CHAIR SCHMITZ: While we're waiting for Mr. Sands, are there any other questions for	,

1 Nelson.	17 1 that being presented.
2 CHAIR SCHMITZ: Mr. Sands, the floor is	2 TRUSTEE DENT: That's fair.
3 yours.	3 TRUSTEE TONKING: Quick question: When
4 TRUSTEE DENT: On page 6 of the board	4 you do that, can you compare to what our revenues
5 packet, you referenced \$612,000 in revenue. I'm	5 looked like in the prior years?
6 just curious how we did there? Do we have expenses,	6 That would be most helpful since we
7 do you know what our profit was? Did we lose a	7 changed fees around
8 bunch of money, but we're excited about having	8 MR. SANDS: Absolutely.
9 \$600,000 in revenue?	9 TRUSTEE TULLOCH: I have can you
10 MR. SANDS: Absolutely that is purely just	10 clarify, does that revenue, does that include
11 a revenue-driven dollar amount. We are looking at	11 that 612k, does that include prepayment of season
12 labor cost, overhead costs, and building a	12 passes and Play Passes?
13 end-of-the-month report for the end of June. That	13 MR. SANDS: Yes, sir, it does.
14 is compiling, in the works.	14 TRUSTEE TULLOCH: Does that include the
That will be presented and available,	15 full amount or just the allocated amount? I seem to
16 hopefully, by the end of the month.	16 recall that the Play Passes are allocated so much,
17 TRUSTEE DENT: So we're building an	17 so most of it goes into next year's financials.
18 end-of-the-month report for June or for May for	18 MR. SANDS: Yes. So as it hits our budget
19 expenses.	19 and financials, it's kind of on a use basis, so it
20 MR. SANDS: It will be for the both of	20 is spread out over the entire operation through a
21 them.	21 season. This is just the up-front, bulk purchases.
22 Since we opened golf May 10th, food and	As I get more familiar with that system,
23 beverage little bit later, we've only had a certain	23 it will be spread out throughout.
24 number of pay periods that have hit the financials.	24 TRUSTEE TULLOCH: So the revenue number
25 So I wanted to make sure I had a clear picture of	25 for the month would be much lower, because I'm
	19 2
1 assuming there's been a major purchase of Play	19 20 1 month during the main the four main golf months.
1 assuming there's been a major purchase of Play2 Passes in May?	
	1 month during the main the four main golf months.
2 Passes in May?	1 month during the main the four main golf months.2 Yet we've only taken understanding that this has
 2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 	 month during the main the four main golf months. Yet we've only taken understanding that this has been a short month, two-thirds month, if I extrapolate that 612 over for a full month, it would be 918k in revenue, but also we'd have to
2 Passes in May? 3 MR. SANDS: Correct. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate,	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be.
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's 16 really four big months and two half months,	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because,
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's 16 really four big months and two half months, 17 effectively. I think that's realistic.	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's 16 really four big months and two half months, 17 effectively. I think that's realistic. 18 Basically on that budget projection for	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season,
MR. SANDS: Correct. That's what I MR. SANDS: Correct. That's what I believe how the historical, how it has always worked out, this is just exactly what we've pulled in for this moment, yes. TRUSTEE TULLOCH: Perhaps you can help, then, with the revenue numbers. I just went back through the budget that we prepared ten days ago, and basically the projection for Championship Golf is 4.8 million a year, and for facilities, which I believe is also part of your remit, was 2.09 million a year. Now, basically on our run rate, effectively your golf season is five months. It's really four big months and two half months, reffectively. I think that's realistic. Basically on that budget projection for next year, you need to be making 918k a month just	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season, 19 you have less chances to take corrective action.
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's 16 really four big months and two half months, 17 effectively. I think that's realistic. 18 Basically on that budget projection for 19 next year, you need to be making 918k a month just 20 for golf, for Championship Golf, and another almost	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season, 19 you have less chances to take corrective action. 20 I'm just flagging up as a concern.
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's 16 really four big months and two half months, 17 effectively. I think that's realistic. 18 Basically on that budget projection for 19 next year, you need to be making 918k a month just 20 for golf, for Championship Golf, and another almost 21 175k a month from facilities fees. That would be	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season, 19 you have less chances to take corrective action.
2 Passes in May? 3 MR. SANDS: Correct. That's what I 4 believe how the historical, how it has always worked 5 out, this is just exactly what we've pulled in for 6 this moment, yes. 7 TRUSTEE TULLOCH: Perhaps you can help, 8 then, with the revenue numbers. I just went back 9 through the budget that we prepared ten days ago, 10 and basically the projection for Championship 11 Golf is 4.8 million a year, and for facilities, 12 which I believe is also part of your remit, was 2.09 13 million a year. 14 Now, basically on our run rate, 15 effectively your golf season is five months. It's 16 really four big months and two half months, 17 effectively. I think that's realistic. 18 Basically on that budget projection for 19 next year, you need to be making 918k a month just 20 for golf, for Championship Golf, and another almost	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season, 19 you have less chances to take corrective action. 20 I'm just flagging up as a concern. 21 MR. SANDS: Understood. And I hear you
MR. SANDS: Correct. That's what I believe how the historical, how it has always worked out, this is just exactly what we've pulled in for this moment, yes. TRUSTEE TULLOCH: Perhaps you can help, then, with the revenue numbers. I just went back through the budget that we prepared ten days ago, and basically the projection for Championship Golf is 4.8 million a year, and for facilities, which I believe is also part of your remit, was 2.09 million a year. Now, basically on our run rate, effectively your golf season is five months. It's really four big months and two half months, effectively. I think that's realistic. Basically on that budget projection for next year, you need to be making 918k a month just for golf, for Championship Golf, and another almost the run rate of 1.15 million a month, which would be	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season, 19 you have less chances to take corrective action. 20 I'm just flagging up as a concern. 21 MR. SANDS: Understood. And I hear you 22 loud and clear.
MR. SANDS: Correct. That's what I believe how the historical, how it has always worked out, this is just exactly what we've pulled in for this moment, yes. TRUSTEE TULLOCH: Perhaps you can help, then, with the revenue numbers. I just went back through the budget that we prepared ten days ago, and basically the projection for Championship Golf is 4.8 million a year, and for facilities, which I believe is also part of your remit, was 2.09 million a year. Now, basically on our run rate, feffectively your golf season is five months. It's really four big months and two half months, freflectively. I think that's realistic. Basically on that budget projection for next year, you need to be making 918k a month just for golf, for Championship Golf, and another almost from facilities fees. That would be the run rate of 1.15 million a month, which would be	1 month during the main the four main golf months. 2 Yet we've only taken understanding that this has 3 been a short month, two-thirds month, if I 4 extrapolate that 612 over for a full month, it 5 would be 918k in revenue, but also we'd have to 6 subtract what is advanced revenue that's not there. 7 That leaves me a little bit concerned if 8 we're projecting you've got target at 1.45 9 million a month over the next four months, 10 basically, to make the numbers. 11 I'm concerned if we're starting if 12 we've been busy and we're starting at that, a fairly 13 low number, let's say 500k of that is realistic of 14 the 612k, it seems like we're worryingly short of 15 where he need to be. 16 The only reason I bring it up is because, 17 my experience, the longer you leave things going 18 wrong, the less chance you have in a short season, 19 you have less chances to take corrective action. 20 I'm just flagging up as a concern. 21 MR. SANDS: Understood. And I hear you 22 loud and clear. 23 TRUSTEE TONKING: My other thing is, I

21 1 give me the pass breakdown by pass type and how many	1 there's eight mechanics?
were purchased in comparison to previous years.	2 MS. NELSON: I'm only counting six.
3 MR. SANDS: Absolutely.	3 TRUSTEE TULLOCH: Okay. That's better. I
4 CHAIR SCHMITZ: I will add to the laundry	4 seem to recall eight plus a superintendent, a fleet
5 list of things to include in your report, play mix	5 superintendent.
6 as well as utilization. Trustee Tonking requested	6 MS. NELSON: I'm only counting six. I'll
7 comparison to last year, there should also be	7 verify.
8 comparison to budget. And I think that we should	8 TRUSTEE TULLOCH: If you can.
9 see food and beverage and merchandising broken out	9 What's the utilization rate on that?
10 from golf operations.	10 Because typically in a commercial operation, you
11 So those if those things could be	11 expect 7.5 hours of productive work a mechanic per
12 included in that monthly report, that would be	12 day working. I was working on the eight mechanics,
13 informative.	13 so I apologize if I've gotten the numbers wrong.
14 MR. SANDS: I will take that as direction.	14 Working on the eight-mechanics basis, that
15 CHAIR SCHMITZ: Anything else for	15 was like a 60 percent productive time. If it's six,
16 Mr. Sands?	16 it becomes a bit better. Just looking at next
17 Moving on, you had questions for interim	17 year's targets as well.
18 Director Nelson. She's here. Go ahead with your	18 I just wanted to make sure we're getting
19 question.	19
20 TRUSTEE TULLOCH: Looking at fleet numbers	20 MS. NELSON: I will bring it back.
21 where you've got 400 hours, preventive maintenance,	21 CHAIR SCHMITZ: To clarify what Trustee
22 and 443 corrective maintenance. Can you tell me, do	22 Tulloch is looking at is productivity percentages on
23 the fleet mechanics work a 40-hour week?	23 that.
24 MS. NELSON: A 40-hour week.	24 MS. NELSON: I'll go ahead and just add
25 TRUSTEE TULLOCH: If I recall correctly,	25 those on this report. Yep.
23	24
CHAIR SCHMITZ: I'm going to go back to my	1 informed on that.
1 CHAIR SCHMITZ: I'm going to go back to my	1 informed on that.
1 CHAIR SCHMITZ: I'm going to go back to my 2 favorite question: When are we going finish phase	 informed on that. MS. NELSON: After this meeting, I'll have
1 CHAIR SCHMITZ: I'm going to go back to my 2 favorite question: When are we going finish phase 3 one of the bike park?	 informed on that. MS. NELSON: After this meeting, I'll have a better idea of how we are able to facilitate the
1 CHAIR SCHMITZ: I'm going to go back to my 2 favorite question: When are we going finish phase 3 one of the bike park? 4 We've talked about the permits and	 informed on that. MS. - \$16 million, a project which the Board recently
- 2 approved 4 million, plus the costs of site access.
- 3 This is from a contractor that swore blind at the
- 4 assessment interview that they could produce a
- 5 proposal within the 4-million budget.
- 6 We're now seeing -- I saw somewhere in one
- 7 of the General Manager's report that the Board
- 8 lifted the cap on the -- removed the cap on the
- 9 total, and that wasn't my recollection. My
- 10 recollection is the Board -- yeah, but the Board
- 11 said they were prepared to spend a bit more.
- 12 There's a difference between that and just removing
- 13 any cap.
- 14 I'm also looking at the Board memo here on
- 15 page 83 where it says, "The kitchen size will remain
- 16 the same." I don't recall that being agreed by the
- 17 Board. That was something that was brought up for
- 18 debate. Your colleague wanted to debate the Board a
- 19 bit on it. I don't recall the Board ever saying
- 20 that the kitchen size would remain the same. I
- 21 think we all had huge concerns about -- some of us
- 22 had huge concerns about that.
- 23 I'm concerned we've been asked now to
- 24 approve another 50,000 for schematic design, which
- 25 will probably start, based on the track record so

- 1 fare, start taking the project up to 20 million or
- 2 something. I'm trying to understand what we've been
- 3 asked to fund.
- 4 MS. NELSON: As you recall on May 8th, the
- 5 Board did direct to make changes to the original
- 6 contract. When you make changes to the original
- 7 contract, then you increase costs by having an
- 8 amendment. So that is what is reflective here.
- 9 I understand that the kitchen size will
- 10 remain the same because in the May 8th discussion at
- 11 the Board, there is an item in here where staff was
- 12 being requested to provide more information on the
- 13 kitchen.
- 14 And so we're working with food and
- 15 beverage and General Manager of Golf, as well as the
- 16 kitchen design professional, and I believe that they
- 17 will have a proposal to bring back to the Board to
- 18 show you why the kitchen is the size it is and what
- 19 they plan to do.
- 20 So that's basically why we kept the
- 21 kitchen size the same because we haven't received
- 22 full Board direction on changing that item. It
- 23 doesn't really -- I mean, it's a portion of the
- 24 footprint right now, but we can't make the kitchen
- 25 smaller because we don't know. The Board hasn't

43

- 1 been presented a proposal from food beverage, their
- 2 ideas of what they see going on down there.
- 3 TRUSTEE TULLOCH: The Board may have not
- 4 presented a proposal, but the Board has certainly
- 5 asked for that.
- 6 The original rationale was that the
- 7 kitchen had to be sized this way so we could retain
- 8 the existing menu. And then we reviewed the
- 9 existing menu at the May 8th meeting where your
- 10 colleague was standing in for you, and the menu's
- 11 basically hot dogs, hamburgers, and sandwiches. The
- 12 Board had a question: Why do we need to spend 2.5
- 13 million-plus on an industrial kitchen for an
- 14 operation that brings in something around less than
- 15 50,000 revenue a year?
- 16 But we still seem to be progressing
- 17 headlong down this road. I can't -- with my
- 18 fiduciary hat on, I can't say that seems a good use
- 19 of money. It seems that we're building another --
- 20 this is for an operation that runs maybe four months
- 21 a year at best. This whole thing seems to have just
- 22 exploded into let's build another Chateau.
- 23 Basically the feedback from the public is why are we
- 24 spending that sort of money when all we want is
- 25 decent bathrooms and a nice open-air bar?

1 When I saw the 10 million estimate it was

- 2 bad enough, but then we see a 16 million estimate
- 3 with no supporting things. That's all I can say.
- 4 I will be voting against this.
- 5 TRUSTEE NOBLE: I'd like to correct the
- 6 record that the Board has not discussed the menu.
- 7 At that board meeting, there was a sheet that showed
- $8\,\,$ what the current menu is for this year, but there
- 9 was never any Board discussion on that. I was
- 10 prepared to do that, and we didn't have that
- 11 discussion.
- 12 Also, when we were picking -- going
- 13 through the proposal process, and I've stated this
- 14 before, every single one of them, when they were
- 15 asked what was the most difficult thing on this
- 16 project, they said the cost. They did not swear
- 17 that they were going to come in at \$4 million. They
- 18 all said that that was going to be the most
- 19 difficult thing to accomplish.
- 20 And on top of that, now you keep saying
- 21 \$16 million. That is a figure that was put on a
- 22 piece of paper that is not at all been discussed by
- 23 the Board as far as what that would entail and
- 24 whether or not the Board would even go down that
- 25 direction. The fact that you keep throwing out this

21 can't bond this project, which we haven't heard --

22 we've heard from a prior director of finance that we

23 can bond. I've asked staff to go look in and let us

25 moving this project forward for more than what we

24 if we can bond, because if we can't, we're not

21 heated and aren't cooled, and along with pedestrians

stuff. We want to make sure those items are noted

TRUSTEE TULLOCH: Just to correct the

22 coming in and out and crossing the streets and

since that now is part of this project.

25

				50
1	record, I mean, Trustee Noble is very eloquent	9 1	MS. NELSON: Correct. Please keep in mind	50
2	saying, yes, they all said it would be very		that we aren't even at the 30 percent design. The	
3	difficult to meet budget. Yes, we knew that, but	3		
4	equally, each contractor was asked each bidder	4		
5	was asked the same thing and they said they could	5		
6	come in with something for that. This bidder	6		
7	once this one we selected that, we haven't come	7		
8	with anything around that. Just to correct the	8		
9	record.	9		
10	Also on the 16 million red herring,	10		
11		12		
12	number that was put forward by General Manager	12	2 from the original bidders meeting. As I recall,	
	Magee, and I can only assume that I'm sure		3 CORE Construction brought in a kitchen consultant	
14			with them, and their whole pitch was that they would	
15	sure that number came to Mr. Magee from staff.		5 start the design based on around the kitchen. So	
	Correct?		the kitchen was obviously a focal point for them,	
17	MR. MAGEE: That is correct. It came from		which maybe explains why it's running at 2.5 million	
18	staff.		B upwards so far. Just for information.	
19	TRUSTEE TULLOCH: Thank you. So currently	19	•	
20	16 million is the number.		a couple of things that have already been said.	
21	TRUSTEE TONKING: What did that 16 million	2	, ,	
22	number entail? Because I believe it was showing	22	2 decision to go with the Tahoe timeless style, so I	
	some very different alterations and what had been		3 think that it shouldn't be stated to say that	
24			we're that's a change. I think it's an option,	
25	could speak to that.		5 it's a choice that we still want to look at	
	·			
	_			EO
1	5 alternatives, because if something is \$4 million	1 1	wanted to made to the overall.	52

You will have option A that has preliminarily been determined and then an option B, and that's what the amendment is for is to show what it could like if we look more like Burt Cedar or more of a standard Tahoe timeless-type of architecture. And then providing a separate storage for the liquor, for consideration of potentially hiring concessionaires as opposed to food and beverage. That's what's driving the amendment, and that was based off of what was directed at the May 8th meeting. CHAIR SCHMITZ: I think option A needs to include the two things that are here, which is separate storage and no overhead showers. So these two things are not just exclusive to the Tahoe	1 2 3 3 4 4 5 5 6 6 7 7 8 8 9 10 11 12 13 14 15 16 17 18 19 20 22 23 24 24 24 25 24 25 24 25 24 25 25 25 25 25 25 25 25 25 25 25 25 25	MS. NELSON: Right. Yeah. CHAIR SCHMITZ: I don't want to go down the path and get what we've already seen so far where everything is together in the kitchen when we've already said that won't work for outsourcing the liquor and outsourcing food and beverage, perhaps. I do think that the kitchen, we need to sit down and seriously start sketching out what this kitchen is and what the menu knee is, because if we need to adjust the menu to have a reasonably cost-effective kitchen but I agree with Trustee Dent, we should be seeing I'd like to see some data on how much money have we made on almost a weekly basis at the beaches because it helps us to understand: Is this really just one month or is it three months from Memorial Day to Labor Day? I think it's important, then, to also report and say these are the items that are sold the most and these are sold the least, because we don't want to design a kitchen around things that we really don't sell all that often. I think that we,	52

1	And one of things that we do, we have	53	1 mean, I just think it's important for everyone to
2	something at Diamond Peak, Wild Bill's, it's a		2 hear it again, the last thing we want to do is
3	barbecue that's set up outside and it has a limited		3 design a structure that is for IVGID to run when we
4	menu, but people seem to really like it.		4 know we lose a lot of money running food and
5	And perhaps we when we get this data, I		5 beverage.
6	think the data should come first because if we get		6 I think the idea should be do what makes
7	this data and we see that food sales are on Friday		7 the District money and allows for this to be a
8	nights only or their only during July, we should		8 little bit more sustainable. Otherwise, every
9	really assess what it is that we're trying to		9 homeowner in town is going to be footing the bill
10	design. And I think that we really should take a		10 for the operations even more so every single year.
	hard look at that before we start jumping to the		11 When it comes to the design, you said you
	next step.		12 wanted go to out to design again, potentially?
13	The other thing is, from my perspective, I		13 CHAIR SCHMITZ: My comment was really that
14	didn't understand, but I'm really uncomfortable that		14 we can't with our design, we don't have the
15	we are in a situation where we can't go out and do a		15 ability to take that design and go out and do a
16	competitive bid with the design, because it seems		16 competitive bid on it because this is a design-build
17	like the costs just keep going up and we're locked		17 contract; correct?
18	in with a single vendor. I guess it's hindsight,		18 MS. NELSON: It is a design-build
19	but it's just a growing concern of mine is that		19 contract. However, if you cannot negotiate and you
20	we're locked in whatever the estimate they come up		20 can't get there, then you have a jumping off point.
21	with.		21 So the District does own the design product.
22	TRUSTEE DENT: I'm concerned. I feel like		22 CHAIR SCHMITZ: I understand.
23	the sustainability of all of this is one huge		23 TRUSTEE TULLOCH: Here's a radical
24	question mark when it comes to running these		24 thought: Why don't we spend a quarter of a million
25	operations, and the last thing we need to do I		25 bucks on a food truck that can service the beach and
		55	56
1	could also be used at other venues as and when	55	1 or sitting in their own chairs bringing their own
2	required so we have a much more useful asset for the	55	1 or sitting in their own chairs bringing their own2 bar to the beach.
2	required so we have a much more useful asset for the District?	55	 or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't
2 3 4	required so we have a much more useful asset for the District? That would make much more sense. That way	55	 or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back
2 3 4 5	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and	55	 or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution
2 3 4 5 6	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere.	55	 or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago.
2 3 4 5 6 7	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting	55	 or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on
2 3 4 5 6 7 8	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting thought. I have no idea how much those cost.	55	 or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on the food truck concept?
2 3 4 5 6 7 8	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting thought. I have no idea how much those cost. I just have one final question and that is	55	or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on the food truck concept? Personally, I think it's worth at least
2 3 4 5 6 7 8 9	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting thought. I have no idea how much those cost. I just have one final question and that is the other concern I have is the separation between	55	or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on the food truck concept? Personally, I think it's worth at least exploring what would it cost, because the idea is
2 3 4 5 6 7 8 9 10	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting thought. I have no idea how much those cost. I just have one final question and that is the other concern I have is the separation between the physical bar and the building, and Inline	55	or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on the food truck concept? Personally, I think it's worth at least exploring what would it cost, because the idea is unique and it could be used at other venues in the
2 3 4 5 6 7 8 9 10 11 12	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting thought. I have no idea how much those cost. I just have one final question and that is the other concern I have is the separation between the physical bar and the building, and Inline Spirits, have they reviewed that design and have	55	or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on the food truck concept? Personally, I think it's worth at least exploring what would it cost, because the idea is unique and it could be used at other venues in the District and at other times, and it could,
2 3 4 5 6 7 8 9 10 11 12 13	required so we have a much more useful asset for the District? That would make much more sense. That way we can park it at beach, use it at the beach, and then use it elsewhere. CHAIR SCHMITZ: That's an interesting thought. I have no idea how much those cost. I just have one final question and that is the other concern I have is the separation between the physical bar and the building, and Inline Spirits, have they reviewed that design and have they signed off? Because I don't know whether	55	or sitting in their own chairs bringing their own bar to the beach. I'll say what I said last year: I don't know if we really need to be putting a building back and trying to solve a problem today with a solution from 50 years ago. CHAIR SCHMITZ: Any other discussion on the food truck concept? Personally, I think it's worth at least exploring what would it cost, because the idea is unique and it could be used at other venues in the District and at other times, and it could, potentially, offset some additional demand down at

3		3	I've pointed out if the huge, strong feedback from	
4		4	the community is they want decent toilets, that is	
5		5		
6		6	you've been reading social media, there's a very	
7		7		
8		8	wanting an inside bar and things like that, sit down	
g		9	bars. That's the two requests that I hear from the	
	discussion. Where are we with this particular		community. Certainly the toilets are a priority.	
1		11		
1:	-		we've been asked to pay for here. We've been asked	
	3 this item as written by staff.		to pay for another 50,000 for a redesign. We're not	
14	-		sure what's being redesigned. It's two months since	
1			we saw original conceptual design.	
10		16		
	7 just moving forward with this based on this item	17	here to actually vote on this. I'm trying to	
	B with there's no hard cap on a budget? Because I		understand what we're actually voting on.	
	9 feel like that would be a mistake. I feel like we	19		
	Should weigh in on what a budget should be. And I	_	is here tonight, Ms. Nelson, do you feel that it	
	offered a suggestion of whatever the remaining fund		would be wiser to hold off of actually moving this	
	2 balance would be at the end of this year, because if		forward until staff has time to get us some data	
	3 we can't bond this project, we don't have cash for		that we're looking for and we can make some further	
	the project, we can't award the project, so		decisions?	
	5 project's kind of dead before it starts.	25

I don't want to go and keep reversing course. So I'm asking you, given our discussion about this whole food truck idea and the concerns about the kitchen design and the wanting to understand the menu and the kitchen and the data, would it be wiser for us to hold off on that until the Board has some of that further information? MS. NELSON: I can only speak from the project's perspective, and the if we hold off on this, work does not continue on this. So then we	1 2 3 4 5 6 7 8 9 10 11 12 13	MS. NELSON: I want to say that the delivery date for the 30 percent schematics is in July. That will probably be pushed because if we're talking about completely changing directions and going with whether it's an outside barbecue or whether it's changing to a food truck, we still have to have some infrastructure changes for that to accommodate that. To me, it sounds like the Board is not in agreement in moving the project forward at this time without some additional data, and staff is willing to bring that data forward.	60
22 33 44 55 66 77 88 99 10 11 11 11 14	another contract, and then a month later say, oh, gosh, we looked at this and now, given the data, we're changing course yet again. I don't want to go and keep reversing course. So I'm asking you, given our discussion about this whole food truck idea and the concerns about the kitchen design and the wanting to understand the menu and the kitchen and the data, would it be wiser for us to hold off on that until the Board has some of that further information? MS. NELSON: I can only speak from the project's perspective, and the if we hold off on this, work does not continue on this. So then we have our original pap, which we would essentially	1 2 3 4 5 6 7 8 9 10 11 12 13 14	MS. NELSON: I want to say that the delivery date for the 30 percent schematics is in July. That will probably be pushed because if we're talking about completely changing directions and going with whether it's an outside barbecue or whether it's changing to a food truck, we still have to have some infrastructure changes for that to accommodate that. To me, it sounds like the Board is not in agreement in moving the project forward at this time without some additional data, and staff is willing to bring that data forward. I just want to make sure that you	60
22 33 44 55 66 77 88 99 11 11 11 11 11 11 11 11 11 11 11 11	another contract, and then a month later say, oh, gosh, we looked at this and now, given the data, we're changing course yet again. We can prohibit them from speaking in ways that are disruptive to the meeting, those are the so that's sort of the middle ground.	68

1	adjudication of the free speech issue and the First	9	1 analysis, whether it's traditional public forum or	70
2	Amendment concerns already for the beaches, I'm		2 not, you have lots of government buildings that are	
3	relatively comfortable with the District taking		3 open to the general public which are not considered	
4	those off the table.		4 a traditional public forum, necessarily.	
5	CHAIR SCHMITZ: In addition, we reached		5 Diamond Peak would be an example of	
6	out and had special legal counsel review the		6 something that I'm thinking of here in particular,	
7	proposed language that Sergio had put together in		7 because Diamond Peak is open to anybody who wants to	
8	this, and they agreed with Sergio's assessment. And		8 show up, pay for a lift ticket. I'm sure you guys	
9	the modifications, they felt that it was in the		9 have other services at the Base Lodge that are also	
10			10 open to the general public, and so that would be a	
11			11 building that is open to the general public.	
12			12 However, you wouldn't necessarily want to make it	
13	So the second area that I think the		13 available as a place that people can conduct	
14	District should address either as part of this		14 protests, large assemblies, gatherings that are	
15	policy or otherwise is there is a state statute that		15 large in size because it would interfere with your	
16	says that with respect government buildings that are		16 operation of the ski resort. And even if you did,	
17	owned by the District, the District is required		17 you probably would want to designate a specific	
	as long as those buildings are open to the general		18 location in the resort for those kinds of free	
19			19 speech activities. At present your existing policy	
20	each public building, either inside or outside of		20 provides just a very large aerial overview of the	
21	the building, a place for signature gathering. That		21 resort and even pictures some of your lifts. That	
22	is a specific subset of First Amendment protected		22 would potentially be an issue to consider fixing.	
	activity.		23 And then, lastly, even within your	
24	And given that that doesn't necessarily		24 traditional public forums, and that's your parks, as	
25	line up with what we the courts do for forum		25 I mentioned, you do have the ability to designate	
	7	1		72
1		1	1 identified locations.	72
		1	 identified locations. MR. RUDIN: That is correct. The state 	72
	more appropriate areas that are supposed to be used	1	1 identified locations.	72
2	more appropriate areas that are supposed to be used for free speech activities assemblages and the	1	 identified locations. MR. RUDIN: That is correct. The state 	72
2	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would	1	 identified locations. MR. RUDIN: That is correct. The state law does require that you have designated locations 	72
2 3 4	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the	1	 identified locations. MR. RUDIN: That is correct. The state law does require that you have designated locations for signature gatherings, specifically, at every 	72
2 3 4 5	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in	1	 identified locations. MR. RUDIN: That is correct. The state law does require that you have designated locations for signature gatherings, specifically, at every building that is open to the general public, and that you are supposed to provide that list to the county registrar and the state secretary of voters, 	72
2 3 4 5 6	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in	1	 identified locations. MR. RUDIN: That is correct. The state law does require that you have designated locations for signature gatherings, specifically, at every building that is open to the general public, and that you are supposed to provide that list to the county registrar and the state secretary of voters, I believe, so that information is available for 	72
2 3 4 5 6 7 8 9	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures.	
2 3 4 5 6 7 8 9	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we	
2 3 4 5 6 7 8 9 10	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback.	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past?	
2 3 4 5 6 7 8 9 10 11 12	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 don't know, because as far	
2 3 4 5 6 7 8 9 10 11 12 13	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear	
2 3 4 5 6 7 8 9 10 11 12 13	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those	
2 3 4 5 6 7 8 9 10 11 12 13 14 15	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing conflicts between free speech gatherings or other	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those 15 areas.	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing conflicts between free speech gatherings or other kinds of First Amendment protected activities and	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those 15 areas. 16 Your other alternative, rather than having	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing conflicts between free speech gatherings or other kinds of First Amendment protected activities and your typical uses of your district facilities, for	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those 15 areas. 16 Your other alternative, rather than having 17 a board policy on the subject, is to have a board	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing conflicts between free speech gatherings or other kinds of First Amendment protected activities and your typical uses of your district facilities, for example, if you have athletic fields, you typically	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those 15 areas. 16 Your other alternative, rather than having 17 a board policy on the subject, is to have a board 18 policy delegating that authority to your department	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing conflicts between free speech gatherings or other kinds of First Amendment protected activities and your typical uses of your district facilities, for example, if you have athletic fields, you typically would want to designate a location that is not in	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those 15 areas. 16 Your other alternative, rather than having 17 a board policy on the subject, is to have a board 18 policy delegating that authority to your department 19 heads or facility managers, so that is a potential	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Again, you don't necessarily have to designate specific areas, but it would be a potential tool for the District in terms of managing conflicts between free speech gatherings or other kinds of First Amendment protected activities and your typical uses of your district facilities, for example, if you have athletic fields, you typically would want to designate a location that is not in the middle of the athletic field.	1	1 identified locations. 2 MR. RUDIN: That is correct. The state 3 law does require that you have designated locations 4 for signature gatherings, specifically, at every 5 building that is open to the general public, and 6 that you are supposed to provide that list to the 7 county registrar and the state secretary of voters, 8 I believe, so that information is available for 9 people who want to petition and gather signatures. 10 CHAIR SCHMITZ: To your knowledge, have we 11 done that in the past? 12 MR. RUDIN: I don't know, because as far 13 as I can tell, the District has not had a clear 14 policy on who is authorized to designate those 15 areas. 16 Your other alternative, rather than having 17 a board policy on the subject, is to have a board 18 policy delegating that authority to your department 19 heads or facility managers, so that is a potential 20 way you could handle that and that is how it's been	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	more appropriate areas that are supposed to be used for free speech activities assemblages and the justification for those kinds of designations would be for you to avoid conflicts between users of the park. As part of the proposed policy, there are areas that have been suggested. Most of them are in parking lots. These use areas were designated in consultation with the General Manager and the Board Chair. Those are areas that are open for the Board's suggestion and feedback. Here's what the Board has set out as far as a budget and what have you, that I think the committee 	88
2 3 4 5 6 7 8	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the	87	 expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. 	88
2 3 4 5 6 7 8 9	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30	87	 expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. I think with Golf Advisory Committee, the 	88
2 3 4 5 6 7 8 9	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has	87	 expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. I think with Golf Advisory Committee, the Board didn't clearly say, look, here's what we want 	88
2 3 4 5 6 7 8 9 10	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be	87	 expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. I think with Golf Advisory Committee, the Board didn't clearly say, look, here's what we want you to deliver to us. We want you to give us 	88
2 3 4 5 6 7 8 9 10 11 12	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us	88
2 3 4 5 6 7 8 9 10 11 12 13 14	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions.	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the	87	expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. I think with Golf Advisory Committee, the Board didn't clearly say, look, here's what we want you to deliver to us. We want you to give us feedback on service levels, we want you to give us feedback on your ideas for improvements to the golf courses, what have you. And so they did sort of go	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the	87	expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. I think with Golf Advisory Committee, the Board didn't clearly say, look, here's what we want you to deliver to us. We want you to give us feedback on service levels, we want you to give us feedback on your ideas for improvements to the golf courses, what have you. And so they did sort of go down a path where they thought it was the right thing, looking at budgets and pricing policies and	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to	87	expectations, and an example is the Incline Beach House. Had we specifically asked the CIC committee to say, look, here's our budget, we need you to look at options, we need you to challenge the thinking. Here's what the Board has set out as far as a budget and what have you, that I think the committee perhaps could have assisted the Board through this. I think with Golf Advisory Committee, the Board didn't clearly say, look, here's what we want you to deliver to us. We want you to give us feedback on service levels, we want you to give us feedback on your ideas for improvements to the golf courses, what have you. And so they did sort of go down a path where they thought it was the right thing, looking at budgets and pricing policies and the rest of it. I think that from a Board perspective, we	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to actually take action rather than to ask for more	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and 17 the rest of it. 18 I think that from a Board perspective, we 19 are looking to solicit input of what changes should	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to actually take action rather than to ask for more information.	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and 17 the rest of it. 18 I think that from a Board perspective, we 19 are looking to solicit input of what changes should 20 we be making and what capital projects should we	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to actually take action rather than to ask for more information. CHAIR SCHMITZ: I agree that there's a	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and 17 the rest of it. 18 I think that from a Board perspective, we 19 are looking to solicit input of what changes should 20 we be making and what capital projects should we 21 potentially be looking at.	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to actually take action rather than to ask for more information. CHAIR SCHMITZ: I agree that there's a reason why we set them up as board-appointed	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and 17 the rest of it. 18 I think that from a Board perspective, we 19 are looking to solicit input of what changes should 20 we be making and what capital projects should we 21 potentially be looking at. 22 Sort feel that where we've disconnected is	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to actually take action rather than to ask for more information. CHAIR SCHMITZ: I agree that there's a reason why we set them up as board-appointed committees.	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and 17 the rest of it. 18 I think that from a Board perspective, we 19 are looking to solicit input of what changes should 20 we be making and what capital projects should we 21 potentially be looking at. 22 Sort feel that where we've disconnected is 23 that the Board has not specifically asked these	88
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	providing a good product, how do we get better? With the Capital Improvement Committee, I feel like what we were discussing when it came to the Incline Beach House tonight is a classic example of something that should be in front of the Capital Improvement Committee and should have been last fall. We are in the same spot pretty much the same spot, other than issuing a contract for the 30 percent approval in December or January, whenever that was, as we were a year ago. So nothing has happened, and we still need a lot of information be able to make decisions. I like the idea of using the CIC committee for vetting some of these projects or working through some of this stuff so when it comes to the Board the direction was already carried, the committee handled it, and the Board's able to actually take action rather than to ask for more information. CHAIR SCHMITZ: I agree that there's a reason why we set them up as board-appointed committees. But I think, perhaps, some of the struggle	87	2 expectations, and an example is the Incline Beach 3 House. Had we specifically asked the CIC committee 4 to say, look, here's our budget, we need you to look 5 at options, we need you to challenge the thinking. 6 Here's what the Board has set out as far as a budget 7 and what have you, that I think the committee 8 perhaps could have assisted the Board through this. 9 I think with Golf Advisory Committee, the 10 Board didn't clearly say, look, here's what we want 11 you to deliver to us. We want you to give us 12 feedback on service levels, we want you to give us 13 feedback on your ideas for improvements to the golf 14 courses, what have you. And so they did sort of go 15 down a path where they thought it was the right 16 thing, looking at budgets and pricing policies and 17 the rest of it. 18 I think that from a Board perspective, we 19 are looking to solicit input of what changes should 20 we be making and what capital projects should we 21 potentially be looking at. 22 Sort feel that where we've disconnected is 23 that the Board has not specifically asked these 24 committees to take on this task or that task or give	88

	1	little bit on their own and then they just evolved.	89	1 came, a lot of these questions have been vetted and	90
	2	And so I would say that we don't have one		2 sorted out.	
	3	of these committee meetings until the Board		3 That was my recollection. I need to back	
	4	specifically says we want the committee to do this		4 and look at the original paper on it.	
	5	for us.		5 CHAIR SCHMITZ: I think that's correct.	
	6	TRUSTEE DENT: I just definitely believe		6 But I also so, if I go back, I think we specifically	
	7	it comes down to communication. You communicated		7 excluded the Beach House because we were already in	
	8	that a lot better than I did. I do not want my		8 the works.	
	9	colleagues, Trustee Tonking or Trustee Tulloch, to		9 But given what we've learned from the cost	
	10	take what I said to be an attack on what they did.		10 estimates, it's causing us to look for alternatives	
	11	I just feel like we could have shaped it a		11 and try to figure out how should we approach this.	
	12	little bit better to set them and the individuals		12 I think that was, perhaps, a mistake on the part of	
	13	that actually said, hey, yes, I want to be on the		13 the Board because I think that the 250, to get it	
	14	committee, shape that conversation a little better		14 and get all of those things vetted before it comes	
	15	and expectations when it came to that.		15 here would be helpful.	
	16	TRUSTEE TULLOCH: I need to go back and		16 TRUSTEE DENT: You're correct, Chair. We	
	17	look at the original board paper for the Capital		17 specifically did not want to slow down the process,	
	18	Investment Committee, but I'm pretty sure, when we		18 but we also thought that approval was going to be	
	19	approved it, it said that projects over 250k should		19 coming back in August last year too.	
	20	come to the CIC first. It's not a case of the Board		20 CHAIR SCHMITZ: Agreed.	
	21	having to direct it, it should be brought to the		21 My comments have nothing to do I'm so	
	22	committee by staff. And that was the entire purpose		22 grateful for the time that the Golf Advisory	
	23	to streamline it so we didn't waste so many meetings		23 Committee spent on things, people are volunteering	
	24	as we've done with the Beach House, so we could get		24 their time.	
	25	this streamlined and make sure when the proposals		25 But I think as a board, we need to be more	
-

As it relates to Golf Advisory Committee, if the Board wants to give them specific items to give us feedback on, I think we just need to openly communicate that. Is that helpful? MR. MAGEE: That is helpful. I think that's a lot of what has been discussed here is the	91	1 staff time. 2 I think that we should definitely clarify 3 what those roles are and what the specific 4 expectations are. And if the Board is asking them 5 to look at a specific project or a specific item, I 6 think that's really what the members are looking 7 for. From the staff perspective, we would certainly 8 like to understand what the expectation is of us and 9 our service back to the committee. 10 If we can get those things clarified, I 11 think that would give everyone a lot of comfort. 12 TRUSTEE DENT: Just to clarify, there is	92
	2 3 4 5 6 7 8 9 10 11 12 13 14	are asking them to have input as it relates to rates, then be specific, and then help them to accomplish that goal. My suggestion is let's go back to the 250, and evaluate where things are. As it relates to Golf Advisory Committee, if the Board wants to give them specific items to give us feedback on, I think we just need to openly communicate that. Is that helpful? MR. MAGEE: That is helpful. I think that's a lot of what has been discussed here is the feedback I'm getting from the committee members.	91	1 staff time. 2 I think that we should definitely clarify 3 what those roles are and what the specific 4 expectations are. And if the Board is asking them 5 to look at a specific project or a specific item, I 6 think that's really what the members are looking 7 for. From the staff perspective, we would certainly 8 like to understand what the expectation is of us and 9 our service back to the committee. 10	92
	2 3 4 5 6 7 8 9 10 11 12 13 14 15	are asking them to have input as it relates to rates, then be specific, and then help them to accomplish that goal. My suggestion is let's go back to the 250, and evaluate where things are. As it relates to Golf Advisory Committee, if the Board wants to give them specific items to give us feedback on, I think we just need to openly communicate that. Is that helpful? MR. MAGEE: That is helpful. I think that's a lot of what has been discussed here is the feedback I'm getting from the committee members. But I think from the staff perspective, it	91	1 staff time. 2 I think that we should definitely clarify 3 what those roles are and what the specific 4 expectations are. And if the Board is asking them 5 to look at a specific project or a specific item, I 6 think that's really what the members are looking 7 for. From the staff perspective, we would certainly 8 like to understand what the expectation is of us and 9 our service back to the committee. 10	92
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	are asking them to have input as it relates to rates, then be specific, and then help them to accomplish that goal. My suggestion is let's go back to the 250, and evaluate where things are. As it relates to Golf Advisory Committee, if the Board wants to give them specific items to give us feedback on, I think we just need to openly communicate that. Is that helpful? MR. MAGEE: That is helpful. I think that's a lot of what has been discussed here is the feedback I'm getting from the committee members. But I think from the staff perspective, it would certainly be helpful as the Board is providing	91	1 staff time. 2 I think that we should definitely clarify 3 what those roles are and what the specific 4 expectations are. And if the Board is asking them 5 to look at a specific project or a specific item, I 6 think that's really what the members are looking 7 for. From the staff perspective, we would certainly 8 like to understand what the expectation is of us and 9 our service back to the committee. 10 If we can get those things clarified, I 11 think that would give everyone a lot of comfort. 12 TRUSTEE DENT: Just to clarify, there is 13 some direction starting now. There is a reason why 14 a trustee is the chair of those committees. 15 And then if something is going to take	92
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	are asking them to have input as it relates to rates, then be specific, and then help them to accomplish that goal. 	CHAIR SCHMITZ: Good suggestion.		2 (Recess from 8:00 p.m. to 8:05 p.m.)	
	Any other discussion on this? Does it		3 CHAIR SCHMITZ: It's 8:05. We'll call the	
	address your concern at this point?		4 meeting of the Incline Village General Improvement	
	MR. MAGEE: I think it addresses our		5 District Board of Trustees back in session,	
	concern at this point, and we'll continue to work		6 continuing on with former G 4 now G 5.	
	with the chair of the various committees to try to		7 G 5. IVGID Magazine Agreement with CC Media	
	3 tighten these things up and maybe bring back some		8 CHAIR SCHMITZ: Review, discuss, and	
!	erecommendations to the Board in the future on how to		9 possibly approve an agreement with CC Media	
1	0 make sure that everyone is clear on what the		10 Publishing for the IVGID Magazine for the	
1	1 expectations are of both staff and individual		11 calendar year 2025, found on pages 132 to 159 of the	
1	2 members and the committee as a whole.		12 board packet.	
1	TRUSTEE DENT: One last thing. I think it		13 MR. RAYMORE: I am joined on Zoom by Laura	
1	4 is important that the committee members know that		14 Partridge from CC Media. She's the president of CC	
1	5 this conversation is happening too, that the Board		15 Media. She is just on in case you guys have any	
1	6 is going to give clear direction. It's communicated		16 questions for her about the business side of our	
1	7 they don't know what they're doing, so Trustee		17 publishing agreement.	
1	8 Tonking, Trustee Tulloch, if you guys could		18 But going back to the January 10th, 2024,	
1	9 communicate that we're having a discussion, we'll		19 Board of Trustees meeting, the marketing team	
2	0 give clear direction.		20 presented an overview of the IVGID Magazine 2023	
2	1 CHAIR SCHMITZ: Thank you.		21 reader survey results, received feedback from the	
2	2 Any other discussion? If not, we'll close		22 Board about the magazine associated with the	
2	3 out that agenda item. I'll ask again, it's 8:00,		23 magazine, including staff time and mailing and	
2	4 would everyone like to take a five-minute break?		24 costs. The Board made it pretty clear at that	
2	5 Let's try to keep it to five minutes, come back at		25 meeting that publishing five editions of the	
		95		96
	magazine seemed like too many. And the Board also		1 essentially the highlights are it'll cut down the	
	questioned the return on investment of our staff		2 number of editions we publish to four per year,	
	B time and mailing costs associated with the magazine.		3 going back to a somewhat quarterly format, and the	
	So the current publishing agreement we		4 big change from our current publishing agreement is	
:	have with CC Media for the magazine, which is		5 CC Media would assume all of the costs associated	
(attachment A in your packet, runs through December		6 with mailing the magazine to our district residents.	
	of 2024. Due to the nature of advertising sales		7 In exchange for that, they would be given the	
	3 agreements, which were often contracted up to a year		8 ability to sell a certain amount of inventory on the	
!	n advance with advertisers committing to often a		9 GPS-enabled golf cart screens at the Championship	
1	0 full year's worth of ads, CC Media and the District		10 Golf Course.	
1	1 are new looking to either extend, modify, or make		11 I did pass out supplemental materials for	
	2 plans to terminate the agreement for calendar year		12 you guys. One of these materials is a picture of	
1	3 2025. Staff then intends to go to bid for IVGID		13 what those screens look like in case you hadn't been	
	4 Magazine publishing services for calendar year 2026		14 up and seen the carts and seen what those screens	
1	5 and beyond.		15 look like. These screens do have the ability to	
1	6 As I mentioned, CC Media is our publishing		16 display ads, and that is what we're proposing to	
	7 partner for the magazine, and Laura is here if you		17 allow CC Media to sell to help offset the cost that	
1	8 guys do have questions for her.		18 they would assume in mailing the magazine. For	
1	9 But hearing those concerns from the Board		19 members of the public, there are some copies of this	
1	0 back in January, staff worked with our district		20 in the back as well.	
1	4 1 1 100 14 11 1 1 1 1 1 1 1 1 1 1 1 1		21 And then option so that's option 1.	
1 2 2				
1 2 2 2 2	2 options for extending our publishing agreement with		22 Option 2 is much similar to continuing with our	
1 1 2 2 2 2 2 2	2 options for extending our publishing agreement with 3 CC Media for the 2025 calendar year. Those are in		23 current agreement and financial arrangements. We	
1 1 2 2 2 2 2	2 options for extending our publishing agreement with 3 CC Media for the 2025 calendar year. Those are in 4 your packets as attachments B and C.		23 current agreement and financial arrangements. We24 would still cut down the total number of editions	
1 1 2 2 2 2 2	2 options for extending our publishing agreement with 3 CC Media for the 2025 calendar year. Those are in		23 current agreement and financial arrangements. We	
1 1 1 1 1	in advance with advertisers committing to often a full year's worth of ads, CC Media and the District are new looking to either extend, modify, or make plans to terminate the agreement for calendar year 3 2025. Staff then intends to go to bid for IVGID Magazine publishing services for calendar year 2026 and beyond. As I mentioned, CC Media is our publishing partner for the magazine, and Laura is here if you guys do have questions for her. But hearing those concerns from the Board back in January, staff worked with our district		9 GPS-enabled golf cart screens at the Championship 10 Golf Course. 11 I did pass out supplemental materials for 12 you guys. One of these materials is a picture of 13 what those screens look like in case you hadn't been 14 up and seen the carts and seen what those screens 15 look like. These screens do have the ability to 16 display ads, and that is what we're proposing to 17 allow CC Media to sell to help offset the cost that 18 they would assume in mailing the magazine. For 19 members of the public, there are some copies of this 20 in the back as well.	

	07			00
1	the District would continue to pay for those mailing	1	With that, if you guys have any questions,	98
2	costs, estimated at approximately \$22,000, presuming	2	I'm happy to answer them.	
3	mailing expenses stay about the same as they are	3	TRUSTEE NOBLE: Mr. Raymoore, under option	n
4	now.	4	1, what percentage of the time or of space the ads	
5	In addition to those costs, I did also	5	will be made available to CC Media?	
6	drop off on your desks another piece of supplemental	6	MR. RAYMORE: I believe we're proposing	
7	information, which is my estimate of staff time that	7	you're speaking specifically at like golf carts?	
8	goes into producing each edition of the IVGID	8	TRUSTEE NOBLE: Correct.	
9	magazine. You can see, this is I asked worked	9	MR. RAYMORE: 60 percent of the inventory	
10	with our finance team to try and get the fully	10	would be made available to CC media, and 40 percent	
11	burdened staff costs per hour for the major	11	will be reserved for the District's own advertising	
12	positions that work on the magazine, that would be	12	purposes, which is what we use that for now.	
13	myself, our public information coordinator, and then	13	,	
14	generally there are between 10 and 15 other		impacting IVGID's ability to advertise would it	
15	contributors throughout the District. It's everyone		impact the advertising versus what it does now and	
16	from the manager of the Recreation Center, manager		adversely impact, possibly, revenues? Or do you	
17	of the tennis center, a couple folks at the golf	17	think it would be revenue neutral with regards to	
18	courses, those kinds of people who are contributing		that piece?	
19	1 33 33	19		
20	and kind of know what's in there.	20	revenue neutral. I think that tradeoff in terms of	
21	You can see the breakdown of estimated	21	3	
	hours put into the magazine for as well as		mailing costs is worth any potential revenue impacts	
	description of the time spent, the cost per hour,		that we might see with losing some of that ad	
	and then the totals that that adds up to. And that		inventory.	
25	number at the bottom there is per edition.	25	Obviously, I am a believer that

- I we can get best value. And I think it does -- it's
- 2 important to hear the views of the golfers on it as
- 3 well.
- 4 TRUSTEE TONKING: My understanding is that
- 5 the golf carts are censored by GPS. And so when you
- 6 hit different areas, the ads -- they currently
- 7 funnel through ads right now when you golf, it's
- 8 just the same ones over and over and over again
- 9 because it seems that we use 40 percent of the
- 10 space.
- 11 MR. RAYMORE: Currently we use one hundred
- 12 percent of the available inventory for IVGID
- 13 messages. There are different zones, and so ads are
- 14 shown as people are transitioning between holes,
- 15 they're on the fairway of hole number one, you can
- 16 put a specific ad into that slot.
- 17 So, yeah, currently there are ads that are
- 18 shown throughout the course at every opportunity.
- 19 TRUSTEE TONKING: Yeah. So we see them as
- 20 it is. And when you get to the -- when you stop the
- 21 cart, you then get to see your yardage is right
- 22 away, you don't have to click out of them. And then
- 23 when you proceed to the next hole, the first thing
- 24 that pops is your scorecard, so you can enter your
- 25 scorecard. If you hit no, then you move a little

- I further in your cart, then you get another app.
- 2 It currently is occurring that way, I
- 3 guess, to speak to my experience. It's not like
- 4 this will be the pop-up ads where you're trying to
- 5 move through. It's very much GPS oriented.
- 6 MR. RAYMORE: Again, this option was there
- 7 because the feedback that I thought I received from
- 8 you was that you're looking to cut down on district
- 9 hard costs, so those mailing expenses of \$22,000.
- 10 So this is an option to do so and expand the scope
- 11 of our advertising with CC Media in this way.
- 12 TRUSTEE DENT: I appreciate you bringing
- 13 this back.
- 14 I would like, say next time you bring
- 15 something like this forward, to potentially
- 16 entertain what IVGID could receive from directly
- 17 selling ads to the realtors or local restaurants.
- 18 At hole 16, a local restaurant pops up or something
- 19 like that. I'm curious what that value is if we
- 20 just handled that in house because maybe it's much
- 21 higher than the said \$20,000.
- 22 I'm not asking for it today. I'm just
- 23 saying I think it's something, as you being in
- 24 charge of the marketing and maybe something to look
- 25 at.

103

- MR. RAYMORE: I would say -- and maybe
- 2 Laura could comment on the investment of time,
- 3 staff, expertise, specific software that goes into
- 4 successfully selling advertisements. It's not
- 5 something I feel like the District could or ever
- 6 would want to do. It would be a huge amount of time
- 7 for a very small return on investment, I believe,
- 8 unless we truly brought in a dedicated salesperson
- 9 who was very tied into the community.
- 10 It's not something I think we could
- 11 effectively, I guess, in a nutshell.
- 12 TRUSTEE DENT: That's fair. We hear the
- 13 same thing from Public Works when it comes
- 14 buildings. They want to stay on the ground.
- 15 That's a fair assessment. I appreciate
- 16 that.

1

- 17 TRUSTEE TULLOCH: I don't see -- what's
- 18 the cost, who covers the cost of putting the insert
- 19 into the Tahoe Tribune, and what's the cost
- 20 associated with that?
- 21 MR. RAYMORE: We have not inserted into
- 22 the Tahoe Tribune for a couple years.
- 23 TRUSTEE TULLOCH: Okay. So we don't --
- 24 it's not going in the free newspaper anymore?
- 25 MR. RAYMORE: We don't have any plans to

- 1 do that. We had in the past, but it's been a
 - 2 couple years.
 - 3 TRUSTEE TULLOCH: The last time you came
 - 4 here, I asked asks a question: What is the intended
 - 5 audience of the magazine, what is it we're trying to
 - 6 achieve with it?
 - 7 If I recall my question was when I looked
 - 8 through it, it's a weird mix between what would be
 - 9 an internal staff magazine, so and so does this and
 - 10 they're promoted, and that is typically the sort of
 - 11 thing you see in internal staff newspaper, and other
 - 12 realtor adverts and things like.
 - 13 If it's just to promote the programs we
 - 14 do, I look here, back in 2025, we just did it by
 - 15 publishing it in 2015 when people were probably less
 - 16 web savvy. Why can't we just do all this
 - 17 electronically which means it keeps all the
 - 18 information, all these schedules, all the programs
 - 19 much more up to date?
 - 20 I'm almost at a loss for why we're still
 - 21 publishing something when it's from the age of the
 - 22 dinosaurs, like myself in terms of that, printed
 - 23 media. So, I mean, I'm still totally confused what
 - 24 the purpose of the magazine is.
 - 25 CHAIR SCHMITZ: I have a question relative

Page 61 of 348

19 MR. RAYMORE: It depends on the 20 seasonality. For the summertime, we typically ask 21 for 8,500, and that includes the 6,900 that we mail. 22 The excess goes to the Rec Center, to the beaches, 23 various other venues around the District for 24 distribution. 25 I'm glad you're seeing them everywhere,

19 me, we do not want to see waste, we don't want to 20 recycle a bunch of these either, and so we're always 21 trying to hone in on what's the perfect number to 22 print. 23 There are periods of time when we print 24 less than 8,500 because we think -- the beaches

25 aren't open, it's off season, we know we're not

400	140
109 1 going to distribute as many, so maybe I will ask for	110 1 TRUSTEE TULLOCH: So you're saying that
2 7,500 that edition so that, hopefully, we're not	2 these other contributors who do this once in a blue
3 wasting any. It's not a perfect science, but we're	3 moon or something are doing all this in an air?
4 definitely trying to hone in and reduce as much	4 MR. RAYMORE: Generally.
5 waste as possible.	5 TRUSTEE TULLOCH: I find that hard to
6 CHAIR SCHMITZ: I appreciate that. I also	6 believe. As somebody that does write articles and
7 really appreciate you doing this information on how	7 things, I find that hard to believe. I must admit,
8 much staff time.	8 I think it's a bit conservative there.
9 But with that staff time, I'm assuming and	9 MR. RAYMORE: It's one of those things
10 I am assuming so to correct, me when articles are	10 it's hard for me to get a truly accurate number
11 written, it doesn't include the staff time when,	11 there, but a lot of the updates that our
12 let's say, someone in Parks and Rec writes an	12 contributors supply are updates. They're things
13 article about something, it's not including their	13 that they are putting together for us for the
14 time. This is strictly marketing's time; correct?	14 website, updates, programs they're changing, so it's
15 MR. RAYMORE: No. This is an attempt to	15 not like they're starting from scratch writing a
16 capture all of the time put into the magazine. The	16 brand-new article. They're kind of giving me an
17 15 hours for other contributors, that's under	17 update on what's going on within their programs and
18 writing content, would be exactly what you just	18 clinics and things like that.
19 referred to.	19 TRUSTEE TONKING: We can take a look if
20 CHAIR SCHMITZ: Okay. But there's not	20 you like.
21 dollars you're saying that's only \$1,100 is where	21 CHAIR SCHMITZ: Any other questions or
22 that's equating to?	22 comments? What would the Board like to do?
23 MR. RAYMORE: I'm saying the 20	23 TRUSTEE NOBLE: I would move to approve
24 total hours of other contributor time is about	24 option 1.
25 \$1,167 per edition.	25 TRUSTEE TONKING: I second.
111	112
111 1 CHAIR SCHMITZ: Motion's been made and	112 1 TRUSTEE TULLOCH: I don't know I'm
1 CHAIR SCHMITZ: Motion's been made and	1 TRUSTEE TULLOCH: I don't know I'm

Maybe 7 my fellow board members have, but I'd like to 8 understand what our communication strategy actually 9 is before we start just giving away advertising and 10 things. 11 Just personal view. 12 CHAIR SCHMITZ: Motion's made for 13 accepting option 1. It's been seconded. I'll call 14 for a vote. All those in favor? 15 TRUSTEE TONKING: Aye. 16 TRUSTEE NOBLE: Aye. 17 TRUSTEE DENT: Aye. 18 CHAIR SCHMITZ: Aye. 19 Opposed? 20 TRUSTEE TULLOCH: Nay. 21 CHAIR SCHMITZ: Motion passes four to one. 22 Let's move on. 23 I. LONG RANGE CALENDAR 24 CHAIR SCHMITZ: Long range calendar on
CHAIR SCHMITZ: Motion's been made and seconded. I have a question of clarification. Has legal counsel reviewed these contracts? And it appears there is something that needs to be corrected. MR. RUDIN: It looks like there's a typo on page 4 of 8. CHAIR SCHMITZ: A typo in addition to that, is that the typo you're talking about? MR. RUDIN: That is that typo. CHAIR SCHMITZ: Okay. All right. Any other discussion? TRUSTEE TULLOCH: What is the period of this contract? MR. RAYMORE: Calendar year 2025. TRUSTEE TULLOCH: What's the objection to going to all electronic? MR. RAYMORE: As part of kind of our overall marketing communications plan for the District, a print publication fits our demographic pretty well. So that's why I continue to advocate for it.	1 TRUSTEE TULLOCH: I don't know I'm 2 asking. Obviously, you have a strategy, so I'm 3 assuming it's in print form, since you like print, 4 you like that form. 5 That would be useful. We keep hearing 6 about this strategy, but I've never seen it. Maybe 7 my fellow board members have, but I'd like to 8 understand what our communication strategy actually 9 is before we start just giving away advertising and 10 things. 11 Just personal view. 12 CHAIR SCHMITZ: Motion's made for 13 accepting option 1. It's been seconded. I'll call 14 for a vote. All those in favor? 15 TRUSTEE TONKING: Aye. 16 TRUSTEE NOBLE: Aye. 17 TRUSTEE DENT: Aye. 18 CHAIR SCHMITZ: Aye. 19 Opposed? 20 TRUSTEE TULLOCH: Nay. 21 CHAIR SCHMITZ: Motion passes four to one. 22 Let's move on. 23 I. LONG RANGE CALENDAR

23 Tonking on her question?

TRUSTEE NOBLE: I would think it would be

25 appropriate to get feedback from the Golf Committee

24

23

24

MR. MAGEE: Where do you see that one?

TRUSTEE DENT: June 26th, the fifth item

25 up from the bottom, it says "Recommended rates for

117

- 1 with regards to the golf clubs.
- 2 MR. RUDIN: And on the scope of that
- 3 expected agenda item, I do expect that it will be a
- 4 discussion and direction item for the Board to
- 5 provide feedback on some key policy questions that
- 6 are necessary for the drafting of the policy.
- 7 TRUSTEE TONKING: Maybe we don't
- 8 necessarily need it yet, is what you're saying?
- 9 Okay. I just didn't want it to be something we were
- 10 voting on and then -- okay. Great. Then we don't
- 11 need direction.
- 12 TRUSTEE TULLOCH: I see on the June 26th,
- 13 tax delinquencies for cards to be shut off, is --
- 14 oh, that's for rec passes?
- MR. MAGEE: Yes. And we are intending on
- 16 bringing that one forward on June 26th.
- 17 TRUSTEE TULLOCH: And the item above it,
- 18 "indebitness," that's a new term to me.
- 19 MR. MAGEE: Yeah. I understand. That's a
- 20 typo. We can correct the typo.
- 21 CHAIR SCHMITZ: Anything else?
- 22 TRUSTEE TULLOCH: I can suggest: Food due
- 23 diligence, let's put it on July 10th.
- 24 CHAIR SCHMITZ: Okay.
- 25 TRUSTEE TULLOCH: I would love to see it

- 1 on June 26th, but it may be a stretch.
- 2 CHAIR SCHMITZ: Okay. July 10th. Great.
- 3 Anything else? Otherwise, we'll close
- 4 that item off. I'll work with General Manager Magee
- 5 and our District Clerk to get some of this changed,
- 6 updated, and inclusive of the Board's direction here
- 7 at the meeting.
- 8 Moving on.
- 9 J. BOARD OF TRUSTEES UPDATE
- 10 CHAIR SCHMITZ: Any updates from rec,
- 11 tennis, FlashVote? Trustee Dent sent us a question.
- 12 Would you like to touch on that relative to
- 13 FlashVote? You don't want to touch on it. Okay.
- 14 All right. That's fine.
- 15 I have my trustee update, this is my
- 16 monthly report on -- it goes all the way back, so
- 17 don't be overwhelmed by the volume of pages.
- 18 But the first -- going until the first two
- 19 pages are -- the top of the -- through the 17th. So
- 20 everything new is from 6/4 through 4/17. And at one
- 21 of our last meetings, I had reported that things
- 22 were definitely improving. And if you look at 4/17,
- 23 which is on page 2, there were no issues. 4/24,
- 24 there were no issues. 4/30, the only issue I
- 25 denoted was that it was approved, but it had a 50
- 119
- 1 percent contingency amount, which I thought was
- 2 quite substantial, but Mr. Magee approved that.
- We had an emergency situation with our
- 4 firewall, and that was moved forward, and Sergio was
- 5 involved in revising the contract to meet the
- 6 District's needs. So that was something that legal
- 7 counsel worked on.
- 8 The Rockwood Tree Service, that was a blip
- 9 where it had the wrong -- it described it as
- 10 construction services instead of being removal of a
- 11 downed tree. That was corrected and sent out. It
- 12 was interesting to me that the bid was for 3,700,
- 13 but the contract was for 4,675, to have a
- 14 contingency. And, to me, I mean, I'm a homeowner, I
- 15 get tree bids, I don't plan to spend more than what
- 16 the estimate is. So I flagged that just because of
- 17 that reason.
- 18 Granite Construction had the emergency
- 19 repair out on SR 28, they're working on it today
- 20 still. Granite had wanted some of the terms
- 21 changed, and this was nothing that I was involved
- 22 with, this was legal counsel working with district
- 23 staff, so that, legal counsel managed to get the
- 24 contract in the proper terms, according to the
- 25 District, and that one moved forward.

- 1 Then we had had one that was on 6/4, that
 - 2 was for the employee barbecue scheduled for June
 - 3 22nd. It had some modifications needed. There was
 - 4 an exhibit that was missing or mislabeled or
 - 5 something. There was an issue, and I missed it in
 - 6 my notes. It was corrected. And if you notice, the
 - 7 date of the contract and the date of the vendor's
 - 8 signature was in April. It's unfortunate that it
 - 9 ended up coming to me as a last-minute emergency
 - 10 because things had to be ordered. So I'm sorry that
 - 11 that one didn't come to the Board before then.
 - 12 But unless there's questions, this is my
 - 13 contracts review update. Any other trustees
 - 14 updates?
 - 15 Seeing none, we'll close that out and move
 - 16 on our final public comment.
 - 17 K. FINAL PUBLIC COMMENT
 - 18 DR. WYMAN: Andrew Wyman, Incline Village.
 - 19 First, I want to thank the Board for
 - 20 making me exercise my brain over these last
 - 21 few hours. Anything I can do to try and stay awake
 - 22 is very helpful to me at this age.
 - A couple comments about the meeting, which
 - 24 I've tried to follow, one of which had to do with
 - 25 the issue of the public comments at the different

- I venues. At the very beginning of this discussion,
- 2 what I heard from Mr. Magee was that there were a
- 3 number of complaints from the public which
- 4 occasioned the reason to have this discussion. But
- 5 I never heard what those complaints were. And it
- 6 seems to me before you have that discussion, you
- 7 want all the data made available to you to make a
- 8 knowledgeable recommendation about where you want to
- 9 go. I had that little trouble understanding what
- 10 the discussion was about, not understanding the
- 11 nature of those multiple complaints and what they
- 12 might have been.
- The other part of that is, as you all
- 14 know, we live in a news desert here, which
- 15 compromises this community much more than you'll
- 6 ever know. If you contrast that with the kind of
- 17 news coverage we used to have this community going
- 18 back several years, it compromises a great deal of
- 19 how community operates. And anything that detracts
- 20 from the ability to convey a set of thoughts and
- 21 public comments further erodes our ability in that
- 22 regard.

1

- 23 The other thing I wanted to address for
- 24 just a minute is it was a bit difficult for me to
- 25 follow the conversation about the beach issues, and

- providing further funding for design work when it
- 2 becomes abundantly clear that we really haven't even
- 3 decided whether you want or need to build out a food
- 4 service. So that makes it a bit problematic to
- 5 provide more money when you haven't made that basic
- 6 decision.
- 7 Only other thing in the 38 seconds going
- 3 forward is in these next few months, I wonder if you
- o lorward is in these flext lew months, I wonder if you
- 9 can create a reasoned white paper of your
- 10 accomplishments and suggestions for the next board
- 11 going forward.
- 12 I also think that -- my understanding, is
- 13 that were some 400 people attending a block party at
- 14 the library. What does that tells us? It tells us
- 15 we need more community gathering.
- 16 Thank you.
- 17 MR. DOBLER: This is Cliff Dobler.
- 18 I have four things I'd like to bring to
- 19 your attention that I really believe you need to
- 20 spend some time on.
- 21 The first one is the bike track. That was
- 22 a project that was started, it was never completed,
- 23 but the permit was extended. Now the extension of a
- 24 permit does not allow you to operate a facility.
- 25 That would be like extending a permit but you don't

have the roof on the building.

- 2 So somewhere along the line, I guess our
- 3 staff must think that a permit is an occupancy
- 4 ability. And you should not be operating that thing
- 5 at all, and if we did get safety issues, I don't
- 6 think our insurance company would pick it up. Okay.
- 7 That's number one.
- 8 Number two, Magee is totally off base. He
- 9 doesn't know what he's doing. But under NRS,
- 10 because we are proprietary funds except for the
- 11 general fund, everything, budget and accounting must
- 12 be done on an accrual basis, and this is
- 13 particularly important in our business because or
- 14 businesses are not steady throughout the year. They
- 15 peak and valley and that's why you need to do
- 16 estimates of prepaid and deferred on a monthly basis
- 17 to get any sort of accuracy of how you're comparing
- 18 to the budget. Right now, all you're doing it
- 19 shooting in the dark because you're not allocating
- 20 it over the entire period. That's necessary.
- 21 Number three, until everybody can get it
- 22 through their skulls that that whole beach area
- 23 should be looked at as a larger project, including
- 24 the parking lots, ingress/egress. You need a master
- 25 plan for that. You just can't sit there and plop a

- 123 1 building down where you think it belongs and then
 - 2 have a plan for access that's one sheet of paper and
 - 3 you don't know where the beginning or the end is.
 - 4 My recommendation is this is not a project
 - 5 that is considered difficult. I can't remember what
 - 6 the statute says, but it has no reason to be done
 - 7 outside of competitive bidding. This is a very
 - 8 simple building, it is one story, and should it be
 - 9 looked at something -- the word is "not unique."
 - 10 This is not unique. Okay? And, therefore, we're
 - 11 actually violating our statutes by not complying
 - 12 with the law. The whole idea of having competitive
 - 13 bidding was so that we know that we weren't getting
 - 14 twisted by contractors and management where there's
 - 15 no --
 - 16 (Expiration of three minutes.)
 - 17 MR. WRIGHT: Frank Wright, Crystal Bay.
 - 18 Tonight you did something really, really
 - 19 stupid. The free expression zones at the beaches
 - 20 were ruled on by the Ninth Circuit. The Ninth
 - 21 Circuit allowed a lawsuit to fail because they had
 - 22 free expression zones at the beaches under Policy
 - 23 136.
 - 24 The only trustee tonight that really
 - 25 understood it was Michaela. She did her homework,

124

		Time					went through the review process without a
2/13/2024	Jacobs Engineering	Extension	Time Extension	2/13/2024	2/13/2024	\$0	need to revise.

2/7/2024	Pet Network	1 1	leasing of DP and staff for the Sip and Snowshoe Pet Network fund raiser	1/18/2024		To Be Determined based on terms	Legal reviewed and had concerns, but this was discovered too late to make the needed revisions. Legal has reminded staff all contracts need to be reviewed to ensure protection of the District. Legal stated "this agreement doesn't include any indemnity requirements that Pet Network indemnify IVGID for damages, or be responsible for paying defense costs for lawsuits if someone gets injured on the slopes because they tripped over something unexpected in the dark — glow sticks aren't a good substitute for headlamps, but luckily these people are snowshoeing rather than night skiing and you will have patrollers for the event" and "The contract says we will be added as an additional insured party to Pet Network's insurance, but doesn't spell out what kinds of insurance is required (e.g. property damage coverage, injury coverage, liquor liability). However, the insurance that is listed on the COI is likely adequate,
							1
1/24/2024	HDR	same as	see below	1/5/2024	not signed	\$14,815	3 weeks lapsed between the original review request and this one, the contract date is now backdated, one of the deliverable due dates was on 1/10, prior to this contract having been reviewed by DOF, GM and myself approved.

1/4/2024 12/1/2023	HDR CC Cleaning Service	Expansion of the SOW for the Utility Master Plan Cleaning services at Diamond	Addendum New	1/5/2024 No date inserted as of review	not signed not signed	\$14,815 \$44,850	rework requested as the Exhibt with payment terms and time to be charged were not correct. I noticed, Ms. Nelson could not explain and the vendor was required to revise the exhibit. Accounting needs to be added as another email address for invoicing.
11/29/2023	Lumos	Peak Addendum to PO for water modeling at 947 Tahoe Blvd. for a change in pipe size.	Addendum	No date inserted as of review	not signed		The contract completion date is 12/1. In inquiring about this completion date when the review is only 2 days prior, I was informed the vendor began the work without the contract. Not a best practice.
11/15/2023	Odyssey	survey of Snowflake Lodge area for future potential work	New	11/16/2023	not signed	\$3,600	OK, inquired about lack of vendor signature.
11/14/2023	Lumos		PO - 12-28-21 added scope for 947 project - additional water modeling	12/28/2021	none since the addendum required rework	\$5000 to be paid by developer	Required rework. Legal counsel had directed staff to change the language of the addendum to an amendment to a PO, however this change wasn't incorporated and it was presented as an addendum to a "consultant agreement" and none exists. Approved without corrections by DOF and GM.

11/2/2023	DOWL	Project Management , design and bid documents - Alder Ave. water line replacement	New	11/2/2023	No Date	\$70,580	OK
10/17/2023	Mann Built Construction		new - T&M - charged to NDOT ROW realignment	10/17/2023	No Date		Appears to have the same error - section 3.2 references Exhibit B as 'plans and specification', yet Exhibit B is Requirements for Construction Manual. Same error as prior Mann Construction contract reviewed on 10/12; Additionally, 3.7.1 b incorrectly refers to Exhibit B as the rate schedule which is Exhibit C.
10/12/2023	Resource Concepts	extend terms to 12/13/2023	amendment	10/3/2023			The amendment had a date that was backdated as a reference because the original contract was backdated. The orginal contract reads 12/14/2022. but was backdated to 12/5/2022
10/12/2023	Resource Concepts	extended terms through 10/31/2023	amendment	10/3/2023			The amendment had a date that was backdated as a reference because the original contract was backdated. The orginal contract was on 12/14/2022 but was backdated to 12/5/2022
10/12/2023	Mann Built Construction	Burnt Cedar RFID earthwork	new	10/10/2023	10/11/2023	\$10,500	There was an error and a reference to Exhibit B as plans and specs, but was the fee schedule.

Subject: June 12, 2024 IVGID BOT Meeting - Agenda Item C - Public Comments - Cut The Crap #3 - Golf Course Bar Cart

Sources/Uses/Capital Expenditures

Date: Monday, June 10, 2024 2:22:03 PM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Chairperson Schmitz and Other Honorable Members of the IVGID Board -

It just keeps happening over and over again. We never learn. We never make change. And here it's happening again. So let's go for the trifecta. Shall we?

Aren't we wasting enough money?

Aren't we running most if not all of our commercial business enterprises at a financial loss? Requiring involuntary financial subsidy by local parcel owners as opposed to those who are actually using the facilities of these enterprises?

Aren't we assuming a larger and larger footprint to justify hiring more and more over compensated and over benefited employees?

Aren't we paying employees to provide professional services, and then using them for menial tasks like assembling materials for an advertising laden magazine (where it's the publisher who makes money off of advertising)?

Aren't we offering full time employment for part time/seasonal work, and then coming up with garbage tasks for our employees to do in the off season to justify their full time employment?

Don't we have employees who share half the truth because their loyalties lay with themselves and their co-workers, rather than we parcel owners who are involuntarily paying their salaries and benefits?

So now it's Bar Cart sales at our two golf courses. For those of you reading this e-mail who don't understand, we have three motorized bar carts which arguably sell alcohol/other beverages and light snacks to our golf course customers. A vital money making service, wouldn't you agree? The replacement cost of each cart is \$35,000+. I believe they are fuled by gasoline, and regardless, they require the expert maintenance of our fleet department. Then there are more expensive maintenance items such as replacement tires and batteries. Three operational employees, together with how many additional employees to stock the carts with merchandise to sell? Then of course their share of central services costs, wages and benefits, an allowance for theft losses, etc., etc. Now let's compare these costs to our sales revenues. Bueller? Bueller?

Where is the financial reporting?

Step one is to go to our open.gov tool. You know. The one on our web site (https://www.yourtahoeplace.com/ivgid/financial-transparency/opengov-data-tool) where we are told that "in an effort to enhance transparency in financial reporting IVGID is offering an interactive reporting tool that allows citizens to explore IVGID's financial data online in various graphical formats selected by the user." And we are told that if we have any questions, we should "contact our Director of Finance, Gerry Eick at (775) 832-1365 for more Information."

Well I'm not calling Mr. Eick. And when I attempt to use the tool, I quickly learn it hasn't been updated in more than a year. Notwithstanding we're paying \$2,500 or more/month in licensing fees. Right Board members? And even though I am told I can "drill down into the District's Financial details with the OpenGov Data Tool," I just don't seem to be able to drill down to the more basic level of bar cart.

So then I try to identify what this income and expenses will be going to the District's chart of account (https://www.yourtahoeplace.com/ivgid/financial-transparency/chart-of-accounts) web page. You know. The one under "financial transparency." And there I discover this page hasn't been updated since July of 2022. And then I do a search for "bar cart" thinking I will learn of the object codes assigned. Well nothing pops up.

So what am I to do to learn of this information?

Well you're forcing me to make another public records request. Susan Herron her herd of herrons complain that it is outrageous the number of public records requests the District is forced to respond to. Well when you advertise yourself as "financially transparent" and here we see that you're not, where does the fault really lie?

So how much money are we going to make operating these bar carts Mr. Sands? Or Mr. Cripps. And is running this commercial enterprise really worth it? I don't know but I'm guessing we're losing our shirts. Like we lose them on everything else. Why don't you as a Board direct Mr. Cripps to prepare a segregated summary of sources and uses for bar cart sales? Maybe for the last two (2) years so we can get an accurate picture. And just to cover myself, here I make a formal public records request for the same. Records evidencing sources and uses assigned to Golf Bar Cart Sales. You know. Salaries and wages. Services and Supplies. Personnel wages and benefits. Cost of goods sold. Capital expenditures. Etc., for a complete picture. For the last two years!

What a stupid, stupid thing to do to subject your citizenry to this type of waste. Another example of the crap we need to put an end to. KILL Bar Cart sales. Because if you don't, you Board members are guilty of not being able to properly run the District. And if you can't perform this basic function, NRS 318.515 tells us it's time for you to end. So how many times do I have to ask?

Respectfully submitted, Aaron Katz

Cart Sources/Uses/Capital Expenditures

Date: Monday, June 10, 2024 5:59:11 PM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Thank you Aaron for this analysis and timeline.

I would hope that this board would do more than give lip service to this issue. It is looking like the \$1,000 + per day losses at the Grill.

I do not believe that the board of directors should step away from monitoring ANY venue or department. It is perfectly obvious that more oversight is needed than the general manager is providing as has been the case for decades. This board has the opportunity to correct some of these issues NOW as they are being brought forward by community members who are taking their time to study the finances and inefficiencies on the behalf of those who are being assessed all of the fees.

Where is the financial accountability? Cliff Dobler has been pointing out for years that IVGID is seriously underfunded as was just "discovered". Well how about seeing some cost cutting to correct this. Mr. Katz has made some excellent suggestions over the last few years as has Mr. Dobler and Mr. Tullock. STOP asking the employees to do their jobs and demand a turn around of the deficiencies

With an attached timeline and drop dead date. If the date is not met... immediate termination. Take off your slippers and put some boots down. We do not elect our employees or management.

We elect YOU to get the job done.

Margaret Martini
