employee |
|-------------|-----------------|------------------|-------------|-------------|
| FYE June 30 | <u>Purchase</u> | <u>Engineers</u> | Section 457 | Section 457 |
| 2020 | \$ 998,451 | \$ 39,810 | \$ 377,663 | \$ 537,568 |
| 2019 | \$ 985,920 | \$ 39,200 | \$ 301,368 | \$ 527,739 |

The District offers its employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all District employees, permit them to defer a portion of their earnings until future years. The deferred compensation benefit is not collectible by employees until termination, retirement, death, or unforeseeable emergency.

13. SCHEDULE OF INSURANCE COVERAGE AND RISK MANAGEMENT

Insurance Coverage on June 30, 2020 consists of the following:

| Туре | Carrier/Provider | Amount |
|-------------------------|-----------------------|----------------|
| Property Liability | NV Public Agency Pool | \$ 300,000,000 |
| on buildings & contents | | |
| Earthquake & Flood | NV Public Agency Pool | 150,000,000 |
| Boiler & Machinery | NV Public Agency Pool | 100,000,000 |
| General Liability | NV Public Agency Pool | 10,000,000 |

| Cyber Security Event | NV Public Agency Pool | 3,000,000 |
|-----------------------------|------------------------------|-----------|
| Money & Securities | NV Public Agency Pool | 500,000 |
| Site Pollution Incident | NV Public Agency Pool | 2,000,000 |
| Ski Resort Gen. Liability | Nova Casualty Company | 1,000,000 |
| Ski Resort Excess Liability | Nova Casualty Company | 6,000,000 |
| Workers Compensation | NV Public Agency Comp. Trust | 2,000,000 |

The District has elected to participate in the Nevada Public Agency Insurance Pool. The risk-sharing Pool secures insurance coverage for all its members. The Pool agreement provides coverage for the equivalent of errors and omissions and directors' and officers' acts. The Pool does not offer general or excess liability coverage for the Diamond Peak Ski Resort. Therefore, separate coverage is purchased.

A portion of each member's premium contributions to the Pool goes into the Loss Fund and the remainder pays for the excess insurance premiums and administrative expenses. The amount of the Loss Fund contribution is determined by the underwriters based on each member's average annual losses over the prior five years. This amount may vary each year.

The Pool pays all losses from the Loss Fund per occurrence, less the member's maintenance deductible. The District has a \$5,000 deductible. Excess insurance above the Pool's self-funded amount, is provided by secondary markets based on arrangements made with the Pool, including a Pool owned captive.

There were no District settlements in excess of insurance coverage in any of the three prior fiscal years.

Ski Liability Insurance is not covered by the Nevada Public Agency Insurance Pool. A separate insurance program, less the District's \$10,000 deductible, provides coverage.

The District has elected to participate in the Nevada Public Agency Compensation Trust (NVPACT) to provide workers compensation coverage for all employees. The District pays quarterly assessments. The assessments are based on actuarial estimates provided by NVPACT utilizing covered payroll data for the most recent calendar year. A portion of each member's assessment goes into the Loss Fund and the remainder pays for the excess insurance premiums and administrative expenses. This amount may vary each year.

14. FUND BALANCE

As of July 1, 2015, the Board of Trustees established Special Revenue, Capital Project and Debt Service funds for District Community Services and Beach activities. Based on Board action, via Resolution 1838, dated July 1, 2015 the fund balance for the Special Revenue funds are reported as committed for the purpose of providing for recreational and beach activities, utilizing net charges for services and the assessed facility fees. Furthermore, fund balances within the Community Services Capital Fund and Beach Capital Fund are further committed for the purpose of future planned capital improvement projects. These funds generally represent revenues collected through the Recreation and Beach Facility fees allocated specifically to capital projects.

The General Fund reflects a restriction of \$1,359,737 to reflect the District's obligation under the terms of settlement of the property tax dispute filed against Washoe County et al, Nevada State Board of Equalization and the Department of Taxation by the Village League to Save Incline Assets, Inc. As the terms of the settlement are finalized, this amount is recorded as a liability at June 30, 2020 in the government-wide Statement of Net Position. The remaining restricted net position/fund balance are the restricted deposits disclosed in Note 4, except for the litigation damage deposit recorded as a deferred inflow of resources.

15. DESIGNATED FUNDS

At its meeting of March 3, 2020 the Board of Trustees took action to designate \$9,656,890 for the purpose of earmarking the funds for the Effluent Pipeline Project. On August 12, 2020 the Board designated an additional \$1,912,767 the Effluent Pipeline Project from unexpended appropriations provided for in the FY2019/20 budget. These two Board actions result in a total of \$11,569,657 for this project. The funds designated for the Effluent Pipeline Project represent a portion of funds received by the District from utility rate revenues established and collected specifically for Utility capital improvement projects.

Notwithstanding the Board's action to designate funding for the Effluent Pipeline Project, this funding remains in the unrestricted net position of the District's business-type activities on the government-wide Statement of Net Position. This is due to the determination that the Board's designation does not rise to the level of meeting the criteria set forth in GASB Statement No. 54 for "restricted" net position within proprietary funds.

16. LEASE OBLIGATIONS

Revenue:

Miscellaneous revenue includes rent received for cell towers on District property. Under an agreement with American Tower, \$20,685 was paid for a tower at the Mountain Golf Course. The current five-year term is from April 2017 and ends in 2022, with the option for extensions every five years through 2037, cancelable by either party. Rent increases 3% per year. Under an agreement with AT&T \$19,572 was paid for a tower at the Mountain Golf Course. The current five-year term is from October 2015 and ends in 2020, with automatic extensions every five years, through 2035, cancelable by the tenant. Rent increases 3% per year. Under an agreement with AT&T \$64,155 was paid for a tower at Diamond Peak Ski Resort. The current five-year term is from July 2018 ends in 2023, with extensions every five years, cancelable by the tenant, through 2038. Rent increases 3.5% per year. Revenue in the amount of \$11,197 was also received from T-Mobile (assigned to Crown Castle) for a cell tower lease at Diamond Peak Ski Resort. Its term is June 2017 to 2022 with 1 option to renew for 5 years.

| FY 2028 | | | | | | 1 | 1 |

District leases 1.5 acres of property adjacent to the Incline Village Middle School to the Parasol Foundation for \$1.00 per year.

District leases property located at 969 Tahoe Boulevard to the Reno-Sparks Convention and Vist1or Authority for \$1.00 per year.

Expenses:

Golf Cart Lease – In fiscal year 2019/20 the District entered into an Installment Purchase Agreement with PNC Equipment Finance, LLC for a fleet of replacement golf carts for the Mountain Golf Course. The District's total obligation under this agreement total \$121,605 paid in 48 equal monthly installments. The lease started in July 2020, with the first payment against this obligation made in June 2020 in the amount of \$2,533.

The District holds a Use Permit for Diamond Peak operations and activities on property owned by the U.S. Forest Service adjacent to District-owned property. The District pays an annual permit fee based on revenues generated by selected Ski operations. The fee amount for the fiscal year ending June 30, 2020 was calculated at \$52,000.

The Utility Fund paid \$4,476 during the year ended June 30, 2020 for a leased copier under an agreement expiring December 2020. The remaining obligation on this lease is \$452.

17. DUE TO OTHER GOVERNMENTS

The Nevada Department of Taxation notified the District of a refund of sales tax due another taxpayer, resulting in reductions of monthly Consolidated Tax Distributions. While the exact amount and terms for the reductions was not determined in 2018, sufficient information was available to arrive at an estimated \$60,000 liability. The refund applied to taxes received over the three years ending in March 2017. The District share of this refund was made through 18 monthly reductions that began with the July 2018 Consolidated Tax Distribution. The first twelve months resulted in \$28,946 applied to the \$60,000. During the current year \$9,102 was applied and the remainder of \$21,952 was recognized as revenue.

The District collects money for boat inspections performed by the Tahoe Regional Planning Agency. The balance owed at the end of the year was \$17,517.

18. COMMUNITY SERVICES AND BEACH SPECIAL REVENUE FUNDS

The District provides recreation functions through two individual special revenue funds. Each serves a different set of venues and customer base. A significant source of revenue for these functions for operations, capital expenditure and debt service comes directly from a facility fee assessed by parcel for each function and expenditure type. Facility Fees have been listed separately by fund and function. The operating portion of the assessed facility fee is combined with charges for services to provide the resources for providing services. Charges for services are aggregated, while expenditures are provided by function. As stated in Note 1 T, part of the facility fee can be used to pay for charges for services in lieu of other forms of privileges. These are referred to as Punch Cards. The following are major functions included in Charges for Services and the approximate amounts of punch cards activity that is included.

| | Charges for Services | Paid with Punch Cards | Punch Cards Value Utilized |
|---------------------------|-------------------------|--------------------------|-------------------------------|
| Community Services Fund: | | | |
| Championship Golf | \$ 4,070,762 | \$ 25,889 | \$ - |
| Mountain Golf | 690,798 | 4,619 | - |
| Facilities | 361,890 | - | - |
| Ski | 9,781,499 | 139,731 | - |
| Community Programming | 1,004,900 | 80,696 | - |
| Parks | 32,505 | - | - |
| Tennis | 133,786 | - | - |
| Recreation Administration | (590,712) | | (630,804) |
| Total | <u>\$15,485,428</u> | <u>\$250,888</u> | <u>\$(630,804)</u> |
| Beach Fund | <u>\$ 1,619,582</u> | <u>\$483,792</u> | <u>\$(103,876)</u> |
| | District Total | <u>\$734,680</u> | <u>\$(734,680)</u> |

19. COMMITMENTS AFFECTING FUTURE PERIODS

General Fund:

The District entered into an unemployment insurance contract with First Nonprofit Companies for total premiums of \$185,000 for calendar year 2020 services. As of June 30, 2020, \$92,500 in quarterly deposits are remaining as a part of the subsequent year's budget.

Capital Improvement Project Budget Carryover:

The District budgets for capital improvement projects one year at a time for spending authority. The actual execution of construction or acquisition can span one or more fiscal years. The District identifies carryover and unspent budget authority for those projects. The amounts for governmental fund types are re-budgeted for the subsequent fiscal year. The unused Utility Fund resources become part of Unrestricted Net Position, and are budgeted under cash flow on the State of NV budget forms. Amounts carried over at year-end are:

| General Fund | \$ 300,000 |
|-------------------------|------------|
| Utility Fund | 2,533,786 |
| Community Services Fund | 2,502,701 |
| Beach Fund | _ |

Budgeting for the Fiscal Year Ending June 30, 2021:

The District's budgeting for the fiscal year ending June 30, 2021 anticipates a reduction in Net Position caused by completion of capital projects. The identified reductions include; General Fund by \$650,150 including \$300,000 for a new Human Resources Management and Payroll System; Community Services reduction of \$6,127,741 including \$996,630 for the Tennis Center Renovation, \$700,000 for Championship Golf Course Maintenance Building improvements, \$520,000 for Ski Way and Diamond Peak Parking Lot Reconstruction, \$264,864 for Lakeview Ski Lift Improvements, and \$166,395 for the Mountain Golf Cart Path Replacement. The Beach Fund has a reduction of \$454,500 related to work on Burnt Cedar Pool and Incline Beach Facility Improvements.

The District has committed to these contractual arrangements for capital improvement projects:

| | | Contract | Completed at | Remaining | |
|--|---|------------|--------------|------------|--|
| | | Amount | June 30,2020 | Commitment | |
| Utility Fund: Paso Robles Tank, Inc. | Water Reservoir Safety and Security Improvements | \$ 109,000 | \$ - | \$ 109,000 | |
| Community Services Capital Fund Daniel Fraiman Construction | n Tennis Center Renovation Project | 709,000 | 9,680 | 699,320 | |
| Mission Controls, Inc. | Lakeview Charilift Control Panels | 96,800 | - | 96,800 | |
| Cruz Construction | Maintenance Building Drainage & Washpad | 475,433 | - | 475,433 | |

20. RESTRICTED DEPOSIT HELD IN LAWSUIT

The District has been engaged in a lawsuit with an individual over many years. A District Court decision made an award to the District for the recovery of fees. Both the Court decision and the fees awarded are under an appeal. In order to reduce possible longer-term exposure to the individual, the District received \$241,646 on September 14, 2017. These refunds are in a separate money market account and classified as a Deferred Inflow until all appeals under the lawsuit are

resolved. An appeal was filed with Nevada Supreme Court, and a final order was issued in favor of the District in November 2020.

21. STATE OF NEVADA TAX ABATEMENTS AFFECTING DISTRICT REVENUES

The State of Nevada has entered into various tax abatement agreements that reduce the tax revenues of local governments. Taxes reduced include the Consolidated Tax, which includes allocated sales and use tax revenue. State law establishes the abatements. The District's estimated share of abatements for this fiscal year is \$21,199.

22. PRIOR YEAR ADJUSTMENTS

The District's financial statements for the year ended June 30, 2020 reflect prior year adjustments related to (1) unearned revenues from Golf Passes recorded in the prior year (\$138,505), (2) to restate as expenses \$289,660 for selected Construction in Progress items that were reported as assets in the financial statements for the year ended June 30, 2019, as well as (3) restate as expense \$514,254 for selected items that were reported as capital assets in the financial statements for the year ended June 30, 2019.

Construction in Progress items restated as expense include \$212,044 related to development of a Parks Master Plan and \$77,216 related to improvements planned at Incline Village Ballfield. Management has determined that no future capital asset(s) are expected to be constructed as a result of the preliminary design work that had been included in prior year's Construction in Progress.

Capital Asset items restated as expense include items determined to qualify as reporting as repairs and maintenance, consistent with established Board policy and practices. Examples include pavement maintenance, parking lot repairs, and painting projects. This determination should have been made in prior year(s).

As a result, a total of \$665,009 is recorded as a prior year adjustment in the governmental activities of the government-wide financial statements and a total of \$138,505, is recorded as a prior year adjustment in the Community Services Special Revenue Fund in the governmental funds financial statements.

| | Government-wide | Community Services |
|--|-------------------------|----------------------|
| | Statement of Activities | Special Revenue Fund |
| Net position / Fund Balance July 1, 2019, as previously reported | \$ 75,655,473 | \$ 13,333,953 |

| Water and Sewer Single Family Base Rates | 91 |
| Water Sold by Customer Type | 91 |

Financial Trends

These schedules contain trend information to help understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help assess the District's most significant local revenue source, the Facility Fee, property tax and local share of state-wide shared taxes.

Debt Capacity

These schedules present information to help assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Source: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. Certain amounts in prior year statements have been reclassified for comparisons purposes to conform to current year presentations.

SOURCE: Indine Village General Improvement District Annual Indebtedness/Debt Management Reports/Restated for change in dassification of the Community Services and Beach activities from Business-type to Governmental Type as of July 1, 2015.

Note: All outstanding bonds carry a revenue pledge, some also carry a secondary General Obligation pledge.

However, no tax levy is made to fund debt service because net revenues are sufficient to meet these obligations.

SOURCE: Washoe County Comptrollers Office and Nevada Department of Taxation

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the Incline Village General Improvement District. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

^{*}Percentage Applicable based on Assessed Valuation as reported by the Nevada Department of Taxation

INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT **COMPLIANCE SECTION**

CPAs & BUSINESS ADVISORS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees
Incline Village General Improvement District
Incline Village, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Incline Village General Improvement District (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 22, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2020-001 and 2020-002, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The District's Response to Findings

The District's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

Esde Saelly LLP

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CPAs & BUSINESS ADVISORS

Auditor's Comments

To the Board of Trustees Incline Village General Improvement District Incline Village, Nevada

In connection with our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Incline Village General Improvement District (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statutes cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they relate to accounting matters.

Current Year Statute Compliance

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 to the financial statements.

Progress on Prior Year Statute Compliance

The District recorded a prior period adjustment as described in Note 22 of the prior year financial statements to ensure compliance with NRS 354.6215. After the prior period adjustment, the District reported no instances of noncompliance with significant constraints on its financial administration during the year ended June 30, 2019.

Prior Year Recommendations

There were no findings for the year ended June 30, 2019.

Current Year Recommendations

Esde Saelly LLP

The current year recommendations are reported in the Schedule of Findings and Responses.

Reno, Nevada

January 22, 2021

INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED JUNE 30, 2020

2020-001: Internal Control over Financial Reporting Material Weakness

Criteria: Management is responsible for establishing and maintaining an effective system

of internal control over financial reporting. This includes appropriate

reconciliation and recording of all year-end account balances and timely and accurate preparation of the Comprehensive Annual Financial Report ("CAFR").

Condition: During our audit testing, we noted adjusting journal entries to correct balances related to cash and investments, accounts receivable, deferred revenue, capital grant revenue, capital assets and expense. In addition, we noted certain passed adjusting journal entries related to unearned revenue, compensated absences

recorded.

During our review of the CAFR, we noted several errors in the presentation and classification of items in the financial statements, including: gross presentation of the central services cost allocation plan rather than presenting the revenues net of the expenses in both the government-wide statement of activities and the governmental funds statement of revenues, expenses and changes in fund balance; gross presentation of internal service fund rather than presenting the activity in this fund net of the funds it provided services to in the governmentwide statement of activities; and a prior period adjustment over unearned

and capital assets that management determined were immaterial and were not

revenue related to golf passes.

The District did not have adequate internal controls to ensure all year-end

account balances were appropriately reconciled and recorded and that the

CAFR was timely and accurately prepared and reviewed.

Prior to adjustment, there were several accounts that were materially misstated

and there were material errors in the presentation of the CAFR.

We recommend that the District enhance internal controls to ensure all year-

end account balances are appropriately reconciled and recorded and that the CAFR is timely and accurately prepared.

Views of Responsible

Recommendation:

Officials:

Cause:

Effect:

Management acknowledges the finding(s) of the independent auditor and has already begun to implement measures to enhance internal controls aimed at ensuring year-end account balances are reconciled as well as timely preparation of the CAFR. Among the issues that created this condition was the attrition of key staff who had been responsible for overseeing the year-end close and preparation of the CAFR. In addition, with respect to the condition related to presentation of central services cost allocation and internal services fund in the government-wide statement of activities, these had been presented consistent with past CAFR's with no known concerns expressed by the independent auditor. Nonetheless, these have been corrected and will be reported as such on a going forward basis.

INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED JUNE 30, 2020

2020-002: Capitalization of Assets Material Weakness

Criteria: Management is responsible for establishing appropriate policies and procedures

and appropriate internal controls over capitalization of assets, including proper determination of items that should be expensed, such as costs for repairs and maintenance that do not extend the useful life or add value to the capital asset and formalized documentation of approval to place construction in progress

items into service.

Condition: During our audit testing, we noted prior year restatements of approximately

\$804,000 and a current year adjustment of approximately \$361,000 for items that were capitalized in prior and current years that should have been expensed

as they qualified as repairs and maintenance expense rather than to be

capitalized.

Cause: The District did not have appropriate policies and procedures over capitalization

of assets in place to ensure items were being properly capitalized or expensed.

Effect: Prior to adjustment and restatement, capital assets and net position in the

governmental-type activities and business-type activities in the statement of net

position were overstated.

Recommendation: We recommend that the District strengthen their policies and procedures over

capitalization of assets to provide clearer direction to District management regarding items that should be expensed versus capitalized. We further recommend that management enhance their internal controls over capital assets to ensure formal documentation is maintained and approved when

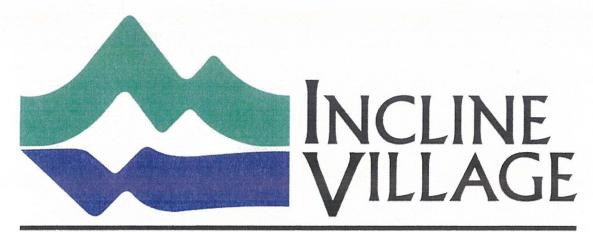

placing construction in progress items into service.

Views of Responsible

Officials:

Management concurs with the finding and recommendation(s) of the independent auditor. Concurrent with the subject annual independent audit, a third-party review of accounting and reporting issues similarly identified weaknesses in the District's capitalization policies and financial reporting. In addition, management highlighted this concern as part of a recent Board workshop. Management has identified this as a priority area and will pursue review and identification of best practices. In addition, the District's new Controller has direct experience in accounting and reporting of capital fixed assets according to generally accepted accounting principles. Staff training on

fixed assets has been established as a priority.

CPAs & BUSINESS ADVISORS

January 22, 2021

To the Audit Committee Incline Village General Improvement District Incline Village, Nevada

We have audited the financial statements of Incline Village General Improvement District (the "District") as of and for the year ended June 30, 2020 and have issued our report thereon dated January 22, 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and Government Auditing Standards

As communicated in our engagement letter dated May 29, 2020, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding a material weakness in internal controls during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated January 22, 2021.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Incline Village General Improvement District is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during fiscal year 2020. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. There are no sensitive estimates affecting the District's financial statements.

Financial Statement Disclosures

The financial statement disclosures are neutral, consistent, and clear.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit, other than the delay in issuance of the audit beyond the statutory deadline of November 30, 2020.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit.

The following misstatements that we identified as a result of our audit procedures were brought to the attention of, and corrected by, management:

Journal entry to adjust the Wells Fargo money market and investment income activity.

General Fund: Cash 18,139

General Fund: Interest Receivable 6,829
General Fund: Investment Earnings 11,310

| Utility Fund: Cash | 18,753 | |
|---|---------|----------|
| Utility Fund: Interest Receivable | | 8,818 |
| Utility Fund: Investment Earnings | | 9,935 |
| Community Service Special Revenue Fund: Cash | 31,755 | |
| Community Service Special Revenue Fund: Interest Receivable | | 31,636 |
| Community Service Special Revenue Fund: Investment Earnings | | 119 |
| Beach Special Revenue Fund: Cash | 2,577 | |
| Beach Special Revenue Fund: Interest receivable | | 867 |
| Beach Special Revenue Fund: Investment Earnings | | 1,710 |
| Journal entry to correct accounts receivable and deferred revenue. | | · |
| Customer Services Special Revenue Fund: Receivables | 20,578 | |
| Customer Services Special Revenue Fund: Unearned Revenue | ŕ | 20,578 |
| Journal entry to record Costco gift card breakage. | | |
| Community Services Special Revenue Fund: Unearned Revenue | 139,622 | 2 |
| Community Services Special Revenue Fund: Revenue | | 139,622 |
| Journal entry to correct the beach deferred revenue. | | |
| Beach Special Revenue Fund: Unearned Revenue | 130,676 | 5 |
| Beach Special Revenue Fund: Revenue | | 130,676 |
| Journal entry to adjust investments balances and investment income activity. | | |
| General Fund: Investment | 87,000 | |
| General Fund: Investment Earnings | | 87,000 |
| Utility Fund: Investments | 52,993 | |
| Utility Fund: Investments Earnings | | 52,993 |
| Community Services Special Revenue Fund: Investments | 41,244 | |
| Community Services Special Revenue Fund: Investments Earnings | | 41,244 |
| Beach Special Revenue Fund: Investments | 10,101 | |
| Beach Special Revenue Fund: Investments Earnings | | 10,101 |
| Journal entry to reclassify capital grant from special revenue fund to capital projects fur | nd. | |
| Community Services Special Revenue Fund: Revenue | 1,637,3 | 99 |
| Community Services Capital Projects Fund: Revenue | 1 | ,637,399 |
| Journal entry to expense CIP and capitalized costs. | | |
| Business-type activities: Operating expenses | 124,699 |) |
| Business-type activities: Construction in process | | 13,640 |
| Business-type activities: Capital assets | | 114,207 |
| Business-type activities: Accumulated Depreciation | 3,148 | |
| Governmental-type activities: Operating expenses | 236,472 | |
| Governmental-type activities: Capital assets | | 239,860 |
| Governmental-type activities: Accumulated Depreciation | 3,388 | |
| Journal entry to reclassify items expensed from CIP in current year to prior periods. | | |
| Governmental-type activities: Net position | 289,260 | |
| Governmental-type activities: Operating expenses | | 289,260 |

Journal entry to adjust the current and prior period for discounts on golf passes that were recorded in contra revenue in the incorrect period.

Community Services Special Revenue Fund: Unearned Pass Revenue 172,171

Community Services Special Revenue Fund: Revenue 33,666
Community Services Special Revenue Fund: Fund Balance 138,505

Journal entry to adjust the current and prior periods for capital assets that should have been expensed rather than capitalized.

Governmental-type activities: Capital assets 514,254

Governmental-type activities: Accumulated depreciation 107,190
Governmental-type activities: Net position 407,064

The following summarizes uncorrected misstatements whose effect in the current year, as determined by management, is immaterial to the financial statements taken as a whole and each applicable opinion unit.

Community Services Special Revenue Fund: To pass on adjusting unearned revenue for buddy comp passes and discounted tickets issued prior to year-end.

Revenue 110,000

Unearned Revenue 110,000

To pass on adjusting sick leave retirement not expected to be used with current resources.

Community Services Special Revenue Fund

Compensated absences 124,526

Operating expenses 40,851 Fund balances 83,675

General Fund

Compensated absences 7,040

Operating expenses 2,000 Fund balances 5,040

Beach Special Revenue Fund

Compensated absences 8,000

Operating expenses 2,000 Fund balances 6,000

Governmental-type Activities: To pass on adjusting the prior year impact of writing off items in CIP to expense.

Fund balance 109,206

Operating expenses 109,206

The effect of these uncorrected misstatements in the Community Services Special Revenue Fund is an overstatement of liabilities of \$14,526, overstatement of revenue of \$110,000, overstatement of expenses of \$40,851, and understatement of beginning fund balance of \$83,675. The effect of these uncorrected misstatements in the General Fund is an overstatement of liabilities of \$7,040, overstatement of expenses of \$2,000 and understatement of beginning fund balance of \$5,040. The effect of these uncorrected misstatements in the Beach Special Revenue Fund is an overstatement of

liabilities of \$8,000, overstatement of expenses of \$2,000 and understatement of beginning fund balance of \$6,000. The effect of these uncorrected misstatements in the Governmental-type activities is an overstatement of operating expenses of \$109,206 and an overstatement of beginning net position of \$109,206.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management that are included in the management representation letter dated January 22, 2021.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that the Audit Committee engaged Moss Adams LLP for two separate engagements. The first engagement was a contract program assessment focusing specifically on eight different contracts. Moss Adams provided recommendations to stregnthen controls activities based on review of these contracts. Eide Bailly obtained the final report and evaluated the results with management in determining possible impacts on the financial statements. The second engagement was to provide guidance on four accounting issues: (1) use of governmental funds; (2) the central services cost allocation plan; (3) punch card accounting; and (4) capitalization policies and practices. Eide Bailly obtained the final report and evaluated the results with management in determining possible impacts on the financial statements.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Incline Village General Improvement District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operating plans and strategies that may affect the risks of material misstatement.

During Fiscal Year 2020, members of the community submitted correspondence to the Audit Committee of the District detailing where they believed there to be errors, improper accounting, or omissions in the audited CAFR for the year ended June 30, 2019. Management of the District made us aware of these comments and we reviewed management's responses to these comments noting that, while certain items were restated and clarified in the FY 2020 CAFR, management does not believe that any of the matters raised should result in reissuing the FY 2019 CAFR.

None of the matters discussed resulted in a condition to our retention as Incline Village General Improvement District's auditors.

Modification of the Auditor's Report

We have made the following modification to our auditor's report.

As discussed in Note 22 to the financial statements, certain errors occurred in items recorded as construction in progress and capital assets rather than being expensed during prior years were discovered by management during the current year. In addition, certain errors in the recording of unearned revenue for golf passes in prior years were noted during the current year. Accordingly, these errors were corrected in the current year and have resulted in a restatement of net position and fund balance as of July 1, 2019. Our opinions are not modified with respect to this matter.

This report is intended solely for the information and use of the Audit Committee, Board of Trustees, and management of Incline Village General Improvement District and is not intended to be and should not be used by anyone other than these specified parties.
