IT'S SUMMER, BE AWARE OF THE NEIGHBEARS! WE ARE A BEAR SMART COMMUNITY.

It is extremely important to be proactive on your property to reduce potential human/bear conflict. You can help keep bears wild by securing trash, food and BBQs and by removing birdseed and pet food from outdoor locations, including your garage. Keep windows and doors closed and secure. Lock your car and remove all food or trash; even a food wrapper can gain the unwanted interest of a bear. 'Problem' Bears are not successfully relocated and bears are euthanized if they become habituated. Please visit www.BearSmartInclineVillage.org to learn about attractant management on your property. Call 775-832-1203 or visit www.yourtahoeplace.com/public-works for Solid Waste Ordinance 1 and zero tolerance trash enforcement information. Visit Waste Management's website ww.inclinevillage.wm.com or call 775-831-2971 to learn about trash storage options (including locking rental carts), how to avoid overages and services for recycling common items and yard waste.

MAKE TRASH DAY HASSLE FREE

What if it were possible to put your trash out when you want? It is! Install a bear shed and enjoy hassle-free trash. Not only will it provide you with convenient trash containment when you need it, a properly latching bear shed can protect your home from damage, your neighborhood from litter and protect wildlife.

Another advantage of the bear shed option is the lowest rate available for trash service.
