INCLINE
VILLAGE
GENERAL IMPROVEMENT DISTRICT
ONE DISTRICT - ONE TEAM

www.yourtahoeplace.com

**INCLINE VILLAGE
GOLF COURSES**

*Championship Course • 955 Fairway Blvd
775-832-1146*

A classic 18-hole public Lake Tahoe golf course featuring a Robert Trent Jones Sr. design and lake views. This par-72 course was listed "Best in State" 2012 - 2015 by Golf Digest magazine and ranked #9 in Nevada on Golfweek's "Best Courses You Can Play 2018" list.

*Mountain Course • 690 Wilson Way
775-832-1150*

Our 18-hole, par-58 course is fun, affordable, & quick to play with special 9-hole and twilight rates. Bring the family out for fun events like Friday Golf League, Nine & Wine and Sunday Family Fun Days.

Doug Miranda Photography

**INCLINE VILLAGE
PARKS & RECREATION**

980 Incline Way • 775-832-1300

Community members and visitors can enjoy our beautiful parks, athletic fields, trails, and a wide range of outdoor/indoor activities. Our public Recreation Center includes an indoor pool, sauna, group & water fitness classes, a cardiovascular room, gymnasium, childcare and a variety of programs and services.

Skip the line and register for programs online at register.yourtahoeplace.com.

**THE GRILLE
AT THE CHATEAU**

955 Fairway Blvd • 775-832-1178

Located on The Championship Golf Course, The Grille is open to the public and offers a beautiful view of the 18th green, mountains, trees and Lake Tahoe from the dining room and our outdoor seating area. The Grille serves quality, fresh, wholesome ingredients with thoughtful service every day during the golf season (May through October).

Wild Bill's BBQ at the Mountain Course also serves a selection of lunch items, snacks and drinks.

**INCLINE VILLAGE
WEDDINGS & EVENTS**

955 Fairway Blvd • 775-832-1240

Create an unforgettable experience for your Lake Tahoe wedding, meeting, celebration or golf event. Our facilities include The Chateau at Incline Village™, Aspen Grove, The Championship and Mountain Golf Courses, and Diamond Peak Ski Resort.

The Chateau features a 5,200 sq. ft. ballroom that can be divided for large or small meetings and events. Aspen Grove is the perfect outdoor venue for up to 150 people.

**INCLINE VILLAGE
TENNIS CENTER**

964 Incline Way • 775-832-1235

The Incline Village Tennis Center is located in a picturesque alpine setting along a year-round creek. Our club-like facilities are open to the public with daily court fees or seasonal memberships. The Tennis Center offers ten courts, eight pickleball courts, and a fully stocked pro shop with demo rackets and paddles. Lessons, socials, tournaments and camps are offered during the summer.

NOTE FROM OUR CHAIRWOMAN, KENDRA WONG

I hope you all are looking forward to Summer as much as I am! Welcome home to all the returning snowbirds. We enjoyed a fantastic ski season at Diamond Peak even though Mother Nature decided to arrive fashionably late this winter. The Diamond Peak team put on popular events like Retro Ski Day, Dummy Downhill, and the Luggi Foeger Uphill/Downhill race. Thank you to our community for a memorable 51st season. In addition, I cannot tell you how proud I am of Diamond Peak for becoming the first ski resort in the Lake Tahoe Basin to become STAKE Certified. For the past few years, our teams at our Diamond Peak and IVGID's WasteNot have been working diligently towards achieving this certification by following best practices in snowmaking, waste diversion, interpretation and community development. This certification demonstrates IVGID's commitment to be a good steward of our beautiful environment.

This summer, we anticipate several major projects in our District. I'm sure many of you have noticed the work along Incline Way on the Robert & Robin Holman Family Bike Park. Work should be completed in time to kick off the summer!

After many years of condition assessment, analysis, and design, our engineering team is excited to complete the Diamond Peak Culvert Repair, which is expected to begin in late July. It has been evident during my three years on the Board of Trustees that the board and staff are dedicated to providing safe and superior service through the responsible use of district resources and asset renewal. As the Chair of the Board of Trustees, I look forward to continuing this pattern of success in the future.

I invite you to participate in the Community Services Master Plan discussions and process— this plan will help the current board and future boards prioritize projects in the future. Check out more information about the Community Services Master Plan on our website: www.yourtahoeplace.com/ivgid/resources/community-services-master-plan. Participate in the process! Email CSMP@ivgid.org to provide feedback.

Additionally, mark your calendars for July 11, 2018. We will be hosting a 'Beaches

101' interactive meeting at the Chateau about Ordinance 7 and the history of the beaches.

As we transition to summer, I look forward to spending the long days and warm nights enjoying our beautiful venues and participating in our ever-popular activities, programs, and special events hosted by our Community Services Team. I invite you to join us this summer on the golf course, out on a hike, and meet new friends at the Grille. I'll see you out there!

Kendra Wong

The Power To Make Things Right.

We want to thank our Incline Village & Crystal Bay customers for your continued patience as we work to improve service and reliability in the area. Here are some of the projects we are working on or have already completed:

A newly constructed Brunswick Substation with a transmission line to Incline Village is online as of mid-May.

Inspection and repair of all distribution circuits in the Incline Village area was completed in the fall of 2017.

Work on the Incline Substation transmission line continues and is scheduled to be completed this fall.

Rebuild of large underground line in Tyner area to begin this summer.

INCLINE VILLAGE GOLF COURSES

The Incline Village Golf Courses offer two distinct must-play golf experiences to fit any budget. Our facilities include two 18 hole courses – the par-58 Mountain Course and the par-72 Championship Course – as well as a driving range, putting and chipping greens, numerous food & beverage options and special event facilities.

The golf shops are stocked with full lines of men's, ladies' and kids' apparel, as well as the top clubs, golf balls and shoes. PGA teaching professionals are available for private and group instruction.

IVGID Passholders can receive a discount on green fees, programs, and most merchandise at the golf shop. Visit www.golfincline.com or call 775.832.1146 for tee times and more information.

Incline Village Championship Course

The Championship Course was built in 1964 by Designer Robert Trent Jones Sr. who called the

course "the ideal mountain layout" with "views you will never forget." This challenging par-72 course offers everything you look for in a mountain design- towering trees, elevation changes, and natural water features – all of which complement its picturesque setting.

The Grille at The Chateau

The Grille at the Chateau is located at the Championship Course. Enjoy the one-of-a-kind view of the 18th green, distant snow-capped mountains, majestic pines and Lake Tahoe from the dining room or outdoor seating area. The Grille serves quality, fresh, wholesome ingredients with thoughtful service every day during the golf season (May through October). The Grille is open for lunch and happy hour seven days a week from 11am to 7pm.

Practice Facilities & Golf Shop

The Championship Course offers excellent facilities to refine your game or warm up prior to your round. The 26-stall driving range offers five target greens ranging from 40 to 200 yards, with top-

of-the-line hitting mats and the option of inserting your own tees. The driving range opens from dawn to dusk, except on Sunday evening for weekly clean pick. The Championship Course putting/chipping green is just steps away from the driving range and parking lot, and offers a bunker and putting green.

The Golf Shop at the Championship Course has the region's best selection of golf equipment, apparel and accessories. We showcase the innovative golf club technology from companies such as Callaway, Titleist, Cobra and TaylorMade, and our PGA golf staff is qualified to provide custom club fitting and to help you get the most out of your equipment so that you can be confident with your golf game. Our PGA Certified instructors are available for individual or group lessons, club fitting, and on course instruction. Our instructors are equipped with FlightScope™, a state of the art golf ball flight launch monitor, for precision instruction and club fitting.

Incline Village Golf Academy

The Incline Village Golf Academy, headquartered at the Incline Village Championship Course, is a cooperative approach to golf instruction that offers a wide range of private and semi-private lesson options, golf clinics, junior golf programs and custom club fitting services.

Our instruction philosophy is to teach each student how to shape their individual swing to produce the ball flight they desire. By learning how to correctly improve the shape of your swing, you will be able to produce a more consistent ball flight, increasing your enjoyment of the game and lowering your score.

Golf instruction is available on all areas of the game, including full swing, pitching, chipping and putting, as well as on-course playing lessons. Lessons and clinics that use the practice areas include practice balls and clubs are available upon request.

The Mountain Course Celebrates 50 Years of Family Fun!

Nestled amid beautiful pines on the North Shore of Lake Tahoe, this 18-hole, par-58 course is fun and affordable. Beginners will enjoy the shorter format, while those looking for a challenge can work on beating the 6-under par course record or hitting that elusive hole-in-one. Special events like our Nine &

Wine events and Family Fun Days are a non-intimidating way to play the course and make some new friends in the process.

Practice Facilities & Golf Shop

The Mountain Course offers a large practice green where golfers can work on their short game and putting before heading out on the course as well as a large hitting bay to warm up your entire swing. The golf shop at the Mountain Course is fully stocked with golf apparel, souvenirs, golf balls, clubs and other essentials.

SOMEWHERE BETWEEN

attitude & altitude.

When did Truckee become so hectic? When did your mountain getaway get away from you? Just 45 scenic miles north of Truckee you return to your senses and a community inspired by sustainability, harmony with nature and the adventuresome spirit. Nakoma. June 23 - Multi-Vendor Demo Day

Are your golf clubs outdated? Don't miss our Demo Day events for your opportunity to try the latest and greatest golf technology from the leading vendors in the golf industry.

Incline Golf Clubs

Join one of our local men's or ladies' golf clubs and enjoy all the social aspects of club golf. Each golf club provides their members with great benefits including tournaments, social outings, couples play, daily tee times, and great ways to make new friends in the community.

Fall Tahoe Golf League Fridays (TGLF) at the Mountain Course

Are you looking to make new golf friends as well as a bit of friendly competition? Check out the Incline Village Golf Leagues. Whether you are new to golf or an experienced tournament and league player, we have a golf

league for you. Weekly nine-hole league play at the Mountain Course with weekly and overall winners. Players can create their own foursomes or sign up individually.

Sunday Family Fun Day

Every Sunday at the Mountain Course, kids (17 and under) play free with paying adult. Sundays feature regulation 4.25" and fun 8" cups on every hole, kid friendly tees, and a 3-hole putt-putt course.

Nine & Wine at Mountain Course

Back by popular demand, Nine & Wine is kicking off Thursdays at 5:30pm starting June 28 and running through August 16, 2018. Four-person teams play a nine-hole scramble before enjoying wine tastings paired with gourmet appetizers. A different vintner is featured every week. Space is limited and these events do sell out, so reserve your spot in advance. Call 775.832.1150 for pricing and to reserve your spot.

Gol-Fit at The Mountain Course

Ditch the cart, save money, and earn prizes for walking at the Mountain Golf Course with Gol-Fit! Gol-Fit is a walking program with incentives based on the number of miles walked.

Track your miles based on how many holes you play and earn prizes for each milestone reached. Prizes include driving range tokens, gift cards to The Grille and more. Register at the Mountain Course Pro Shop and we can start tracking your miles, and receive a \$5 walking discount each round you play before 4pm.

Glow Golf Extravaganza at the Championship Course

Bring the family out for a series of fun glow-in-the-dark golf challenges including glow golf putt-putt, a glow in the dark chipping contest, shootout on the driving range and more. The Glow Golf Extravaganza will be held at the Incline Village Championship Golf Course on Sunday, Sept. 2, 2018. Pricing and schedule of events will be posted on GolfIncline.com

Get Golf Ready to learn or improve your skills

This program is geared to new players or players with little experience. Get Golf Ready is intended to give players a chance to cover all the aspects of the game in a consistent and controlled environment, with an opportunity to meet other newbies to the game. Get Golf Ready is meant to be fun and unintimidating with on-course learning to help prepare new golfers for a round of golf on

an actual golf course. For returning golfers, it offers a chance to learn something new or break any bad habits formed and start again from scratch. The Incline Village Golf Courses offers Get Golf Ready Level 1 and Level 2 sessions.

Level 1 Are you new to golf or returning after many years? Get Golf Ready is a series designed to teach everything you'll need to play golf in just a few lessons. Each lesson will focus on essential golf skills.

Level 2 This clinic series is designed for Get Golf Ready 1 graduates or golfers who have played two or more years. Each lesson will focus on essential golf skills in a group setting.

Day 1: Putting

Day 2: Chipping

Day 3: Driving range

Day 4: Driving range & bunker play

Day 5: Play golf as a group

Session 4 Level 2

Session 5 Level 1

July 9–13; Daily 4:30–6pm

Session 6 Level 2

July 23–27; Daily 4:30–6pm

Session 7 Level 1

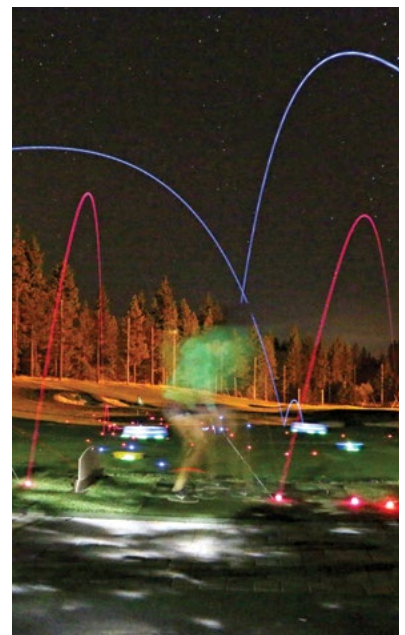

August 13–17; Daily 4:30–6pm

Session 8 Level 2

August 27–31; Daily 4:30–6pm

PGA Junior League (Ages 7-13)

PGA Junior League Golf (PGA JLG) is designed to better socialize the game for boys and girls, ages 7-13. PGA JLG features team vs. team competitions in structured leagues that provide a popular, less stressful scramble format as opposed to stroke-play competition. This is a great way to get kids involved in the game! For more information about the PGA

Junior League, and to register, please visit pgajrleaguegolf.com.

Matches will be played on Monday afternoons June 25th through the beginning of August. Supervised practices will also be held throughout the season. Practice will focus on course management, team building and player development.

Junior Golf Camps (Ages 5-15)

Incline Village Junior Golf Camps are a great way to get kids interested and involved in golf. This year, the program will implement general practices from PGA affiliated programs such as The First Tee and Drive, Chip and Putt Championship. The program will encompass all aspects of the game. Juniors will be grouped according to skill levels and age. Register online at register.yourtahoeplace.com

CONGRATULATIONS KYLE THORNBURG

Kyle joined the Incline Village Golf team in 2013 as the Tournament Coordinator/Assistant Golf Professional, and until this year, he spent his winter months as the Co-Head Golf Professional at The Arizona Country Club in Phoenix. We are excited to announce Kyle's promotion to year-round Head Golf Professional at the Championship Course.

"I'm appreciative for the opportunity to work with the IVGID team in a year-round position. I believe my experiences as a PGA Professional in Arizona can continue to bring exciting new ideas to our beautiful facilities. I've enjoyed working with the local clubs, and look forward to meeting more community members during the winter months. We are looking forward to a wonderful golf season and hope to see you out on the course."

Kyle played four years of high school varsity golf, then two years at the collegiate level while attending Monterey Peninsula

College. Kyle has worked for some of the top golf courses in the world, including Cypress Point Golf Club. Kyle graduated from The Golf Academy of America in 2011 and received his Class A, PGA Membership, in 2015.

To contact Kyle directly please email kwt@ivgid.org or call 775.832.2981.

WELCOME NEW MOUNTAIN COURSE HEAD GOLF PRO

IVGID is excited to welcome back Jessican Dugan. "Jess" is a returning employee to the District. She worked for our Mountain Course facility in 2007. Jess will be managing the daily operations at the Mountain Golf Course while bringing new excitement and creativity to our operation while providing a welcoming atmosphere.

A little bit about Jess

Jessica was born in Carson City and raised in Yerington Nevada. Her high school athletic accomplishments included all division honors in basketball, softball, and golf. She was the

1995 AA High School Nevada State Golf Champion. At Western Carolina University (WCU) in North Carolina, Jessica played four years of Division 1 scholarship golf while receiving a Bachelor's degree in Sports Management. She continued on at WCU, earning her MBA. Jessica just recently returned home from Jacksonville, Florida where she was the Chapter Coordinator for the non-profit 501c3 "Fairways for Warriors". From 2008-2014, Jessica was the Tournament Coordinator at the Olympic Club in San Francisco where she coordinated 148 annual member golf events, and established the Women's Golf Network. Jessica assisted the Head Golf Professional for the 2012 U.S. Open and was a starter for the U.S. Open practice rounds. Jessica has been a Teaching Professional and Assistant Golf Professional in North Carolina, Arizona, Nevada, California and Florida and a Class A PGA professional since 2006. In the 2007, she was the 1st Assistant at the Mountain Course and earned the prestigious "Summer Seasonal Employee of the Year Award" with IVGID. Jessica is excited to be back with IVGID and she is looking forward to assisting with its continued excellence in the community.

2018 DIAMOND PEAK SEASON WRAP-UP

By Mike Bandelin, Diamond Peak GM

Thank you to everyone for a great 51st season. It takes a lot of people, resources and moving parts to make everything work successfully.

We were proud to offer 122 days of skiing and riding to our customers this season, which was right on target with forecasts.

The ski area opened on the scheduled date of December 14th. The opening week terrain was very typical and identical to six out of the last 10 seasons, with three lifts and four trails open with man-made snow.

Fortunately, with the lack of any natural snow, the weather cooperated in December with some ideal snowmaking temperatures. Last season, Diamond Peak's Snow Surfaces team added additional pedestals/hookups around the mountain for the resort's HKD high-efficiency tower snow guns, allowing for more strategic usage of these very productive pieces of snowmaking equipment. In addition, the

team has been able to increase water pressure throughout the snowmaking system, allowing for increased productivity during snowmaking operations resort wide. Due to the increased snowmaking productivity, we were able to open additional runs just in time for the holidays.

January and February had no significant snowfall, marginal snowmaking temperatures, record high temperatures and a couple of rain days. Again, due to the amazing work of our snowmaking crew, we managed to open additional trails.

As we entered into March, skiing and riding was available on 17 of the 31 developed trails, primarily on machine made snow. Given that we had less than a foot of snowfall for the entire month of February, having over the half the runs open was a victory and again, a tribute to the ingenuity and dedication of our Snowmaking crew.

The month of March started with about three feet of snowfall and

we were able to quickly expand our terrain. After a couple more storms, by March 15th we were able to report 100% of our trails open. The great amount of snowfall also increased the skiers visiting the area.

For the month, the total visit count was around 30,000 visits, making it our 3rd busiest March in Diamond Peak history, slightly under last year's 31,000 skier visits.

Total skier visits this season were just over 120,000, which is well above the average visit count for a low snow year. Additionally, we saw a daily average of 967 visits, a 1.8% increase over the average daily visit count, while revenues exceeded budget forecasts by 7.9%.

Thank you to our community members for your overwhelming support throughout the season. We are very appreciative of your time spent at the ski resort and are thrilled to offer a great experience to you and your families. We look forward to seeing you next year!

Please remember you can view all of Diamond Peak's financials at IVGID.org, under the financial transparency tab. The full length version of Mike Bandelin's 2018 Diamond Peak Season Wrap-Up is available on our website: diamondpeak.com/news.

WILDFIRE!

PREPARE. ANTICIPATE. EVACUATE.

Improve your property's defensible space and get yard waste recycled for FREE!

Residential Curbside Yard Waste Recycling Collection is offered April 30—July 20 and October 1—October 26, 2018, courtesy of Waste Management.

Here's How:

- Mid April 2018 each residential customer in Incline Village/Crystal Bay, NV received an envelope containing 96 'Yard Waste Only' recycling stickers from Waste Management.
- Conduct your property cleanup by filling heavy duty bags (any color except blue) with vegetative yard waste.
- Securely close/tie the bags. Each bag cannot exceed 40 lbs.
- Attach one sticker to each bag.
- Place the stickered bags curbside on your recycling service day during the designated timeframe, (April 30—July 20 and October 1—October 26, 2018). If needed, call Waste Management for recycling calendar 775-831-2971.
- If you need additional stickers, you can purchase them from Waste Management's Incline village office at 1200 Sweetwater Road, Incline village, NV 89451.

PREPARE FOR EVACUATION: Visit www.readywashoe.com to sign up for emergency alerts, then visit Tahoe.LivingWithFire.info to learn more about evacuation and defensible space.

DEFENSIBLE SPACE EVALUATIONS: Improve your Defensible Space and help prepare your home and neighborhood for wildfire by requesting a free defensible space evaluation.

CURBSIDE CHIPPING: Fire district hand crews will chip your curbside vegetation pile upon request. Please do not include pine needles, stumps, roots, garbage, nails or finished lumber. Branch diameter cannot exceed 6 inches and pile size cannot exceed 1000 cubic feet or (30'x6'x6').

Defensible Space Evaluations & Curbside Chipping programs begin Tuesday, May 29, 2018. To make an online request go to www.nltfpd.net, under Fuels Management tab go to Defensible Space.

Incline Village General Improvement District (IVGID) is including this as a public service announcement.

DIAMOND PEAK ACHIEVES STOKE CERTIFICATION FOR SUSTAINABILITY

By Carl Kish, STOKE Certified Co-Founder

The Lake Tahoe resort is the first in the region and second in the nation to receive STOKE Certified status.

Renowned for its panoramic views of Lake Tahoe, Diamond Peak Ski Resort is now recognized for their sustainability initiatives as the first ski resort in Lake Tahoe to become STOKE Certified. As one of the early adopters of the STOKE Snow certification program during the 2015/16 season, the community-owned ski resort has been diligently following their Roadmap Report to achieve best practices in snowmaking, interpretation, waste diversion, and community development.

STOKE Certified—The Sustainable Tourism

Operator’s Kit for Evaluation—is the world’s first sustainability certification body with standards built specifically for surf and ski tourism operators. The organization was founded with a mission to assist resorts in developing systematic approaches to sustainability, environmental responsibility, customer loyalty, and staff retention.

During the 2017/18 ski season, Diamond Peak was evaluated against the 110 criteria in the STOKE Snow standard by an independent evaluator, Pete Blanchard. The ski area achieved an overall compliance score of 78% across all four categories of sustainability performance, making it the second STOKE Certified ski area behind Oregon’s Mt. Ashland Ski Area.

Sustainability Measures

With the historic Incline Flume Trail intersecting the ski area's boundaries and ski runs seemingly ending right into Lake Tahoe, Diamond Peak exemplifies the region's unique heritage and stunning natural beauty. New for the 2017/18 season, skiers and riders could take a guided skiing and riding interpretive tour of the mountain's cultural heritage, ecosystem functions of the Tahoe Basin, and the ski resort's sustainability initiatives

Part of the resort's new Interpretation Program is a series of witty signage on waste receptacles, lift towers, and chair-backs designed to inspire skiers and riders to partake in everyday initiatives that Keep Tahoe Blue. To drive this home, Diamond Peak partnered with the creative artists behind the Take Care Tahoe campaign, a group of organizations working together to help inspire a sense of community and environmental responsibility in the Tahoe region.

In the spirit of educating the next generation of mountain stewards, the ski resort commissioned local Reno-based illustrator, Kate O'Hara, to create a children's coloring book featuring flora and fauna native to the resort for the Children's Ski Center. In the revived Sierra Scouts lesson program, instructors

teach school group ski classes about topics that correspond to locations on the mountain with interpretive signs about the environment. Upon completion of the program, students are awarded the Sierra Snow Ranger Badge.

Sustainability Coordinator for Diamond Peak and the Incline Village General Improvement District (IVGID), Joseph Hill—who created the ski resort's Interpretation Plan, guides the mountain tours, and leads many of IVGID's Waste Not initiatives.

Diamond Peak has averaged 36% waste diversion via recycling since they started recording statistics during the 2014/15 winter season, including creative ideas such as reusing old trail map signage in new terrain park features. This practice has avoided 446 metric tons of CO2 from 2015–2017, equivalent to removing 95 cars from the road for one year.

In line with this year's Earth Day theme to end plastic pollution, the ski resort has been striving diligently to reduce the sale and use of single-use plastic water bottles. To aid this effort, they have installed more hydration stations, campaigned for Drink Tahoe Tap, and began selling custom reusable water pouches, which has led to a 34% reduction in water bottle sales (2,409 fewer bottles compared to the 2016/17 season).

Recognizing its privileged access to Lake Tahoe water through IVGID for all of its snowmaking needs, Diamond Peak has invested millions into watershed restoration efforts and the addition of 28 high-efficiency HKD snow guns and towers over the last three years. While the use of PistenBully's SnowSat snow depth monitoring technology maximizes the efficient use of natural snow and man-made snow to reduce the need for snowmaking in patchy areas.

For a detailed list of Diamond Peak's best practices with photos, visit their STOKE Certified profile at www.stokecertified.com/members/diamond-peak/. To view a video about the STOKE certification process and learn more about Diamond Peak's efforts, visit www.diamondpeak.com/mountain/environmental-efforts.

About STOKE Certified

STOKE (Sustainable Tourism Operator's Kit for Evaluation) Certified is the world's first sustainability certification body with standards built specifically for surf and ski tourism operators, destinations, and affiliated events. Through its network of independent evaluators, STOKE verifies the legitimacy of sustainability claims and provides transparency for the riding community through its certification programs—STOKE Surf, STOKE Snow, and STOKE Events. STOKE has 21 members in 10 countries across all of its certification programs. For more information on STOKE's members, sector-specific tools and templates, and certification process, visit www.stokecertified.com/.

BEACHES, WATERCRAFT, & 4TH OF JULY INFORMATION

Pool and beach schedules are available on the first of each month on our website or can be picked up at the Recreation Center, Burnt Cedar pool or the beach gates. Snack bars are available at Incline and Burnt Cedar beaches and carry a variety of refreshments and beach items. Snack bar hours are subject to change without notice.

Beach access requires each individual 6 years and older to present a valid IVGID Pass with beach access or a beach access Recreation Punch Card at the beach gate. For an additional fee, boat ramp access at Ski Beach is available (see Watercraft Launch Passes on this page). If an IVGID Picture Pass is lost, a new one must be obtained at the Parks & Recreation Department Counter for a fee. If an IVGID Picture Pass or Recreation Punch Card has expired, property owners or authorized agents must complete the appropriate forms with the Parks & Recreation Department Counter during operating hours.

Guests must present one of the following to enter the beaches:

- A valid beach access IVGID Picture Pass
- A valid Beach Access Recreation Punch Card
- A valid Daily Beach Pass (purchased for guests at the Parks & Recreation Department Counter by beach access IVGID Pass holders).
- Multi-day Guest Access Ticket (obtained by beach access property owners & rental agents for renting guests) which allows guests to enter by paying the daily entrance fee.

There are no refunds for daily beach passes.

For more information regarding Recreation Privileges and our policies, please visit our website: inlinerecreation.com. For group picnic area reservations and other IVGID facility rental information, please call 775.832.1310.

Watercraft Launch Passes

Daily and seasonal watercraft launch passes for boats and jet skis are available to valid IVGID Pass holders with beach access at the Ski Beach gate and at the Parks & Recreation Department Counter. Passes are good May 1 through October 31. A current vessel registration is required with an application. Please call 775.832.1310 for more information.

Daily Watercraft Launch Pass

Fee: Vehicle w/Trailer (Boat & Jet Ski): \$18. Fees are subject to change.

Season Watercraft Launch Pass

Fees: Vehicle w/Trailer (Boat & Jet Ski): \$160. Fees are subject to change.

For Watercraft Rules and Regulations, please visit our website at www.inlinerecreation.com/reccounter/watercraft.

Tahoe Boat Inspections Move to Roadside Stations

The 2018 boating season officially starts April 30, 2018 and Tahoe boat inspections are streamlining the program.

- ALL Tahoe In & Out and full inspections will take place at Roadside Inspection Stations ONLY.
- Remember to keep your blue Tahoe Only inspection seal from 2017 intact to streamline your launch at the ramp.
- Plan ahead before coming to ensure you are aware of all new

requirements and inspection locations.

- Remember to clean, drain, and dry your boat and equipment to protect your boat and the waters you enjoy!

Hotline: 888.824.6267
www.TahoeBoatInspections.com

2018 Beach Rates & Schedule

Adult (18+): \$12; Child: (6-17) \$5; Children (0-5): FREE; Fees are subject to change.

Ski Beach - Boat launching facility, picnic area, volleyball & bocce ball courts. Parking or swimming is NOT allowed at this beach.

Incline Beach - Beach area, picnic areas, snack bar and playground.

Burnt Cedar - Beach area, heated outdoor swimming pool, picnic areas, snack bar and playground.

Preferred Parking

As part of the IVGID Community Appreciation Program, free preferred parking will be offered at Incline and Burnt Cedar Beaches for valid IVGID Picture Pass & Punch Card holders only from 8 am to 3pm during the following:

Incline Beach

Fridays - Sundays beginning the last weekend in June through the 2nd weekend in August.

Burnt Cedar Beach

Fridays - Sundays beginning the third weekend in July through 2nd weekend in August.

July 4th at Incline Village Beaches— Know Before You Go!

Ski Beach & Incline Beach Gates

There will be no cash or credit card transactions on the 4th of July at Ski Beach and Incline Beach. If you are entering Ski Beach and Incline Beach on July 4th, you must present one of the following:

- Valid IVGID Picture Pass with Beach Access
- Valid IVGID Recreation Punch Card
- Pre-purchased Daily Adult or Youth Beach Access Ticket
- Or show your wristband

On July 4th Only!

To purchase wristbands, visit Aspen Grove or the Recreation Center. All forms of payment are accepted at these locations on July 4th.

Holiday Pricing (July 1-4, 2018)

- Adult (18+): \$15
- Child (6-17): \$6
- Children (0-5): Free
- Boat Launching: \$21
- Picture Pass Holder: FREE
- Pre-purchase your Daily Beach Ticket and receive the regular pricing.

Beach Hours on July 4th

Incline Beach, Ski Beach and Burnt Cedar Beach gates will be staffed from 6am to 10pm.

Make sure your IVGID Picture Passes are valid

Please don't wait until July 4th to update or acquire your IVGID Picture Pass or purchase Daily Beach Tickets. You can buy July 4th Daily Beach Adult or Youth Tickets at the Recreation Center now.

Do you know about Exchange Passes?

You can exchange the value from your punch cards to Daily Beach Tickets! Ask for more details about this option at the Parks & Recreation Counter. No refunds on daily exchange beach passes.

Punch Cards

Recreation Punch Cards can be renewed online by visiting: www.inclinerecreation.com, click IVGID Passes & Punch Cards button in the center of the home page.

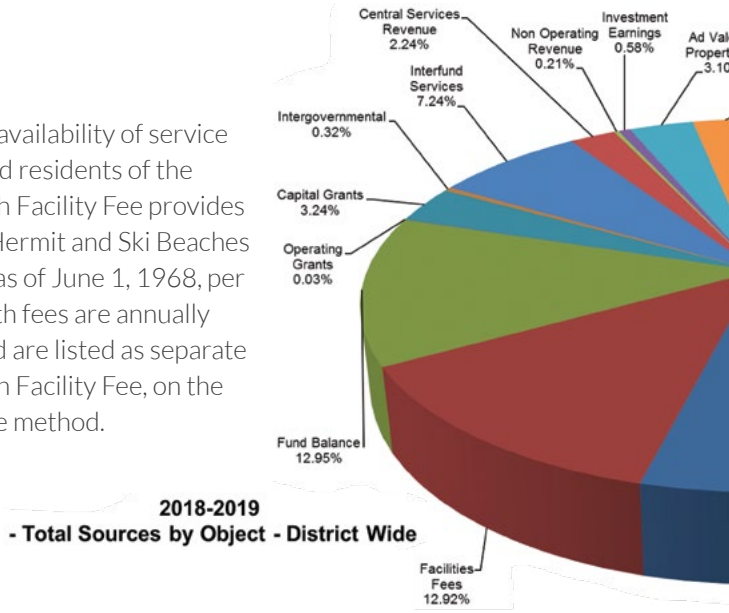

You may also visit the Parks & Recreation Counter located inside the Incline Recreation Center to renew your IVGID Recreation Picture Passes or Punch Cards to prevent any issues at the beach gates.

Access to all Incline Village Beaches is restricted to valid IVGID Beach Access Picture Pass holders and their guests only.

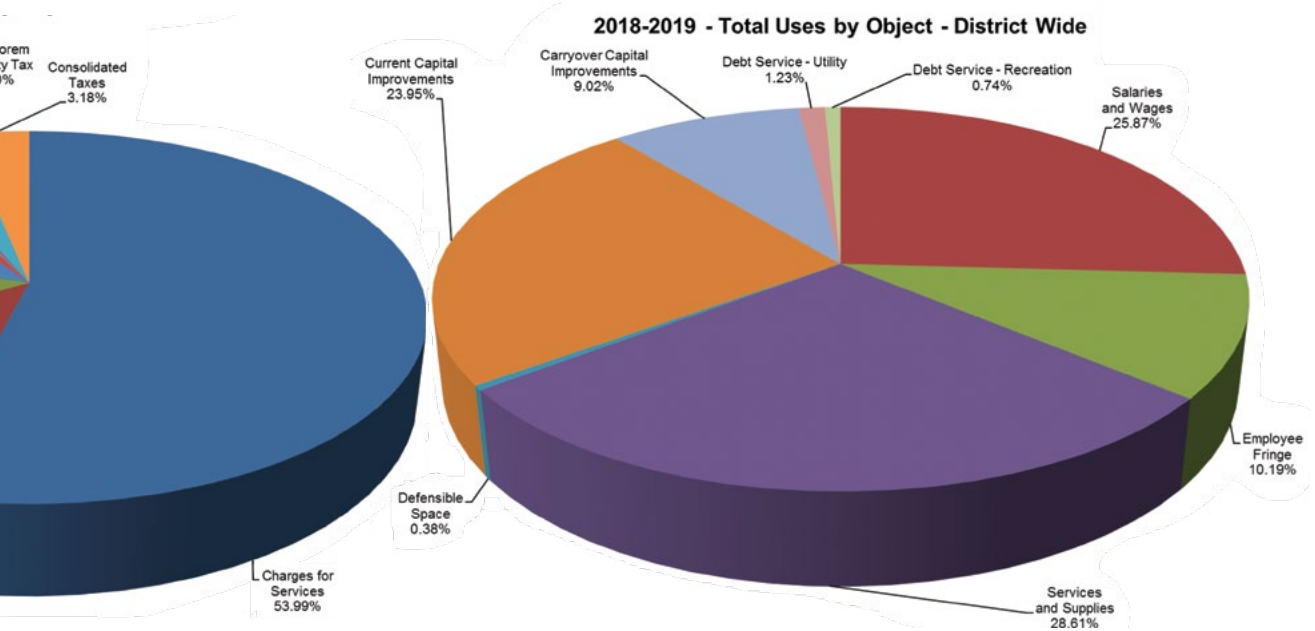

FACILITY FEES

Your Recreation Facility Fee is used to provide an availability of service for recreational amenities to the parcel owners and residents of the Incline Village/Crystal Bay Community. Your Beach Facility Fee provides an availability of service for Burnt Cedar, Incline, Hermit and Ski Beaches and is assessed only to parcels within the District as of June 1, 1968, per deed restrictions listed on the beach property. Both fees are annually billed on the Washoe County property tax bills and are listed as separate items. Billing the Recreation Facility Fee and Beach Facility Fee, on the Washoe County property tax bill, is a cost effective method.

This is an excerpt from the 2018-2019 Annual Budget. To review the entire budget, go to: www.ivgid.org, click on Financial Transparency.

ANNUAL BUDGET CHARTS

The District utilizes two primary measures for its sources and uses. One is the Fund or Function, which indicates the area of service, and the other is objects, which indicates the type of transaction. In 2015, the District began tracking carryover capital projects that use previously funded resources held in fund balance as we move from one fiscal year to another. For further details on District finances, refer to the website, yourtahoepalace.com under Financial Transparency. The following information is an excerpt from the May 23, 2018 Board of Trustees packet. This information is subject to change.

STRATEGIC PLAN

This is an excerpt of the Incline Village General Improvement District Strategic Plan approved by the board on May 3, 2018. This plan provides direction and a planned pursuit of the mission, vision, values, long range principles, objectives and actions of the District, effective July 1, 2018 through June 30, 2020. For the full version of the District's Strategic Plan, go to www.IVGID.org, click on resources, District Strategic Plan.

This plan reflects the District's desire to become more strategic and less tactical as the next logical step in the organization's life cycle and planning evolution.

Strategic Planning is a systematic approach to defining longer-term principles and identifying the means to achieve them. It provides the District with the ability to channel resources in a direction that yields the greatest benefit to residents, constituents and guests.

The intent of the plan is to identify long-range principles that align activities of the District to the strategy of the District. It provides a framework to ensure that a balanced approach toward addressing objectives of District residents, finances, internal processes and learning and growth of employees is integrated into the plan.

The strategic planning process enables the District to plan and execute continuous improvements throughout the organization.

LONG RANGE PRINCIPLES

Long Range Principle #1

Resources and Environment

Initiating and maintaining effective practices of environmental sustainability for a healthy environment, a strong community and a lasting legacy.

- Promote and protect Lake Tahoe and other sources in the Basin as viable sources of drinking water. Promote responsible use of water as a valuable natural resource.
- Develop, implement and maintain an effective watershed control program in order to satisfy recommendations in watershed sanitary surveys, advocate for the protection of Lake Tahoe as a viable source of drinking water and to satisfy additional state and federal requirements.

- Encourage integrated regional strategies for the planning, design, construction and implementation of water system infrastructure for fire suppression.

Long Range Principle #2

Finance

The District will ensure fiscal responsibility and sustainability of service capacities by maintaining effective financial policies for operating budgets, fund balances, capital improvement and debt management.

- Adhere to Government Generally Accepted Accounting Principles.
- Comply with State and Federal regulations.
- Maintain Performance Measurement.
- Report results and demonstrate value.
- Develop and maintain a long-term plan to sustain financial resources.

Long Range Principle #3

Workforce

Attract, maintain and retain a highly qualified, motivated and productive workforce to meet the needs of District venues:

- Staff will evaluate open position job descriptions, for need to fill, level of and related compensation for the position.
- Re-evaluate, during the budget process, the optimum level of Staff and related total compensation, necessary to each department based on industry standard and levels of service.
- Comply with State and Federal regulations.
- Continue to provide a safe environment and continue to strive for low workers compensation incidents.
- Identify individuals for retention and growth for management succession within the District.
- Work with Staff to improve employee engagement

and culture through focused performance management goals, engagement participation and incentives.

Long Range Principle #4

Service

The District will provide superior quality service and value to its customers considering responsible use of District resources and assets.

- Provide well defined customer centric service levels consistent with community expectations.
- Apply Performance Management to meet or exceed established venue customer service levels.
- Utilize best practice standards for delivery of services.
- Commit to evaluate customer loyalty/satisfaction to demonstrate the value of results.
- Maintain customer service training for new, returning and existing employees.

Long Range Principle #5

Assets and Infrastructure

The District will practice perpetual asset renewal, replacement and improvement to provide safe and superior long term utility services and recreation activities.

- Maintain, renew, expand and enhance District infrastructure to meet the capacity needs and desires of the community for future generations.
- Maintain, procure and construct District assets to ensure safe and accessible operations for the public and the District's workforce.
- Maintain current Community Service and Public Works Master Plans.
- Maintain a 5-Year and 20-Year Capital Improvement Plan.
- Conduct planning and design, in advance of undertaking projects or procurement, to ensure new District assets meet operational requirements and enhance the customer experience.

- Maintain an asset management program leveraging technology, as appropriate by venue/division, to ensure timely and efficient asset maintenance.
- Comply with regulatory requirements and industry standards.

Long Range Principle #6

Communication

The District will engage, interact and educate to promote understanding of the programs, activities, services, and ongoing affairs.

- Promote transparency in all areas including finance, operations and public meetings.
- Provide clear, concise and timely information in multiple, publicly accessible formats.
- Ensure that both internal and external communication is responsive, comprehensive and inclusive.

INCLINE FLUME TRAIL IMPROVEMENTS

You may have noticed some improvements on the Incline Flume Trail. Last summer, volunteers put in more than 1,200 hours widening the trail, building rock bridges across stream crossings, and other general improvements.

Major trail work has begun for this season that will greatly improve the trail. It will also cause a section of the trail to be closed for short periods of time during work hours. The U.S. Forest Service, Lake Tahoe Basin Management Unit in partnership with the Tahoe Fund, Nevada Recreational Trails Program and American Conservation Experience began major reconstruction of a failed segment of the trail in late May and will continue through the month of June. This project is an important final step towards bringing this historic resource up to current trail management standards for public use, and ensuring environmental sustainability of the area.

Implementation of this final phase involves installation of several sections of retaining wall needed to stabilize the slope below the

trail, and creating an improved trail bench across a steeply sloped bedrock hillside for public safety. These improvements will occur during normal business hours each week until completed. Limited trail closures within the construction area with delays of up to 20 minutes are possible to ensure

public safety during construction activities. The area is about 3 miles from the Mt. Rose Highway trailhead. Signs will be posted.

Thank you in advance for your patience as we work to improve this trail. For more information, go to www.tahoefund.org

STATE ROUTE 28 SHARED USE PATH, SAFETY & WATER QUALITY IMPROVEMENT

Construction along State Route 28 is well underway for the 2018 summer season. Granite Construction has begun work on installing one of three pedestrian bridges. The first bridge to be installed will be the longest, 780 feet in length, located south of Hidden Beach. The bridgework includes drilling of micro piles that support the bridge structure; final surveying of their exact locations; and fabrication of the steel and fiberglass bridge decks that will rest on these micro piles. Additionally, Granite will be building two smaller bridges over Bompland Creek just north of Memorial Point and Tunnel Creek near Hidden Beach. This segment between Hidden Beach and Bompland Creek, just north of Memorial Point, is where you will find traffic control and a single lane closure for the majority of this construction season.

Granite Construction is also conducting a series of digging in order to install soil nails in a sequence of 5 ft. lifts or levels as they dig. These soil nails will tie back the sculpted structural wall into the hillside, which will allow the Tahoe East Shore Shared Use Path to circle down, under the highway, providing safe access to the shoreline. Along with the sculpted structural wall, other major construction items include a new restroom and a vista point in the Hidden Beach area. Stay tuned! The pedestrian tunnel will not be open to the public until the construction is complete, but they are making progress.

Granite Construction continues to work on constructing the wall structure and the shared-use path located on the corner of Lakeshore Blvd and State Route 28, across from the Granite Construction job shack. This work also includes

the installation of boxes and fiber optic conduit in the State Route 28. The fiber optic conduit installation in the northbound lane continues from Incline Village to just south of Chimney Beach. These areas will have traffic control and a single lane closure until each segment is complete.

The masonry crew will begin working in June to finish the remaining vista points this summer. Their work includes splitting the granite rock and forming the vista seat walls, which is truly a work of art. These vistas, provided by donors to the Tahoe Fund, will be wonderful areas to sit and enjoy the Lake.

Donations for the Tahoe East Shore Trail are still being accepted by the Tahoe Fund. All donations of \$100 or more will be featured on the donor wall at the start of the path. Larger recognition opportunities are also available. Engraved bears will line the start of the path and engraved trout will adorn the bridges. For more information, please visit tahoefund.org or email hballinger.org.

DIAMOND PEAK CULVERT REPAIR

Within the Diamond Peak base area, Incline Creek is contained within a buried 72-inch diameter corrugated metal pipe (CMP) culvert running approximately 1,800-feet from just above the upper parking lot to just below the Schoolhouse Lift loading area. Additionally, there is a smaller 24 to 36-inch CMP branch culvert carrying tributary flows approximately 4,000-feet from mid-way up the Spillway run down the Lodgepole run, and past the Diamond Peak Skier Services Building where it intersects with the 72-inch CMP. These culverts were installed by Boise Cascade in the 1960s to facilitate the construction of the base area of Ski Incline (now called Diamond Peak). Along with Diamond Peak, the culverts are now owned by the District and the District is solely responsible for the maintenance and upkeep. The District has no as-built information or engineering drawings regarding the design, construction, alignment, or planned life expectancy of the culverts.

During the construction of the Diamond Peak Skier Services Building in 2010, the culvert was encountered in multiple locations. A brief field inspection of the interior of the culvert identified areas where spot corrosion had eaten through the entire culvert wall. Subsequent video inspections determined large sections of both the 72-inch CMP and the lower portions of the branch culvert had signs of structural deficiencies and must be rehabilitated. Starting in 2011, the District began planning and design of a multi-year capital improvement project to rehabilitate the 1,800-feet of 72-inch culvert along with the failing lower sections of the branch culvert.

This multi-year effort included condition assessment, hydrology assessment and watershed modeling,

engineering analysis, engineering design, and construction cost estimating to develop a project approach to address these aging and failing District assets. In the summer of 2016, the District utilized newly available LiDAR (light detection and ranging) technology and high definition video to conduct a comprehensive assessment of the 72-inch and 36-inch CMPs and develop a 3D model of the pipe interiors to inform the final design approach and selected construction methodologies.

In June 2017, Diamond Peak experienced heavy run-off from the near record snowpack which caused areas of significant surface erosion throughout the lower mountain and damaged portions of the branch culvert beneath the Lodgepole run. Leveraging the engineering and condition assessment data completed to date, the District was able to rapidly develop a design, procure the necessary permits, and complete replacement of approximately 2,065-feet of the branch culvert. Additionally, District Staff worked with the Federal Emergency Management Agency (FEMA) to qualify the repair work for 75% federal reimbursement. Approximately 1,500-feet of upper branch culvert, running along the Spillway run, was unaffected by the run-off and condition inspections indicate this portion remains in a reliable and serviceable condition.

At the December 13, 2017 meeting of the IVGID Board of Trustees, District Staff presented a comprehensive report on the status of the Diamond Peak culverts that detailed the final condition assessment findings, the designed improvements, and recommended utilizing the Construction Manager at Risk (CMAR) contracting method to deliver the construction phase of the project. CMAR, as allowed

under Nevada Revised Statute 338.169, is a hybrid contracting method that includes bidding, design, and construction with Owner, Designer, and Contractor working collaboratively to reach a constructible and cost effective approach. CMAR has been successfully utilized by numerous agencies throughout the State of Nevada to reduce risk, schedule, and costs on projects with a high degree of complexity.

At the February 7, 2018 meeting, the IVGID Board of Trustees awarded a competitively bid CMAR contract to Q&D Construction to complete preconstruction services. Under this contract, Q&D Construction worked with District Staff, the Engineer of Record, CH2M, and the onsite construction oversight representative, Tri Sage Consulting, to develop, estimate, and provide design input for the replacement and rehabilitation of the entire length of 72-inch CMP and the remaining un-replaced lower portions of 36-inch CMP in the Diamond Peak base area (totaling approximately 400-linear feet). Q&D Construction was also responsible for the public, competitive bidding of any subcontracts associated with completing the work.

The CMAR preconstruction phase culminated in the open book development of a guaranteed maximum price contract with Q&D Construction to complete construction of the project in the summer and fall of 2018. This contract was awarded at the IVGID Board of Trustees at the May 23, 2018 meeting. The project is anticipated to take approximately 80 working days to complete. The work will begin in early July and be completed by the October 15th TRPA grading deadline. The project will be completed utilizing a mix of open trench installation and innovative pipe slip-lining techniques.

After 7 years of extensive planning and design, this summer we will see a flurry of construction activity at Diamond Peak to ensure the culverts running through the base area are safe and functional for generations to come.

Inquiries about this project can be directed to the District's Director of Asset Management, Bradley A. Johnson, P.E. who can be reached at baj@ivgid.org

GROUP RENTAL FACILITIES

Recreation Center, Beach Picnic Areas and Fields

980 Incline Way,
Incline Village, NV 89451
775.832.1310
inclinerecreation.com

If you are looking for a place to hold a social, sporting or special event in Incline Village, we have several venues available. The Recreation Center offers year round facilities for indoor events with amenities that include a lobby for birthday parties, indoor gymnasium and indoor pool. Incline and Burnt Cedar beaches have several Group Picnic areas available to beach access pass holders to reserve for spring or summer events. The designated beach sites include barbecue grills and tables offering you and your friends an area to picnic and enjoy the beach. Two sites are available at Burnt Cedar and two at Incline Beach. These sites can only be reserved with a valid IVGID Picture Pass with beach access. Each guest is still responsible for beach access fees. There

is one site available at Preston Park which is perfect for a family gathering or your child's birthday party and can be reserved by both IVGID pass holders & non pass holders

In addition, Village Green, Preston Field and Incline Park offer wide open spaces for activities and have multi-use fields for your soccer, softball and baseball needs. These sites are available to both IVGID pass holders & non pass holders. Reservations for all sites are taken on a first-come, first-served basis at the Parks & Recreation Department Counter. Payment is required with your application.

DISC GOLF COURSE

The North Tahoe Lions Club Disc Golf course includes 18 par 3 holes in a picturesque setting located within Incline Park adjacent to the Tennis Center, Recreation Center, Skateboard Park and the Ball Fields. This is a free multi-use area to be enjoyed by all ages. The Disc Golf Course was created through a partnership between the Incline Village Parks & Recreation Department and the Incline

Tahoe Foundation with generous community donations. Parking is available at the Recreation Center at 980 Incline Way. Parking is not permitted at the Tennis Center. The 1st hole is located on the west side of the Recreation Center entrance road. Discs are available for purchase or rent at the Recreation Center.

SKATE PARK

Hwy 28 & Southwood Blvd.,
Incline Village, NV 89451
775.832.1310

Incline Skate Park, centrally located on the corner of Tahoe Blvd (Hwy 28) and Southwood Blvd. in Incline Park, has something to offer everyone. There is an intermediate/ advanced section of the park consisting of two 5-foot side-by-side bowls connected with a spine. In the middle of the park is a 3-foot tall fun box, and the entire right side of the small end is a 2.5-foot tall bowl for beginners. The street course is laid out on top, flowing in a circle with an 8-foot long flat rail, 6-foot long down rail, a set of 4 stairs, and a 10-foot long downward ramp leading into the bowls.

TENNIS CENTER

964 Incline Way,
Incline Village, NV 89451
775.832.1235 | inclinetenis.com

The Incline Village Tennis Center, located next to the Recreation Center, offers 10 tennis and 8 pickleball courts in a picturesque alpine setting along a year-round creek. Available in the pro shop is a full line of Babolat and Head racquets, pickleball paddles, other tennis products, as well as the newest apparel and shoes from Nike. Racquet stringing is available by our staff. A wide variety of synthetic and natural gut string is available.

FITNESS TRAIL

The Incline Village Fitness Trail (previously known as the Exercourse) is an 18-station exercise course adjacent to the Village Green. The .8 mile course winds through the forest next to Incline Creek. The course contains accessible walking, running, snowshoeing, biking and exercise trails, and is used by many residents and visitors year-round. The Fitness Trail was updated in partnership with the Incline Tahoe Foundation and community funds.

CHAMPIONSHIP & MOUNTAIN GOLF COURSES

955 Fairway Blvd. & 690 Wilson Way, Incline Village, NV 89451
775.832.1146 | golfIncline.com

The Incline Village Golf Courses offer complete facilities to meet your golfing needs. Our facilities include two 18-hole golf courses, driving range, putting and chipping greens, food and beverage and special event facilities. The golf shops are stocked with full lines of men's, ladies' and kids' apparel as well as the top club, golf ball products and shoes. PGA teaching professionals are available for private and group instruction. Incline Village and Crystal Bay Residents with a valid IVGID Picture Pass can receive a discount on green fees, passes and most merchandise at the golf shop.

THE CHATEAU AT INCLINE VILLAGE™

955 Fairway Blvd.,
Incline Village, NV 89451
775.832.1240
InclineWeddings.com

The Chateau at Incline Village™ features classic Tahoe stone and timber construction with a modern edge. This 13,500 square foot venue has vaulted timber ceilings, massive stone pillars, a spacious covered deck and offers expansive views of the mountains, the Championship Golf Course and Lake Tahoe. It is beautiful, multi-functional and flexible. It is the perfect venue for large or small wedding ceremonies, receptions, meetings, golf events, and parties. You dream up the event and we'll make it happen! Our professional Food & Beverage team provides great food, outstanding service and a wonderful experience.

INCLINE VILLAGE FACILITIES

ASPEN GROVE

980 Lakeshore Drive,
Incline Village, NV 89451
775.832.1240
InclineWeddings.com

Named for its beautiful location, Aspen Grove is located across the street from the stunning Lake Tahoe beaches and nestled among the Aspen trees next to tranquil Third Creek. Outdoor amenities include picnic tables and a huge barbeque grill. The outdoor area can accommodate up to 150 guests; inside can comfortably seat up to 50 guests. Catering and bartending services are available through our outstanding professional food service team for your convenience. With its stunning mountain and forest views, Aspen Grove is one of the most affordable venues on the North Shore and perfect location for spring, summer and fall events.

DIAMOND PEAK SKI RESORT

1210 Ski Way,
Incline Village, NV 89451
775.832.1177 | diamondpeak.com

Diamond Peak is the ultimate family and kid-friendly ski resort featuring spectacular Lake Tahoe views, uncrowded terrain and affordable lift tickets with a laid-back atmosphere. Learn to ski or snowboard or improve by taking a group or private lesson. The Child Ski Center (ages 3-6) offers both one-on-one private instruction and small group lessons (ages 4-6) with no more than five children per instructor. The Ski and Snowboard School is known for the popular Sierra Scout All day Adventure Package for ages 7-14 that includes morning and afternoon group lessons, rental equipment, lift ticket and a supervised lunch. Families can also take a Private "Family and Friends" Lesson special if they want to learn together.

Group rates are available for lift tickets and you can rent the Fireside Room or book a private Last Tracks for parties or corporate events.

THE ROBERT & ROBIN HOLMAN FAMILY BIKE PARK

980 Incline Way
Incline Village, NV 89451
inclinerecreation.com

The Incline Village Parks & Recreation, the Incline Tahoe Foundation, and Incline Bike Project are pleased to announce the opening of phase 1 of the Robert & Robin Holman Family Community Bike Park. This park offers a pump track; beginner and intermediate flow lines, and was funded through generous donations by community members and in large part by a grant from the Holman Family Philanthropies Fund held at Parasol Tahoe Community Foundation.

The Incline Bike Park Project's mission is to provide a free-to-use bike park facility that welcomes all ages and skill levels to a safe, outdoor, healthy, family friendly community-gathering venue.
