## 2022 Golf Season Wrap-up

## -Summary-

- Green Fee revenues were up 11\% over the 2021 Golf Season \& up 22\% since 2019.
- Contributing factors for increase in revenue:
- More Non-Picture Pass rounds than in the past couple of years
- Increase in all Green Fee pricing across all play types, under direction from the Board of Trustees.
- Play mix is starting to move closer to historical averages. (see slides \#5 \& \#12)
- New pricing structure over the last 4 years is positively effecting revenue. Average dollar per round is up at both courses as well as overall revenue.
- 800-1000 rounds were lost at the Championship course in September due to Fires and Rain, which resulted in a potential loss of $\$ 74,000$ to $\$ 85,000$ in revenue.
- 500 to $\mathbf{7 0 0}$ rounds were lost at the Mountain course in September also due to Fires and Rain, which resulted in a potential loss of $\$ 22,000$ to $\$ 31,000$ in revenue.
- Food and Beverage revenues have been severely impacted with labor shortages district and industry wide.
- Capacity levels are restricted due to staff shortage and not being able to produce to the desired level.
- We will need to re-evaluate days the Grill is open next season if staffing levels are still an issue.
- F\&B revenue is based on making sure you have capacity reached daily (butts in seats).
- The Merchandise Department has continued to improve season to season.
- Championship course sales are ahead of 2021 and margins remain high
- Mountain course is below projections, but margins remain high. More emphasis will be put on merchandising at the Mountain course all season next year.
- Golf Course Superintendent Jeff Clouthier and his staff continue to provide a high quality product that Residents and Guests continue to rave about. Congratulations are in order for the Championship course being rated \#17 Overall, \#3 for course layout and \#2 for course condition in the United States by "Golfers Choice" .
- Tee time intervals will return to $\mathbf{1 0}$ minutes at the Championship course next season.
- Expenses overall were $19.5 \%$ \% below budget.
- Payroll savings were $6 \%$ and not necessarily by choice
- The overall size of staff this year is not sustainable long term. This has been going on for 3 years and I don't think we can continue to retain good employees with this model or able to recruit new employees.
- Some expenses have also been delayed due to supply chain.
- Additional information requested by Trustees:
- Gold and Silver card rounds - (15) for 2022 season
- What constitutes "Other" rounds - (Employees, Gold/Silver Cards, Comp, Trade, PGA, Charity Events)
- Pre-Book fees - Championship Course $(\$ 68,969)$ \& Mountain Course $(\$ 6,877)$
- No-Shows - system currently does not show each as a category, Revenue Office is working on how this data may be accounted for next season. (No Show, No call times are currently being charged and a note is put on each ticket)
- No-Show Policy - Cancellation policy: Email cancelgolf@golfincline.com to cancel tee time reservations. Cancel at least 72 hours prior to your tee time for a full refund. $50 \%$ of green fees will be charged for cancellations made between 72-24 hours of tee time. Within 24 hours of tee time, full green fees will be charged for all golfers in your party.
- Charge for No-Show Play Pass - same explanation as above
- Punch Card Usage - $\$ 86,774$ at the Championship Course and $\$ \mathbf{2 8 , 0 1 9 . 5 0}$ at the Mountain Course
- Golf Course Usage -
- Championship Course 79.3\% (12 minute intervals)
- Mountain Course $\mathbf{8 2 . 7 \%}$ ( 15 minute intervals)
- We use GolfNow to help fill-in tee times as well as our counter staff calls individuals on the wait list.

*Play Passes were able to upgrade in the middle of the year which resulted in more Pass sales by quantity. Also, in 2018 and 2019, Punch Cards were used at the Mountain Course to help offset costs for Play Passes.
