#### RECOMMENDATION 1.

That the Board of Trustees hold a workshop on Punch Card utilization and accounting and provide direction to staff for both short-term and long-term modifications to current practices.

#### II. BACKGROUND

Following a June 30, 2020 presentation on current Punch Card utilization and accounting practices, the Board has scheduled a workshop to discuss issues and concerns, and provide direction to staff on both short-term and long-term modifications to existing practices.

#### Punch Card Utilization

Ordinance No. 7, last amended on March 25, 1998, establishes rates, rules and regulations for Recreation Passes and Recreation Punch Cards utilized by the District to provide recreation privileges, recreation access or special rates to property owners and/or their assignees, as defined.

The District utilizes two primary vehicles for parcel owners (and/or their assignees) to access recreational facilities as well as access to special rates or discounts for District-owned facilities and programs. These are defined as Recreation Passes (or Picture Passes) and Recreation Punch Cards (Punch Cards).

Parcel owners are assessed an annual Recreation Fee (or Recreation Standby and Service Charge) to finance recreation programs and facilities via separate Recreation Facility Fee and Beach Facility Fee. Parcels within the District who enjoy beach privileges are assessed annually for both the Recreation Facility Fee and the Beach Facility Fee. Those parcels within the District that are not entitled to beach access are assessed annually for the Recreation Facility Fee only.

In turn, each year, property owners (and/or their assignees) are afforded up to five Recreation (Picture) Passes, five Recreation Punch Cards, or any combination thereof.

- <u>Picture Passes</u> non-transferable photo identification passes issued by the District that entitles holders to beach access (if so entitled) as well as resident rates for access to other facilities and programs.
- Recreation Punch Card is a transferable punch card issued by the District to property owners and/or assignees that can be used to pay guest fees to Incline Beaches as well as to buy down venue rates for guests to access various District facilities. Punch Cards bear a face value established by the Board, and is currently 1/5 (one-fifth) of the Recreation Facility Fee and, if applicable, Beach Facility Fee.

#### Budgeting and Accounting

Each year, the District budgets for the revenues collected from Facility Fees collected from all property owners within the District (as a funding source for the original allocation of five Picture Passes and/or Punch Cards), revenues collected from the sale of additional Picture Passes and Punch Cards, and revenues from Charges for Services paid by customers accessing District facilities and programs. These funding sources (along with use of available fund balances) are used to support annual District expenditures for operations, capital projects and debt.

The District's annual budget also includes estimates of the anticipated level of utilization of Picture Passes and Punch Cards and the District's accounting system and practices is designed to track actual utilization in the form of Property Owner Allowances (for Picture Passes) and Punch Card Utilization (for Punch Cards).

The goal of the District's budget, accounting and financial reporting practices is to:

 budget for the sources of funds supporting District operations, capital and debt;

- accurately reflect the utilization of Recreation Passes and Punch Cards used by property owners, their assignees and guests; and
- ensure proper alignment between revenues budgeted and collected from the "purchase" of punch cards with the revenues recorded at the time that punch cards are utilized.

Issues and Concerns Related to Punch Card Utilization and Accounting

The presentation prepared for the Board meeting of June 30, 2020 was intended to provide background information (see Attachment 1) related to the budgeting, utilization and accounting for Punch Cards so as to inform a future. More in-depth discussion of these topics and, in turn, inform Board direction to staff related to any desired modifications to the District's current practices related to implementation of Ordinance 7.

The following table summarizes the issues and concerns identified in the earlier Board presentation:

TOPIC	Comments
Different Treatment of Picture Passes and Punch Cards (Re - Valuation)	Ord. 7
Different Accounting for Punch Cards WITH Beach Access vs NO Beach Access	POS Systems
Different Accounting for ORIGINAL Punch Cards vs ADDITIONAL Punch Cards	Timing / Acct.
Punch Cards Allowed for Use at Venues WITHOUT REGARD to Funding Used to Acquire	Fund Transfer
Punch Card Accounting (Contra-Revenues) Seen as Fund Transfer btw CS and Beach Funds	Correct Above
Timing of Recording Revenues from ORIGINAL Punch Cards (w/Facility Fee or at "Use?)	Pre-paid or Defer
Are Picture Passes and Punch Cards a "Form of Payment" ( <i>Cash Equivalent</i> ) or Merely Entitle Holder to Discounts?	Policy
Relates To Existing District Pricing Structure re "Property Owner Allowances" / PC Utilization Non-Resident Rate ("Rack Rate") Resident Rate (Discounted)	Drives Budgeting and Accounting
Limitation of 3 <sup>rd</sup> -Party Point of Sale Software; lack integration with Parcel Master Database	PC Tracking

Options for Improving Budgeting and Accounting Practices

Long-Term Policy Objectives:

### A) Modify District Pricing Structure to Establish Base Resident and Non-Resident Rates

- Charges for Services to be Reflective of Different Rate "categories"
- Eliminate Punch Cards as a "Form of Payment" Transition to ID/ELEGIBILITY for Access at Resident Rates

 Continue to Track Pass and Punch Card Utilization via Point-of-Sale (POS) Sub-systems NOT in General Ledger

### B) Track Punch Card Valuation based on Allocation of Facility Fee Used to Acquire Punch Cards

- Track Value/Use for CS Facilities SEPARATE from Value/Use for Beach Facilities
  - Community Services "value" based on CS Facility Fee
  - Beach Value based on Beach Facility Fee (Beach Access only)
- Alternatively, Provide Two Punch Cards for Residents

#### Short-term Modifications:

#### C) Eliminate Punch Card "Contra - Revenue" Accounting

- Addresses concerns related to "allocation" of revenues based on funding source instead of utilization
- Does not address concern related to punch card utilization inconsistent with Facility Fee collected to acquire Punch Cards

#### **Workshop Outline**

- Modified Pricing Structure with built-in "discounts" eliminates the need for Punch Cards OTHER than a form of Identification for access to facilities at specified GUEST rate(s).
- Requires mechanism for draw-down of Punch Card values Need to avoid use as "transferable" Recreation Picture Pass
- Eliminates Budgeting and Accounting for:
  - · Gross Revenue at "Rack" Rate (Non-Resident)
  - Parcel Owner Allowances
  - Punch Card Utilization CREDIT
  - Punch Card Contra-Revenue Accounting

### Eliminate Punch Cards as "Form of Payment"

This Option can be implemented <u>WITHOUT</u> modifying pricing structure(s)

Punch Card becomes a form of ID/ACCESS card for discounted rates

Continue to Track Pass and Punch Card Utilization via Point-of-Sale (POS) Sub-systems

Requires mechanism for draw-down of Punch Card values — Need to avoid use as "transferable" Recreation Picture Pass

Eliminates Budgeting and Accounting For:

- Guest Charge at "Rack Rate"
- Punch Card Utilization CREDIT
- Net (CASH) Payment
- Punch Card Contra-Revenue Accounting

## Simplify Punch Card Utilization – Pre-paid Card for Use at Facilities

This option transforms Punch Cards to equivalent of "gift cards"

Punch Cards could be used for access to venues and used to pay for access to venues

Punch Card holders are charged Non-Resident Rate, but can use Punch Cards as form of payment

Could be implemented without modifying pricing

Facilitates Customer Service and Explanation of Punch Cards

Potential to allow for Punch Cards to be used for ANY product (or with limitations)

Punch Card "expires" when value is spent down to ZERO

MAY require Punch Cards to be accounted for as DEFERRED REVENUE when acquired and, if so:

Eliminates Budgeting and Accounting For:

- Guest Charge at "Rack Rate"
- Punch Card Utilization CREDIT
- Punch Card Contra-Revenue Accounting

## Track Punch Card Valuation based on Allocation of Facility Fee Paid to Acquire

Provide TWO Punch Cards for Residents WITH Beach Access with Restricted Use (CS vs Beach)

OR

Track Value/Use for CS Facilities SEPARATE from Value / Use for Beach Facilities

Cumbersome and Not User Friendly

May pose challenge with programming Pont-of-Sale Software and Tracking

BUT

Eliminates Budgeting and Accounting For:

Punch Card Contra-Revenue Accounting

## Eliminate Punch Card "Contra – Revenue" Accounting

- No Change to Pricing Structure
- No Change in Punch Card Utilization
- No Change to Budgeting and Accounting For
  - Gross Revenue at "Rack" Rate (Non-Resident)
  - Parcel Owner Allowances

- 1) Board Discussion of ISSUES / OPTIONS
- Pricing Policy
- Punch Card Utilization
- Budgeting and Accounting Practices
- 2) Consider Timing of Follow-Up Board Workshops:
- Ordinance 7 (To Include Punch Card Utilization)
- Review of District Pricing Policy

Resident vs Non-Resident Pricing "Allowances" vs. "Discounts"

- 3) Consideration of Eliminating Punch Card "Contra-Revenue Accounting"
- Expected to have MODEST impact on year-end financial statements in FY2020/21
- IF Concern relates to "Generally-Accepted Accounting Principles" (GAAP), consider deferring any Board decision pending upcoming review by Outside Consultant (per Audit Committee)

Ordinance 7 (last amended March, 1998) establishes rates, rules and regulations established by the District to provide recreation privileges, recreation access or special rates to property owners and/or their assignees and guests.

Ordinance 7 provides for two PRIMARY vehicles for parcel owners (and/or their assignees) to access recreational facilities as well as access special rates or discounts for District-owned facilities and programs:

Recreation Passes (Picture Passes)

Recreation Punch Cards (Punch Cards)

Property Owners are Assessed an Annual Recreation Fee (or **Recreation Standby and Service Charge** to finance recreation programs and facilities via separate fees:

\* Additional Picture Passes and Punch Cards can be purchased for 1/5 of applicable Recreation Facility Fee and Beach Facility Fee and are distinguished between BEACH ACCESS and NO BEACH ACCESS

## Recreation Facility Fee and Beach Facility Fee

Annually, the District budgets for the revenues collected from:

- <u>Facility Fees</u>\* collected from all property owners
- Revenues collected from the sale of <u>Additional Picture Passes and Punch Cards</u>
- Revenues from <u>Charges for Services paid by customers</u> accessing District Facilities and programs.
- \* The Facility Fee(s) paid represent the funding source for the original allocation of Picture Pass and Punch Cards +

Combined, these funding sources are used to support annual District expenditures for operations, capital projects and debt service.
