WELCOME MESSAGE FROM DARREN HOWARD

The summer season is here and all of our IVGID Summer venues are prepared and ready for what should be a very busy season. Now that restrictions have been lifted, all of our venues are operating at full capacity, and life as we once knew it is now mostly back to normal.

The golf courses began the season in incredible condition thanks to the hard work Jeff Clouthier and his staff have done - especially all of the fall preparation work that leads into great conditions for the next summer. We are already experiencing heavy bookings at both golf courses, and just as a reminder, IVGID Picture Pass holders can book tee times more than two weeks out, with a pre-booking fee. Please take advantage of this, especially if you know you are going to have guests coming into town and you know they would like to play golf.

And it's not just the golf courses that are popular this summer! Many of our various clinics, camps, classes and special events are filling up (or already sold out) at all of the summer recreation venues across the District. But there are still plenty of opportunities to get outside and try something new, meet some new friends, or improve upon your skills...

Please see our website at www.yourtahoeplace.com to check out the calendars and offerings for all of our venues and review the directions on how to sign up.

Food & Beverage operations are up and running at The Chateau and the Mountain Golf Course this summer, and Chef Bill has some great new items on the menu as well as some of your old favorites. We also have a great new food & beverage partner running F&B operations at Incline and Burnt Cedar beaches this summer, and we're excited to see what new items they bring to the beach menus.

The new Burnt Cedar pool is also a big hit, with a brand-new pool and toddler pool with enhanced views of Lake Tahoe and family-friendly features. We already know this will be a very popular spot this summer, so show up early on those busy weekends and holiday dates.

Incline Village and Crystal Bay has many outdoor opportunities for those who are active and like to spend time outdoors, so plan your season accordingly and enjoy all that this region has to offer when it comes to outdoor activities.

We hope to see you out and about often this summer enjoying all of our venues and facilities and all the great programs our staff have created for our community members and guests this summer.

Keep it simple,

Darren Howard

JULY 4TH DRONE SKY SHOW TO REPLACE FIREWORKS

Incline Village and Crystal Bay will debut a new way to celebrate the 4th of July this year, with a drone 'SkyShow' lighting up the night sky in honor of the holiday. The decision was made in consideration of fire and environmental risks posed by a pyrotechnic fireworks display, shifting a longstanding tradition with an innovative new approach.

The celebration, dubbed the 'Incline Village Crystal Bay July 4th SkyShow,' is a joint effort between Incline Village Crystal Bay Visitors Bureau (IVCBVB), the Incline Village General Improvement District (IVGID), the Incline Village Crystal Bay Community & Business Association (IVCBA), the Hyatt Regency Lake Tahoe and the Parasol Tahoe Community Foundation.

"We are excited to provide a fun, safe and responsible way to celebrate Independence Day this year through our drone SkyShow," said Andy Chapman, President and CEO of IVCBVB. "We continue to work closely and collaboratively with local businesses and community stakeholders to identify opportunities that enhance the quality of life for guests and residents - from

enhanced transportation programs to events that embrace sustainability practices - and together, we determined that a drone show better aligns with our focus on environmental stewardship for the region."

The Incline Village Crystal Bay July 4th SkyShow is part of a larger 4th of July celebration planned that includes a traditional parade and various community events, in addition to two drone 'SkyShow' performances.

"Celebrating the birth of our nation is a long-held tradition and one we consider with great pride. Our collective view is that the time is now to move away from throwing lit objects into the sky and adopting a new, responsible way to celebrate this important holiday," added Chapman. "Having previewed the capabilities of our SkyShow partner Verge Aero, we are confident that the SkyShow will deliver a great viewing experience while avoiding the negative impacts associated with traditional pyrotechnic fireworks."

According to the National Fire Protection Association, fireworks start an average of 18,500 fires each year.

Other marquee events, including Super Bowl LII, have begun to adopt drone shows as an alternative to traditional fireworks displays. The change has drawn support from local fire officials and community organizations.

“The North Lake Tahoe Fire Protection District is here to protect and assist our community. With that, we support pivoting to a safer celebration program for the 4th of July holiday with the Incline Village Crystal Bay SkyShow,” said Ryan Sommers, Fire Chief of the North Lake Tahoe Fire Protection District. “As we all experienced and witnessed the effects of the Caldor Fire, we know there is no such thing as fire season, it is year-round; we need to be vigilant with our fire prevention measures not just during the summer months, but all year long.”

For their part, the Verge Aero team is excited to bring their technology to the Lake Tahoe Basin.

“Our team has decades of experience and has executed shows across the country and around the world. Our creative and beautiful show is a perfect complement to Lake Tahoe’s natural beauty and we’re thrilled to help create a fun and responsible Independence Day Celebration in Tahoe.”

More information about the Incline Village Crystal Bay July 4th SkyShow and other Independence Day activities can be found by visiting www.ivcbsskyshow.org

Where To View the Sky Show
The SkyShow will be visible from the Ridgeline Park Ball Fields (Incline Park) and surrounding neighborhoods with a unobstructed view of the fields. The SkyShow will likely not be visible from the Incline Village beaches.

4TH OF JULY WEEKEND HIGHLIGHTS

Local Heroes is the annual theme for the 4th of July celebration in Incline Village. It seems particularly fitting to honor our veterans and active military service members as we celebrate our nation’s birthday. You will find many events in their honor on July 2-4.

Local Heroes also allows us to celebrate those people who are everyday heroes in our lives: firefighters, peace officers, health care workers, teachers, community workers and yes, our parents. Enjoy the festivities and remember what we are celebrating.

TRANSIT UPDATE

ATTENTION
TAHOE: LEAVE
YOUR CAR
BEHIND

A collaborative campaign to encourage people to get out of their cars and use public transportation is underway in Tahoe. As parking and traffic woes continue to face all in Incline Village & Crystal Bay, a series of fun and engaging social media graphics are aiming to inspire all to leave their car behind and turn to public transportation as a viable option to get around this summer.

As the East Shore Express, TART Connect, RTC, and TART resume their summer schedules, Tahoe Transportation District is spearheading a new #TahoeTahoeTransit campaign.

Residents, businesses and influencers in the region are invited to participate in the campaign and download the social media toolkit, reshare and use the hashtag #TakeTahoeTransit when they ride the bus this year. For more information, visit TakeTahoeTransit.org.

COME SEE THE NEW BURNT CEDAR SWIMMING POOL!

A 2021 Capital Improvement and Board of Trustees Priority Project, the Burnt Cedar Swimming Pool Improvements Project is now complete, and the brand-new Burnt Cedar Pool is available for the community to enjoy.

The project reconstructed the two existing pools (full size and toddler) at Burnt Cedar Beach, which were originally constructed in 1968. The new pool is wider to accommodate an additional 6th swim lane, and most-notably, the orientation of the pool has been modified to showcase the site's incredible Tahoe views.

Kids are sure to spend hours enjoying the pool slide, and the wading pool will be very popular with its new fun water feature. The renovations will provide a modern, quality facility for Incline Village that also includes a raised terrace for dining and a new pedestrian path connecting the west parking area to the sandy beach and picnic areas.

We'd like to thank all of those community members who were able to join us at the Grand Opening ceremony held

in late June (after this magazine went to press, or else we'd have a few photos from the ceremony here), and if you haven't yet been down to check out all the changes, we welcome you to come see what's new!

2022 ORDINANCE 7 REVISIONS

A Brief History of Recreation Privileges (IVGID Ordinance 7)

In 1965, Washoe County added public recreation to IVGID’s powers. In 1968, IVGID issued \$2,685,000 in revenue bonds for the acquisition of Burnt Cedar and Incline Beaches (\$2.1 million) with the balance to be used to pay the first year’s interest, establish a bond reserve fund, and pay the costs incurred in connection with the issuance of the bonds.

Since that time, updates have been made to the policies that govern recreation privileges and beach access for parcel owners, tenants, occupants of motels and hotels, and guests. View of a summary of these revisions through the years at <https://bit.ly/ord7history>.

The District General Manager’s Committee On Ordinance 7

One of the concerns of Incline Village parcel owners is that IVGID’s restricted-access beaches have become overcrowded at times, especially during peak summer. To address this and the District’s safety and operational concerns of increasing beach utilization, the District’s General Manager developed and implemented a District General Manager’s Committee on Ordinance 7 (the Committee), and furthermore asked the Committee to discuss potential revisions to Ordinance 7 related to maintaining the IVGID restricted-access beaches for the recreational use and benefit of the parcel owners and their tenants, and as the Board of Trustees may determine, the guests of such property owners, as stated in the beach deed. The Committee consisted of community members, from various backgrounds, an IVGID Trustee as well as applicable Staff. Additionally, at the recommendation of the Committee, and upon approval by the Board of Trustees, IVGID hired outside special legal counsel to review recommendations for revisions, serve as a guiding resource for the Board of Trustees during deliberation over the potential revisions to Ordinance 7, as well related policies and historical practices.

The Committee began meeting in September 2020. The primary focus was on beach utilization, commercial operations, guest access, and, most importantly, to remain in compliance with the beach deed. During the first few months, the Committee reviewed and discussed a tremendous amount of historical information and data.

IVGID hosted three (3) Virtual Community Forums about the Committee’s work. All three of these virtual forums featured the same presentation by the District General Manager and the members of the Committee, followed by live questions and answers from forum participants. You can view a PDF of the presentation that was presented at each of the three forums at <https://bit.ly/ord7presentation>.

To get a better understanding of the community’s thoughts and concerns around Recreation Privileges and Ordinance 7, the District conducted a community survey, open to Incline Village and Crystal Bay parcel owners from June 30, 2021 to July 27, 2021. Over 2,200 responses were collected and authenticated during that process. The full results can be found on the District General Manager’s Committee on Ordinance 7 webpage: <https://bit.ly/ord7committee>. The community’s feedback was evaluated by the Committee and incorporated into the recommendations to the IVGID Board of Trustees.

The Committee wrapped up their final recommendations for the IVGID Board of Trustees in April 2022. You can find links to all of the meeting agendas and minutes from the Committee at the link above.

The District General Manger presented the recommendations formulated by the Committee at the April 13, 2022 IVGID Board of Trustees meeting and subsequently set a public hearing for potential adoption of revisions to Ordinance 7 for May 26, 2022. The Board of Trustees continued their deliberations over the potential revisions at their April 27 and May 11, 2022 Board of Trustees meetings. After the public hearing on May 26, 2022, the Board of Trustees formally adopted revisions to amend Ordinance 7 making all revisions effective beginning June 1, 2022.

Highlights of 2022 Ordinance 7 Changes

Following are the Ordinance 7 - an Ordinance establishing rates, rules and regulations for IVGID Recreation Passes and Recreation Punch Cards by the Incline Village General Improvement District (informally known as recreation privileges) - summary of changes that are effective June 1, 2022:

1) Beach Access Privileges

- An IVGID Picture Pass Holder.
- A parcel owner, tenant, or guest holding a Recreation Punch Card Recreation Punch Card with a sufficient remaining balance on it to cover the entire cost of the guest beach access fee.
- A guest who accompanies an IVGID Picture Pass Holder at the beach gate (with a limitation as to the total number of guests per day per parcel described in 6. below).

2) Beach Fee Payment

- An IVGID Picture Pass Holder may pay for their guest(s) by credit card or by the use of a Recreation Punch Card, with a sufficient balance to cover the entire guest beach access fee(s). Cash is not accepted at the beach gates. An access fee is not charged for the IVGID Picture Pass Holder, only for

their guest(s). An IVGID Picture Pass or Recreation Punch Card must be presented at the beach gate (physical or electronic versions are permitted).

- An IVGID Recreation Punch Card holder is required to pay of the full amount of the guest beach access fee for each guest using the Recreation Punch Card. Therefore, the Recreation Punch Card must have a sufficient balance to cover all guest fees. When a Recreation Punch Card's value has been used in its entirety, it may not be reloaded. Recreation Punch Cards are non-transferable other than to the guest of a parcel owner.

3) Number of Passes Per Parcel

Each residential parcel/dwelling unit is eligible for a combination of up to 5 IVGID Picture Passes and/or Recreation Punch Cards. In addition, each residential parcel/dwelling unit is eligible to purchase up to a maximum of 5 additional passes/cards, of which a maximum of 3 additional Recreation Punch Cards (that cannot be used at the golf courses) and/or up to 3 additional IVGID Picture Passes (that cannot be used at the golf courses and cannot be used for guest access to the beaches) can be purchased for qualified family members within the Family Tree (Exhibit to the Ordinance) of the parcel owner residing at the property - it is a Picture Pass for the cardholder only. The maximum proposed number of passes per residential parcel/dwelling unit is limited to 10.

4) Occupants of Hotels/Motels

Occupants of hotels/motels: Occupants of hotels/motels shall be provided access to the beaches consistent with the terms of the Beach Deed subject to District administrative rules and regulations which shall include a verification process. This process, at a minimum, shall include payment of an occupant fee. Access shall be limited to occupants of the hotel/motel. The District has the authority to reasonably regulate access

to the beaches by occupants of hotels/ motels. The occupant fee is payable via punch card or credit card only, by the hotel/motel owner. Guest fees are approved by the Board of Trustees annually and are subject to change.

5) Watercraft Launching

Boat/Watercraft launching is for valid IVGID Picture Pass holders or Recreation Punch Card holders for recreational use of such holders, and not for commercial use. The Beach Deed does not allow for commercial use of the beaches and a third-party launching service, provided to IVGID Picture Pass or Recreation Punch Card holders, is not considered a commercial use. All guest and launch fees are to be paid either by:

- IVGID Picture Pass holders may pay by credit card or a balance remaining on the Punch Card(s).
- Recreation Punch Card Holders must pay with funds on the Punch Card(s).

6) Number of Guests Allowed

The total number of guests allowed access to each beach, by accompanying all IVGID Picture Pass holder(s) from one parcel, per day, is limited to a total of 15 guests per beach, per parcel, per day. Parties over 15 for any given parcel requires a group reservation to be approved, in advance, by IVGID's Parks & Recreation Department. The applicable guest fee will be charged to each guest at each beach.

7) Unbuildable Lots

Unbuildable lots are not eligible for recreation privileges. For the unbuildable lots with privileges as of June 1, 2022, they will be allowed to continue to be eligible for recreation privileges until such time the property is sold, transferred, or until the death of the owner(s).

8) Definition of "Guest"

"Any person invited by an Owner of a parcel with beach access to use the District-owned beaches. A property owner or its assignees, including guests, can use the beaches for recreation purposes only and

cannot sell access to the beaches or receive compensation for access to the beaches." [Reference paragraph 29 from Ordinance 7.]

9) Parcels with Multiple Owners

Any parcel/dwelling unit that is owned by multiple owners or that is held in the name of an entity (an LLC, corporation, etc.), must designate, on an annual basis, one person to authorize the issuance of recreation privileges for the parcel.

10) Other Important Changes

- Stronger sanctions for misconduct, which can include suspension of Recreation Privileges for up to two (2) years.
- A more detailed list of activities that constitute misconduct.
- Specific requirements for parcel owners to be responsible for the actions and damage caused by their tenants and guests.
- Recreation Punch Cards are proposed to only be transferable to a tenant or a guest of the parcel owner to whom the Recreation Punch Card has been issued and cannot be given to other owners for their guests.
- The Family Tree has been updated to add registered Domestic Partners and their children.
- There is a requirement that all Picture Pass holders under the age of 18 must obtain an updated photo every three (3) years. This is to ensure the IVGID Picture Pass holder is recognizable.
- Daily use and/or exchange passes are eliminated.
- The ordinance itself is undergoing updating to reflect all the changes made. It will be posted in accordance with Paragraph 4 of the ordinance as well as in multiple places of the District's website. Should any person request a copy of the ordinance, please have them send an e-mail to info@ivgid.org so as to request a copy of the ordinance be emailed to them once it is finalized. Putting "Ordinance 7" in the subject line would be appreciated.

BEACHES & WATERCRAFT INFORMATION

The four IVGID-managed beaches - Ski Beach, Incline Beach, Burnt Cedar Beach, and Hermit Beach - are located on Lakeshore Drive between the Hyatt Regency Lake Tahoe Resort and State Route 28.

Incline Beach

967 Lakeshore Blvd.

Incline Beach has a nice sandy beach and swimming area if you need to jump in the water to cool off. There are several picnic areas, a playground, a non-motorized watercraft concession provided by Lake Tahoe Water Sports, and a snack bar and full-service outdoor bar provided by Incline Spirits that offer a selection of tasty food and drink options, plus cocktail service during the summer months.

Ski Beach

967 Lakeshore Blvd.

Ski Beach has a boat launching facility, picnic areas, two volleyball courts and a bocce ball court. A creek runs through Ski Beach with lush grassy areas and trees to provide leisurely shady walks.

Hermit Beach

967 Lakeshore Blvd.

Hermit Beach is the name of the small beach on the east side of Incline Creek, next to the Hyatt Regency Lake Tahoe and where the kayak/paddleboard/canoe storage racks are located.

Burnt Cedar Beach

665 Lakeshore Blvd.

Burnt Cedar offers a newly renovated outdoor pool with waterslide and an adjacent toddler pool, a small sandy beach with a protected swimming cove, a large grassy point with benches, playground, non-motorized watercraft concession provided by Lake Tahoe Water Sports, and multiple barbecue and group picnic areas. The snack bar and full-service outdoor bar provided by Incline Spirits offers a selection of tasty food and drink options, with cocktail servers offering beach-side service.

More Information

Pool hours are posted on our website and paper copies can be picked up at the Recreation Center or the Burnt Cedar Beach gate. Beach hours are from dawn until dusk. Incline Village beaches are restricted-access - please refer to www.inclinerecreation.com for rules and

access restrictions*. For an additional fee, boat ramp access at Ski Beach is available (see www.inclinerecreation.com for details).

For group picnic area reservations and other IVGID facility rental information, please call 775.832.1310.

Watercraft Launch Passes

Daily watercraft launch passes for boats and jet skis are available to valid IVGID Picture Pass and Recreation Punch Card holders with beach access at Ski Beach.

Annual Watercraft Launch Pass

To purchase an annual pass (valid from May 1, 2022 - April 30, 2023) please go to the Parks & Recreation Department Counter or the Ski Beach gate. Bring your valid IVGID Picture Pass with beach access, current vessel registration in your name, current driver's license and complete an application. Please call 775.832.1310 for more information.

Be aware that based on fluctuating water levels these launch restrictions are subject to change, and the 2022 boat launching season may be limited.

For watercraft rules and regulations, please search for "Boat Launching & Watercraft Information" on www.inclinerecreation.com.

Tennis & Pickleball Center

WELCOME LETTER FROM BASIA PHILLIPS

Welcome back to another season of fun and competition at the Incline Village Tennis & Pickleball Center, as we continue to expand our programs to accommodate the traditional and the new; the serious and carefree; and the gregarious and reclusive among us.

It is summer - the time of year we can finally use tennis balls for their actual intended use (perhaps at the expense of our playful dogs, our therapy for foot ailments, and sliders for recuperating skiers' walkers). Here at the Tennis & Pickleball Center, we're ready to help anyone get back into shape with drop-in play opportunities as well as with clinics directed by our professional staff.

We've made some big improvements to the facility over the past year, including some nice outdoor furniture on our new deck so we may mingle and get reacquainted. If you haven't been by the Tennis & Pickleball Center in a while, please come check out what's new!

We are happy to welcome back many of our staff from last year, and also thrilled to introduce a new teaching pro to our staff, Sylvain Malroux, who will teach both tennis and pickleball clinics. Our intentions are to go beyond tennis and pickleball to create

an atmosphere that promotes friendly competition, novice players, junior leagues, ongoing education, social mixers, and simply an environment for locals and newcomers to meet old friends and make new ones.

So I hope you'll stop by to say hello and register for any programs or clinics that will get you out on the courts this summer.

See you soon,

Basia Phillips

Basia Phillips,
Tennis & Pickleball Center Supervisor

WELCOME SYLVAIN MALROUX

New this summer is Teaching Pro Sylvain Malroux, who brings expertise in both tennis and pickleball to the staff of the Incline Village Tennis & Pickleball Center.

Sylvain recently wrapped up his seventh season as Head Coach for the UNR men's tennis program, winning Mountain West Conference Coach of the Year honors while guiding the team

to its first Mountain West title and qualifying for the NCAA Tournament for the first time ever. Under Malroux's guidance, the men's team had four players earn All-Mountain West honors in 2022.

Prior to coaching the men's team, Sylvain was the Nevada women's tennis head coach from 2006-11, after which he spent time coaching the San José State Spartan's women's team from 2011-15 (taking them to the NCAA Tournament for the first time ever as well), before returning to coach the Wolf Pack men's tennis team in 2015. Sylvain began his coaching career in the U.S. as an assistant coach at Clemson University (which made two Final Four appearances), and was named the ITA Division I Southeast Region Assistant Coach of the Year in 2003 and 2004. He has also been coaching tennis in the French federation, running many different academies and tennis clubs in France and the U.S.

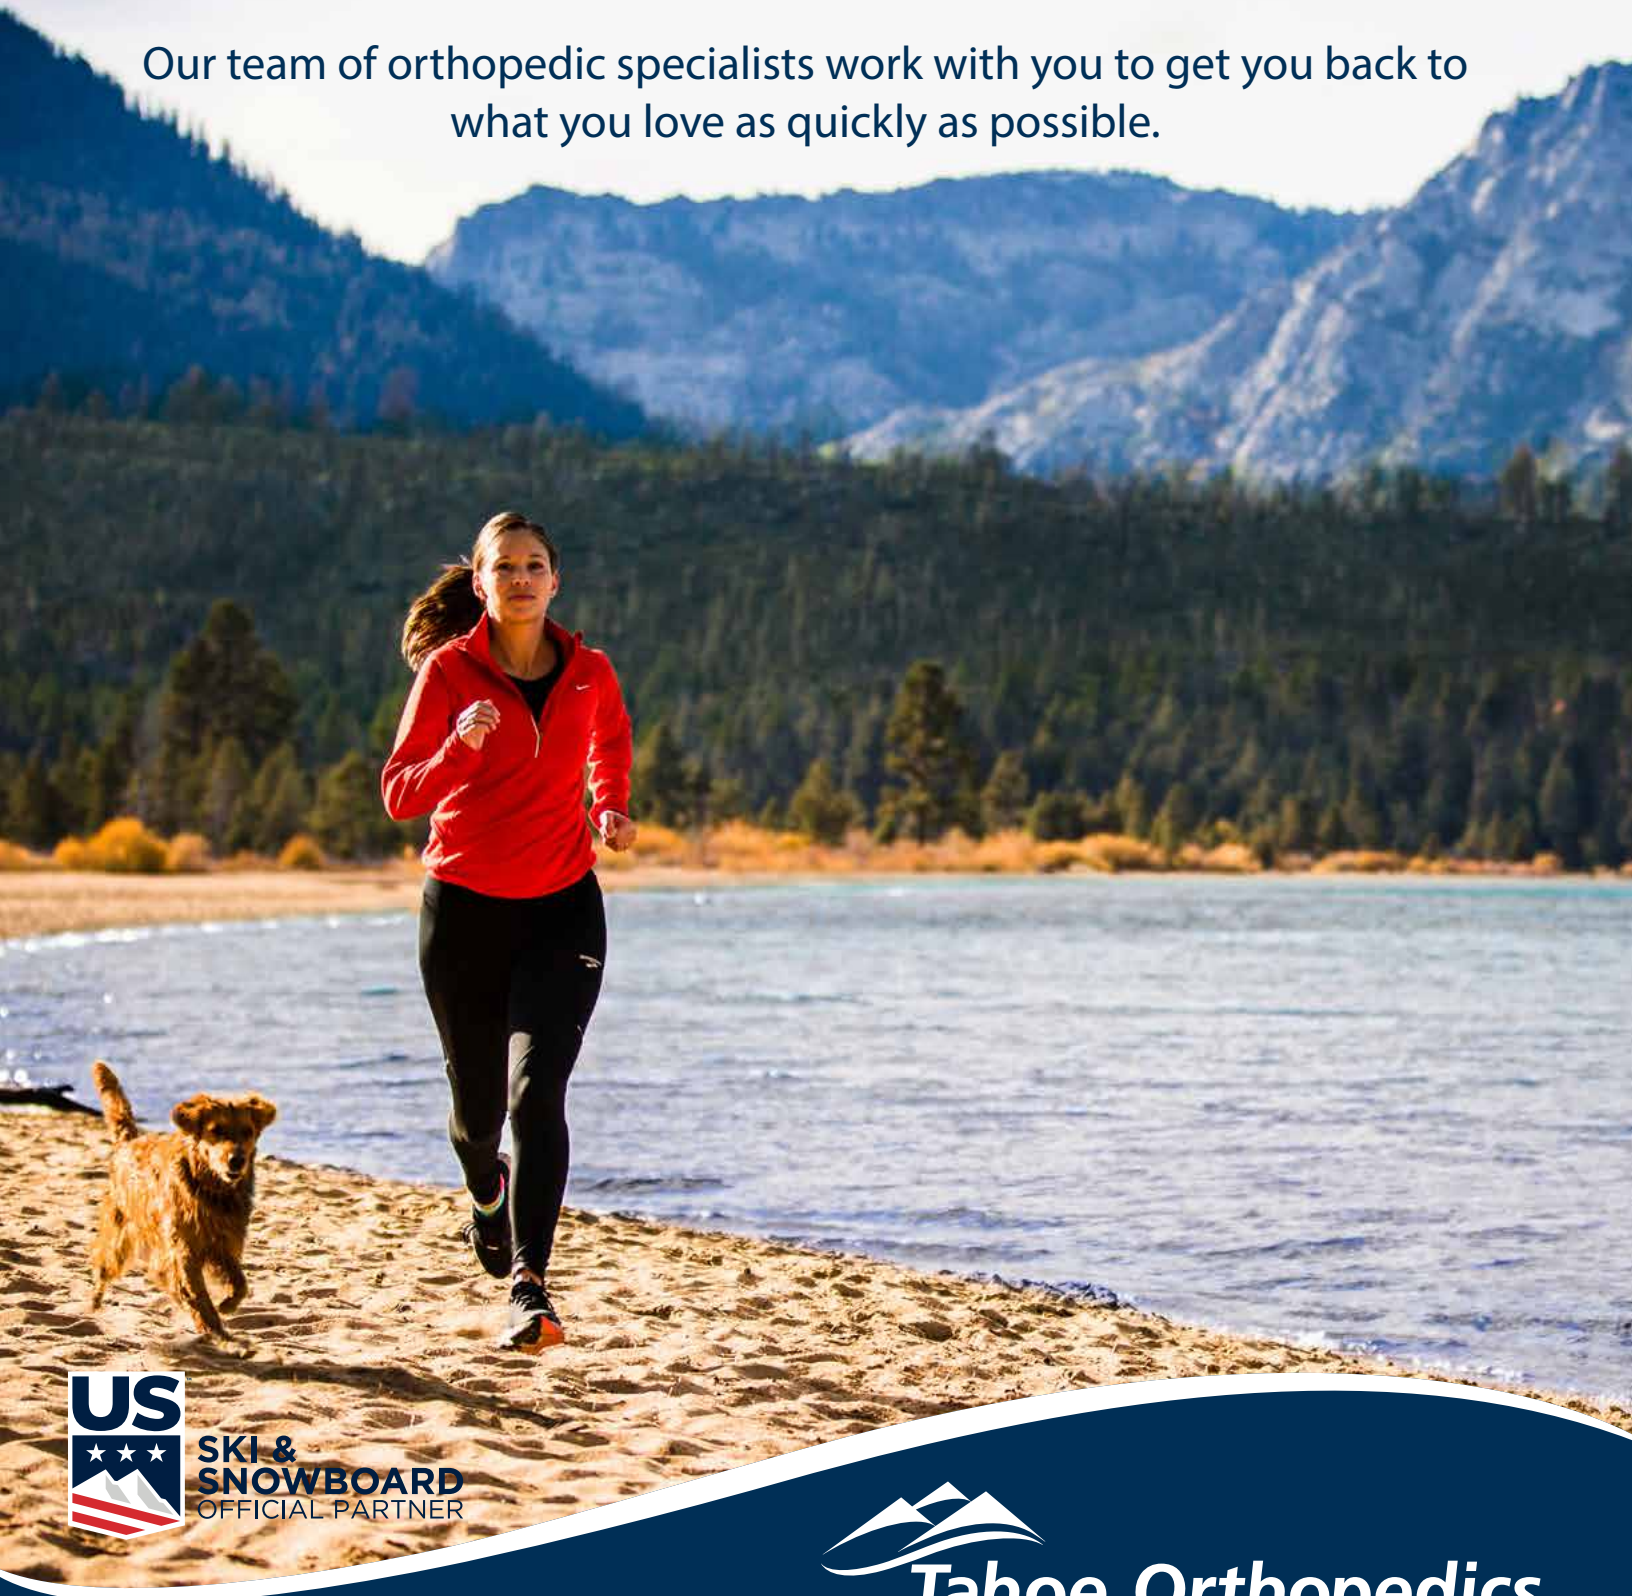

On the pickleball side, Sylvain has taught pickleball lessons for years, has guided pickleball-themed travel excursions to France, competes at the 5/5.5 level, and is finishing his Level 2 certification from the International Pickleball Teaching Professional Association (IPTPA).

Malroux now lives in Reno, but is originally from Aurillac, France, and he and his wife Adrienne have two sons, Lohan and Milo.

PICKLEBALL UPDATES

By Beverly Keil

Pickleball may very well be the fastest growing sport in Incline Village. Our 12 pickleball courts attract locals and visitors, many of whom play every day. If you haven't tried pickleball yet, you are missing out on the fun, exercise and socialization the sport offers. It doesn't take much to get started - we have paddles you can borrow, and "Introduction to Pickleball" lessons are available.

Pickleball is for everyone: male or female, young or older, competitive or casual athletes. Enjoy the quick pace and learn the playing strategies that make the game addictive.

Mornings at the Incline Pickleball Center are for adult drop-in play - 9am to 12pm daily. Come by yourself or with a friend and rotate into different games with other players. No reservations needed. Attending drop-in play is like going to the "Cheers" bar where everyone knows your name. But instead of serving drinks, we offer dinks. (A dink is a pickleball shot that lands just over the net in the opponent's court.)

Afternoons are wide open for practicing drills or playing with family and friends. Bring a foursome and enjoy playing at your own pace. Skills clinics and private coaching are offered, as well as children's programs. Details are available at the Pro Shop.

Contact 775.832.1235 for more information about lessons and clinics. To receive periodic news about Incline Pickleball schedules and special events, sign up for our email news blasts by sending an email to inclinepickleball@gmail.com.

PICKLEBALL CLINICS & PROGRAMS

Drop-In Play

Everyone is welcome but first-time players must participate in an Introduction to Pickleball Clinic before participating in drop-in play. Players will rotate into different games with others. Please use the paddle boxes to secure your place in the rotation. Courts 1 and 2 are for highly competitive players and have a separate paddle box. Courts 3 - 8

are for all levels of play. When a game is finished, two winners stay on and split up, while the next two waiting players go onto the court. When more than four players are waiting, rotation will be four players off and four new players on. Registration is not required but all players must check in at the Pro Shop, even Season Pass holders.

Regular Season: Daily from 9am - 12pm plus Tuesdays & Thursdays at 4:30pm. (schedule is subject to change)

WELCOME LETTER FROM ASHLEY WOOD

I'm excited to announce that I will be the new Head of Player Development for the Incline Village Golf Courses. I have always had a passion for coaching others of all levels to live a happy and healthy life through the game of golf, and I'm excited to get the chance to lead the Incline Village Golf Academy.

Adult and junior programs, lessons and coaching opportunities will now be offered throughout the entire year. We will have a busy summer with our returning Junior Golf Camps, Get Golf Ready clinics, Gals on the Green clinics and the PGA Junior League. I will lead these programs with the support of our other PGA professionals and amazing golf staff here in Incline Village.

Be sure to look out for some new coaching experiences on and off the course that will be rolled out as the summer progresses. This year we're also looking to enhance some of our great junior golf programs, and continue the excellent semi-private and private golf lessons at both golf courses.

If it's time to update your equipment, look out for our Demo Day events, or sign up for a lesson and we can get you fitted into the right equipment.

My goal as your lead instructor is to make improving your game and taking advantage of learning opportunities on and off the course inviting. We have a great setup at the west end of the Driving Range that will be the central hub of instruction (and a great place to hang out) this summer. So, if your goal this year is to play more golf, lower your handicap, sign up for more tournaments, or simply just enjoy the game for years to come, please reach out!

You can book directly with me at www.pga.com/coach/ashleywood. And be sure to check golfincline.com for all the great programs, clinics and events we have to offer.

See you on the course,

Ashley Wood,
Head of Player Development

GOLF CLINICS, PROGRAMS & EVENTS

Nine & Wine Events

This local favorite event series is back for 2022, teeing off on select Thursday evenings starting in June. Four-person teams play a nine-hole scramble before enjoying wine tastings paired with gourmet appetizers. A different vintner is featured at every event. Space is limited and these events sell out quickly (the 2022 season is completely sold out). See www.golfincline.com for future dates and details.

Golf Clinics & Programs

Dates and details for programs and camps are posted on the programs & events section of the golfincline.com website. Look out for these fun options:

- Ladies Nights
- Get Golf Ready Clinics (May - Aug)
- PGA Jr League
- Junior Get Golf Ready Camps (June - August)
- Gals on the Green (June - August)
- Girls on the Green (July - August)
- Women's Golf Day Chip & Sip (annually in early June)
- And more!

Female Golf Clinics – Gals on the Green & Girls on the Green

Learn how to golf, or brush up on your skills, with other women at our Gals on the Green golf clinics. Different topics will be taught each session covering the essentials of the game and geared toward women. We also offer a youth version called Girls on the Green that launches in July. View details on the 2022 Gals of the Green Golf Clinics page: www.yourtahoeplace.com/events/gals-on-the-green-ladies-golf-clinics.

Get Golf Ready clinics

Meet other players with similar playing levels while learning the fundamentals of golf in a fun and non-intimidating environment. Get Golf Ready Level 1 is for those who are new to golf or returning after many years. Get Golf Ready is a series designed to teach everything you'll need to play golf in five lessons. Each lesson will focus on essential golf skills. Topics covered include putting, chipping, short iron shots, long irons, hybrids, fairway woods, driving, course etiquette, and rules. Get Golf Ready Level 2 is available for Get Golf Ready 1 graduates or golfers who have played two or more years. View current schedule, pricing and details on the 2022 Get Golf Ready page: www.yourtahoeplace.com/events/get-golf-ready-series.

GOLF SHOP UPDATES

All of us at the Incline Village Golf Shops are excited to welcome our returning customers/players back into the shops to see what's new for the 2022 golf season.

We continue to offer a huge range of golf apparel and accessories from top brands such as FootJoy, LinkSoul, Travis Mathew, Dunning, Swing Control, GGBLue, Foray Golf, Sport Haley and Sunice.

One new brand that we're excited to debut this year is johnnie-O men's apparel, which is designed around the idea of blending east coast classic style with SoCal lifestyle pieces - think golf apparel with a beach vibe. Come see for yourself!

And as usual, we have Incline Village Championship and Mountain Golf

Course branded logo wear available in many of these brands, as well as all of the accessories and gifts you could ever need.

Anyone looking to elevate their golf game can come in and make a club-fitting appointment with one of our certified club-fitting professionals. We carry the top brands of clubs in the game, and offer club fitting utilizing our FlightScope launch monitor which allows for real-time data on your swing.

So stop in the Golf Shops and see what's new,

Greg Merritt

EARTH DAY WATERSHED EDUCATION

By Sarah Vidra, Public Works Program Coordinator

The IVGID Conservation Program (Waste Not) co-hosted a creek science event with the Nevada Department of Wildlife (NDOW) to celebrate Earth Day 2022. Students from the Lake Tahoe School made their way to Third Creek to start the place-based learning opportunity, which included an in-depth look at the fish weir (i.e. trap) installed just above the bridge between Incline and Ski Beach. Fish health is an indicator of stream health, and the thriving presence of rainbow trout (*Oncorhynchus mykiss*) in Third Creek demonstrates good water quality.

NDOW Fisheries Biologist Samuel Sedillo and Supervising Fisheries Biologist Travis Hawks showed students the process of tagging fish for future study, and shared the history of the Third Creek field study. According to biologists, recreational fishing benefits the fish population by fostering stewardship of the ecosystem, through the educational opportunity provided by the permitting process. Pictured are students observing rainbow trout collected from Third Creek for spawn and release. The eggs are then brought to hatcheries. The survival rate of rainbow trout in the wild is 2% vs. 90% when raised in the hatchery and then released back into Lake Tahoe.

Waste Not staff member Joe Hill walked the students through a watershed activity that included the water cycle, mapping, and citizen science data collection. IVGID's source water, Lake Tahoe, was the highlight of the lesson, with students drawing the water cycle from precipitation of snowfall at Diamond Peak, snowmelt moving as surface water runoff to Third and Incline Creeks, and the water cycle completing with evaporation from Lake Tahoe.

Lake Tahoe School 7th graders shared their own observations of Incline Creek, with presentations on water quality parameters taken during the winter of 2021-2022. Graphs prepared by students included water temperature, pH, dissolved oxygen, and electric conductivity. The students' observations aligned with seasonal trends observed throughout the IVGID monitoring program.

In typical Earth Week fashion, the wind picked up in preparation to drop predictable late-season snow. The cold wind and flopping fish made it a fantastic and notable day for the students and presenters. Waste Not looks forward to more watershed education opportunities with the community and our conservation partners.

BE PREPARED FOR Wildfire Season

Public Safety Outage Management (PSOM) is a key measure of defense against wildfires. During a PSOM event, power is shut off for safety in extreme and elevated fire risk areas when certain environmental conditions are met to help prevent wildfires.

- Be prepared for a PSOM event:
Update your contact information at nvenergy.com/myaccount.
- If you or permanent members of your household are dependent on electrically operated medical equipment 24/7, we encourage you to enroll in our Green Cross program.
- Know your PSOM Zone.
- Identify backup charging methods for phones, including a cell phone charger that can be used in the car.
- Have a personal safety plan in place for every member of your household including pets and livestock.
- Know how to manually open your garage door.
- Build or restock your emergency kit with flashlights, fresh batteries, first-aid supplies, food and bottled water per the guidelines found at ready.gov.
- Sign up for emergency alerts from your county so that you can be informed of other wildfire safety-related updates.

RATE STUDY/RATE CHANGE INFO

By Brad Underwood, Director of Public Works

At the April 27, 2022 IVGID Board of Trustees meeting the Board approved an increase to sewer and water rates, along with fees on the Public Works Fee Schedule. Prior to this, rates had not been changed since 2019.

The following issues fueled the need for the proposed increases: continued annual inflationary increases in costs, significant increases in costs for necessary capital improvements, and deferral of rate increases over the previous two years.

With Board direction, the District contracted with HDR Engineering, Inc. to perform a rate study to determine any necessary adjustments needed to rates. Analysis was completed to ensure the water and sewer rates cover the current and future operating and capital expenses of the utilities,

while maintaining an appropriate fund balance with working capital. Initially, the study found the revenue needed to cover these expenses and targets were 15% for sewer and 20% for water. Later in the process, updates were identified to the current year financials, as well as, the budget for the upcoming fiscal year. When using these updated projections, it was determined that the recommended rate increase for water could be reduced to 18%.

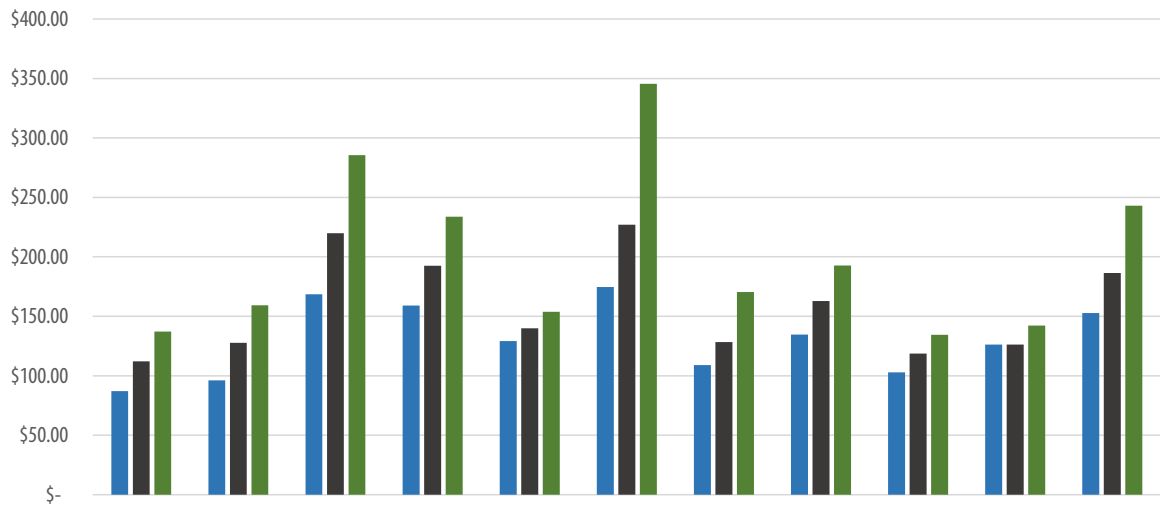

At the time of the rate hearing, the Board was also provided an alternate, which was not part of the staff recommendation, which could allow for further reduction of the rate increases by eliminating a \$200,000 budget line item in the upcoming fiscal year for both sewer and water utilities.

This contingency was identified as a need due to the current inflationary fluctuations. The Board selected the alternate revenue requirement, without contingencies, which will result in rate increases of 13.5% for sewer and 16% for water.

Future annual rate increases will be required to continue to maintain the utilities infrastructure and fund the capital project needs. Any budget savings or overages in spending will be calculated into the next rate adjustment analysis.

In order to lessen the burden of these future rate increases for capital improvement expenses, District staff is actively seeking grants or low-interest loans, or a combination thereof, in order to provide the necessary funding for these projects. Even with the current rate increases, IVGID rates remain low in comparison to other nearby utility agencies.

WEDDING & EVENT FOOD TRENDS FOR 2022

By Brooke Smith La Fata

Our Chateau Events Team is always current on the latest trends in wedding and special event catering. In this edition, Events Coordinator Brooke Smith La Fata shares some of the popular food experiences offered by our talented Culinary Team.

Grazing stations are on the forefront with charcuterie boards and mac n'

cheese bars. These gourmet stations boast creative and colorful foods that guests can enjoy while mixing and mingling during cocktail hour. Our chefs get super creative crafting these stations with fresh seasonal ingredients.

Comfort food is on the rise! Combining this trend and the ever-

so-popular interactive food stations, we recommend a prime rib carving station. Our chef-carved prime rib station is accompanied by a rich rosemary au jus and a zesty horseradish cream.

Pairing these selections with specialty wines offers an experience your guests won't soon forget. Our extensive wine list is curated by Executive Chef Bill Vandenburg, a level 1 Sommelier, to compliment these flavors. Consider serving bubbles with the mac n' cheese bar, and a claret with short ribs or prime rib. Choose bold and rustic reds along with a crisp white wine to compliment the variety featured on a grazing table.

We are here to assist in crafting the perfect menu for your next special event!

LIBRARY PROGRAMS & EVENTS

This summer the Incline Village Library is an “Ocean of Possibilities” as we celebrate this year’s Summer Reading Program theme. Join us for engaging programs for all ages and visit the remodeled and unique children’s area featuring a galis dungal - a traditional Washoe winter shelter. Or, discover your next great read through the Biggest Little Book Box, one of the library’s many free services.

The library’s event calendar is teeming with fun and free educational programs. Children can learn a new skill through hands-on programs like Summer Sewing Camp, LEGO Robotics, or Weird Science Wednesday. The whole crew is welcome at our Summer Reading Program events like Dive Deep with the U.S. Coast Guard and Freshwater Fun with the Nevada Department of Wildlife.

Sail into the Norman Rosenberg Young People’s Library to explore the galis dungal and newly installed mural with scenes of Cave Rock and the Carson Range. Can you spy images from Washoe stories as well as local plants and animals? The library’s welcoming space has room to read, study, or work, whether you’re solo or with your mates.

The library’s newest service, Biggest Little Book Box is a real catch. Fill out

a short form with your interests and a librarian will select two fresh reads delivered in a personalized box. Didn’t land at the library during our open hours? Fish a book from Library To Go, the lending kiosk that makes reading available for all ages 24/7.

Find your treasure this summer at the Incline Village Library!
