

MEMORANDUM

TO: Board of Trustees

FROM: Indra Winquest
Interim General Manager

SUBJECT: General Manager's Status Report
Prepared for the meeting of December 11, 2019

DATE: December 3, 2019

Capital Projects Update December 3, 2019

Design

WRRF Aeration System Improvements

The aeration process of wastewater treatment supplies oxygen to facilitate the biological activity that converts raw sewage into treated wastewater effluent. The plant has six-200,000-gallon aeration basins with two jet aeration clusters per basin. These clusters utilize pressurized air to mix and recirculate the wastewater and provide the necessary oxygen to the microorganisms. The pressurized air is delivered by multistage centrifugal blowers that are metered by electronically operated valves in order to keep the correct balance of oxygen in the aeration basins at all times. This project funds the design and replacement of the aeration system equipment at the WRRF. The age of the equipment, the number of hours of operation, and condition assessment indicates the existing centrifugal blowers are at the end of their serviceable life. Additionally, the blowers are no longer supported by the manufacturer and replacement parts are difficult to acquire. Jacobs Engineering has completed the design. Bid opening was October 24, 2019 and Board action will be on December 11.

Tennis Center Renovation

The Board approved on June 19 for staff to begin the design of the tennis center renovation. The architectural, design and permitting services scope of work was approved at the August 14 BOT meeting with the removal of Bocce Courts. The key project objectives are renovation of the pro-shop buildings and surrounding site to renovate aging restrooms, expand the pro-shop by enclosing outdoor kitchenette area, expand and enhance the deck area, improve wayfinding and flow of traffic through the Tennis Center. The Board selected a design development alternative on November 13. Engineering will complete design, submit for permits, and bring the final design back to the Board prior to advertising for bids.

Construction

Water Reservoir Safety and Security Improvements

This project would replace the ladders that access the top of the water reservoirs, install intermediate access platforms, install protective railings and install new fall protection devices. The exterior access to the roof area is required to meet the needs of the District to monitor the water quality in the reservoirs and perform routine repairs to radio communication

equipment. The ladders also need to be secured from access by the public. The reservoir ladders, fall protection, platforms, and protective railings will meet the current Occupational Safety and Health Administration (OSHA) safety standards. The Board awarded the contract to Resource Development Company on April 10, 2019. Construction began this summer and is expected to be substantially complete by June 30, 2020.

Incline Park Ballfields Renovations

The project was awarded to Rapid Construction at the March 18, 2019 District Board meeting. The project is substantially complete. All field and dugout work is complete. The scoreboard was modified by the donor and is being manufactured and will be installed at a later date. A new footing will need to be installed to support it. Final clean-up items are being completed and the project is buttoned up for the winter.

WPS 2-1 Incline – (Adjacent to Burnt Cedar Beach)

Water Pump Station 2-1 (WPS 2-1) is located at the Burnt Cedar Water Disinfection Plant (BCWDP) and pumps the disinfected potable water into the water distribution system to serve Incline Village and Crystal Bay. WPS 2-1 was largely constructed in 1972 with minor upgrades in 1995 and 2012. The electric motor control centers (MCCs) and switchgear at WPS 2-1 date to the original 1972 installation. This equipment does not meet modern OSHA requirements for Arc Flash safety and the MCCs and switchgear is at the end of its service life and no longer supported by the respective manufacturers. Jacobs Engineering completed the design. The Board awarded the contract on August 28, 2019 to San Joaquin Electric. Notice to proceed was issued on September 9 and project completion is April 2020. Site mobilization is scheduled for late January with a February construction period.

Mountain Course Clubhouse Renovation

On August 11, 2018 a fire occurred in the Mountain Course Clubhouse which led to the closing of the kitchen area. The Board approved renovation plans include a revised allocation of floor space, changes to access and substantial change to customer flow. A new ADA accessibility to the lower level for food service and construction of a new and expanded deck and the installation of new windows and doors. The Board approved the design on May 22, 2019 and authorized advertising for bids which then occurred on June 21, 2019. The Board awarded the construction contract to Houston Smith Construction at the August 14 BOT meeting. Project is currently in construction with grading, utilities, decking and paving complete. Winter work will be the interior renovation.

Items of Note

Recruitment of New Director of Finance

The Director of Finance position was posted on Wednesday, October 23 with a three week response time. The deadline to apply was November 14. We received 29 total applications. Through a screening process, the list of applicants has been reduced to 6 candidates. Staff has developed an interview process that will include panels representing staff, community & professional peers. The job description includes duties and responsibilities related solely to

managing the District's financial operations. It currently does not include any additional areas of responsibility. Staff will provide a verbal update on December 11.

2020-22 Strategic Plan

Attached to this report is the Draft Strategic Plan for 2020-2022. I have provided this document in a draft format so that you can read through it at your leisure. It will be presented, as a General Business Item for action at either the first or second meeting in January 2020. If anyone has any feedback on this draft document, please do not hesitate to let me know.

Diamond Peak Opening

Diamond Peak will begin operating for the 2019/2020 season on Saturday, December 7. We will open with top to bottom terrain with four lifts operating including Lakeview, Schoolhouse, Lodgepole and Crystal Express. Our Ski Schools, Equipment Rentals, Food and Beverage and Guest services will be in full operation. Friday, December 13, we will be hosting our community Kick Off and pass holder appreciation party beginning at 4:30 pm at the Main Lodge providing free food for season pass holders and live music. On December 24 and 25, Santa and Penguin Pete will be visiting from 11:00 am to 1:00 pm and on January 8, the 55+ ski clinic series begins. Visit diamondpeak.com for up to date information for community event details and current conditions.

Burnt Cedar Pool Project Update

Staff is in the final stages of creating an advisory committee that will include staff, board and members of the community. There will be several meetings to discuss the future of the project as well as to determine a range of possibilities for replacement of the pool. Staff is planning to bring back recommendations over the winter with the hope to send out an RFQ for potential firms interested in the design process in the spring of 2020. Staff will continue to update the board and community.

No Smoking Policy Development

In coordination with the North Lake Tahoe Fire Protection District, Staff is working on developing a potential "No Smoking" policy that could apply to all IVGID facilities and venues. There has been recent legislation that refers to smoking near vegetation and this has been a topic of discussion in the community for quite some time. Staff is hoping to bring this proposed policy to the Board of Trustees this winter.

Update on meeting with the United States Forest Service (USFS)

The meeting with the USFS took place on November 13, 2019 regarding the parcel across from Incline High School as well as other community related items. USFS staff has indicated that they support the concept of moving forward collaboratively on a special use permit to potentially gain access to the parcel(s) for outdoor public recreation, fire prevention, and environmental stewardship. Staff will continue to update the board and community as new developments occur.

Lake Tahoe Basin Management Unit OSV Proposal

As presented by a resident of our community, the USFS/LTBMU has a proposal regarding expansion of over snow vehicle use adjacent to the 5 acre Incline Lake parcel, near and above the Apollo Way neighborhood, and around Third Creek tributaries. I have written a letter to the USFS asking them to sit down and discuss alternatives. In addition, IVGID allowed the use, under our agreement with the Parasol Tahoe Community Foundation, of a room at the D.W. Reynolds building on November 13, 2019 for a public informational session put on by the USFS/LTBMU. The informational session was very well attended and a significant amount of feedback was given to members of the USFS staff. Several community members have asked IVGID to take a position on this proposal representing the best interest of the community. The letter is included in the board packet for the November 13, 2019 board of trustees meeting.

District Records Retention Schedule

The District Clerk has submitted the first draft of the District Records Retention Schedule to the State of Nevada Archives who is presently reviewing it. This document is not a public record at this time as it is a draft and will not be released until it is finalized with the State of Nevada which is the first step with the second step being it will be agendized for approval, by the Board of Trustees, once ready. As of today, it remains in the review process with the State of Nevada. The District Clerk will follow up with them after the holidays.

Financial Transparency

The Monthly District Financial reports are posted on the Financial Transparency page <https://www.yourtahoeplace.com/ivgid/financial-transparency>.

The October financial reports are posted online. Several items noted before remain. Our revenues are above budgeted levels of charges for services year to date, while internal services are under due to Staff vacant positions causing reduced services. The extra miscellaneous items are in large part of the insurance proceeds for the Mountain Course fire. Expenses for personnel are under budget including the effects of vacancies. Capital Expenditures noted are only for the General Fund and are over budget because of the extra spent on the approved server replacement.

Interim District
General Manager

Introduction

The Incline Village General Improvement District Strategic Plan provides direction and a planned pursuit of the mission, vision, values, long range principles and objectives and actions of the District from July 1, 2020 to June 30, 2022.

This plan reflects the District's desire to become more strategic and less tactical as the next logical step in the organization's life cycle and planning evolution.

Strategic Planning is a systematic approach to defining longer term principles and identifying the means to achieve them. It provides the District with the ability to channel resources in a direction that yields the greatest benefit to residents, constituents and guests.

The intent of the plan is to identify long range principles that align activities of the District to the strategy of the District. It provides a framework to ensure that a balanced approach toward addressing objectives of District residents, finances, internal processes and learning and growth of employees is integrated into the plan.

The strategic planning process enables the District to plan and execute continuous improvements throughout the organization.

The benefits of strategic planning include:

- Focuses the District's resources on activities that are essential to increasing customer satisfaction, lowering costs, increasing value and achieving measurable outcomes.
- Creates a planning and implementation system that is responsive, flexible, and disciplined.
- Encourages cooperation and support among all District functions.
- Reinforces the continuous improvement culture of the District.
- Empowers managers and employees by providing them with the authority to fulfill planned activities.
- Provides for more seamless internal and external customer service.
- Defines and describes the District's key strategies. As a result, employees and residents know where the District is headed.

Strategic Planning Process

Board of Trustees Policy 1.1.0 states:

The Incline Village General Improvement District recognizes the importance of using some form of strategic planning to provide a long-term perspective for service delivery and budgeting, thus establishing logical links between authorized spending and broad organizational goals. While there is not a single best approach to strategic planning, a sound strategic planning process will include the following key steps:

- 0.1 Initiate the Strategic Planning Process*
- 0.2 Prepare a Mission Statement*
- 0.3 Assess Environmental Factors*
- 0.4 Identify Critical Issues*
- 0.5 Agree on a Small Number of Long Range Principles*
- 0.6 Develop Strategies to Achieve Long Range Principles*
- 0.7 Develop Objectives*
- 0.8 Create an Action Plan*
- 0.9 Incorporate Performance Measures*
- 0.10 Obtain Approval of the Plan*
- 0.11 Implement the Plan*
- 0.12 Monitor Progress*
- 0.13 Reassess the Strategic Plan*

Key Dates in the History of the Strategic Plan

The Board of Trustees initiated the process in February 2015. After a lengthy and exhaustive process, the Board finalized updated Mission, Vision, Value and Mantra statements. The Board reviewed revised long range principles and objectives. On September 3, 2015 the Board reviewed the Final Draft Strategic Plan.

The 2015-2017 Strategic Plan was adopted at the September 23, 2015 Board of Trustees meeting.

The 2018-2020 Strategic Plan was adopted at the May 9, 2018 Board of Trustees meeting.

Statements

IVGID's Vision Statement

With passion for quality of life and our environment, Incline Village General Improvement District will enhance the reputation of our community as an exceptional place to live, work, invest, and play.

IVGID's Mission Statement

The Incline Village General Improvement District delivers exemplary recreational experiences and provides the highest level of water, sewer, and solid waste services while striving for fiscal and environmental sustainability.

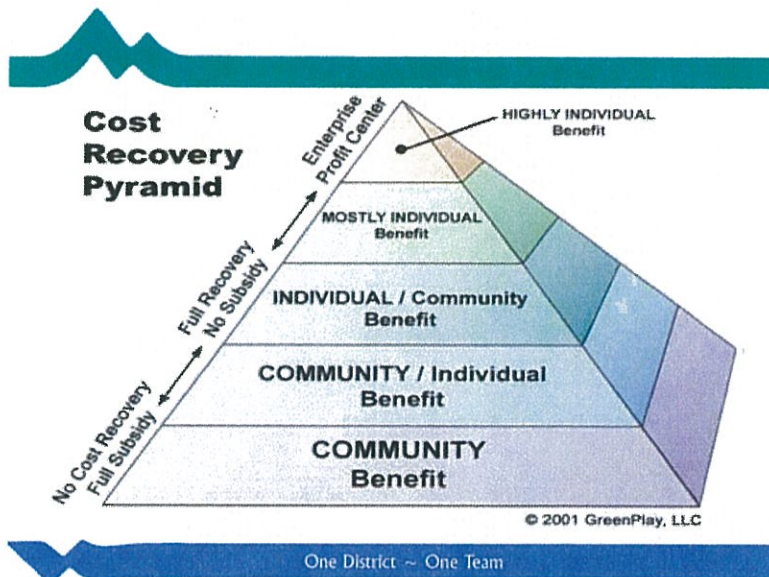

IVGID's Value Statement

We are dedicated people providing quality service, for our community and environment, with integrity and teamwork.

IVGID's Mantra Statement

One District • One Team

IVGID's Cost Recovery Pyramid

Long Range Principles

LONG RANGE PRINCIPLE #1 Resources and Environment

Initiating and maintaining effective practices of environmental sustainability for a healthy environment, a strong community and a lasting legacy.

- Promote and protect Lake Tahoe and other water sources in the Basin as viable sources of drinking water. Promote responsible use of water as a valuable natural resource.
- Develop, implement and maintain an effective watershed control program in order to satisfy recommendations in watershed sanitary surveys, advocate for the protection of Lake Tahoe as a viable source of drinking water and to satisfy additional State and Federal requirements
- Encourage integrated regional strategies for the planning, design, construction and implementation of water system infrastructure for fire suppression

Objectives for 2020-2022

1. Maintain an active watershed management control program and execute the goals of the Tahoe Water Suppliers Association to meet Federal and State requirements for filtration avoidance and other requirements; promulgated by the Surface Water Treatment Rule and its amendments.
2. Enter into available Grant Agreements with the South Tahoe Public Utility District as a member of the Lake Tahoe Community Fire Prevention Partnership. This partnership was formed out of the member agencies of the Tahoe Water Supplier's Association and its purpose is to obtain appropriations from the Federal Government through the United States Forest Service for planning, design, and construction of water system improvements that have a direct relationship to wildland fire suppression.
3. Continue Legislative Advocacy efforts at the Federal Government level to support appropriations for water and wastewater infrastructure improvements that support Principle 1 and Principle 5.
4. Participate in the Tahoe Water for Fire Suppression Partnership. This Partnership will be working with the Regional Fire Districts to submit water system projects for improving fire suppression in the Tahoe Basin.

- 
5. In partnership with the North Lake Tahoe Fire Protection District, protect District lands and the Lake Tahoe Basin watershed by performing defensible space best management practices.

Budgeted Initiatives for 2020-2022

- A. Operate a residential drop-off household hazardous waste and electronic waste facility or events to reduce the amount of hazardous materials entering the waste stream and landfills and to provide our residents with a convenient local facility. This program will be funded by the Solid Waste Franchise Fee.
- B. Continue membership in the Tahoe Water Suppliers Association and provide the services of Association Director by IVGID staff to execute the goals of the Association for 2020-2022 including the completion of the Annual Watershed Control Program Report.
- C. Submit District Fireflow Enhancement Projects to the Tahoe Water for Fire Suppression Partnership (which the District is a member) for prioritization and ranking. The Tahoe Water for Fire Suppression Partnership submits the priority projects to the United States Forest Service for consideration to obtain funding through the Lake Tahoe Restoration Act.
- D. Provide bear shed rebates for new homeowners in the service area to contain putrescible waste in a safe manner.
- E. Provide water efficiency rebates to customers for the installation of a high efficiency toilet or washing machine.

LONG RANGE PRINCIPLE #2 Finance

The District will ensure fiscal responsibility and sustainability of service capacities by maintaining effective financial policies for operating budgets, fund balances, capital improvement and debt management.

- Adhere to Government Generally Accepted Accounting Principles.
- Comply with State and Federal regulations.
- Maintain Performance Measurement.
- Report results and demonstrate value.
- Develop and maintain a long-term plan to sustain financial resources.

Objectives for 2020-2022

1. Utilize Annual and Interim financial reports, including the OpenGov website, to build understanding of the different aspects between operations, capital improvement and debt service.
2. Prepare Annual Budgets that demonstrate the balance of allocated resources, with service expectations, and the capability to deliver.
3. Prepare a five-year projection of financial results for each fund for operations, capital improvement and debt service as a part of budget deliberations.
4. Continue the evolution of appropriate performance measurement to demonstrate quality as well as quantity.
5. Consider revision of Board Policies and Practices relating to Adequate Fund Balance and, if changed, plan implementation to meet the new targets by June 30, 2022.

Budgeted Initiatives for 2020-2022

- A. Prepare a Comprehensive Annual Financial Report to provide financial position and results of operations to a variety of users and information needs, with an independent auditor opinion.
- B. Comply with Nevada Revised Statutes and Administrative Code requirement for the budget process, indebtedness reporting, and the annual audit.
- C. Maintain the allocation of Facility Fee components for operations, debt service and capital expenditure, with prioritization for debt service, then capital asset replacement and last operations.

- 
- D. Actively manage planning and financial reporting to inform users for decision making to sustain a strong financial base for operations, while increasing net assets, and maintaining care and condition of capital assets and infrastructure.
1. Prepare standard format and popular reporting presentations of financial position and activity results about budget to actual to inform users on:
 - a) Operations and Programming
 - b) Capital Project Expenditure Status
 - c) Fund Balance, actual and projected, in relation to budgets and Board direction
 - d) Relevant Performance Measures
 2. Utilize OpenGov on the District's Financial Transparency website to provide ready access to a variety of reports and information to support a greater level of detail than standard reports allow.
 3. Present annual results and planned budgeted activity to the community through presentations consistent with the Board of Trustees' direction.
- E. Analyze and evaluate the future effects of changes to Governmental Accounting Standards Board Pronouncements on the Reporting Model requiring pre-planning for budgeting or system revisions.

LONG RANGE PRINCIPLE #3 Workforce

Attract, maintain and retain a highly qualified, motivated and productive workforce to meet the needs of District venues:

- Staff will evaluate open position job descriptions, for need to fill, level of and related compensation for the position.
- Re-evaluate, during the budget process, the optimum level of Staff and related total compensation, necessary to each department based on industry standard and levels of service.
- Comply with State and Federal regulations.
- Continue to provide a safe environment and continue to strive for low workers compensation incidents.
- Identify individuals for retention and growth for management succession within the District.
- Work with Staff to improve employee engagement and culture through focused performance management goals, engagement participation and incentives.

Objectives for 2020-2022

1. In order to remain competitive, use the rotating schedule for evaluating each position to ensure District is competitive with its total compensation and benchmarks.
2. Finalize selection and begin implementation of new Human Resources system for better efficiencies and automation.
3. Identify potential changes of status, costs and retention for year round Operations at various summer locations throughout the District.
4. Continue goal setting that encompasses employee engagement participation for measured performance measurement goals and objectives with set increases that correlate directly with goals and engagement measures.
5. Educate Management Staff through specific trainings on how to engage, educate and foster better communication.

Budgeted Initiatives for 2020-2022

- A. Review budget, number of positions to salary and benefits and conducts surveys to ensure we are doing our best to attract, maintain and retain qualified employees across the District and all statuses.

- 
- B. Understand the potential financial impacts of staffing, hourly wages, increased minimum wage and retention of year round employment changes at current recreational exemption status.
 - C. Continued communication, implementation and change to increase employee engagement participation that correlates with accountability and meeting set mutual goals for year round employees.
 - D. Conduct Management trainings at various times throughout the year to bring awareness to communication, the impact you can have on your employees and educate management and staff on Federal, State and our own personnel policies.
 - E. Choose and implement a new HRIS/Payroll system to increase efficiencies, automation, and communication to be used across all venues throughout the District.

LONG RANGE PRINCIPLE #4 Service

The District will provide superior quality service and value to its customers considering responsible use of District resources and assets.

- Provide well defined customer centric service levels consistent with fiscal goals, and community expectations.
- Apply Performance Management to meet or exceed established venue customer service levels.
- Utilize best practice standards for delivery of services.
- Commit to evaluate customer loyalty/satisfaction to demonstrate the value of results.
- Maintain customer service training and resources for new, returning and existing employees.

Objectives for 2020-2022

1. Continue to establish, enhance and evaluate metrics through key performance indicators for each venue.
2. Continue to establish and enhance specific performance indicators to evaluate customer loyalty/satisfaction.
3. Align performance metrics through industry benchmarking.
4. Analyze the net effect of established service levels on the District operations, apply changes as needed, and encourage/reward continuation of appropriate performance.
5. Utilize venue and/or community surveys to evaluate and measure customer service as it relates to existing service level demands.
6. Develop a short and long term strategy to utilize the community services master plans as a service level metric and roadmap for the future.
7. Develop a service level strategy as related to the current project priorities directed by the Board of Trustees to include operational analysis.
8. Maintain venue standard operating procedures to help venues have the highest standards possible.

Budgeted Initiatives for 2020-2022

- A. Each venue has time budgeted for new, returning and existing employees to participate in Customer Service Training.

- 
- B. Understand, communicate and demonstrate service level baselines at each venue. The emphasis is on providing the best customer experience.
 - C. The District is continuing the Customer Care program for all of Community Services, which includes empowerment for any actions that generate a hard cost to remedy a customer satisfaction issue.
 - D. Seek venue specific community feedback to determine customer satisfaction.
 - E. Gain an understanding of how service levels are impacted by recruitment challenges and develop strategies to limit these impacts when experienced.
 - F. Utilize employee surveys to further define areas of improvement as well as celebrate successes.

LONG RANGE PRINCIPLE #5 Assets and Infrastructure

The District will practice perpetual asset renewal, replacement and improvement to provide safe and superior long term utility services and recreation activities.

- Maintain, renew, expand and enhance District infrastructure to meet the capacity needs and desires of the community for future generations.
- Maintain, procure and construct District assets to ensure safe and accessible operations for the public and the District's workforce.
- Maintain current Community Service and Public Works master plans.
- Maintain a 5-Year and 20-Year capital improvement plan.
- Conduct planning and design, in advance of undertaking projects or procurement, to ensure new District assets meet operational requirements and enhance the customer experience.
- Maintain an asset management program leveraging technology, as appropriate by venue/division, to ensure timely and efficient asset maintenance.
- Comply with regulatory requirements and industry standards.

Objectives for 2020-2022

1. Complete environmental and regulatory entitlements for the Diamond Peak Master Plan.
2. Set direction and begin implementation of the Community Service Master Plan priorities as defined by the Board of Trustees.
3. Effluent Export Project – Phase II, continue to pursue project partnerships and federal funding to reduce District costs.
4. Execute the Ski Way Pavement reconstruction project.

Budgeted Initiatives for 2020-2022

- A. Continued use of the Five Year Rate Study as a way to ensure proper funding of capital projects such as the Effluent Pipeline replacement.
- B. Allocate capital expenditures in Community Services to maintain service levels, while planning for some facility replacement for facilities that are crossing 20 years in service.
- C. Continue to work through the environmental clearances and regulatory approval process of the Diamond Peak Master Plan.
- D. Complete the design of the Tennis Center Renovation.

- 
- E. Complete the site selection for the Bocce Facility.
 - F. Complete the design for reconstruction of Ski Way.
 - G. Complete the design for the Burnt Cedar pool.

LONG RANGE PRINCIPLE #6

Communication

The District will engage, interact and educate to promote understanding of the programs, activities, services, and ongoing affairs.

- Promote transparency in all areas including finance, operations and public meetings.
- Provide clear, concise and timely information in multiple, publicly accessible formats.
- Ensure that both internal and external communication is responsive, comprehensive and inclusive.

Objectives for 2020-2022

1. Continue to implement best practices for sharing information with the public.
2. Work diligently to improve all external entity relationships as well as participate in any necessary legislative committees and/or discussions.

Budgeted Initiatives for 2020-2022

- A. Host Quarterly Board of Trustees Community Workshops each fiscal year.
- B. Complete, by 2020, the codification of IVGID's ordinances, policies, procedures, etc. thus to create an easy to work with and update IVGID code.
- C. Provide informative and timely releases of information to our employees, media, and the public.
- D. Ensure that the District is well represented in external agency discussions where there may be an impact to either our District or our community.

Implementation

The annual budget document serves as the Action Plan for implementing the 2020-2022 objectives.

Budget Initiatives

The budget initiatives for the Fiscal Years 2020/2022 are described in conjunction with each Long Range Principle.

Review Process

Implementation of the Strategic Plan requires a process of review, improvement, refinement, and measurement and following is the criteria for successful implementation of the Strategic Plan. It represents the commitment and discipline required to institutionalize the process.

- All employees and Board of Trustees members should receive a copy of the plan or electronic access to the Plan and should become a regular part of Staff and Board of Trustees orientation.
- The Strategic Plan becomes the guidepost for the District. When decisions or responses to the community are needed, the Strategic Plan serves as a strong reference point for decision-making and whether or not new issues or responses are of higher importance than what's been established as existing direction.
- Post a summary or shortened version of the Strategic Plan on the District's website and track results on the website as well. It may also be helpful to print a short summary of the Strategic Plan's progress to distribute to interested partners and community members.
- The District's General Manager and the Senior Management Team will have the responsibility of being the Strategic Plan Managers to ensure successful implementation.
- Regular reporting of the Strategic Plan's progress should occur. Break the Strategic Plan into separate fiscal years and report, one year at a time, as an ongoing annual work plan. Each initiative for the year should include a list of actions that support the goal's completion. Actions are developed prior to each year. Each year's data will be entered on a spreadsheet that lists the Themes, Objectives, Initiatives, supporting actions and associated start and completion dates, as well as the staff person responsible for the Initiative.
- At the end of the year, perform an annual review and documentation of progress on initiatives.

- 
- Provide an update on the Plan's implementation and results on an annual basis.
 - Conduct Staff meetings on a quarterly or semi-annual basis to review the Strategic Plan's progress and results and report on progress to the Board of Trustees.
 - The performance appraisal process should reflect the completion of the Strategic Plan initiatives as an evaluation criterion. Also, performance criteria should be aligned with values of the District such as innovation, teamwork, and accountability.
 - Track the measurement system on a quarterly basis. Some of the measures will be calculated annually. Provide an annual narrative about the results. Review the measures on an annual basis and make adjustments as necessary to ensure the measures continuously add value to decision making. Include a combination of lagging and leading indicators. (Lagging indicators or outcomes measure past performance; leading indicators or performance drivers assist in establishing future performance.)
 - After completion of the first year of the Strategic Plan and baseline results are quantified, targets should be initiated for the measurement system.
 - After each year of the Strategic Plan, the Staff should review the Strategic Plan's process and re-tool any parts of the process that need improvement. This review should include a "just-in-time review" of the following year's Initiatives to determine if priorities have changed. The review of Initiatives should tie into the budget process
 - Staff meetings should regularly include discussion of strategy. Create a visualization process to emphasize the Strategic Plan's importance and the District's commitment to execution. For example, posting charts on office walls of each year's initiatives, with a check-off column, can provide a visual tracking of initiative completion.

Reassessment

Many external factors, such as the local and national economy, demographic changes, statutory and legislative changes, and climate may affect the environment and thus achievement of strategies. To the extent that external events have long-range impacts, strategies, objectives and actions may need to be adjusted to reflect these changes.

New information about residents, constituents, and guests needs or results may also require changes to the Strategic Plan. It is desirable to minimize the number of adjustments to long range principles in order to maintain credibility.

However, the District's Board of Trustees expects to conduct interim reviews each year, and more comprehensive strategic planning processes every five years, depending on how quickly conditions change. Performance measure results will be reviewed more frequently than the Strategic Plan.
