DIAMOND PEAK SKI RESORT (Dec-Apr)

1210 Ski Way • 775-832-1177

Explore miles of welcoming, perfectly groomed trails, tree skiing and 1,840 feet of vertical. Enjoy easy access from parking lot to lifts, ski schools for all ages, the best value for lift tickets and the most breathtaking views of Lake Tahoe. *DiamondPeak.com*

Ciprian Photography

**INCLINE VILLAGE
PARKS & RECREATION**

980 Incline Way • 775-832-1300

Community members and visitors can enjoy our beautiful parks, athletic fields, trails, and a wide range of outdoor/indoor activities. Our public Recreation Center includes an indoor pool, sauna, group & water fitness classes, a cardiovascular room, gymnasium, childcare and a variety of programs and services.

Skip the line and register for programs online at register.yourtahoeplace.com.

INCLINE VILLAGE GOLF COURSES

*Championship Course • 955 Fairway Blvd
775-832-1146 (May-Oct)*

A classic 18-hole public Lake Tahoe golf course featuring a Robert Trent Jones Sr. design and lake views. This par-72 course was listed "Best in State" 2012 - 2015 by Golf Digest magazine and ranked #8 in Nevada on Golfweek's "Best Courses You Can Play 2019" list. The golf shop is now open year-round with shopping, lessons, and virtual golf during the off-season.

*Mountain Course • 690 Wilson Way
775-832-1150 (May-Oct)*

Our 18-hole, par-58 course is affordable, fun & quick to play with special 9-hole and twilight rates. Bring the family out for fun programs like leagues, Nine & Wine and Sunday Family Fun Days.

**INCLINE VILLAGE
WEDDINGS & EVENTS**

955 Fairway Blvd • 775-832-1240

Create an unforgettable experience for your Lake Tahoe wedding, meeting, celebration or golf event. Our facilities include The Chateau at Incline Village™, Aspen Grove, The Championship and Mountain Golf Courses, and Diamond Peak Ski Resort.

The Chateau features a 5,200 sq. ft. ballroom that can be divided for large or small meetings and events. Aspen Grove is the perfect outdoor venue for up to 150 people.

**INCLINE VILLAGE
TENNIS CENTER**

964 Incline Way • 775-832-1235

The Incline Village Tennis Center is located in a picturesque alpine setting along a year-round creek. Our club-like facilities are open to the public with daily court fees or seasonal memberships. The Tennis Center offers ten courts, eight pickleball courts, and a pro shop with demo rackets. Lessons, socials, tournaments and camps are offered during the summer. *(Pro Shop open May-Oct)* Pickleball is now available at the Rec Center during the winter months.

WHO'S READY FOR A GREAT WINTER?

Mike Bandelin, Diamond Peak Ski Resort General Manager

As always, this time of year, we're super excited to welcome everybody back to the slopes of Diamond Peak for another great season of skiing and riding in true Tahoe style. Whether you are an old friend of the resort, or this will be your first winter here, we can't wait to show you what's new and hear your feedback on how we can improve.

That's one of my favorite things about Diamond Peak being a community-owned resort... We can be totally focused on providing the best experience for our local residents and their guests, instead of worrying about corporate conformity or quarterly earnings reports like some of the bigger resorts out there.

All of us in town have a lot invested in this hidden gem of a ski area, and that investment has paid off over the years with more consistent snow quality (due to upgrades to our snowmaking system and grooming equipment), longer seasons, more sustainable operations, and incredible staff and customer loyalty.

New Resort Leadership

We've had some turnover in our senior management at the resort and have been fortunate to invest in two young leaders who will help push Diamond Peak forward in exciting new ways...

I'm very proud to announce that Jon Tekulve – our long-time Ski & Snowboard School Supervisor – has been promoted to be the Director of Skier Services

for the resort, filling the role occupied by Carl Hill for many years. In his new position, Jon T. (as he is known to most) will oversee the Adult Ski & Snowboard School, the Child Ski Center, the Rental & Repair shop and the Hyatt Sport Shop. It really makes me excited whenever we can hire from within for a position of this importance and I know Jon will bring great ideas to the resort in the coming years.

We also have a new Ski Patrol Director – Kari Brandt – joining us this year, along with her hard-working patrol dog Fred. Kari has already accomplished great things, including founding an organization dedicated to increasing the number of women patrollers in the ski industry, and I can't wait to see what she brings to our Ski Patrol and guest safety programs here at Diamond Peak.

New Equipment

Speaking of investment, we added four new TechnoAlpin TR8 snow guns to the snowmaking arsenal this season, and they've been getting good use during the early-season snowmaking push. These guns are the best and most efficient available, and will help us ensure we can offer our guests great snow conditions all season long.

And while most folks will never see our snowcats in action, we've also added a new PistenBully 400 ParkPro grooming machine to our fleet, which will help in

sculpting all of our snow into perfect corduroy as well as building out the features in the Village Terrain Park as it goes into its second year.

Old Equipment

Not everything is new at Diamond Peak this season though... The Ridge Chair will celebrate its 50th anniversary during the 2019-20 ski season! Originally called "Upper Yellow" chair when it was installed in 1969, the classic double-chair once provided access to the highest point in the resort (before our upper mountain expansion in 1986).

Through meticulous servicing and upgrades over the years, our incredible lift maintenance team has kept Ridge Chair running safely and smoothly all these years, and I hope all of you will take at least one ride on this classic beauty this winter. Be sure to look back over your shoulder when you do... the view of Lake Tahoe is hard to beat.

Another Anniversary

Finally, we're celebrating another fun milestone this year – the 20th anniversary of our signature Dummy Downhill event this spring. If you have never attended the Dummy Downhill, make March 22, 2020 the day you change that. It is truly a can't-miss event and guaranteed to make you laugh.

Members of the public are invited to build dummies in all shapes and sizes which are launched off a huge jump our groomers build in the middle of Lower Show-Off. The spectating from the Base Lodge sundeck is amazing – so you don't even have to know how to ski or ride to take part in the fun – and the crashes are pretty epic!

Come Say Hello This Winter

I sincerely hope to see all of you on the slopes of Diamond Peak this winter! If you're not a skier or snowboarder yet, make this the winter that you learn. As Warren Miller always said: "If you don't do it this year, you'll just be one year older when you do."

1680 PINECONE CIRCLE
INCLINE VILLAGE, NV

\$6,950,000 | 5 BD | 6 BA | 4,934 SF

Elegant lake view home with exquisite attention to detail in a lakefront community of homes with a coveted, sandy shared beach offering a pier and one assigned boat buoy. Easy access to exterior deck, patios and lush gardens.

Diamond Peak 2019-20 season passes are on sale now with incredible values on both unrestricted and mid-week passes. Season passholders can receive up to 62 complimentary lift tickets at 16 partner resorts across the country this winter – up to four days at each resort. Participating resorts include: Beaver Mountain (UT), Beech Mountain (NC), Bogus Basin (ID), Boreal (Donner Summit, CA), Brundage (ID), Cooper (CO), Homewood Mountain Resort (Lake Tahoe, CA), Lee Canyon (NV), Mission Ridge (WA), Moose Mountain (AK), Mt. Ashland (OR), Red Lodge (MT), Shawnee Peak (Bridgton, ME), Snow King (WY), Tahoe Donner XC & Downhill (Truckee, CA), and Whitefish (MT).

That totals up to over \$4,200 worth of free skiing at other resorts with a Diamond Peak season pass.

Special discounts and privileges on the mountain are also available to Diamond Peak season pass holders, including:

- Four (4) discounted Bring-A-Friend Tickets (\$30 off the adult window rate)

SEASON PASS RATES

STAFF SPOTLIGHT

Kari Brandt, New Diamond Peak Ski Patrol Director

Brandt comes to Diamond Peak from Southern California, where she served as the Risk Manager at SkyPark at Santa's Village – an adventure theme park and mountain bike park in the Lake Arrowhead area – and as a patroller at Big Bear Mountain Resorts.

“We are really happy to be bringing Kari on as our new Patrol Director,” said Diamond Peak Mountain Operations Manager Jay Rydd. “Kari is well qualified on paper, but getting to know her during the interview process made it abundantly clear that she will be a great fit for our team and the resort.”

Raised in the small mountain town of Green Valley Lake, Calif. (population around 250) in the San Bernardino National Forest, Brandt learned to ski at age 2 at Ski Green Valley – a tiny resort with just one chairlift, one

Poma lift and two rope tows – where her parents were the volunteer ski patrollers. At age 4, Kari got her own 101 Dalmatians fanny pack stocked with Band-Aids, and she would ski around the hill offering help to anyone who needed it.

After ski racing throughout primary school, Brandt attended California State University, San Bernardino on a cross-country running scholarship. Earning her Bachelor's degree in Mathematics with a minor in Kinesiology, followed by a teaching credential in Math and PE, Kari thought she would be a high school math teacher and cross-country/track coach.

After being out of school for a year, and with no motivation to find a teaching job, Kari realized she needed to focus her energy toward different opportunities. That summer she moved to Yosemite National Park to be a

lifeguard at Curry Village and fell in love with the place and community of people that surrounded her. The following winter she enrolled in a Wilderness First Responder class and realized a passion for emergency medicine she didn't know was there. Two weeks after that class ended, she attended an EMT program to become a ski patroller, and it was all downhill from there... pun intended.

Kari began working as a hiking and backpacking guide for the Yosemite Mountaineering School in the summers and ski patrolling at Snow Valley in the winters. This is when she knew that she wanted to make a career in the ski industry.

Snow Valley promoted her to Patrol Director in her third season and she performed that role for three subsequent seasons, after which she took a job as the Risk Manager at SkyPark at Santa's Village. Kari was with SkyPark for three years helping to develop the Emergency Medical Services and Risk Management programs for this new company.

During this time, Kari maintained her involvement with the ski patrol community by working at Big Bear Mountain Resorts during the winter seasons, becoming a fully certified patroller with the Association of Professional Patrollers (APP), serving as the Secretary for APP, and creating Women of Patrol – a platform for women ski patrollers to meet up, support each other, and participate in specialty clinics.

But something was missing and Kari missed being in the ski industry full time, which is what led her to apply for the Patrol Director position at Lake Tahoe's Diamond Peak Ski Resort.

Kari is passionate about helping her staff grow as ski patrollers as well as inspiring women to realize it can be a viable career option. Through her involvement with the Association of Professional Patrollers and her organization Women of Patrol, she is able to facilitate this growth. Women of Patrol and APP offer 3+ women's patrol clinics throughout the year with hopes to expand and bring them to other regions. These clinics are made possible with support and donations from companies like Coalition Snow, Backcountry Access, Mystery Ranch, Lily Trotters, Noso Patches, Pstyle, Skhoop, SheJumps, Too Pretty Brand and Skida.

As Diamond Peak's new Patrol Director, Kari's goals are to learn as much as possible and bring her knowledge and experience to the patrol of Diamond Peak and the community of Incline Village. She also has plans to expand Women of Patrol to be able to reach and inspire more women to be involved in the ski industry.

"I am most excited to be a part of the close-knit staff at Diamond Peak and being a part of the Tahoe community," Brandt said. "And of course, the skiing!"

When Kari is not working on the hill or on Women of Patrol projects, you can usually find her running, training for marathons, backcountry skiing, mountain biking, rock climbing, exploring the Sierra Nevada range with her 4-year old Australian Shepherd named Fred (who is currently training to be an avalanche rescue dog), cooking, crocheting or drinking good beer with good friends.

Fred Wayne Shepherd, Patrol Dog

I was born in Riverside, CA on April 24, 2015 and thankfully my mom handpicked me and I moved in with

her in Lake Arrowhead, CA at 8-weeks old. I started my first job that summer, well volunteer job, at the Children's Forest Visitor Center in the San Bernardino National Forest. My first winter I started my favorite job as a ski patrol dog at Snow Valley Mountain Resort, where I stayed for two seasons. Through this job I realized my favorite sport was skiing. Mom and I worked hard on obedience and playing search by hiding my toys for me to find. I love playing search so much I even hide my own toys in blankets and towels if mom is too busy to play with me. I became a mountain bike patroller for 3 summers at SkyPark at Santa's Village after 2 seasons on ski patrol. This job was great because I worked with my best friend Arrow, Santa's dog!

When I'm not training or working my favorite activities are: backcountry skiing, mountain biking, trail running, hiking, rock scrambling, swimming in alpine lakes, and chasing a good ol' fashioned tennis ball! If you see me at Diamond Peak come say hi and ask my mom if it is ok to pet me. If I'm training or searching, I need to focus on my work before I get to socialize. When I get to take some laps with mom I know you'll hear me! I let everyone know how excited I am to be skiing through excited barks! Mom always says I am the most excited employee to come to work every morning, but that excitement is because I love my job. At Diamond Peak I am most excited to be working at a ski hill that gets more snow so I can practice my avalanche rescue skills more.

STAFF SPOTLIGHT

Jon Tekulve, New Diamond Peak Director of Skier Services

Jon Tekulve grew up in Pittsburgh, Pennsylvania, and learned to ski at the age of 7 at Hidden Valley Resort. His parents enrolled him and his siblings in the ski school programs at Hidden Valley and soon found themselves driving up to go skiing enough that they decided to purchase a condominium at the resort to spend the weekends and holidays together as a family in the mountains.

By the time Jon was in high school, Hidden Valley's ski school management had noticed his passion and asked if he would be interested in teaching children to ski on the weekends and holidays. As they say, the rest is history...

Jon began training for his Professional Ski Instructors of America (PSIA) level 1 certification during the 1994-95

season at the age of 15, and obtained his certification that spring when he turned 16 (the minimum age required by PSIA).

Jon attended The Ohio State University to study graphic design and art history, followed by the Art Institute of Pittsburgh to study photography. He continued to teach skiing at Hidden Valley during the holiday breaks and on the weekends – not returning to the mountains was never an option he considered. In 2001, he applied to Sierra Nevada College – a small college on the shores of Lake Tahoe that offered a degree in ski area management - and was accepted into the program for the fall semester in 2001.

As it turned out, Diamond Peak Ski Resort was just up the road from Sierra Nevada College, and Jon was hired on the spot when he went up to the resort

to talk with the ski and snowboard school about employment for the 2001-02 ski season.

Jon has been with Diamond Peak ever since – earning his PSIA level 2 and 3 certifications, becoming a ski school trainer, and serving as a Ski and Snowboard School Supervisor along the way.

During the offseason Jon is an avid hiker, backpacker and traveler. He has traveled extensively in state and national parks all over the U.S. as well as in Western Europe, Scandinavia, New Zealand and most recently a 19-day trek to Everest base camp.

Jon has never lost his passion for skiing or the mountains, if anything that passion has only grown stronger. As the new Director of Skier Services, he plans to continue to share his passion for snow sports and inspire more people to enjoy the mountains.

WINTER JOBS

Work and play on the mountain and be a part of a terrific team this ski season! Diamond Peak is looking for great employees who enjoy customer service as well as working in a dynamic environment.

Positions include: Ski Instructors, Snowboard Instructors, Lift Operators/Ticket Checkers, Cashiers, Bussers, Rental Technicians, Ski Patrol, Snowmakers, Mountain/Plaza Hosts, Parking Attendants, Maintenance Property Operations and more.

Whether you want to work inside, outside, or on-snow, we have positions available. You do not need to be able to ski or snowboard for many positions, but if you want to learn we do offer free lessons for employees.

Create your profile and apply online at YourTahoePlace.com/jobs. Or contact us at jobs@yourtahoepace.com or 775.832.1100.

"I not only love coming to work each day to share my passion for the mountain with guests and friends, but I truly enjoy being a part of a tight-knit family here in my department." —Tatiana

Employee Privileges

Besides being able to live, work and play in one of the most beautiful places in the world, Diamond Peak employees enjoy additional privileges depending on their employment status.

Privileges could include:

- Free season pass for employee and discounted or free for spouse/domestic partner & dependents
- Free group lessons and standard rentals
- Discounts on food and non-alcoholic beverages
- Discounts to the Incline Village Recreation Center
- Discounts at select Tahoe Area Ski Resorts
- Discounts at select theme parks
- Potential for summer employment at other IVGID venues (Golf, Parks & Rec, Beaches, etc)
- Longevity incentive pay for employees who work the entire season and return

Diamond Peak – Community Owned

Working for Diamond Peak Ski Resort is an experience unlike any other ski resort job in the Tahoe Basin. As a community-owned ski resort we do

things a little differently compared to the corporate-owned resorts in the region. We treat our employees with a huge amount of respect and trust, knowing they will provide incredible customer service for our residents and guests.

Every dollar your hard work generates for Diamond Peak will get directly reinvested in this community. You will get to work for and alongside locals who are passionate about fun! Some of our employees, including our General Manager, have been working at Diamond Peak for decades and call this place "home".

SLOPES UPDATE

Village Terrain Park Receives Industry Recognition

Terrain park skiers and riders who got a taste of the Village Terrain Park last year will be stoked to hear that the same crew that revolutionized the terrain park scene at Diamond Peak last year is back again, and planning even more innovative features for year two.

Fresh off being invited to build at Snowboarder Magazine’s Superpark 22 event this past spring – an honor extended to only three of North America’s top terrain park teams – the Village Park crew has spent the offseason dreaming up new ways to fill the park with fun features for all levels of skiers and riders.

“Last winter, during the Village Terrain Park’s first season in existence, we received so much great feedback from the community of skiers and riders who had the chance to ride the park,” said Matt Melilli, Diamond Peak’s Slope Maintenance Manager and Lead Terrain Park Builder. “This winter the entire terrain park crew is excited to take things to the next level – incorporating some of the great ideas our community had as well as some of the new concepts we’ve been dreaming up all summer long. We really hope everybody will come check out what’s going to be new this winter, and then let us know what they think.”

Accessible from all areas of the mountain, the Village Terrain Park’s location allows park riders to explore

more of the mountain before taking a lap through the park, or simply enjoy quick park-only laps via the Red Fox chairlift. The Village Terrain Park has created a comprehensive arena for Diamond Peak’s park staff to build features for all ability levels (from beginners to experts) and conditions.

The Village Terrain Park is the brainchild of Melilli and Assistant Slope Maintenance Manager Tim Hay, both of whom have extensive experience constructing boundary-pushing terrain park features for events such as the Burton U.S. Open, the Dew Tour, and Snowboarder Magazine’s annual Superpark showcase. Both Melilli and Hay are excited to debut a huge selection of rebuilt and new progression-oriented boxes and rails in the Village Terrain Park this winter, as well as show off the shaping capabilities of Diamond Peak’s three PistenBully Park Pro grooming machines.

Upgraded Snowmaking Capacity with TechnoAlpin TR8 High-Efficiency Snow Guns

Diamond Peak Ski Resort has purchased four new TechnoAlpin TR8 high-efficiency snowmaking guns designed to produce more snow during all types of snowmaking conditions with less noise. The addition of these new snow guns will allow Diamond Peak to increase the probability of opening the ski area earlier and with top-to-bottom terrain, even during winters in which the resort is reliant on 100% man-made snow during the early season.

TechnoAlpin’s latest design, the TR8 snow gun is designed to require less maintenance and produce more man-made snow per hour, even during marginal snowmaking conditions.

snowmaking fan guns, and a broad array of HKD high-efficiency snowmaking towers and compressed air-water snowmaking guns, which collectively cover 75% of the developed terrain at Diamond Peak Ski Resort.

“We are super excited to add these new TR8 snow guns to our fleet of snowmaking equipment here at Diamond Peak,” said Diamond Peak General Manager Mike Bandelin. “These guns will not only allow us to open the resort with more consistent and better snow quality during the early season, but they’re also a lot quieter than the older air-water guns and make a lot more snow for the same amount of energy, so they’re better for the environment too.”

Continued on page 16

The new design of the TR8 snow guns requires just one electric motor to power the entire machine, making the units more reliable, more efficient, and less noisy than previous models of snow guns. The new TR8 snow guns also come equipped with TechnoAlpin’s latest ATASSplus software system, which optimizes snowmaking based on weather conditions and forecasted snow needs. ATASSplus makes energy-efficient snowmaking much easier, and

the software is able to communicate directly with Diamond Peak’s SNOWsat grooming management software (courtesy of PistenBully), which can provide the snowmaking system with real-time information on snow depths based on Diamond Peak’s snowcat grooming fleet.

The four new TechnoAlpin TR8 snow guns add to Diamond Peak’s snowmaking system of 14 existing

Be our guest for a snowmobile tour on private wilderness trails!

New PistenBully 400 ParkPro 4F Groomer

For the second time in two years, Diamond Peak has invested in a new grooming machine to stay at the forefront of slope maintenance in the Lake Tahoe Basin. The resort's new 400 ParkPro 4F grooming machine is the third ParkPro groomer in Diamond Peak's fleet of five snow cats.

The PistenBully 400 ParkPro 4F comes equipped with PistenBully's newest Cummins diesel engine technology, which burns cleaner and allows for more power when needed. The 400 ParkPro 4F groomers in Diamond Peak's fleet also include PistenBully's SNOWsat snow depth monitoring system, which allows the resort's snow surfaces team to more accurately monitor snow depths on the ski runs and see where additional snowmaking is needed throughout the season. The SNOWsat system also tracks all aspects of Diamond Peak's snow cats operations including run time, gas consumption, GPS tracking on the mountain, and service maintenance,

and communicates directly with the new TechnoAlpin snow guns when applicable.

While Diamond Peak's ParkPro groomers will be heavily utilized in building the Village Terrain Park, these machines will also be used in grooming the Child Ski Center learning area and bunny slopes off the School House chairlift with new terrain-based learning features, and anywhere on the mountain that the advanced shaping capabilities of these cats will allow for greater efficiency and snow surface quality.

Uphill Access Policy At Diamond Peak

No uphill access will be allowed during October, November and December 2019. Uphill access is projected to open to the public in January 2020 (date TBD) and will be announced on the Uphill Access page of the Diamond Peak website.

Uphill access by self-powered means of skinning, snowshoeing and hiking has gained popularity at Diamond Peak in recent years and we welcome and support individuals seeking to exercise and enjoy the quiet mountain setting during designated hours (see below). To ensure the safety of everyone on the mountain, individuals who choose to skin, snowshoe and hike must obtain a free Uphill Access Pass, available from the Diamond Peak Guest Services Office during normal operating hours.

Please note that we have some additions to our Uphill Access Policy that are intended to preserve the safety of the user and mountain operations. Additions to the guidelines include designated routes of ascending and descending and hours of uphill access. We will also provide uphill access updates on top of our Uphill Access webpage, as well as on an information reader board on the Lodgepole run, just above the main lodge. The messaging is intended to provide information on designated

routes, availability, and general user information.

Uphill access users can help preserve this opportunity by following these simple guidelines:

- You are required to have a complimentary Uphill Access Pass. This pass is available at the Guest Service Office during normal operating hours.
- You are considered a skier under the Washoe County Skier Safety Act and should know “Your Responsibility Code”.
- The mountain may be closed to uphill access for snow safety, snowmaking, grooming, race training or other activities are taking place.
- Uphill users are warned that snowmobiles, snowmaking equipment, snow grooming, winch cat cables and other equipment may be encountered at any time on the mountain and you are responsible to stay clear of such equipment.
- Entering closed terrain is prohibited. It is the user's responsibility to know what is open or closed.
- Terrain Parks are always closed outside operational hours.
- Users must wear lights and reflective clothing at all times and lights must be on.
- If the mountain is closed to uphill access, a closed sign will be posted at the reader board in the base area. If you are unsure, please feel free to ask.
- Users must ascend and descend on the designated routes.
- Dogs are not allowed to accompany uphill access users.
- Uphill access may be restricted due to pre-season preparation, snowmaking, grooming operations or ski area construction and maintenance activities.
- Users accessing the mountain outside of normal access hours do so at their own risk. Operational conditions may be variable including, but not limited to: closures removed for grooming operations, unfinished grooming activities, unmitigated snow safety hazards and limited visibility. Use extra caution!

Every legend begins somewhere. Now yours can begin in the biggest BMW ever built—the BMW X7. It's right at the intersection of luxury, comfort and performance. The X7 has three rows of seats, with the option to seat six or seven. You can even customize the interior trim, gearshift controls and lighting. With all the latest safety features and hands-free assistance, you have more control than ever. And with one look through the panoramic glass roof, it's clear—this level of luxury takes you places.

SUSTAINABILITY UPDATES

2018 – 2021

Stoke Certification

During the spring of 2018, Diamond Peak was recognized for its sustainability initiatives as the first ski resort in Lake Tahoe to become STOKE Certified. As one of the early adopters of the STOKE Snow certification program during the

2015/16 season, the community-owned ski resort has been diligently following their Roadmap Report to achieve best practices in snowmaking, interpretation, waste diversion, and community development.

STOKE Certified — the Sustainable Tourism Operator’s Kit for Evaluation — is the world’s first sustainability certification body with standards built specifically for surf and ski tourism operators. The mission of the organization is to assist resorts in developing systematic approaches to sustainability, environmental responsibility, customer loyalty and staff retention.

During the 2017/18 ski season, Diamond Peak was evaluated against the 110 criteria in the STOKE Snow standard by an independent evaluator. The ski area achieved an overall compliance score of 78% across all four categories of sustainability performance, making it the second STOKE Certified ski area worldwide, behind Oregon’s Mt. Ashland Ski Area.

Diamond Peak continues to make improvements to snowmaking – including the purchase of four new TechnoAlpin high-efficiency TR8 snow guns for the 2019-20 ski season – and is continually assessing the system for upgrades to maximize snowmaking capacity and efficiency. Diamond Peak has also upgraded its grooming fleet with the addition of new PistenBully 400 ParkPro snowcats during both the 2017-18 and 2019-20 seasons.

Stoke Mountain Tours

In partnership with the Incline Village General Improvement District’s Waste Not conservation staff, Diamond Peak will offer a series of free guided interpretive ski/snowboard tours of the mountain this winter. Program participants will meet behind the Base Lodge with a guide before touring the mountain to discuss the unique plant and animal life that

flourishes within the ski area’s boundaries, as well as the history of the resort, of Incline Village and the Lake Tahoe region as a whole. Learn about Diamond Peak’s recent certification through STOKE Certified and continuing efforts to incorporate sustainable practices into operations and education.

Meet on the snow behind the base lodge (near the ski racks and large trail map sign). Must be an intermediate skier or snowboarder and have a valid lift ticket or season pass to participate, unless otherwise noted.

2020 Tour Dates:

Saturday, Jan. 11, 10:30am - 11:30am

Saturday, Feb. 8, 10:30am - 11:30am

Saturday, March 7, 10:30am - 11:30am

Golden Pinecone Award

Diamond Peak Ski Resort is proud to be recognized by non-profit GREENevada with the 2019 Golden Pinecone Sustainability Award for its sustainability efforts. The community-owned ski resort in Incline Village, Nevada took top honors in the Government Agency category in 2019. Nevada’s Golden Pinecone Awards celebration has a 30-year history of honoring outstanding organizations and individuals for their achievements in improving and sustaining the environment.

Diamond Peak, in conjunction with the Incline Village General Improvement District’s Waste Not department, was recognized for their industry-leading sustainability initiative with STOKE Certified over the past two years, as well as its ongoing commitment to environmental sustainability.

DIAMOND PEAK SIGNATURE EVENTS

Dec. 24-25 | Santa & Penguin Pete Visit

Every year, Santa Claus and his trusty sidekick Penguin Pete (Diamond Peak's official mascot) greet kids of all ages on the slopes of Diamond Peak. Catch these two lovable characters in and around the Base Area as well as on the slopes from 11am to 1pm.

Jan. 1 - April 3 | Diamond Cut Video Competition

Diamond Peak's video edit contest is back for a second year of community-generated stoke. Grab your GoPro or video camera, get your crew of friends together, and film yourself having fun at Diamond Peak. Video submissions will be collected from Jan. 1 - March 15, 2020. The top videos from each category will be screened at the Diamond Cut Video Awards at the Chateau on April 3.

January 24 - 25 | 11th Annual Ullr Fest

The 11th annual Ullr Fest, to raise funds for the Diamond Peak Ski Education Foundation, will be held January 24-25, 2020. The action-packed weekend kicks into high gear Friday evening with a torchlight parade, bonfire and live music. The party continues through Saturday with other events including competitions, food, entertainment and more. Come dressed in your Ullr attire as prizes will be given for best costumes.

Saturdays, Feb. 1 - April 11 | Last Tracks Wine/Beer Tastings

Every Saturday, February 1 through April 11 (no event Feb. 15), enjoy beautiful views of Lake Tahoe from Snowflake Lodge while tasting fine wines or craft brews paired with tasty appetizers. At the end of the event, ski or snowboard down a freshly groomed run at sunset. Last Tracks tickets include a lift ticket valid from 12:30-4pm. Participants must be 21 years old to attend and ski or snowboard at an intermediate level. Buy tickets online at DiamondPeak.com. Tickets go on sale in mid-January and this event typically sells out quickly.

Jan. 10, Feb. 7 & March 6 | Moonlight Snowshoe Hikes to Snowflake Lodge

Hosted by the Incline Village Parks & Recreation Department, this award-winning event encourages exercising in an intergenerational social setting for ages 9+. There will be light fare available for those who would like to purchase dinner at the top. Meet at Diamond Peak's upper parking lot at 5 p.m. The group will return around 9 p.m. Visit our website or call 775.832.1310 for information. Pre-registration is required.

March 22 | 20th Annual Dummy Downhill

Join us for the 20th Annual Dummy Downhill. Participants build a dummy on skis or snowboards that gets launched off of a big jump, while spectators watch as these unique characters fly down the hill or crash hard. This is Diamond Peak's signature spring event and biggest party of the year. Even non-skiers will want to come watch the madness! Dummies will first be judged on creativity on the Base Lodge deck, and then will be launched off the jump. Prizes and certificates will be awarded for creativity, best crash, furthest distance, and more.

March 28-29 | Luggi Foeger Uphill/Downhill Festival

What used to be simply the Diamond Peak Uphill/Downhill Dash is now a full weekend of fun! On Saturday, race to the top of the mountain using whatever human-powered method you prefer – skins, snowshoes, running shoes, etc. Then ski, snowboard, snowshoe, or run back down to the finish line. For those of a less competitive nature, a recreational course will be available. The weekend will also include fun activities in the base area including ski boot races, live music, fun relays, and more!

Raising expectations.

Personalized insurance protection and service

Our reputation at Cal-Nevada Insurance Agency is built on five decades of providing clients throughout Lake Tahoe, Nevada, California and Arizona with best-in-class custom personal insurance products and services. We value the hard work it takes to own the house of your dreams along with other assets, so we work hard to deliver the protection you need should an accident or loss happen.

Our signature private client services products include:

- *Homeowners/High-Value Homeowners*
- *Secondary Home/Vacation Homes*

WINTER SAFETY INFORMATION

INCLINE VILLAGE/CRYSTAL BAY EMERGENCY PREPAREDNESS PRECAUTIONS

Make A Plan, Assemble A Kit And Stay Informed

Emergency preparedness means planning and preparing for a disaster. It means that you have taken the necessary precautions to make a plan, assemble a kit and stay informed. Those three steps are the foundation of what you need should a disaster or emergency situation occur. We encourage you, whether a resident or a visitor to the Lake Tahoe Basin, to be prepared with the proper information and family plan ahead of time.

What does an Emergency Kit have?

1. Water
2. Food
3. First aid & supplies
4. Clothing, bedding, and sanitation supplies
5. Tools
6. Special items
 - a. Prescriptions and medications
 - b. Important family documents

Be Informed & Make A Family Plan

Being prepared helps you and your family minimize the impact of a disaster, such as an earthquake, or an emergency, such as a broken leg. Knowing what to do is your best protection and your responsibility.

For more information on Emergency Preparedness, visit the North Lake Tahoe Fire Protection District website at www.nltfpd.net in the Community Outreach section of the website.

Winter Safety Tips From The National Safety Council

Read more safety tips on the National Safety Council website: nsc.org

Drive Safely in the Snow

In addition to annual maintenance, here are some tips to winterize your car:

- Test your battery; battery power drops as the temperature drops.

- Make sure the cooling system is in good working order.
- Have winter tires with a deeper, more flexible tread put on your car.
- If using all-season tires, check the tread on your tires and replace if less than 2/32 of an inch.
- Check the tire pressure; tire pressure drops as the temperature drops.
- Replace wiper blades if needed.
- Add wiper fluid rated for -30 degrees.
- Keep your gas tank at least half full to avoid gas line freeze.

Avoid Shoveling/Snow Blowing Injuries

Cold weather can increase heart rate and blood pressure. It can make blood clot more easily and constrict arteries, which decreases blood supply. Individuals over the age of 40 or who are relatively inactive should be careful.

- Stretch out before you begin.
- Shovel snow when it's powdery.
- Push the snow rather than lifting it.
- Lift with your legs, not your back.
- Know the signs of a heart attack, and stop immediately and call 911 if you're experiencing any of them. Every minute counts during a heart attack.

Snow Blower Safety

In addition to the possible heart strain from pushing a heavy snow blower, snow blowing has many other risk factors. Tips for staying safe while operating a snow blower:

- If the blower jams, turn it off.
- Keep your hands away from the moving parts.
- Be aware of the carbon monoxide risk of running a snow blower in an enclosed space.
- Add fuel outdoors, before starting, and never add fuel when it is running.
- Never leave your snow blower unattended when it is running.

WINTER AT THE GOLF COURSES

The golf season may be over but the Championship Golf Shop is open year-round and our virtual golf simulator is available to keep your game up to par all year long. Find great sales, special events, and golf staff here to help with your swing or finding that perfect gift for your special golfer. Golf Shop hours are 10am-5pm Monday-Friday (non-holiday) and select Saturdays.

Golf Shop Sales and Events

Looking for that perfect gift for that special golfer? The Golf Shop at the Championship Golf Course has some great sales this winter that you don't want to miss.

Community Holiday Celebration Sale - December 6th

The Golf Shop will be open until 7pm with discounts on logo gifts, accessories and more.

Holiday Shopping Event - December 14th, 3 - 7pm

Come enjoy some wine, hot cocoa and snacks while you shop. We will also have a spin the wheel for extra discounts, closest to the pin contest on the simulator and a free holiday gift bag!

President's Day Sale - February 13th - 17th

50% off on select apparel and all accessories. New clearance products added to 70% off rack

March Mayhem Sale - March 16th - 27th

Extra discounts on all remaining merchandise (excludes golf balls and golf clubs).

Winter Golf Indoor Golf

Our FlightScope X2 Elite launch monitor and indoor hitting net are setup in the Championship Golf Shop for the off-season. There are a variety of courses to choose from and 18 holes only takes about an hour. Golf Rates are \$35 for an hour (\$25 w/ IVGID pass) or \$20 for 30 minutes (\$15 w/IVGID Pass).

The FlightScope also captures an accurate reading of your swing with Doppler radar, which provides feedback regarding ball flight, swing path and launch angles. Our PGA golf pros Darren Howard, Kyle Thornberg, and Ashley Wood are able to analyze results from the flight scope and give swing lessons based on those results. Call 775.832.1146 to book winter tee times and lessons.

GoFit

Healthy athletes make better golfers! Ward off stiffness, inflexibility, lack of motion, fatigue, possible injury and keep your golf game in shape during the off-season. PGA Golf Professional and NASM Certified Personal Trainer Ashley Wood has created a program designed to increase your overall mobility, strength, flexibility, core stability, coordination, cardiovascular health and balance. The GoFit program will keep your golf game up to par and on the course for years to come. Private or Small Group trainings are available. Must schedule a complimentary one-on-one assessment to be part of the program. Call 775.832.1339 to make a required appointment or for more information.

Picking a Non-stick Pan

What if I told you using the right pan meant you could have dessert? That's right, which pan you choose will ultimately decide not just what flavors you will create, but also how much fat you need to properly cook your food. Cooking comes down to ingredients, techniques and what equipment you need to conduct heat efficiently and effectively to produce great results.

Nonstick pans are a great tool and offer more than just easy cleanup. We recommend nonstick pans for cooking eggs, fish and batter items like pancakes and crepes. Here are three things to consider when choosing a nonstick pan.

What is the pan made of and is it safe to use?

All non-stick pans have a coating of some type. For safety, definitely look for a pan that is PFOA free. Pans made with PFOA coating (mainly Teflon) have been found to be harmful when the pan is overheated and the PFOA "off gases" into the room. Not good! So please, if you have any scratched up, old non-stick pans, throw them away. Notice I did not say to donate them either. This brings up a key point though for all nonstick cookware—nonstick pans, because of the coating, are designed to be medium heat pans. To get the best performance and durability, do not heat your nonstick pan above 400-450 degrees.

How does the pan perform?

Just like in other cookware, the main thing you are looking for is a pan that will conduct the heat effectively and evenly around the

pan. Ideally, you are looking for a 3-ply pan (Stainless Steel-Aluminum-Stainless Steel) with a top of the line nonstick coating. Our "go-to" nonstick pans are:

1. Cristel Casteline- 5-ply core cooking base with 3-ply sides—a dream to cook on because of its amazing heat distribution. Cristel uses Excellis, a top of the line, PFOA free coating, that is manufacture using a 3 layer coating process. It has a 10 year warranty which is virtually unheard of in the nonstick cookware industry. \$195-\$295
2. Chantal Induction 21- The Chantal nonstick frypan incorporates a 3-ply diffuser cooking base with titanium and copper infused stainless steel sides. The coating is a very durable nonstick silicone ceramic coating, think a high tech pyrex and you get the picture. \$60-\$120
3. Frieling Black Cube- This pan is interesting and works great, especially if you like to use metal utensils. The Black Cube is a "hybrid" 3-ply core pan that incorporates stainless steel pixels/cubes with nonstick coating in the valleys for its cooking surface. Food essentially cooks on the stainless steel pixels which keeps the coating safe from scratching when using metal utensils. \$50-\$110

How durable is a non-stick pan?

They do have a shelf life. Each manufacturer will have slightly different standards of care for their pan. As long as your pan doesn't contain PFOA then it will never be "unsafe" to cook in, but the non-stick property may diminish over time requiring you to use fat to cook in the pan. Generally, non-stick pans have a shelf life around 3 years. Cristel offers a 10 year guarantee for their non-stick pan, so you won't have to replace it as often as a lesser quality pan. Remember it is very important to not overheat these pans to extend their useful life.

The fun part of cooking is placing flavor where you want it. These non-stick pans give you grace when you don't want to use fat. What makes cooking easy is having a pan that works for you rather than you doing the heavy lifting. A pan that conducts heat efficiently and that is easy to clean makes cooking fun.

GOLF SEASON WRAP-UP & FAREWELL MESSAGE

Darren Howard, Director of Golf & Community Services

Dear Golfers and Incline Village/Crystal Bay Residents, The close of the 2019 golf season has arrived and what a great season it has been. Jeff Clouthier kept the Championship course in spectacular shape all year and the weather could not have been better. All of the clubs, IVGC, IVGCL, TIGC, Polo and Teesters had incredible participation and great events. Thank you to our Head Professional-Kyle Thornburg and First Assistant-Rob Bruce for their great execution of all these events. Rounds overall were up this season and we look forward to continuing this trend next season.

Before the season ended, we constructed a new bridge on #14, paved some much needed areas around the course to provide for a smoother ride, added a new selfie spot on #7 tee and Jeff has many other projects he and his crew will be working on before the snow falls. View updates and photos from some of these projects on the Fall Maintenance page on our website. Some of these include: bunker work, new red tees for 4/5 holes for the ladies, some tree work and end of the year aerification. When spring rolls around everyone will see yet again a great product from Jeff and his team.

The Mountain course also enjoyed a great season of increased play and revenue as well as some course enhancements. Jeff and his team were able to start early with aerification, so by the time the course clears of snow next spring, it should be in much

better shape than usual because of the early healing from early aerification. Much needed repairs were done to many problem areas on the cart paths, work has also been done around the putting green and some new irrigation added as well. This will be noticed right away upon arrival to the course. The clubhouse renovation project has started and I know everyone is anxious to see the improvements and especially the new, larger deck area, and the roof is now completed and decking is moving along. Focus now shifts to the interior of the building and as progress happens, we will keep you updated on our website on the Mountain Course Renovation page.

Thank you to the Mountain Course golf clubs - the Mountain Niners and Incline Village Teesters - for a very successful season. Your participation and enthusiasm are greatly appreciated. Everyone worked together with the help of our new Head Professional, Ashley Wood to pull off an incredible season! Thank you to all for helping Ashley feel welcome and thank you Ashley for guiding the Mountain Course through the season.

Golf Shop sales were at an all time high for 2019, a direct result of all the hard work Genevieve and her staff put in not only during the season, but before the season even starts. Thank you to everyone for supporting the Golf Shop! We will have more great items coming in the future. Please check the calendar and

website as we go through the winter season as we have special sales and shopping experiences coming up, like Wine and Cheese Night in the Golf Shop along with special golf contests on the launch monitor (more details to come).

Lastly, I would like to thank everyone for making me feel welcome during my first season. Please know that I will

continue to make your golf experience the best it can be and we will always look for ways to improve operations. We value your feedback and your honest responses help us make our service even better. Please take a couple minutes to complete our online survey if you haven't already: bit.ly/golfinclinesurvey.

Sincerely,
Darren Howard

Fall Prevention & Safety Tips Provided By The North Lake Tahoe Fire Protection District

Test and replace batteries. Check or replace carbon monoxide batteries when you change the time on your clocks each spring and fall. Replace smoke alarm alkaline batteries at least once a year. Test alarms every month to ensure they work properly.

Be prepared for cold weather.

Prepare your home and car. Have a winter weather checklist that includes emergency preparedness info for communication, making a plan and supplies kit.

Keep stairs and walking areas free of electrical cords, shoes, clothing, books, magazines and other items.

Improve lighting in and outside your home. Use night lights or a flashlight to light the path between your bedroom and bathroom. Turn on lights before using stairs.

Use non-slip mats in bathtub and shower floors. Install grab bars on the wall next to the bathtub, shower, and toilet if needed.

Stairways should be well lit from both top and bottom. Have easy-to-grip handrails installed along the full length of both sides of stairs.

Be aware of uneven surfaces indoors and outdoors. If you must have rugs, make sure they lay flat and don't slide when you step on them. Be aware of uneven sidewalks and pavement. Clear ice and snow from stairs and walkways and use hand rails if available.

Wear sturdy, well-fitting low-heeled shoes with non-slip soles. They are safer than slippers, stocking feet, high heels or thick soled athletic shoes.

Consider getting a flu vaccine.

Studies show that flu vaccination can reduce flu illnesses, doctors' visits, missed work & school, and flu-related hospitalizations.

WINTER REMINDERS

Winterize to Avoid Frozen Pipes

Every winter homeowners face the damage and expense of frozen water pipes. When leaving town, take the necessary steps to help winterize your property. Go to www.ivgidpublicworks.com for more information. Water & Sewer Emergency? Call 775.832.1203 (24/7) to report a water or sewer emergency.

Washoe County Roads Winter Parking Restrictions

Washoe County Community Services Department, who maintains our roads in Incline Village/Crystal Bay, asks residents to call the Community Hotline at 775.833.5555 for current information on snow & ice conditions and on-street parking (Red/Green Day). Please note that Red Day restrictions (no on-street parking) will be in effect until snow operations are completed. Restrictions will be enforced, with possible fines and towing.

Be Sewer Smart with Cooking Oil, Grease and Fats! Dispose Properly

Holiday dinners & gatherings can be fun, but be sewer smart with your cooking oils and fats, and avoid putting them down your drain. Our customers are a vital key to ensuring the community sewer system operates properly. It is extremely important that plumbing fixtures never be used as a trashcan.

No Fats, Oils or Grease (FOG) Down the Drain! FOG can be a major problem for local water quality, as well as the sewer lines running from your home. FOG clings to the insides of pipes and travels into the sewer system infrastructure. Over time, FOG can build up and eventually block pipes completely. When wastewater can't move freely through pipes out into the sewer system, it can back up into your home or the sewer main causing unsanitary public health conditions and damages that can be expensive to repair. It is important to dispose of FOG into a heatproof sealable container and once cooled, placed into your regular household trash. The IVGID Public Works office has FREE grease container lids as well as FREE bulk cooking oil drop off available during HHW hours.

Flushable Wipes are NOT flushable!

Wastewater systems all over the country have blockages caused by flushable wipes. Despite the claim, the products are not flushable since they do not break down. They end up causing large blockages which are unpleasant and costly to repair. Wipes should always be disposed of in a trash container.

Don't Flush Prescription Medicine

Prescription and non-prescription medicine should not be flushed down the toilet. Studies have shown that 80% of US streams contain small amounts of human medicine. Sewage systems cannot remove these medicines from water. Very small amounts of medicine have even been found in drinking water. Fish and other aquatic animals have shown adverse effects from medicines in the water. Proper disposal of medication is FREE at the drug drop box inside the Washoe County Sheriff Substation at 625 Mount Rose Hwy, Incline Village. Call 775.832.4107 for hours and additional information.

residential customers only. Trees placed curbside any other time are considered excess trash and will be subject to extra charges/violations.

Drop-Off at Preston Field: Open Dec. 23, 2019 to Jan. 27, 2020

Trees can be any size, but must be clean of all decorations, nails and tree stands.

Visit yourtahoeplace.com/public-works or call 775.832.1203 for details

Events are weather permitting & subject to change.

TREE RECYCLING PROGRAM

Curbside Tree Collection Week: Jan. 13 to 17, 2020 only

Waste Management will collect clean trees for recycling, curbside on service day, for free, only during this week.

Maximum tree length allowed curbside is 3 foot. Larger trees must be cut down to 3 foot lengths. Trees must be clean of all decoration, nails and tree stands. Curbside collection for IV/CB

REC PROGRAMS & NEWS

Soccer Wrap Up

Wednesday night is adult soccer night in Incline Village! Our debut Outdoor Coed Adult season started early this September and wrapped up on November 6. Eight teams battled each week with over one hundred people participating in the league. Games were played on Incline Park Field 1, under the lights, every Wednesday night.

Friends, families, and community members also joined at the field to show their support, watch great soccer, and catch up with each other.

We are thrilled with the success of our first outdoor league and are excited to continue adult soccer throughout the year. Check our website for open gym dates in December and gear up for our indoor season at the Recreation Center beginning Wednesday, January 8. We are also planning to bring the league back outside in the spring. We are excited to see the program keep growing and more community members getting out to play. This program is a keeper, so come kick it with us!

Flag Football Wrap Up

A huge thank you to Highlander Pride and all of the Incline Families who made our first season of Highlander Pride Flag Football so amazing! What a great way to spend Saturday nights - rooting for our future football hopefuls.

Thank you to all 75 players, their families, volunteer coaches, and Highlander Pride Team for helping making this first season, a great one. We cannot wait to start again next fall.

Spring Events

Underwater Egg Hunt

Saturday, April 4, 2020 at 12pm

This event is free.

Personal Training at the Rec. Center

Create lifelong healthy habits and improve your overall well-being with personal training. Personal training is provided by certified, trained professionals who will evaluate your individual fitness needs, design a plan of action, and motivate you to reach your fitness goals. Your personal program will include an individualized format and instruction, continuous program progression (if desired), strength and cardiovascular endurance exercises, pre- and post-operative conditioning, and proper stretching to improve flexibility.

Meet some of our trainers:

(Please find a full list of trainers on our Personal Training page. Visit inclinerecreation.com)

SANDY SOLI

AFAA Certified Personal Trainer and IFTA Aqua Fitness, Zumba & Spinning Certified Instructor

Sandy has lived most of her adult life in Incline Village. She is an avid skier, hiker and mountain biker. Sandy has a passion for life, fitness and overall fun. She loves to motivate

people! Her enthusiasm for fitness is infectious and attracts people to her classes and trainings. If you choose fitness and exercise as your path to a healthy life, but need some help, Sandy will assist you on your journey. She is very creative and enjoys developing and implementing new exercise and fitness programs for the Incline Village Recreation Center membership and community.

NIKKI DEAN

E-RYT 500, Success Coach, Essential Oils Educator, Writer, CES, BS, International Yoga, Meditation and Mindfulness Presenter/Instructor.

Since 2003, Nikki has been coaching students ranging from cancer patients to

Continued on page 36

professional athletes. With a mission to help others reduce daily stress, live intentionally and experience more success, Nikki inspires others through motivational speaking, as well as live and online health and fitness challenges. She passionately shares her knowledge of essential oils as evidence-based, natural, effective solutions for increased health, happiness and prosperity. Nikki is also a certified Yoga Nidra (yogic sleep) teacher, a Cancer Exercise Specialist, and holds a B.S. in Communications from Cornell University. Originally from New York, Nikki has traveled the world but found that Lake Tahoe is her true home. When she's not practicing yoga, Nikki can be found hiking, paddle boarding, skiing or just breathing in the fresh mountain air.

TRISH MCKOWEN

NSCA Certified Personal Trainer, FMS Functional Movement Screen, Titleist Performance Institute Level 1 Golf Fitness Trainer, K-MOTION 3D Golf Level 1, TRX Functional Trainer, TRX Group Trainer, TRX RIP Trainer, Spinning Instructor, Bio-Impedance Body Fat Analysis, Diamond Peak Ski Team Coach, BA in Journalism

Trish recently moved back to Tahoe, bringing 25 years of fitness experience to the Rec. Center - 20 of those year as the owner of Fit Moves Personal Training. Her love of fitness is rooted in her upbringing here in Incline Village where she excelled as a competitive swimmer and alpine skier. As a trainer she is fully invested in helping her clients reach and surpass their health and fitness goals having worked with teenage athletes looking for sports specific training, to weight loss clients seeking a complete transformation and post-surgical joint replacement clients hoping to recover and restore full function. Her latest fitness passion is helping golfers uncover mobility and stability problems utilizing the FMS/TPI Golf Screens and 3D K-VEST technology with the goal of creating an efficient, consistent golf swing. Trish's priorities are the same for every client: realistic goal setting, progression and measurable results. Trish believes that people often need help to create positive change in their lives, to discover their own "personal power and self-motivation" and to uncover that place inside where real lasting transformative change is possible.

STAFF SPOTLIGHT

Tim Kelly, Sports & Community Programming Supervisor

Tim Kelly is the new Sports and Community Programming Supervisor for the Parks & Recreation department. Known as "TK" to the majority of the local community, Tim was raised in Incline Village and attended Incline Elementary, Middle and High Schools. His love of sports and recreation developed as a kid participating in Parks & Recreation leagues and programs. He grew up playing indoor soccer and basketball while attending many camps that the Parks & Recreation department offered.

Tim played four years of Division 1 college basketball at Pacific Lutheran University in Tacoma, Washington. After graduating, he continued his basketball career in Australia where he played for the Kempsey Kookaburras in New South Wales. Since 2002, Tim has been coaching basketball at all levels in Southern California and Nevada. He and his wife Maureen moved from Anaheim, California to Incline Village in 2013 when he became the head varsity boys basketball coach at Incline High School.

He first joined the Incline Village Parks & Recreation team as a sports specialist in 2014, running basketball camps for players of all ages and abilities. In 2019, his varsity boys basketball team won the Nevada 2A State Championship and he was named Nevada Coach of the Year.

He and Maureen reside in Incline Village with their three children - John Paul, Annabelle and Monica - enjoying all of what Incline has to offer.

SERVICE ANIMALS VS. PETS

We love pets... However, only service animals that are specifically trained to aid a person with a disability are allowed in IVGID-managed food service areas, including the decks at the golf courses and Diamond Peak ski resort. We appreciate your understanding.

glowing "reviews" that may or may not be true. And, to be sure, putting together all the logistics can be more than a challenge.

To be sure, all that can be off-putting. Let me give you an example: Say you want to visit Italy over a 10-day period. What places do you want to visit? What do you want to see? Where do you need guides and how do you find good ones? Hotels? Getting from one city to another? How do you establish a budget? And the list goes on.

The first thing you need to establish is what kind of traveler are you? Do you like everything to be planned out or do you prefer to "go with the flow"? Do you want to be protected from the unexpected or do you see that protest in Rome as a great experience? (Being comfortable being uncomfortable.) Do you want to tick off as many sites as possible or do you enjoy seeing less, but in more depth? These questions help determine if you should travel independently (with or without guides from time to time), take a group tour or, possibly a cruise.

Then you discuss what level of comfort and expertise you desire? The higher quality of each the more expensive. But,

We love Tahoe, but let's explore the world!

—By Eric Goldring, Goldring Travel

I know. I know. Many of you think you can research everything on the internet and find the best deals yourself. Well, that might be true (might!) if you are looking to book a Carnival cruise to the Caribbean or an all-inclusive in Mexico. But when you are considering a luxury experience it really is time to put away those beliefs. There are too many hidden gems, extraordinary boutique hotels and, of course,

We love Lake Tahoe, but there is a big world out there to explore!

Goldring Travel will deliver YOUR Luxury whether it be sipping champagne while lounging on the deck of an ultra-luxury, all-suite, boutique Seabourn ship or exploring the wilds of Antarctica, Alaska, Asia or more on one of its Seabourn Ventures zodiacs, kayaks or hikes. Is Your Luxury delving into UNESCO Heritage Sites? Dining at The Grill by Thomas Keller? Extraordinary Spa Treatments? Because it is Seabourn, you can have it all...on the same cruise!

SEVEN CONTINENTS. FIVE SHIPS. ALL SUITES. OPEN BAR. NO GRATUITIES. AND NEVER MORE THAN 600 PAMPERED GUESTS.

SEABOURN®

Goldring Travel
Be Treated by Your Travel Agent as You Will be Onboard

(877) 2GO-LUXURY

Call Seabourn's World No. 1 selling agent, Eric Goldring, at (877) 2GO-LUXURY or email info@goldringtravel.com.

GOLDRING TRAVEL, LLC, 12177 BUSINESS PARK DRIVE, SUITE 6, TRUCKEE, CALIFORNIA 96161 | CALIFORNIA SELLER OF TRAVEL NO. 2127458-40

of course, you need to be aware of "all that glitters isn't gold" so just because you spent a lot of money doesn't mean you have the hotel that makes you feel like you are in Italy (as opposed to a soulless hotel stuck in the tourist section of Rome) or the guide that bring Florence's Uffizi Gallery alive. Oh, and that cooking class: Are you going to be in some woman's apartment chopping onions while someone else chops tomatoes, or are you going to shop with the chef and have your own cooking station where you create entire Italian dishes?

And then: How do you get from Florence to Rome to Venice and how long do you spend in each city? Car? Train? Land Tour? Cruise? A combination? Each has its own strengths and weaknesses. But that is a whole article unto itself!

So, you can do all this on the internet and it will probably keep you from traveling. Or you can utilize a highly trained and experienced travel professional who has been there and done that rather than also looking on the internet.

So where to you want to go? Italy? Cambodia? Antarctica? The world is truly your oyster. Let's crack one open!

Eric J. Goldring is the owner of Goldring Travel located in Truckee, California. Eric is an award-winning travel agent and travel writer who has journeyed to over 100 countries from Alaska to Antarctica, England to China, and many places in between. Eric has created luxury travel experiences for his numerous and diverse clients throughout the world, assuring that their individual ideas of luxury are met and exceeded. GROUP RENTAL FACILITIES

Recreation Center, Beach Picnic Areas and Fields

980 Incline Way,
Incline Village, NV 89451
775.832.1310
inclinerecreation.com

If you are looking for a place to hold a social, sporting or special event in Incline Village, we have several venues available. The Recreation Center offers year round facilities for indoor events with amenities that include a lobby for birthday parties, indoor gymnasium and indoor pool. Incline and Burnt Cedar beaches have several Group Picnic areas available to beach access pass holders to reserve for spring or summer events. The designated beach sites include barbecue grills and tables offering you and your friends an area to picnic and enjoy the beach. Two sites are available at Burnt Cedar and two at Incline Beach. These sites can only be reserved with a valid IVGID Picture Pass with beach access. Each guest is still responsible for beach access fees. There is one site available at Preston Park which is perfect for a family gathering or birthday parties and can be reserved by both IVGID pass holders & non pass holders

In addition, Village Green, Preston Field and Incline Park offer wide open spaces for activities and have multi-use fields for your soccer, softball and baseball needs. These sites are available to both IVGID pass holders & non pass holders. Reservations for all sites are taken on a first-come, first-served basis at the Parks & Recreation Department Counter. Payment is required with your application.

DISC GOLF COURSE

The North Tahoe Lions Club Disc Golf course includes 18 par 3 holes in a picturesque setting located within Incline Park adjacent to the Tennis Center, Recreation Center, Skateboard Park and the Ball Fields. This is a free multi-use area to be enjoyed by all ages. The Disc Golf Course was created through a partnership between the Incline Village Parks & Recreation Department and the Incline Tahoe Foundation with generous community donations. Parking is available at the Recreation Center at 980 Incline Way. Parking is not permitted at the Tennis Center. The 1st hole is located on the west side of the Recreation Center entrance road. Discs are available for purchase or rent at the Recreation Center.

SKATE PARK

Hwy 28 & Southwood Blvd., Incline Village, NV 89451
775.832.1310

Incline Skate Park, centrally located on the corner of Tahoe Blvd (Hwy 28) and Southwood Blvd. in Incline Park, has something to offer everyone. There is an intermediate/advanced section of the park consisting of two 5-foot side-by-side bowls connected with a spine. In the middle of the park is a 3-foot tall fun box, and the entire right side of the small end is a 2.5-foot tall bowl for beginners. The street course is laid out on top, flowing in a circle with an 8-foot long flat rail, 6-foot long down rail, a set of 4 stairs, and a 10-foot long downward ramp leading into the bowls.

FITNESS TRAIL

The Incline Village Fitness Trail (previously known as the Exercourse) is an 18-station exercise course adjacent to the Village Green. The .8 mile course winds through the forest next to Incline Creek. The course contains accessible walking, running, snowshoeing, biking and exercise trails, and is used by many residents and visitors year-round. The Fitness Trail was updated in partnership with the Incline Tahoe Foundation and community funds.

A wide variety of synthetic and natural gut string is available.

CHAMPIONSHIP & MOUNTAIN GOLF COURSES

955 Fairway Blvd. & 690 Wilson Way,
Incline Village, NV 89451
775.832.1146
golfIncline.com

The Incline Village Golf Courses offer complete facilities to meet your golfing needs. Our facilities include two 18-hole golf courses, driving range, putting and chipping greens, food and beverage and special event facilities. The golf shops are stocked with full lines of men's, ladies' and kids' apparel as well as the top club, golf ball products and shoes. PGA teaching professionals are available for private and group instruction. Incline Village and Crystal Bay Residents with a valid IVGID Picture Pass can receive a discount on green fees, passes and most merchandise at the golf shop.

THE CHATEAU AT INCLINE VILLAGE™

955 Fairway Blvd.,
Incline Village, NV 89451
775.832.1240
inclineweddings.com

The Chateau at Incline Village™ features classic Tahoe stone and timber construction with a modern edge. This 13,500 square foot venue has vaulted timber ceilings, massive stone pillars, a spacious covered deck and offers expansive views of the mountains, the Championship Golf Course and Lake Tahoe. It is beautiful, multi-functional and flexible. It is the perfect venue for large or small wedding ceremonies, receptions, meetings, golf events, and parties. You dream up the event and we'll make it happen! Our professional Food & Beverage team provides great food, outstanding service and a wonderful experience.

ASPEN GROVE

960 Lakeshore Drive,
Incline Village, NV 89451
775.832.1240
inclineweddings.com

Named for its beautiful location, Aspen Grove is located across the street from the stunning Lake Tahoe beaches and nestled among the Aspen trees next to tranquil Third Creek. Outdoor amenities include picnic tables and a huge barbeque grill. The outdoor area can accommodate up to 150 guests; inside can comfortably seat up to 50 guests.

Catering and bartending services are available through our outstanding professional food service team for your convenience. With its stunning mountain and forest views, Aspen Grove is one of the most affordable venues on the North Shore and perfect location for spring, summer and fall events.

DIAMOND PEAK SKI RESORT

1210 Ski Way,
Incline Village, NV 89451
775.832.1177
diamondpeak.com

Diamond Peak is the ultimate family and kid-friendly ski resort featuring spectacular Lake Tahoe views, uncrowded terrain and affordable lift tickets with a laid-back atmosphere. Learn to ski or snowboard or improve by taking a group or private lesson. The Child Ski Center (ages 3-6) offers both one-on-one private instruction and small group lessons (ages 4-6) with no more than five children per instructor. The Ski and Snowboard School is known for the popular Sierra Scout All day Adventure Package for ages 7-14 that includes morning and afternoon group lessons, rental equipment, lift ticket and a supervised lunch. Families can also take a Private "Family and Friends" Lesson special if they want to learn together.

Group rates are available for lift tickets and you can rent the Fireside Room or book a private Last Tracks for parties or corporate events.

THE ROBERT & ROBIN HOLMAN FAMILY BIKE PARK

980 Incline Way
Incline Village, NV 89451
inclinerecreation.com

The Incline Village Parks & Recreation, the Incline Tahoe Foundation, and Incline Bike Project collaborated to develop and maintain the Robert & Robin Holman Family Community Bike Park. This park offers a pump track; beginner and intermediate flow lines, and was funded through generous donations by community members and in large part by a grant from the Holman Family Philanthropies Fund held at Parasol Tahoe Community Foundation.

The Incline Bike Park Project's mission is to provide a free-to-use bike park facility that welcomes all ages and skill levels to a safe, outdoor, healthy, family friendly community-gathering venue.
