Sara Schmitz
CHAIR
Incline Village General Improvement District (IVGID)
893 Southwood Blvd
Incline Village, NV 89451

Dear Chairwoman Schmitz:

I am eager to express my interest in the IVGID General Manager position. Under your leadership, I am confident in my ability to effectively execute the District's policies, procedures, resolutions, and ordinances, while also ensuring the transparent and collaborative management of the District's \$50 million annual budget.

With 33 years of experience in public service, including a decade in leadership roles, I have been directly responsible for overseeing operations, managing budgets of up to \$250 million, and supervising facilities, activities, staff, and business functions. This includes snow operations which I mastered while managing Helena MT. As a Chief Executive Officer, I have been accountable for service delivery, program implementation, budget controls, and achieving both operational and financial objectives. My extensive work with elected bodies since 1993 has provided me with a deep understanding of board support, hierarchical respect, and directive implementation. My tenure as a City Manager has showcased my ability to lead strategically, drive operational success, manage capital improvement programs, and enhance revenue streams, all while maintaining hands-on involvement.

I am committed to serving the District's management team with a focus on collaboration and communication. My two decades of direct contract experience, including negotiating MOUs with unions, have equipped me with the expertise to design and implement inclusive budgeting processes. My leadership in this area has been recognized, and I am scheduled to present my approaches to participatory budgeting at the Washington Government Finance Officers Association. My budgeting strategies are integrally linked to strategic planning, CIP planning, and Growth Management Act planning. Additionally, my leadership experience has honed my skills in media relations and social media content creation.

My resume reflects a history of courage, resilience, and the ability to act as a transformative leader. I have successfully managed growth, built strong partnerships, facilitated urban and economic development, and navigated complex budgetary and financial challenges. Working with my management teams, I have delivered large-scale projects that exceeded organizational expectations and spearheaded significant technological advancements.

As I conclude my contract with Carnation, WA, I am looking forward to relocating closer to my family in Sacramento. The opportunity to serve a close-knit community with the resources to deliver exceptional services to its residents is particularly appealing to me. My experience as a City Manager has been both challenging and rewarding, and I am eager to apply the lessons to my next role outside of city management. I would welcome the chance to further discuss how my professional background aligns with the needs of your District.

Sincerely,

ANA CORTEZ

Ana M. Cortez, M.P.A.

PRESS RELEASE

CITY MANAGER ANA CORTEZ AND THE CITY OF CARNATION WISH EACH OTHER FAREWELL

City Manager Ana Cortez was unanimously selected to lead the City of Carnation in 2021. From the beginning, the City Council, Mayor Lisk, and Ana Cortez rolled up their sleeves and met challenges as they came. Ms. Cortez worked closely with Mayor Lisk and then Mayor Ribail to revamp obsolete organizational systems, evaluate operating procedures, update protocols, hire new staff, and acquire new assets for the City.

Through each Council Committee, Ms. Cortez accomplished results for the residents of Carnation. Mayor Ribail indicated: "In three years, Ms. Cortez met every council goal that was presented, from traffic calming measures on SR 203 to competitive disposition of public lands, Ms. Cortez provided results - not excuses."

Ana Cortez indicated "I am proud of the transformation the Council directed me to achieve, and for the support they provided. The most important legacy I leave is the excellent and incredible management team. I have always hired for my replacement. I am proud to say I succeeded. Ms. Rhonda Ender will be Interim City Manager and the bench is deep."

When asked if she had any regrets, Ms. Cortez indicated: "My only regret is that I did not have enough time to see the sale of the 7-acre surplus land (Schefer) fully realized. I started that journey in 2021 with Ricardo Noguera and Tim Woolett, and the final product was very ambitious. I am happy however to have nearly finalized the Tolt Dam community benefits agreement with Seattle and that this document represents a paradigm shift for Carnation. I am equally proud of new sidewalks, park programming, basketball courts, public spaces, economic development activities, new passport office, organizational redesigns, real estate acquisitions, and of course finishing Tolt Avenue. In reality, I have close to 100 accomplishments, of which, there is not one regret."

Mayor Ribail confirmed that the City Council has named Ms. Cortez's Deputy City Manager as Acting City Manager and that the management team will continue operating with the same level of commitment and professionalism.

Ms. Cortez's last day will be September 3, 2024. She has joined a private consulting firm.

Carnation is a rural western Washington community of 2,220 residents that is approximately 1.1 square miles in size. Framed by the Cascade foothills and located where the Tolt and Snoqualmie Rivers meet, the City is within easy reach of Seattle. Carnation offers an abundance of natural beauty and outdoor experiences, including biking, hiking, camping, and fishing. In our downtown, you can visit our unique shops and restaurants.

Incline Village General Improvement District 893 Southwood Blvd, Incline Village, NV 894541

Honorable Board of Trustees:

Herewith is my cover letter and resume for consideration of the Incline Village General Improvement District General Manager position. Working for this organization would be an exciting next step in my career and I would love to work with the Board to lead a unique organization.

I have a 30-year career in City Management, with 28 years of service as a City Manager in three different states. I have worked in a variety of small and large cities, each with different leadership, financial, and capital needs. In two communities of which I have served, their existed a unique tourism-oriented focus. My most recent community in Yakima (98,000) where I served as City Manager, has tremendous tourism around our wine, agricultural, and beer industry. The wine industry is known as one of the top 10 areas for wine in the nation. For craft beers, 80% of the U.S. hops market is served by Yakima hops, and there are a tremendous number of breweries that have developed and attract tourists. Yakima is also known for its recreational opportunities, and has excellent hiking trails, a greenway, youth sports, along with fishing in the Yakima River. Lastly, after completing a large addition to the Yakima Convention Center, Yakima had the third largest Convention Center in Washington State.

Issaquah Washington, where I served as City Administrator, is known as the Trailhead City. Issaquah is the gateway to the Cascades as you leave Seattle, with large protected public lands that are used for hiking and other recreation, like paragliding, horse riding, and mountain bike riding. Issaquah is also home to Lake Sammamish State Park. Nestled on Lake Sammamish, this state park is home to boating, fishing, kayaking, picnicking, youth baseball, youth soccer, as well as nationally televised events, like the professional beach volleyball association. Issaquah also owned two public facilities that were used for private events, like weddings, fundraisers, galas, etc.

In Issaquah, I have managed a community that experienced rapid growth, growing from 27,000 residents to 38,000 when I left. In addition to residential growth, there was large commercial growth including an expansion of Costco Corporate Headquarters and the development of a regional, private hospital. I understand the pressures that can be placed on existing infrastructure and the need for investment in infrastructure to manage that investment.

As City Manager of Yakima, I had 14 direct reports and 753 employees. Yakima is a full-service city providing services in public safety (police, fire, jail, judicial), a regional airport providing commercial service, a transit system, water, storm, and sewer utilities, public works, parks and recreation, finance, human resources, information technology, clerks, community and economic development. The City's overall budget was \$253 million and our general fund budget was \$70 million.

I have significant leadership experience in leading an organization, working closely with an elected board to implement the vision of the organization and set up strategic plans. I have implemented the High-Performance Organization model that focuses on developing management structures and systems that empowers employees to make decisions, develops a common set of organizational values that all employees subscribe, utilizes LEAN principles to create high performance systems and focuses on excellent customer service. I have also taken a leadership role in my profession, serving as a West Coast Vice President for the ICMA (International City County Management Association) and on the board of the Local Government Hispanic Network (LGHN).

I have excellent financial management skills as well, from operational budgets to capital planning. I have used three-year financial forecasts for operations and five-year capital plans to ensure financial sustainability. I have upgraded the bond ratings in Wyoming, Issaquah, and Renton to AAA during my leadership.

Since leaving Yakima in February this year, I have been doing my own consulting work. I want to be selective on which organization I would like to lead during this next phase of my career. When I saw this position advertised on the ICMA job board, it met my criteria of a unique managerial/leadership experience, located in a beautiful outdoor environment with a focus on recreation and sustainability, and an organization with solid board leadership with a focused organizational mission.

I would enjoy the opportunity to lead your organization and am readily available both for an interview, and to begin employment if I was the selected candidate. You can reach me at

Dear IVGID Board of Trustees.

Please be advised that I have recently submitted an application and resume for consideration for the General Manager position for IVGID.

After moving to Crystal Bay, Nevada in 2022 on a full time basis, I have been involved in the local community thru my interest in golf, skiing, and other recreational activities.

Through these activities I have noticed many challenges that IVGID is facing in managing many of these venues as it relates to meeting the needs of the customers. I have voiced a few of these concerns at the Board of Trustee meetings during the public comments portion of the meetings.

Prior to moving to Crystal Bay, Nevada I spent 38 years in Fresno California building a food manufacturing business that served the Food Service industry. We supplied many large customers like McDonalds, Starbuck's, Dunkin Donuts, and several others in top 100 restaurant chains, fruit and flavor based products. We operated 4 manufacturing plants in both the west and eastern parts of the US Market. We employed over 1200 employees and had revenues in excess of \$600 Million dollars. We sold our company in 2017 and continued to assist the new owners until 2021 when I retired.

In reviewing IVGID and the tremendous history it has in developing the assets it has accumulated since 1961, we are all quite fortunate to live in such a beautiful location with these resources.

With my background in building and managing a business from humbling beginnings to become a major corporation in the Food Industry, I see many opportunities to utilize my talents to help IVGID reach new heights in delivering world class service to it's customers in order to improve the execution of IVGID'S mission and to improve relations with the local community.

Upon your review of my attached resume please advise if you have any additional needs or questions.

Thank you for your consideration regarding this opportunity.

Best Regards,

Kent Walrack

IVGID

Vision and Priorities Prepared by Kent Walrack

Date: October 18, 2024

Introduction

After moving to Crystal Bay, Nevada in 2022 on a full-time basis, I have been involved in the local community thru my interest in IVGID, golf, skiing, and other recreational activities. Through these activities I have noticed many challenges that IVGID is facing in managing many of these venues as it relates to meeting the needs of the customers. I have voiced a few of these concerns at the Board of Trustee's meetings during the public comments portion of the agenda.

Prior to moving to Crystal Bay, Nevada I spent 38 years in Fresno California building a food manufacturing business that served the Food Service industry. We supplied many large customers like McDonalds, Starbuck's, Dunkin Donuts, and several others in top 100 restaurant chains, fruit and flavor-based products. We operated 4 manufacturing plants in both the west and eastern parts of the US Market. We employed over 1200 employees and had revenues in excess of \$600 Million dollars. We sold our company in 2017, and I continued to assist the new owners until 2021 when I retired.

In reviewing IVGID and the tremendous history it has in developing and managing the assets it has accumulated since 1961, we are all quite fortunate to live in such a beautiful location with these resources. With my background in building and managing a business from humbling beginnings to become a major corporation in the Food Industry, I see many opportunities to utilize my talents to help IVGID reach new heights in delivering world class service to its customers to improve the execution of IVGID'S mission and to improve relations with the local community.

Policy 22.1.0 Disclosure of External Entity Involvement

Policy 22.1.0 Disclosure of External Entity Involvement

POLICY. The Incline Village General Improvement District emphasizes transparency and understands that state law creates minimum standards. In some instances it may be appropriate to impose stricter requirements than those set forth in the Nevada Revised Statutes (NRS). While IVGID encourages Trustees and employees to be involved in local community groups, this involvement may result in real or perceived conflicts of interest. Various provisions of the NRS, including NRS 281A, prohibit IVGID officials from participating in decisions affecting their "commitments in a private capacity" and otherwise impose disclosure or recusal requirements on decisions impacting officials' organizations.

While these requirements impose important minimum standards that avoid actual conflicts of interest, they do not provide transparency regarding potential conflicts of interest or otherwise ensure that officials are proactively disclosing potential conflicts of interest.

As defined in this Policy, "Qualifying Groups" shall be for profit, not-for-profit, and non-profit associations, businesses, or entities, however organized.

To provide additional transparency beyond state minimum requirements, IVGID Trustees, Audit Committee Members, and senior management employees shall report on a quarterly basis any Qualifying Groups to which they are an employee, member, or officer, or with whom they receive cash compensation or in-kind compensation (which shall include all non-monetary benefits that an organization provides in addition to or in lieu of cash compensation). Member of a Qualifying Group does not include simply listing a party affiliation as part of a voter registration or being a parishioner or regular attendee of a church, synagogue, mosque, or other religious group. Senior employees shall include the General Manager, department heads, and any supervisors with signature authority under Policies 21.1.0 or 21.2.0 as identified by the General Manager.

Reports shall be made quarterly due by January 15th, April 15th, July 15th, and October 15th and shall be included in the General Manager's report or similar item in the next regularly scheduled Board of Trustees meeting after such dates.

RESPONSIBILITY. The District Clerk shall be responsible for developing reporting forms, notifying officials of their obligation to file reports, and maintaining such reports. All forms shall be public records.

The General Manager shall adopt and enforce personnel policies to ensure compliance with this Policy. The Board of Trustees shall enforce this Policy against Trustees, Audit Committee Members, and the General Manager.

<u>MEMORANDUM</u>

TO: Karen Crocker, Interim General Manager

FROM: Erin Feore, Director of Human Resources

SUBJECT: Monthly Venue Manager Status Report - November

DATE: November 6, 2024

The Human Resources team continues with recruitment efforts for ongoing seasonal staffing and full-time/year-round staffing needs. Our Talent Acquisition Specialist continues to manage the recruitment efforts for the District and has reported the following Open/Filled Full Time/Year Round (FT/YR) positions:

Filled

Senior Engineer Recreation Supervisor – Sports & Community Programs

Openings

District General Manager
Director of Finance
Contracts & Purchasing Manager
Accountant

As has been discussed at recent Board meetings, the HR Director has worked with the Board of Trustees to move the General Manager recruitment process forward. On October 30, 2024, the Director introduced five candidates to the Board of Trustees. Following those interviews, three candidates were invited to return to answer follow up questions (on November 13th), with the intent of selecting the next District General Manager.

The Human Resources team continues to support the District operations with ongoing new/rehire processing, terminations of employment, etc.

As the summer operations come to a close, and the "ramp up" for winter operation staffing begins, the HR team has been very busy with on-and-off boarding approximately 150 employees. Our Recruitment team continues to attend regional job fairs to promote IVGID as a great place to work. Lastly, the team continues to partner with the Incline Middle School staff to introduce their students enrolled in the Exploratory Class to learn about employment: how to apply for a job, what employers are looking for, what skills are important, etc. This was a resounding success and there are plans to partner with schools to continue this program.

District required trainings are ongoing and are conducted 1-2 times per week as needed. Additionally, the team has finalized the recently developed, training for directors, managers and supervisors on various topics such as: (this is not an exhaustive list of all the trainings currently in development)

Sexual Harassment and Discrimination (updating current training program)
Coaching and Team Building
Essential Elements of Performance Review
District Policy and Resolutions (Directors only)

BACKGROUND

Long Term Initiatives:

Active Network POS System Assessment Update:

- Delivered: The acceptance of phase 1 being the Project Charter happened on September 6th, 2024. Discussions during this phase, specific to direction on whether modifications to Ordinance 7 would be in scope for this project or not and how potential ordinance changes may affect the downstream functional requirements and solution design resulted in timing delays. It was ultimately determined that any changes to ordinance 7 would be out of scope for this engagement.
- <u>Current State:</u> Phase 2, the Functional Requirements, is currently being finalized, with many interviews and multiple on-site discovery sessions taking place. Both teams continue to be engaged in the process and expect delivery and acceptance to be completed by end of November.
- Projected Milestones & Project Completion: Concurrently as the Functional Requirements are being finalized, initial Phase 3 - Solution Designs are being considered and potential options are being vetted. This phase is expected to be delivered in late January 2025. Once Solution Design is delivered, the Project Plan and Budget will be targeted to be completed and delivered by the end of February 2025.
- The agreement with flaik Sports USA Inc. for support of aligning the chart of accounts in the RTP Point of Sale system with the Tyler chart of accounts will be on the Agenda for the Board's meeting on November 13th. This works is expected to start November 15th and be completed by the 15th of December.

Short Term Task:

- Multiple internal user access audits were conducted across all Point of Sale systems and the Tyler ERP Platform.
- The Golf department's season closure was performed, plans to setup the indoor simulator once the outdoor range has closed due to weather.
- Many efforts are on going to open Diamond Peak and prepare the technical infrastructure to have a successful winter season.

Service Desk:

Janitorial Alta Vista Contract Budget

Per Board Request, the following provides a budget breakdown for the Alta Vista Janitorial Contract covering various District facilities, approved by the Board of Trustees on October 30, 2024.

The funding for this contract is drawn from the General Fund, Utility Fund, and Community Services Fund's Janitorial Services budgets. However, to fully cover the total contract cost, additional funds need to be reallocated to the Janitorial Services budget. Specifically, we propose transferring funds from the Buildings Maintenance Services budget to the Janitorial Services expense accounts for Aspen Grove, Chateau and Mountain Golf.

By reclassifying these funds, we intend to ensure full coverage of the Alta Vista contract within the approved budget framework.

The following table provides a detailed breakdown of the budget for the Alta Vista Janitorial Contract, showing the amounts allocated for each venue, the current fiscal year (FY 2024/25) budget, and any necessary reclassifications to meet the contract requirements. The Interim Director of Finance has reviewed and approved these reclassifications.

24-076	30 Minutes	Complete	V	Wednesday, June 12, 2024	Martini, Margaret	In front of 794 Tyner Way there has been much tree cutting. Upon contacting the fire dept to see if they were the ones doing the tree cutting and marking. They are not. And informed me that that was an IVGID project to cut down diseased trees. The trees that were cut did not look diseased to me so I would like to request a copy of the Contract by IVGID with Rockwood Tree company specifically to include the location of the marked trees that where removed and the ongoing, if any, removal of trees along That stretch of Tyner that has fire road access. I did not see any other location that has marked trees for removal in front of any other address. It looks subspecialty like a view enhancement project for the benefit of 794 Tyner Way As it would be hard to believe that all the diseased or crowded trees could only be in that location. 24-116		Waiting on Rubin Brown Response	Thursday, August 22, 2024	Gumz, Joy	Please provide an electronic copy of the workpapers prepared by Rubin Brown. If the Consultant has not provided all original materials (including electronic files) to the District, they should do so to comply with the terms of the contract. Key Points: 1. Ownership: The Rubin Brown Contract clause clearly states that "all material prepared by or worked upon by Consultant for the Services shall be the exclusive property of the District." This unambiguously establishes the District's ownership of all materials, including workpapers. 2. Electronic format: Given that workpapers are generally kept electronically in modern practice, this would include all electronic files and documents related to the audit. 3. Consultant's rights: The clause allows the Consultant to retain copies of the files they created, which they call "Work Papers." However, this doesn't negate the District's ownership of the original materials. 4. Transfer of materials: The Consultant should have ensured the District received all materials, including original workpapers, at the end of the engagement. This aligns with the clause stating that these materials are the "exclusive property of the District." 5. In Nevada, government records are presumed to be public unless there is a specific exemption or confidentiality provision. And there is no exception for audit workpapers. ***********************************	8/29/2024		General Governance

MEMORANDUM

TO: Board of Trustees

FROM: Karen M. Crocker

Interim District Manager

SUBJECT: Ordinance 7, paragraph 44., Fees Kept Current (Property Tax Delinquencies)

DATE: November 13, 2024

This memorandum is informational and no recommendation and/or action is proposed.

Ordinance 7, paragraph 44., Fees Kept Current, reads as follows:

44. Fees Kept Current. All property taxes, special assessments and Recreation Fees on a Parcel must be paid for the current and prior years to maintain the Parcel's eligibility for Recreation Privileges. The District Recreation Fee must be paid by October 1 of the year billed in order to continue receiving Recreation Privileges.

Back in November of 2002, then Director of Finance Paul Navazio provided the following procedure to Staff: (Start of former Director of Finance Navazio's communication)

ORDINANCE 7 – SUSPENSION OF RECREATION PRIVILEGES FOR NON-PAYMENT OF FACILITY FEES

Ordinance 7 establishes that parcels are eligible to receive recreation privileges so long as the assessment on that parcel is current, as defined.

This document serves to summarize the process by which the District administers provisions of Ordinance 7 related to the recreation privilege eligibility and, specifically, the suspension of recreation privileges for parcels who are determined to be delinquent with respect to payment of recreation facility fees.

The criteria historically used by the District to determine parcels subject to suspension of recreation privileges due to non-payment of recreation facility fees differs somewhat from the specific language contained in Ordinance 7, Section 44. As such, the Board may wish to consider revising the language in Ordinance 7, relative to the criteria for suspending recreation privileges. Alternatively, the District's process for administering this provision of Ordinance 7 will need to be update to conform to the language in Ordinance 7, to the extent administratively feasible.

Background

Ordinance 7, Article III establishes that the criteria by which parcels within the District are eligible to receive recreation privileges. Specifically:

• Article III, Section 43 provides that:

"Each District Parcel which is assessed and has paid in full the current Recreation Fee is eligible to receive Recreation Privileges as set forth in this Ordinance."

• Article III, Section 44 further provides that:

"All property taxes, special assessments and Recreation Fees on a Parcel must be paid for the current and prior years to maintain the Parcel's eligibility for Recreation Privileges. The District Recreation Fee must be paid by October 1 of the year billed in order to continue receiving Recreation Privileges."

In establishing the process by which the District administers this provision of Ordinance 7, and specifically the determination of the payment status of a parcel relative to the District's Recreation Fees, it is instructive to understand how Washoe County administers the billing and collection of property taxes, assessments and Recreation Fees.

The District's documentation suggests that since 1998, when Ordinance 7 was first adopted, Washoe County has changed its tax collection calendar. Currently, all taxes and special assessments (including the District's Facility Fees) are billed as of July 1, with the ability for parcel owners to pay them in four installments. The following reflects the County's billing / collection schedule for the 2022/23 tax year.

		Due Dates					
Installment			Date	10-day Grace			
Payment	Day	Month	(FY22/23)	Period			
1st	3rd Monday	August	Aug 15th	Aug 25th			
2nd	1st Monday	October	Oct 3rd	Oct 13th			
3rd	1st Monday	January	Jan 2nd	Jan 12th			
4th	1st Monday	March	Mar 1st	Mar 11th			

Washoe County assigns an "unpaid" (or delinquent) status to a parcel, when payments are received by the due date of the scheduled installment payment (including a 10-day grace period). Further, the County allows anyone to make up for a delinquent installment(s) by not taking other action until a parcel has unpaid balances due as of June 30th, the last day of the tax year.

Determination of Payment Status for purposes of Suspending Recreation Privileges

This process has resulted in the District conforming its review and determination of whether a parcel is current on its payment of Recreation Fees so as not to conflict with the County collection system or process, and to establish a parcel's "payment status" for the purpose of administering recreation privileges based on a parcel's payment status for the tax year, as reported by Washoe County as of June 30th, adjusted for any activity occurring between July 1 and October 1st.

If this review results in a determination that a parcel is still delinquent on amounts due through the prior June 30 as of October 1st, then recreation privileges are suspended.

Following the suspension of recreation privileges due to delinquent status of payment of property taxes, and special assessments, if - at any time after that – the District is provided evidence that a parcel has paid their back taxes and fees, then recreation privileges are reinstated.

Note – in practice, recreation privileges are reinstated upon a property requesting reinstatement and providing proof of payment (or confirmation of payment status through Washoe County). The District does not automatically update recreation privilege status based on receipt of monthly payment status reports from Washoe County.

Considerations supporting the District's process for administering Ordinance 7 relative to payment status Recreation Fees:

- 1) The language in Ordinance 7 states, "All property taxes, special assessments and Recreation Fees on a parcel must be paid for the current and prior year to maintain the Parcel's eligibility for Recreation Privileges. The District's recreation fee must be paid by October 1 of the year billed in order to continue to receiving recreation privileges."
 - Given the fact that property taxes are generally paid in quarterly installments, it is impractical to require that the District's recreation fees "must be paid by October 1 of the year." Under a strict interpretation of this language, nearly ALL District parcels would have their recreation privileges suspended as of October 1, to the extent that parcels still owe the 3rd and 4th installment payments of their property taxes and special assessments.
 - Additionally, a large (unknown) number of property owners elect to have their property taxes paid with their home mortgage on a monthly basis. For these parcels, the County only receives tax payments from a bank (or third-party tax collection entity) on a quarterly basis, and thus for these parcels, full payment of Recreation Fees would never be made by October 1st.
- 2) For the past several years, the District has administered Ordinance 7 based on a determination of a parcel's payment status "as of October 1", applied to the PRIOR year's tax liability. As noted above, a list of parcels with unpaid balances is established as of June 30th of each year. Parcels who, in turn, are identified by Washoe County as still delinquent for the PRIOR tax year, as of October 1st, are subject to suspension of recreation privileges.
 - The requirement in Ordinance 7 that parcels have fully-paid their Recreation Fee by October 1 in the year billed, implies that the District's definition of "unpaid" of "delinquent" as it relates to property taxes, special assessments and Recreation Fee, would differ from the definition established by Washoe County and would be, for all practical purposes, impossible to administer.
- 3) For purposes of determining whether recreation privileges should be suspended based on the payment status of a parcel for the CURRENT tax year, consideration should be given to the following:
 - Current-year property taxes, assessments and recreation fees are due and payable on a quarterly basis throughout the tax year.
- Parcels that may enter "delinquent" status for a give quarterly installment payment may only be designated as such as a result of a late payment. In these cases, payments are typically made prior to the due date of the next installment payment.

- Some parcels may be deemed "delinquent" solely as a result of payments that may be
 for less than the total amount billed/owed for a given installment payment. Examples
 include parcels with an outstanding late fee or penalty assessed by Washoe County.
 Balances "owed" by these parcels will be less than the Recreation Fee portion of the
 bill and thus suggest that they may be current with respect to payment of imposed
 Recreation Fees.
- Additionally, Ordinance 7 as drafted imposes a requirement that District recreation fees are paid, in full, earlier than when they are due or, at a minimum, must not be "late" at any time during the tax year, for avoid suspension of recreation privileges. However, the vast majority of parcel owners, regardless of circumstance, ultimately pay the Recreation Fee owed to the District within the tax year (by June 30th), or by October 1st of the following tax year. Given that the Recreation Fees are ultimately paid-in-full, parcels with late payments are effectively denied recreation privileges for which they are ultimately paying. As such, absent consideration of pro-rating the Recreation Fees owed (or providing a refund for any period for which Recreation Fees were temporarily "delinquent", parcel owners are still paying for privileges that have been suspended.
- The current process for determining eligibility for recreation privileges errs on the side
 of only suspending privileges in cases when fees remain outstanding at the end of the
 tax year, and are deemed delinquent by Washoe County for purposes of imposing
 enforcement actions.
- 4) The intent of the District, as provided for in Ordinance 7, to ensure that recreation privileges are subject to a parcel's "payment status" of property taxes, special assessments and Recreation Fees, should be considered in relation to Washoe County's current billing schedule as well as the administrative burden imposed by tracking and updating parcels' payment status throughout the course of the tax year (ie frequency of changes in status of parcels' eligibility for recreation privileges.
 - The current process results in suspension of privileges for parcels that are delinquent at the END of the tax year. This approach errs on the side of not penalizing parcel owner for late payments; suspension of privileges for deminimus amounts past due; or continuous suspensions and reinstatements throughout the year.
 - The current process avoids suspension (and reinstatement) of privileges throughout the year, including in cases were certain privileges could not be readily revoked (ex. Resident Season Pass at Diamond Peak purchased in December with delinquency at 3rd due instalment payment).

(End of former Director of Finance Navazio's communication)

Just to be clear, the above is an example of delinquent payments/suspensions of privileges in 2022 and is provided as a reference.

Staff currently is following the above procedure in accordance with Ordinance 7, paragraph 44.

District Staff does receive monthly reports from Washoe County, who administers and collects on taxes and fees on all parcels within Washoe County. Washoe County also distributes those fees to IVGID. These reports are delinquency and receivable aging reports and they and the fees flow smoothly and regularly between the two agencies.

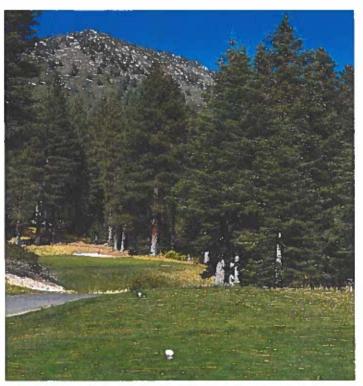

Washoe County provided the following information:

- 1. Does IVGID receive the penalties and interest associated with delinquent recreation fee accounts?
 - a. No, the County retains those penalties as we are tasked with and staffed to collect them. This helps us recover the costs associated with managing the accounts.
- 2. Can we charge other fees/charges on recreation accounts?
 - I would ask that you refer this to your attorney, but I may start with NRS 318.197. This statute details the fees and charges allowable to FIDs in Nevada. It describes the rates allowed, method of collection, etc.
- 3. How frequently does IVGID staff receive delinquency and other reports?

 Our County Treasurer's Office remits a delinquency and receivable aging report monthly in addition to after each tax distribution to the various taxing entities and at year end on June 30th. While I did not ask for specifics, our team has a relationship with your team and information flows smoothly and regularly.

1 City, that use the built-in Tyler finance portal. 2 You can find those by going to Google and typing in 3 Tyler open finance showcase, and actually the full 4 list of cities that interact using that portal are 5 listed there. 6 Moving down through the quote and the 7 interaction here, the next item there it would be 8 the first item there, the payroll with employee 9 access migration. What this actually is is the 10 employee self-service portal which is built into 11 Tyler which allows employees to log in through the 12 web and check their pay stubs and W2s, which is a 13 critical function for our payroll techs and payroll 14 staff. This allows staff to self-serve themselves 15 and get the information they need without having to 16 call in and get someone to send their information. 17 In addition to that, it's also the public	 should have gotten that as it was included, but the timing of when began our project was after when they put this portal live. That's why it's discounted out, the full value of it, and you'll notice that later on in the quote. It discounts it out on a yearly assessment. Those are two things that I wanted to draw your attention to first, because those are the two things that I sort of took the liberty to add onto what the finance department was asking for in assistance. Does anybody have any questions on those before I jump down into the next section? TRUSTEE TONKING: I can also wait until the end. WRITTEN STATEMENT TO BE ATTACHED TO AND MADE A PART OF THE WRITTEN MINUTES OF THE IVGID BOARD'S SPECIAL OCTOBER 9, 2024 MEETING – AGENDA ITEM G(7) – GIVE DIRECTION TO PUT AN END TO ALL DISCOUNTS AND FREEBIES TO NON-PROFITS AND OTHERS BECAUSE WE CAN'T AFFORD IT!

Introduction: Well here's yet "another one" as my friend DJ Kahled would say¹. More evidence of staff incompetence, lack of knowledge and professionalism, and a flagrant disregard for the financial sustainability of the District. This time it's staff's attempts to carve out more discounts at our various recreational facilities for their favored collaborators; here non-profit, community and other groups of staff's liking. And to pass on the costs of these freebies to the prejudice of local parcel owners who are not staff's collaborators. And that's the purpose of this written statement.

My October 9, 2024 E-Mail to The Board²: On October 9, 2024 I sent the Board an e-mail challenging the propriety of Susan Herron having brought this matter to the Board under the guise of a modification to Policy 6.2.0 in an effort to carve out more discounts for her favored collaborators. Just look at the list which goes on and on and on. Using a deceitful cost pyramid which is anything other than an "industry standard" and has application only in those jurisdictions where the majority of their revenues come from property taxes.

Our finances are abysmal. We're losing millions of dollars annually, in part caused by the giveaway of the public's facilities while local parcel owners are forced to pay under the intentional misrepresentation that they're paying for their availability to and use of these facilities. Not the giveaway of the same to every Tom, Dick and Harry of Ms. Herron's liking. It's time to put an end to these giveaways once and for all. No other public agency I am aware of gives away the public's assets like these, and we can't afford it! I say to these takers of our community that if they're not willing to pay their fair share like the rest of us, go rent from Brad Johnson!

Conclusion: This staff behavior just keeps happening over and over and over again. Unqualified, incompetent and over compensated, and deceitful staff get replaced by even more unqualified, more incompetent, more over compensated, and more deceitful staff. Engaging in activities having nothing directly to do with furnishing facilities for our public recreation, yet costing local parcel owners dearly insofar as their Recreation ("RFF") and Beach ("BFF") Facility Fees are concerned. All because the ends justify the means and staff want to appease voters who will vote for

trustees who will keep the gravy flowing. Which means higher compensation for our staff, and a demand for less work product. As I've pointed out so many times before, these examples are all the "red flags" of a criminal syndicate³. And you wonder why your RFF and BFF continue as involuntary subsidies, and are as high as they are? Now I've provided more evidence.

Besides forthwithly taking the action requested, ending these giveaways, I must ask when is the Board going to put members' collective feet down and put an end to these practices? Given NRS 318.515(1) states that where the: "(a) district...is not being properly managed; (or, its) (b) board of trustees (for the)...district is not complying with the provisions of...any...law;" when will the Board notify the Washoe County Board of Commissioners to hold a hearing to consider whether to: (a) adopt an ordinance (substituting)...the board of county commissioners, ex officio, as the board of trustees of the district; (b) adopt an ordinance providing for the merger, consolidation or dissolution of the district...(c) file a petition in the district court...for the appointment of a receiver... or, (d) determine by resolution that management and organization of the district will remain unchanged?" Don't you think the time has come to act fiscally responsible by having the county assume supervision and jurisdiction over the district?

Respectfully submitted, Aaron Katz (Your Community Watchdog Because Nearly No One Else Seems to be Watching).

³ NRS 207.370 instructs that "criminal syndicate means any combination of persons, so structured that the organization will continue its operation even if individual members enter or leave the organization, which engages in or has the purpose of engaging in racketeering activit(ies)."

WRITTEN STATEMENT TO BE ATTACHED TO AND MADE A PART OF THE WRITTEN MINUTES OF THE IVGID BOARD'S SPECIAL OCTOBER 9, 2024 MEETING – AGENDA ITEM G(6) – POSSIBLE MODIFICATION OF POLICY 6.2.0 – IT SHOULD BE RESCINDED INSTEAD

And only used by true general governments which cover the costs of public recreation primarily by taxes rather than Rec Fees. Rather than recounting the substance of my comments, I refer the reader to said Exhibit "A."

And to demonstrate how past Boards have attempted to grapple with this issue by instructing staff that most of our public recreational facilities should operate on a cash neutral or positive cash flow basis, I have attached a sheet from the Board's October 7, 2013 meeting when staff were so instructed by a majority of Board members. The problem is that Board and future Boards have been ignored. And staff have given away the store to their favored collaborators at local parcel owners' expense.

Conclusion: This staff behavior just keeps happening over and over and over again. Unqualified, incompetent and over compensated, and deceitful staff get replaced by even more unqualified, more incompetent, more over compensated, and more deceitful staff. Susan Herron's "Favored Collaborators" to The Detriment of Local Parcel Owners

Date: Oct 9, 2024 3:29 PM

Chairperson Schmitz, Other Honorable Members of the IVGID BOT, and Trustee Candidates Mick, Michelle and Harry:

Here we have worthless employee Susan Herron tweaking a Board policy to benefit her favored collaborators (i.e., nonprofits, community focused organizations, the Rec and Tennis Centers, programming, etc.). Rather than complying with direction provided by the BOT.

First of all, let's call a spade a spade. This woman is a cancer in our community. She holds a totally worthless job with the District created as a pay off for past allegiance to a previous GM. Her job description doesn't permit her to be working on matters such as this one. And she is grossly over compensated to the nth degree contributing towards massive overspending requiring even greater financial subsidies from local parcel owners. Put an end to her! And put an end to her self-serving endeavors allegedly made in the name of clueless staff. Who by and large aren't familiar with Ms. Herron's ways.

Second of all, who asked for these changes? What's the real need Ms. Herron is attempting to address? "Paragraphs...requested." Which now she tells us "have been incorporated with the practice and requirements for information." Bueller? Bueller?

Third of all, staff's reference to the "pricing pyramid" IS TOTAL CRAP! This is a vehicle developed by a private consultant to assist public agencies who finance recreational facilities and services with tax subsidies rather than Rec Fees, in setting a pricing methodology. So Indra hijacked this pyramid vehicle to use it here in IVGIDville even though the financing of our recreational facilities and services is funded by the involuntary special tax we know as the Rec Fee. This cost recovery pyramid has no business being employed for anything we do here in Incline Village. IT SHOULD BE KILLED once and for all.

Fourth of all, NONE of our money losing recreational facilities nor the money losing programs offered thereat should be made available to ANYONE for ANY PURPOSE for free or at a cost which is less than the public's actual cost. Pure and simple! But that's not Ms. Herron's narrative. Just look at her proposed language insofar as discounts are concerned.

Fifth of all. You DON'T sanction the donation of any public funds to anyone, whether focused nonprofits or otherwise. No complimentary lift tickets to Diamond Peak for local students or a round of golf at the Mountain Golf Course. And no monetary contributions (i.e., donations) to Community Focused NonProfits or other entities to the extent permitted by NRS 318 and other applicable law."

This now takes away the mandate that direct costs be recovered! And the gall to provide for cash donations of public funds to focused nonprofits? And allegedly to the extent permitted by NRS 318 when Ms. Herron knows there's NOTHING in NRS 318 which sanctions the donation of public funds! The simple solution to this problem is to DELETE discounts to any users, including "community-focused non-profits. Ms. Herron and her colleagues don't get it. Or maybe, they do? No discounts to anyone. Pay your fair share. And if you don't like the cost, go rent from Brad Johnson!

10/9/24, 3:34 PM EarthLink Mail

Rather than modify this policy, it should be ELIMINATED. If venue managers can't figure out how to price their products, then they shouldn't have been employed in that capacity. We don't need to be telling them what they should already know. Do what you need to do so each of our public recreation venues can generate a neutral or positive cash flow.

Don't tell me that public agencies aren't supposed to operate their public recreational venues at a loss. Because public agencies aren't supposed to break even or make a profit on them Whiner Riner. And don't tell me the same thing because each of our public recreational facilities are part of a portfolio which aren't supposed to break even or make a profit because they're amenities rather than commercial for profit businesses Mick Homan. Past Boards have grappled with this issue and declared that most of our recreational facilities must be operated at a break even or positive cash flow. I reference the Board's October 7, 2013 meeting where that's exactly what they declared. And how exactly did staff respond? They swept the Board's directive under the rug.

Policy 6.2.0 serves no real purpose other than to sanction the giveaway of our public recreational facilities were user/other fees are charge resulting in more losses to local parcel owners. We don't need a policy that so sanctions this behavior and for this reason it should be rescinded. NOW!

Respectfully, Aaron Katz

WRITTEN STATEMENT TO BE ATTACHED TO AND MADE A PART OF THE WRITTEN MINUTES OF THE IVGID BOARD'S SPECIAL OCTOBER 9, 2024 MEETING – AGENDA ITEM C – PUBLIC COMMENT – WE'RE DOOMED TO DISASTER IF TRUSTEE CANDIDATE MICK HOMAN IS ELECTED BECAUSE HE DOESN'T KNOW WHAT HE'S TALKING ABOUT

Introduction: Well here's yet "another one" as my friend DJ Kahled would say¹. More evidence of staff incompetence, lack of knowledge and professionalism, and a flagrant disregard for the financial sustainability of the District. This time it's consideration of a candidate for IVGID Trustee who doesn't know what he's talking about, although he speaks as if he does. And that's the purpose of this written statement.

My October 7, 2024 E-Mail to The Board²: On October 7, 2024 I sent the Board an e-mail bringing members' attention to the misstatements of fact asserted by Mick Homan in last Friday's edition of the Tahoe Daily Tribune Newspaper. I fear that if implemented, Mr. Homan's platform will result in a disaster for local parcel owners. Rather than recounting the substance of my comments, I refer the reader to said Exhibit "A."

Conclusion: If our community doesn't wake up and understand Mr. Homan's program for addressing IVGID's financial/other woes, he's going to try passing over \$50 million in new recreation general obligation bonds, and pay their servicing costs with the District's Recreation ("RFF") and Beach ("BFF") Facility Fees TIMES THREE. All so he and his buddies can enjoy the benefits of a private golf country club, without having to pay the massive membership fees and monthly dues. Because he will have forced these payments upon his neighbors, many of whom are not as well off financially as Mr. Homan. Thanks neighbor! And you wonder why your RFF and BFF continue as involuntary subsidies, and are as high as they are? Now I've provided more evidence.

Voter beware!

Respectfully submitted, Aaron Katz (Your Community Watchdog Because Nearly No One Else Seems to be Watching).

Homan Gets Elected Because He Really Doesn't Know What He's Talking About - And He Refuses to Learn

Because He Thinks He's Superior to The Rest of Us

Date: Oct 7, 2024 11:25 AM

Chairperson Schmitz, Other Honorable Members of the IVGID Board, and Trustee Candidates Mick, Michelle and Harry -

I am very concerned about the upcoming election for a number of reasons. But the most compelling is Mick Homan. And here's why.

Let me start by saying I have no ill will personally for Mick. Further, I have reached out to him on several occasions to discuss his views on whatever, in the hope the two of us may learn more from each other and work together to fix our community. But by and large my efforts have been ignored. Which tells me he has no interest. He knows so much, and I know so little. A sense of superiority when we're all supposed to be neighbors. And equal.

So here I am going to share some of Mick's views, and I will demonstrate where he is 100% wrong. Mick may know much about financial reporting in the private sector. However, when it comes to public agencies in Nevada, I am afraid he has much to learn.. Let's go to his comments in last Friday's edition of the Tahoe Daily Tribune. There Mick tells us:

- 1. We need increased Rec Fees "to get the general fund solvent." Really Mick. How do you propose doing this? The Board and a couple of us know that the RFF gets assigned to the Community Services Fund, and the BFF gets assigned to the Beach Fund. Both of these funds are enterprise funds. So if Mick intends to "raid" these fees from these enterprise funds, to shore up the looming insolvency in the general fund, he will be violating NRS 354.613! Look it up Mick. And guess what? If you were to pull a stunt like that, it would be unlawful. That's right. Read NRS 354.626(1)! Mick is not familiar with governmental finance.
- 2. Mick also tells us Rec Fees are necessary to make our facilities (I guess he means all facilities, whether recreational or otherwise) "sustainable at the total district level." What he's really telling us is that without the financial subsidy of the Rec Fee, "at the total district level," maintenance and operation of our facilities are unsustainable. And I agree with this observation. But what Mick doesn't realize is that he is also telling us is that we need to generate more revenue in order to shore up this financial deficiency. And the way he proposes generating that revenue, rather than cutting expenses, operations and personnel, is to use the Rec Fee. In other words, to him the true purpose of the Rec Fee is to generate revenue. And I agree with this observation as well.

But one of the things Mick doesn't know is the difference between a fee and a tax. And quite frankly, he doesn't care. To him we've got a District to run, and we need the money to run it. So whether it's a tax or a Rec Fee or user fees or grants, it makes no difference. It's revenue. Unfortunately for him and his followers. But to the rest of us, once an involuntary exaction is imposed and its primary use is to generate revenue, it's a tax. And since the Rec Fee is not determined by applying a tax rate to assessed valuation, and then equalized by the Dep't of Taxation, it's an invalid tax! Does Mick care that he's promoting an invalid tax as the vehicle to keep this money losing operation going? Don't we pay enough Mick? First we pay Washoe County its ad valorem tax. Then we pay IVGID its ad valorem

10/9/24, 3:21 PM EarthLink Mail

tax. Then we pay the fire district its ad valorem tax. And if we want to use any of the District's recreational facilities, we have to pay user fees. And still this isn't enough. So we need to pay the Rec Fee as well. Maybe that's okay with the 3 M's running for trustee, but it's not okay with me. Nor a number of other parcel owners that I know.

3. Finally, Mick doesn't know what a GID is. And he doesn't know what IVGID is. And he doesn't know the extent of powers he may legitimately exercise. At past Board meetings he has described IVGID has only "quasi-government." At the most recent town hall we learned there is no such beast. Moreover, we were told IVGID is 100% public; no quasi about it.

But Mick isn't deterred. In the Tribune he tells us "IVGID is a common interest community." Really? For those of you who don't know what this term means, Mick is telling us IVGID is an HOA. No we're not Mick. We're 100% government. Now where does the term "common interest community" come from? Why don't you take a look at NRS 116? That's where the term is described. And it's what most of us know as an HOA. Now maybe Mick wished he had purchased into a HOA? Or he would have preferred purchasing back in the early 1960s when Crystal Bay Development Co. told all purchasers they would be buying into a HOA? But that's not what we have here. So please don't impose the obligations of an HOA upon the rest of us.

So we see that at every stage of the process, Mick is wrong. And the less knowledgeable in our community blindly march to Mick's drum because he's so convincing. And knowledgeable. When in reality, he's really a fish out of water. Maybe he hob knobbed with the elite in his professional career. But here he has to survive with the rest of us. Who aren't elite like him. So if you expect to represent all of us Mick, how is it you expect to address our concerns?

he purpose of this e-mail is to share these facts with the community as a whole. And maybe Mick will admit some of his views may be wrong? And if so, and he's elected, he can address reality with reality. And that's that the IVGID model is un-sustainable. At least financially. I don't care if you treat all of our facilities together on a "total district level," or you break them up venue by venue. At the end of the day we are unable to generate the revenues we require to responsibly maintain and operate all that we have. And Mick can't change this unless he starts massively cutting costs. And massively cutting personnel. And disposing of the facilities which are causing the greatest financial drain. Which means reducing the type of service Mick and his friends demand. We have too much. It's that simple.

And now we all know. So unless Mick changes his platform, a vote for Mick is a vote for disaster.

Now Michaela doesn't care, because she doesn't pay a Rec Fee. So it's easy for her to make her neighbors subsidize her lifestyle.

And apparently Michelle doesn't care either. Because she doesn't pay. Although she does own local properties which are assessed Rec Fees, she's not being assessed enough (several of her parcels are duplexes, yet she is only assessed one Rec Fee), and she doesn't pay it anyway. At least in a timely manner as evidenced by her failure to pay the first installment of her ad valorem taxes and Rec Fee until October 2.

So that leaves Mick. And the question. Do you want a trustee who talks a big game but in reality, he doesn't know what he's talking about? And do you want a second trustee who can't even handle her personal financial affairs in a responsible manner, yet she's competent to administer a \$50+ million IVGID budget? And do you want a third trustee who doesn't feel the pain of the farce we call a Rec Fee like the rest of us?

Remember. You get what you pay for.

Respectfully, Aaron Katz

WRITTEN STATEMENT TO BE ATTACHED TO AND MADE A PART OF THE WRITTEN MINUTES OF THE IVGID BOARD'S SPECIAL OCTOBER 9, 2024 MEETING – AGENDA ITEM C – PUBLIC COMMENT – IF YOU'RE NOT GOING TO ENFORCE OUR ORDINANCE 7 BY REVOKING THE RECREATIONAL PRIVILEGES OF THE OWNERS OF THE 515 LOCAL PARCELS WHO WERE DELINQUENT IN THE PAYMENT OF THEIR REC FEES BY OCTOBER 1, 2024, IT'S TIME TO END THIS FARCE!

Introduction: Well here's yet "another one" as my friend DJ Kahled would say¹. More evidence of staff incompetence, lack of knowledge and professionalism, and a flagrant disregard for the financial sustainability of the District. This time it's justification for charging the rest of us Rec Fees when staff refuses to revoke the recreation privileges of the 515 local parcel owners who's Rec Fees were not current as of October 1, 2024. All as mandated by paragraphs 44-45 of Ordinance 7. And that's the purpose of this written statement.

My October 5, 2024 E-Mail to The Board²: On October 5, 2024 I sent the Board an e-mail bringing members' attention to the fact that at least 515 local parcel owners were delinquent, as of October 1, 2024, in paying their Rec Fees to, and as a result, their recreation privileges should be revoked in accordance with Ordinance 7. Since staff refuses, it makes a mockery of the entire system and if that's what the District is going to do, it's time to eliminate the farce we call a Rec Fee. Rather than recounting the substance of my comments, I refer the reader to said Exhibit "A."

Conclusion: This staff behavior just keeps happening over and over and over again. Unqualified, incompetent and over compensated, and deceitful staff get replaced by even more unqualified, more incompetent, more over compensated, and more deceitful staff. Engaging in activities having nothing directly to do with furnishing facilities for our public recreation, yet costing local parcel owners dearly insofar as their Recreation ("RFF") and Beach ("BFF") Facility Fees are concerned. All because the ends justify the means and staff refuse to take action against local parcel owners who champion the former's interests. Which makes a mockery of the entire farce we call a Rec Fee. And as I've pointed out so many times before, these examples are all the "red flags" of a criminal syndicate³. And you wonder why your RFF and BFF continue as involuntary subsidies, and are as high as they are? Now I've provided more evidence.

³ NRS 207.370 instructs that "criminal syndicate means any combination of persons, so structured that the organization will continue its operation even if individual members enter or leave the organization, which engages in or has the purpose of engaging in racketeering activit(ies)."

Besides forthwithly taking the action requested, I must ask when is the Board going to put members' collective feet down and put an end to these practices? Given NRS 318.515(1) states that where the: "(a) district...is not being properly managed; (or, its) (b) board of trustees (for the)...district is not complying with the provisions of...any...law;" when will the Board notify the Washoe County Board of Commissioners to hold a hearing to consider whether to: (a) adopt an ordinance (substituting)...the board of county commissioners, ex officio, as the board of trustees of the district; (b) adopt an ordinance providing for the merger, consolidation or dissolution of the district...(c) file a petition in the district court...for the appointment of a receiver... or, (d) determine by resolution that management and organization of the district will remain unchanged?" Don't you think the time has come to act fiscally responsible by having the county assume supervision and jurisdiction over the district?

Chairperson Schmitz,

So I've just demonstrated one farce about your beloved RFF/BFF; do as I say, not as I do.

So let's continue the farce to demonstrate it needs massive cleaning up. Because like nearly everything else here in IVGIDville, "here's another one."

- 1. NRS 318.203 instructs that if the BOT is informed of a parcel which is receiving services, yet not paying it's fair share of the fees associated therewith, the BOT shall impress those fees thereupon after notice and an opportunity to be heard. So I and others have informed staff and the BOT of parcels in our community which are not being assessed the RFF/BFF. And what have the two of you done about it? NOTHING! It's time to clean up your act because you're forcing the rest of us who are compelled to pay to subsidize the free ride of others.
- 2. Not all parcels with multiple dwelling units are being assessed multiple RFFs/BFFs. I and others have informed staff and the BOT of this state of affairs. And yet what have the two of you done? NOTHING again!
- 3. How about this one? Most residential parcels with multiple units are charged multiple RFFs/BFFs. Yet identical mixed-use parcels are not being charged multiple RFFs/BFFs. Take a look at the condos located on Country Club Dr. across from the Hyatt. The downstairs portion of each condo is used for retail purposes. Like the Paddlewheel, Inclined Spirits, le Bistro. The upstairs portion is used as dwelling units. The owner(s) of each of these condos is able to charge two sets of rents for use of its single parcel. Yet they are only charged one RFF/BFF. In contrast the owner(s) of a tri-plex is able to charge three sets of rents for use of its single parcel. Yet they are charged three RFFs/BFFs.
- 4. The beach deed expressly gives beach access to the occupants of all hotel/motel rooms in town. The reason this language appears in the deed because it was pre-arranged that the owner(s) of hotels/motels would be assessed a RFF/BFF for each and every hotel/motel room occupied by persons. That was the quid pro quo. And that took place until 1982-83. When an under the table agreement was reached between the IVGID/Hyatt GMs which reduced the number of RFFs/BFFs hotels/motels were charged to one per parcel.

Isn't it time for you people to correct the wrong which took place in 1982-83? Start charging every hotel/motel room in town a separate RFF/BFF. That's the price for beach access for all of your clients (i.e., Incline Lodge).

5. Stop impressing the RFF/BFF against parcels. The NRS the BOT uses each year to collect the RFF/BFF is NRS 318.201. This NRS allows GIDs to collect rates, tolls and charges against those parcels which are specially benefited. Translation: unless an assessed parcel is specifically benefited by a rate, toll or charge, there is no justification for collecting the same thereagainst. So what are the special benefits delivered to local parcels which are assessed the RFF/BFF?

If you examine the resolution the BOT passes each year which adopts the RFF/BFF you will see that the "so called" special benefits represented thereby are furnished to PEOPLE rather than property.

10/9/24, 3:23 PM EarthLink Mail

Basically admission to the beaches, and discounts on user fees charged at our public recreational venues. So what's the justification for involuntarily collecting the RFF/BFF against property? It's time to end this fraud. Since people are the ones benefited, start charging those people.

- 6. There is no such thing as a NRS 318.197 fee for the availability to access and use FACILITIES. Although there is such authority for the availability to access and use SERVICES, that's not what the RFF/BFF represent. Again, if you examine the resolution the BOT passes each year which adopts the RFF/BFF, you will see that they represent fees for the availability to access and use FACILITIES. Since there is no statutory justification for this charge, it's time to end this fraud.
- 7. Moreover, the RFF/BFF are not NRS 318.197 fees. Your attorney should tell you that just because you've labled the RFF/BFF "fees," doesn't necessarily make them so. The nature of all exactions, is determined by their incidence and effect. In other words, their labels are immaterial. So what is the incidence and effect of the RFF/BFF? Isn't it to act as a financial subsidy covering the deficiency between budgeted revenues and intentional overspending? After all, they deliver no special benefit limited to just those real properties which are involuntarily assessed. Right? That makes the purpose of these fees generating revenue. Right? And once you come to this conclusion, you must conclude the RFF/BFF are taxes (probably special taxes) rather than fees.

Now take a long look at NRS 318 and tell me where GIDs are authorized to levy special taxes? Yes NRS 318.225 allows GIDs to levy an ad valorem tax. But since that's not what the RFF/BFF are, the answer is NOWHERE. Since there is no statutory justification, it's time to end this fraud.

- 8. But the ends justify the means, don't they? NO THEY DON'T! If you're compassionate to those parcel owners who were in default insofar as the payment of their taxes and Rec Fees as of October 1, 2024, then how about being compassionate to the rest of us? Our community is deeply divided over this issue and you've done nothing to bring us all together. So there's only two ways left. The least divisive is a NRS 43.100 court petition to determine the RFF's/BFF's validity. Otherwise, it's another lawsuit by one or more affected parcel owners. Which will cost the District hundreds of thousands of dollars, and possibly put an end to everything we currently know as IVGID. So why do you refuse to do the right thing?
- 9. This issue is about to fracture our community even more because Mick Homan, Trustee Noble and probably Michelle Jezycki favor tripling what the Rec Fee really should be, according to them. That's three times \$830 or nearly \$2,500. Don't you find it odd there are limits on the maximum ad valorem taxes IVGID can assess? Yet according to Mick & Co., there are none insofar as the maximum Rec Fee IVGID can assess?
- 10. One final point. Mick Homan has come up with a "model" which instructs we massively spend on our money losing beach/recreational facilities and we cover the financial shortfall with a new round of bonds whose servicing costs are covered by an enhanced Rec Fee. He says this used to be the model the District successfully employed for decades until the current board came along. Well just like interim GM Karen Crocker, Mick is wrong. Here's the model. Because it came out of the father of Incline's (Harold Tiller's) mouth when he sought the basic power to furnish facilities for public recreation from the county Board of Commissioners back in 1968:

All recreational facilities in Incline Village but for the beaches and public parks will be PRIVATELY owned, operated and financed. So why did the BOT start violating this tenet starting back in 1976? And how come we're not returning to the historical "model" upon which IVGID was created?

Like I said. When do you intend to start addressing the injustices of the RFF/BFF?

Respectfully, Aaron Katz

Recreation Privileges to The Owner(s) of The 515 Delinquent Parcels in The Interim General Manager's Report

Date: Oct 5, 2024 7:01 AM

Chairperson Schmitz, Other Honorable Members of the IVGID BOT, and Trustee Candidates Mick, Michelle and Harry:

At pages 22 and 23-26 of the packet of materials prepared in anticipation of the upcoming October 9, 2024 BOT meeting, our interim GM tells the BOT and the public that "the Department has been working on the following items...examination of (the) parcel tax report dated September 26, 2024. (And as a result thereof, a) list of the (515) unpaid parcel numbers as of this date is attached." Because the Board chose to appoint a person (Karen Crocker) to the position of interim GM, who really isn't qualified to hold this position, she states "Residents have until October 7, 2024 to make payment to Washoe County."

Insofar as the District's beach and recreation privileges are concerned, NO THEY DON'T Ms. Crocker.

We have an Ordinance 7. Paragraphs 43-44 make it clear that a parcel subject to the District's Beach ("BFF") and/or Recreation ("RFF") Facility Fee(s) LOSES its beach and recreation privileges when its owner(s) fail to keep all taxes and RFFs/BFFs current. And October 1 of each current year becomes relevant because beach and recreation privileges are lost for the entire remaining fiscal year even if a delinquent parcel's taxes and fees are brought current thereafter. Because Ms. Crocker tells us something to the contrary, she's wrong. And the fact she doesn't know she's wrong raises the question why is she interim GM?

Since the parcel tax report provided is as of September 26, 2024, the BOT needs to direct Ms. Crocker to obtain an updated report as of Tuesday, October 1, 2024 at 12:00 midnight. And then all delinquent parcels which are reflected on that updated report must have their beach and recreation privileges revoked for the balance of this 2024-25 fiscal year! That's what Ordinance No. 7 instructs, and we should all expect Ms. Crocker and the remainder of our public employees to adhere to this Board policy. Because if they are allowed to get away with this violation, it makes a mockery of the system insofar as the remainder of us are concerned.

I don't want to hear excuses. The Ordinance says what it says. Many past BOTs have reaffirmed its provisions. In fact, this BOT actually modified the Ordinance. So don't tell me no one knew. As Mick Homan would tell us, everyone knew what the RFF was when they bought here. Well everyone knew what paragraphs 43-44 of Ordinance 7 said as well (right Mick?).

People in this community need to learn some lessons. And here's one of them. Since so many of you are so enamored with the RFF/BFF, if you don't make your payments on time, you lose your beach and recreation privileges. It's that simple! Maybe by suffering the consequences, delinquent parcel owners will begin to understand the fraud represented by the current RFF/BFF. Because if it's not a valid fee, what difference does it make if it is paid? Or when?

Respectfully, Aaron Katz

Good evening, I am Patti McKinnon. My husband and I have made Incline Village our home for 4 years. I am the president of the Teesters' golf club. I want to address the agenda topic of charging the golf clubs \$500 to use a room at the Chateau. I have listened to several of the board meetings this year. It is a consistent theme that village financials are not in good shape. I believe the current board is hyper focused on solving all the financial problems by increasing revenues. I suspect the real problem is a lack of focus on the expense side of the p&Is. My husband and I ran a successful business for more than 20 years.... our success was primarily attributed to controlling expenses.

The Teesters currently have about 5-6 lunches at the Chateau. We are the smallest of the golf clubs. We probably spend around \$5-\$6K dollars just on the food at the Chateau. This doesn't count the bar beverages and meals we have individually. It is convenient for us to have our gatherings at the Chateau after we play golf. We want to support the golf course and the Chateau, but adding an additional \$500 per luncheon to our bill is simply not a good value for our club. We will take our existing luncheon budget and spend those dollars at other local restaurants that offer more competitive options.

This \$500 charge will not increase revenue for the Chateau....it will in-fact decrease revenue. You are cutting off your nose to spite your face!

Mick Homan

Incline Resident and Candidate for Trustee

I'm responding to allegations Mr. Katz made against me.

He says my support for the facility fee is illegal

- that the fee itself is an illegal tax
- and that it can't be used to subsidize general fund expenses.

Well – the fee is authorized by NRS 318.127

And NRS 354.613 allows us to transfer money <u>from</u> enterprise funds <u>to</u> the general fund to cover cost allocations for employees, equipment or other resources related to <u>the purpose of</u> the enterprise fund.

We currently allocate \$3.7 million of central service costs from the general fund to other funds.

Between Fleet, Engineering and Building services, we allocate another \$3.6 million.

A large portion of these allocations are charged to recreation venues – and are partially paid by the facility fee.

So it is legal and we currently do it.

And if you understand basic finance, you know the board majority's decision to slash the facility fee by 50% isn't sustainable.

The fees <u>are not</u> sufficient to cover capital and operating needs of the recreation facilities.

Needed maintenance is being deferred and improvements are being kicked down the road.

Mr. Katz also claims I don't know what a General Improvement District is because I used the term "quasi" with government.

NRS 318 governs general improvement districts.

Paragraph 15 says that each district organized under that statute is, in fact, a **quasi**-municipal corporation.

IVGID's own Linkedin page says it's a quasi-public agency.

MHoman 10f5

Finally, he says I'm wrong by calling IVGID a common interest community because we're not an HOA.

I was simply saying that the recreation assets owned by IVGID – and therefore us – are for the common use and interest of all of us.

I think Mr. Katz's allegations are driven by his clearly articulated agenda – to dissolve IVGID and turn everything over to the county.

He knows I won't let that happen.

So it's not surprising he's trying to damage my candidacy, along with candidates Michelle Jezycki and Michaela Tonking in favor of his preferred candidates.

Harry Swenson has publicly repeated and made some of the same allegations as Mr. Katz in recent weeks. I would expect a Trustee to do their research and not simply follow the lead of another's misinformation.

Harry's also protested alleged lies about himself, while at the same time, spreading misinformation that I support an exorbitant facility fee.

All I said was that the facility fee is a bargain at 2-3 times the current amount. I haven't opined on what the fee should be.

But I believe it **should** be based on what the District needs to properly serve the community, not some arbitrary figure with no basis in reality.

But that's what makes democracy great. We can all have a view. And if you listen to what the candidates say and how they treat staff and residents, the choice in this election couldn't be more clear.

If you want to continue down the path of Cliff Dobler controlling a board majority, that operates under the mode of Chair Schmitz and acts on misinformation, vote for Harry Swenson and Frank Wright.

But if you want a board that will invest in IVGID and move us forward in a collaborative, constructive and civil manner, please vote for Michaela Tonking, Michelle Jezycki and Mick Homan.

But whatever you do, please get out and vote. Thank you

Good evening, Michelle Jezycki full time resident and Candidate for IVGID Trustee.

What a week it has been...

Unlike some in politics, I'm willing to own my mistakes. My spouse and I accidentally missed our property tax payment and promptly corrected it when we discovered the error. As it turns out, we weren't alone—484 others made the same mistake. It was an honest human error, not malicious intent or gaming the system. But what happened next is where things get ugly.

Imagine my surprise when, before the official due date of October 7th, (never mind the 10 day grace period) a list of delinquent parcels—never posted before—suddenly appeared in a public board packet. What was the motive behind this? The witch hunt and gotcha mentality is alive and well as it became clear that this was nothing more than a targeted political attack. This smear campaign pulled 484 others into the mudslinging, all to take aim at me. I must be seen as a real threat if people are resorting to these tactics.

From social media slander to political luncheons and backroom whispers, the attempts at public humiliation continue. One so-called "local leader" is even advising voters to game the system by voting for only one candidate, while abandoning the power of your other two votes. This meddling is reckless and irresponsible. Meanwhile, some have taken it upon themselves to remove or destroy campaign signs, with one candidate even suggesting that these signs be taken to the Sheriff's office—a completely illegal act. Just days ago, a car with campaign magnets had them removed and thrown over a fence while the car was keyed and vandalized.

This kind of behavior is not just dirty politics—it's an attack on the integrity of our community. Parents, grandparents, even great-grandparents are engaging in these underhanded tactics. Is this the example we want to set for our children and grandchildren? It's time for serious reflection.

I apologize to the 484 parcel owners who were dragged into this mess. It's unfortunate that some in our community are so focused on finding mud to use as cherry picked slander rather than focusing on the competencies and professional experience the candidates are willing to bring and share with our community to move us forward. To those leading these vile efforts, I want to thank you—you've reaffirmed my commitment to run for this office and lead with integrity. We are better than this. Our village deserves better, and on November 5th, we have a chance to prove that we are indeed better.

As for the approach on the agenda item on interviewing the GM Candidates, I recommend interviewing twice. Perhaps one for out of town candidates but another in person. This position is too key to our success to not have the opportunity to delve deeper and ensure we are hiring the right candidate. You might even consider reaching out to the community who has plenty of HR experience to serve on the first panel interviews; not only for inclusion but to tap into their expertise.

Thank you and I wish you a productive meeting. Michelle Jezycki

10/09/2024 | Kristie Wells | Incline Village Resident

At the August 6th meeting, Trustee Schmitz blindsided the community by introducing the Troon Management Services proposal. Informed and engaged residents quickly voiced their strong opposition, calling out the proposal for what it is—radical and, frankly, absurd. This ill-conceived idea has ignited outrage across the community.

Out of 43 public comments made that evening, 38 were against the idea. A candidate running for the Board praised it - even if he now says otherwise - and we can assume outsourcing and/or privatizing our facilities is what his supporters want for this District. This disconnect between the board majority, their surrogate candidate, and the community has sparked heated discussions for two months now, with most people still opposing it.

Despite the community's concerns, IVGID proceeded to issue a formal RFP to gather additional proposals. During the September 24th Town Hall, Schmitz assured attendees that the board would discuss the proposal at tonight's meeting; however, it is not on the agenda.

I filed a public records request to determine how many responses were received for the RFP. As of September 25, 2024, there was none. I also learned that Joe Goodrich from Troon emailed HR Director Erin Feore, indicating that Troon had opted not to "officially" respond to the RFP. In his email, Mr. Goodrich noted it would be in the best interest of our community to postpone any decisions regarding the RFP until after the new Board is in place. Even Troon recognized that a change in leadership was imminent, making it prudent to defer this matter. If only Trustee Schmitz had demonstrated the same level of foresight.

This board majority has a history of proposing ideas without adequate support, crafting narratives to fit their agenda, and then watching as those ideas fizzle out. IVGID Staff is forced to pursue these unproductive projects while Board members express surprise when essential tasks remain incomplete.

Hey, speaking of ideas that [should] fizzle out ... the interview process for a new General Manager should be delayed until our new Board is seated. This Board has two months of service left and should not select our next General Manager who will be in place for [hopefully] years to come. End your cycle of inefficiency now.

Our community deserves leadership that listens to diverse voices and prioritizes meaningful issues. I encourage you to consider voting for Michaela Tonking, Michelle Jezycki, and Mick Homan. They will lead IVGID with integrity and transparency, reject the 'gotcha' approach to oversight, and put an end to the threats, public shaming, and micromanagement of staff. Their commitment includes investing in our facilities and developing a long-term plan to meet the community's needs. These three candidates are the leadership we need on the board.

I wanted to comment about staff's recommendations regarding facility fees. I believe there is a reason why these fees have been canceled out for the golf clubs up to this time. It is the industry standard that when a groups utilizes the golf course and pays for a round of golf then utilizes the facility by paying for a group meal there is never a facility fee that is charged. Again this is the industry standard. Please do your research. If you were to proceed with charging a facility fee in this situation you would become the only golf course with this type of charge and would put our community at a distinct disadvantage. You should take a look at the spreadsheet that is included in your packet and realize that there will be a significant number of the listed events that will not be playing golf at our course, but you will also loose a significant number of catering events, which are fully paid for at the present time. I sincerely doubt that the revenue that you would receive from the facility charge for those that continue to utilize our facilities would offset your losses in catering income. For those that did not pay green fees on the day of the event, such as a wedding, would of course be obligated to pay the facility fee. Please look into this further before making a final decision. Thank you.

I. RECOMMENDATION

That the Board of Trustees make a motion to:

1. Authorize Staff to Execute Amendment 11 to the Services Agreement and Approve a Contract Extension of Time with Jacobs for the Effluent Storage Tank CIP#2599SS2010 Project.

II. BACKGROUND

Jacobs Engineering Group, Inc has been contracted by IVGID for the design of the Effluent Storage Tank. The original contract for this project was executed June 9, 2021 and has been amended a total of ten (10) times to reflect changes in either scope and/or time. The most recent Amendment 10 was approved as Item E.3(#2) at the March 28, 2024 Bord meeting. The current Amendment 11

extends the completion date for conclusion of final administration construction services by June 30, 2025.

Currently, the project is nearing completion, although seasonal temperature restrictions and related risks to final painting of the storage tank have delayed final completion until spring of 2025. The risk of freezing temperatures at night could cause the finish paint layer to fail and peel off the tank. Therefore, the tank will not be completely finished in 2024 and Staff recommends keeping the design consultant and engineer of record under contract until the final task and punch list can be completed.

NOTE: the lack of final painting does not prohibit the District use of the new tank through the winter months. The new storage tank is on line as of November 2024.

In accordance with Board Policy 3.1.0, 0.15 Consent Calendar, this item is included on the Consent Calendar as it is routine business of the District and within the currently approved District Budget. The proposed Amendment 11 is included as Attachment 1.

III. BID RESULTS

There are no bid results associated with this item; the extension is a no-cost change to the terms of the agreement.

IV. FINANCIAL IMPACT AND BUDGET

This is a time extension to the existing contract only. No cost change is proposed.

V. <u>ALTERNATIVES</u>

No alternative is being recommended.

VI. COMMENTS

Approval of the contract extension will allow Jacobs Engineering until June 30, 2025 to provide construction administration support for this project.

District legal counsel has reviewed and approved this contract extension as to form.

VII. <u>BUSINESS IMPACT/BENEFIT</u>

This item is not a "rule" within the meaning of Nevada Revised Statutes, Chapter 237, and does not require a Business Impact Statement.

IX. DECISION POINTS NEEDED FROM THE BOARD OF TRUSTEES

AMENDMENT NO. 11 TO SHORT FORM AGREEMENT DATED JUNE 9, 2021 BETWEEN

INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT AND

JACOBS ENGINEERING GROUP, INC.

This Amendment No. 11 to the Short Form Agreement dated June 9, 2021 ("Amendment") is made and entered into as of November 14, 2024 by and between the Incline Village General Improvement District ("District") and Jacobs Engineering Group, Inc. II. BACKGROUND

ESRI has notified all users that the ArcMap software will enter the mature support phase from March 2024 to February 2026 and will be retired in March 2026. ArcMap is primarily used by Public Works staff for tracking District Venue, Residential, and Commercial water and sewer asset requirements. This includes project (CIP) planning and implementation, construction inspections, as well as preventive and corrective asset maintenance.

In response to the upcoming retirement of ArcMap, Public Works is planning to upgrade to ESRI's ArcGIS Pro, which offers more modern features and capabilities. To ensure a smooth implementation and transfer of data as well as being able to provide continuity of operations, Public Works will engage Pro West Associates, an ESRI partner. Pro West will review our current software and server configurations, assess department workflows, upgrade to the new software, apply the necessary licenses, and provide training for relevant Public Works staff.

To optimize administrative time, the software upgrade will be scheduled to coincide with the renewal of our current ESRI license agreement, which occurs every three years, with the next renewal scheduled for January 14, 2025.

DATE: November 13, 2024

RECOMMENDATION I.

That the Board of Trustees make a motion to:

- 1. Approve and award a Janitorial Service Agreement between the District and CC Cleaning LLC. for the District's ski venue annual janitorial services in the amount of \$45,995 within fiscal year 2025.
- 2. Authorize and direct the Interim General Manager to Sign and Execute the Agreement.

II. BACKGROUND

The District Staff enters into an annual agreement for janitorial services at the ski venue. The proposed agreement will provide services including cleaning of the Main Lodge facility excluding (rental shop, food court and the kitchen area) and the Skier Services facility. The vehicle and lift maintenance shop and Snowflake lodge are not included within this agreement. The service is provided nightly during non-operating hours for approximately 130 days during the ski venue operating season.

The funding for this annual service is provided within the Ski venue operating budget; Property Operations - General Ledger #30343469 - line item detail - Janitorial Services - 7530. Within fiscal year 2025, a total appropriation of \$48,000 is included within the line detail for the proposed janitorial service agreement.

Staff will note that this proposed agreement states that the District's Ski Venue shall supply the cleaning supplies, equipment and toiletries. Staff included a total of \$16,900 in appropriations within line item (30343469-7415 operating supplies) to supply the venues janitorial closets with cleaning supplies, including paper goods, trash can liners, cleaners, brooms, mops and vacuums. Staff uses these supplies throughout the operating day as we are accustomed to cleaning the facility throughout the day. The nighttime janitorial service will also use the supplies to refresh dispensers and empty and replace trash can liners as staff has done throughout the day. The supplies would be budgeted for and used regardless if the District had a cleaning service or not. Staff also uses the supplies outside of the operating season to clean when there is no contract for janitorial services in place and cleaning is performed by ski staff in house.

In accordance with Board Policy 3.1.0, 0.15 Consent Calendar, this item is included on the Consent Calendar as it is routine business of the District and within the currently approved District Budget.

III. BID RESULTS

Staff will inform the Board of Trustees that the proposed janitorial services agreement was provided to legal counsel for review, suggestions were provided and added to the agreement.

IV. FINANCIAL IMPACT AND BUDGET

The financial impact of the proposed agreement is within the total appropriations included in FY2025 budget, which is \$48,000. During FY2024, budgeted appropriations totaled \$47,000 with an actual expense for the janitorial services agreement of \$48,160.

V. ALTERNATIVES

Staff have no alternatives to suggest to the Board of Trustees

VI. <u>COMMENTS</u>

VII. BUSINESS IMPACT/BENEFIT

By the District funding the proposed agreement for award, the services provide a direct benefit to the District with a display of care and condition of the facilities at the ski venue.

Such amendment shall include the change in fee and/or time schedule associated with the Extra Work. Amendments for Extra Work shall not render ineffective or invalidate unaffected portions of this Agreement.

3.3 Accounting Records.

MEMORANDUM

TO: Board of Trustees

THROUGH: Karen Crocker, Interim District General Manager / Director of Parks

and Recreation

FROM: Mike Gove, Director of IT/IS

SUBJECT: Review, Discuss, and Possibly Authorize staff to execute a

Professional Services Agreement with flaik Sports USA Inc. for RTP Chart of Accounts Alignment Services in the not to exceed amount

of \$8,800. - pages 395 - 413

DATE: November 13, 2024

I. RECOMMENDATION

That the Board of Trustees Authorize staff to execute a Professional Services Agreement with flaik Sports USA Inc. for RTP Chart of Accounts Alignment Services in the not to exceed amount of \$8,800.

II. BACKGROUND

As a part of the Tyler implementation, the finance team determined some inadequacies with the District's Chart of Accounts and chose to correct those with the implementation of Tyler. In doing so, the District's Point of Sale systems were never updated to the new accounts. Instead, there was a translation template or "cross-walk" built in to the Tyler ERP which takes the old account structure and translates it from the old GL structure to the new structure.

An example of this translation is when a product is sold, the Point of Sale system records that sale to account 340-34-600-4205, which is then translated into 30343460-4205 by Tyler import template during the daily GL import.

This was determined to be an area of concern for the Rubin Brown Audit. Staff began to research a way to correctly update the Chart of Accounts in the Point of Sale system to match the new structure, so there will not be a need to use the translation process when uploading the daily GL information from the Point of Sale to Tyler.

Staff determined the process of updating the GL manually would be adversely time-consuming and would leave a gap from the time the process starts to the time it is finished, believed to be 1 to 2 weeks, with mismatching GL information that would have to be manually corrected. During staff's discussions seeking recommendations from the flaik team on what they believed the best process to

archive this task was, they proposed their ability and services to make this change systematically through one process going direct to the Database within RTP and additionally provide the ability to systematically test and verify any errors that may arise that would otherwise have to be manually tested on a product by product basis.

Staff believe this is the most efficient and accurate way to perform this task and are seeking the Board's approval of the attached agreement which has been approved by both District Legal Counsel and flaik, allowing work to start as soon as it is signed and returned and be completed before the opening of Diamond Peak, allowing a clean transition in the uploads.

<u>MEMORANDUM</u>

TO: Board of Trustees

FROM: Karen M. Crocker

Interim District General Manager

SUBJECT: Review, Discuss and Possibly Approve Modifications to Practice 6.2. –

Budgeting and Fiscal Management Community Services and Beach and

Pricing for Products and Services

DATE: November 13, 2024

I. <u>RECOMMENDATION</u>

It is recommended that the Board review, discuss and possibly approve modifications to Practice 6.2. Budgeting and Fiscal Management Community Services, Beach and Parks Pricing for Products and Services.

II. BACKGROUND

Practice 6.2 was created by the former Director of Finance Navazio. At the time, there were identified weaknesses in the practice; therefore, the Board has directed staff to make modifications to Practice 6.2. The purpose of Practice 6.2 is to have a standard of operations and pricing that is used to consistently develop and apply pricing and rates of District venues. The Practice also identifies, where appropriate, to determine the level of subsidy to be budgeted for venues and/or programs.

III. FINANCIAL IMPACT AND BUDGET

By discussing and using Practice 6.2 will identify areas in need of cost savings and rate setting that is consistent and easily identified.

IV. DECISION POINTS NEEDED FROM THE BOIARD OF TRUSTEES

These decision points were developed by Chair Schmitz, who has received comments from Board members and the public. Chair Schmitz has worked with Staff in reviewing these modifications. The attached red-lined document with yellow highlights is to identify specific decision points to be discussed by the Board and possibly approve are as follows:

- Changed the bullet point on "reducing volatility of rates" this language appeared to support the old model of "smoothing" whereby the District over collected funds from parcel owners for many years building up an excessive fund balance in the Community Services Fund. Instead, language was included to clarify the fees will be set to cover the Board approved budget.
- 2. Removing the definitions as the finance team and venue managers have financial reports and should look to those to determine operating expenses. For clarification, each venue Manager and Director and Finance Department will monitor revenue and expenses to assure compliance with Practice 6.2.

- 3. Language was added to clearly define the Community Services "model". Does the Board agree that Capital Improvements are to be funded by the Recreation/Beach Fee?
- 4. Set a discount % for parks/ballfields use by Picture Pass holders.
- 5. Is the Board agreeable that no room rental fee for Picture Pass Holders for venues if catering is utilized?
- 6. What is the profit % the Board would like to have applied to catering services to non-profits? Does the Board want to make this same discount available to all events for Picture Pass Holders? Doing this would reduce the paperwork to verify valid non-profits.
- 7. What discounts does the Board want to offer on Recreation Center Memberships?
- 8. What discount does the Board want to offer for programs, for Adult, Youth and Senior Picture Pass Holders?
- 9. Set target subsidy percentage for tennis/pickleball rates. It is currently roughly 50%. Is this an acceptable level for rates? Are Capital Improvements to be 100% subsidized by the Recreation Fee?
- 10. Is reporting satisfactory?

RELEVANT POLICIES: 6.1.0 Adoption of Financial Policies

PRACTICE. It is the practice of the District to establish the manner in which fees and charges for services are set and the extent to which they cover the cost of services provided (per Policy 6.1.2.2)

1.0 <u>Scope</u>

This Practice shall be used to ensure consistent application of pricing policy across the District's Community Services and Beach venues in order to meet venue-specific revenue and cost-recovery targets established through the annual budget process.

The objective of the District's pricing policy is to:

- Ensure that revenues, including Charges for Services and applicable Recreation or Beach Facility Fees are sufficient to cover the full cost of providing services to IVGID Picture Pass holders, guests of IVGID Picture Pass holders and others.
- Utilize sound financial planning principles to avoid volatility in charges and fees from year-to-year.
- Promote consistent framework for pricing across all venues and programs, while providing for venue-specific pricing considerations.
- Establish conditions for management to modify pricing during the fiscal year based on market conditions, and for the determination of pricing new programs.
- **2.0** <u>Definitions</u> for purposes of this practice, the following definitions shall be applied:
 - <u>Full-Cost</u> is intended to represent the per-unit cost of providing access to, or use of, District venues, services and programs, and shall include operating costs (including overhead), capital depreciation and debt, as reflected in the annual budget.
 - Operating Costs are defined to include direct personnel costs, nonpersonnel costs and overhead costs. For purposes of this definition, overhead applied to programs and services shall include appropriate allocation of Central Services Overhead as well as Departmentspecific administrative overhead.

- <u>Direct Costs</u> are defined as the incremental cost of providing for access or services for a specific event or purpose. Examples would include incremental cost (staffing, supplies, etc.) of providing access to a venue during normal business hours versus outside of normal operations.
- <u>Capital Costs</u> for programs and services provided through the District's Community Services and Beach Enterprise Funds shall be defined as the annual depreciation budgeted and allocated to each fund and cost center.
- <u>Debt Costs</u> for purposes of establishing full-cost recovery shall include principal and interest on outstanding debt allocated to each fund as included in the annual budget.

3.0 Community Services Pricing

The District operates recreational facilities, venues, services and programs. To support the Community Services facilities, venues, services, and programs, the District establishes, through the annual budget process, a Recreation Facility Fee assessed on parcels and/or dwelling units within the District.

Pricing for IVGID Picture Pass holders and others is defined as follows:

- 3.1 Others (Non IVGID Picture Pass holders):
 - 3.1.1 Rates charged for use of venues, services, and programs shall be set to cover no less than 100% of the Full-Cost of the venue rental, venue access, service provided and programs made available.
 - 3.1.2 Pricing for services and merchandise sold at District profit centers (ex. Golf Shop, Food and Beverage, Ski Rentals) shall incorporate mark-up over costs based on market-driven targeted profit margins established as part of the budget process.
 - 3.1.3 As it applies to daily rates charged for venue rental, venue access, programs, and services, management is authorized to

utilize dynamic pricing, based on changing market conditions, provided that doing so contributes positively to the net operating income of the venue. (The Board may establish a "floor" such as no lower than the IVGID Picture Pass-holder rate).

3.2 Guests:

- 3.2.1 Guest rates may be set at a discount, provided that the guest rates shall, at a minimum, cover the Operating Costs of access to venues, or program.
- 3.2.2 Where Guest Rates are established, the Guest must be accompanied by an IVGID Picture-Pass holder.
- 3.3 IVGID Picture Pass holders:
 - 3.3.1 Rates charged to IVGID Picture-Pass Holders shall be discounted from the Full-Cost of services, in recognition of the Recreation Facility Fee assessed.

Rates established for IVGID Picture-Pass holders shall generally be set at no greater than the rate required to cover the Operating Costs of programs and services. In some cases, rates charged may exceed Operating Costs (to the extent that the Facility Fee approved through the budget process is insufficient to cover the cost of annual Capital Costs and Debt Costs).

3.4 Discounts

- 3.4.1 Group Rates Access to and/or rental of venues for qualifying groups can be provided at a discount, provided that the discounted pricing is set so as to cover the Direct Costs of venue access. Discounts may vary based on venue availability (example: peak versus off-peak, mid-week versus weekend).
- 3.4.2 Community Focused Non-Profits Access to and/or rental of District facilities and venues, and participation in programs and/or services by community-focused non-profits, as defined (Policy & Procedure 141, Resolution 1895) may be provided at a discount at

no less than the Direct Costs of providing venue access/rental, program or service.

- 3.4.3 The annual budget could provide a funding allocation from the District's General Fund to be used to offset discounts anticipated to be provided to community focused non-profit organizations. This funding is to be allocated to venues, programs or services based on utilization by community focused non-profits in order mitigate the impact on overall financial performance of the venue, program or service.
- 3.4.4 A quarterly report will be provided to the Board of Trustees detailing the financial impact of the discount extended to the various groups and/or non-profits.

3.5 <u>Venue-Specific Pricing</u>

While applying the Community Services pricing guidelines as set forth in this practice, each venue, as a unique business enterprise, may incorporate modifications to its pricing for access/rentals, programs, and services, provided the venue is able to achieve overall financial results consistent with the net income targets established through the annual budget process. Such modifications may include, but are not limited to:

3.5.1 Golf Course Fees

- 3.5.1.1 Fees charged to IVGID Picture-pass holders their guests and others may vary based on season, day of the week, time-of-day, and partial (9-hole) use of the golf courses.
- 3.5.1.2 Play-Passes offered to IVGID Picture Pass holders may be priced at a discount from daily fees.
- 3.5.1.3 Management shall track and report average revenueper-round, in relation to the defined cost-recovery targets.

3.5.2 Chateau & Aspen Grove Rentals / Special Events

3.5.2.1 Fees set for Facility rentals and Special Events will be based on cost-recovery targets for the Facilities

- Enterprise Fund established through the budget process.
- 3.5.2.2 Rental fees for use of facilities by non-IVGID Picture Pass holders will take into account the historical utilization rates and incorporate a mark-up required to achieve overall cost-recovery targets.
- 3.5.2.3 Rentals provided to IVGID Picture-Pass holders will incorporate discounts, as appropriate.
- 3.5.2.4 Fees charged for catered (Food and Beverage service) events will be set to cover the Full-Cost of staff, operations and food and beverage, plus mark-up based on market conditions.
- 3.5.2.5 Consideration shall be given to maintain Facility rental and Special Events services competitive within the regional marketplace.

3.5.3 Ski

- 3.5.3.1 Rates charged to non-IVGID Picture Pass holders for daily tickets and season passes will be set so as to remain competitive within the market.
- 3.5.3.2 Rates charged to non-IVGID Picture Pass holders for daily tickets shall be no less than the Full-Cost of access to the ski venue.
- 3.5.3.3 Rates charged to IVGID Picture Pass holders for daily tickets and season passes shall be set at a discount to the extent that revenues from tickets and passes are sufficient to meet overall net revenue targets for the season.
- 3.5.3.4 Rates charged may vary based on peak periods, day of the week, and full-day versus half-day passes.
- 3.5.3.5 The Ski Rental Shop and Ski Lessons operate as Profit-Centers, with rates being largely market-driven, to include appropriate profit margins. Rates are charged uniformly, with no discounts.

3.5.4 Parks, Recreation, and Tennis Center

3.5.4.1 The District's Parks, Recreation Center, Tennis Center and recreation programming are community amenities open to residents, guests and visitors.

Program pricing is based on industry-standard "Cost-Recovery Pyramid" which provides for increasing levels of cost-recovery based on whether programs provide community benefit versus individual benefit. (See Appendix A)

- 3.5.4.2 Programs and memberships are provided to IVGID Picture-Pass holders at a discount.
- 3.5.4.3 Recreation Center and Tennis Center membership pricing is adjusted based on age, season, time-of-day and day of the week (peak and non-peak hours).
- 3.5.4.4 Management shall review memberships and program fees annually, and may adjust rates based on industry and regional rates.

4.0 Beach Pricing

District-owned beaches are restricted to deeded parcel owners within the District and their guests. To support the Beaches, services, and programs, the District establishes, through the annual budget process, a Beach Facility Fee assessed on eligible parcels and/or dwelling units within the District.

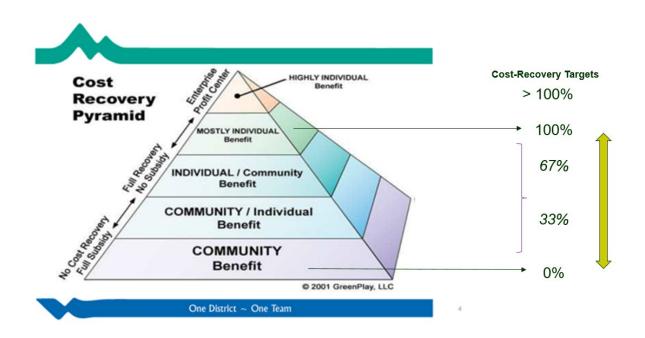

- 4.1.1 Beach access is restricted for use by IVGID Picture Pass holders with beach access and their guests.
- 4.1.2 Funding to support the District beaches comes directly from the annual Beach Facility Fee assessed on parcels and/or dwelling units within the District and, as such, beach access to IVGID Picture-pass holders with beach access is made available at no additional charge.
- 4.1.3 The daily Guest beach access fee is to be set annually in relation to Operating Costs (per beach visit) as established through the annual budget process.
- 4.1.4 The daily Beach access fee may vary based on time of year, and peak periods. Management shall report on the average daily rates for the season to ensure that pricing policy and beach revenue targets are met.

- 5.5 Fee Schedules shall be placed on the District's website, and shall be updated, as needed, to reflect current pricing, to the extent practical.

Appendix A Cost-Recovery Pyramid Recreation and Community Programs

Practice 6.2 - redlined

RELEVANT POLICIES: 6.1.0 Adoption of Financial Policies

PRACTICE. It is the practice of the District to establish the manner in which fees and charges for services are set and the extent to which they cover the cost of services provided (per Policy 6.1.2.2)

1.0 <u>Scope</u>

This Practice shall be used to ensure consistent application of pricing across the District's Community Services, and Beach and Park venues in order toto meet venue-specific revenue objectives.

The objective of the District's pricing policy is to:

- Ensure that revenues, including Charges for Services and applicable Recreation and/or Beach Facility Fees, as annually approved in May of each year for the forthcoming fiscal year by the Board of Trustees, are sufficient to cover the full cost of providing services, venue maintenance and capital improvements. to IVGID Picture Pass holders, guests of IVGID Picture Pass holders and others.
- Utilize sound financial planning principles to avoid volatility in charges and fees from year-to-year. The Recreation and Beach Facility fees should not result in as this appears to justify "smoothing" AKA over collection of fees from parcel ownersovercollection, but cover the costs identified by the budget as approved by the Board of Trusteesi of Beach and/or Recreation Facility Fees.
- <u>EnsurePromote a consistent framework</u> for pricing across all venues and programs.
- Establish conditions for management to modify pricing during the fiscal year based on market conditions, and for the determination of pricing new programs.

2.0 <u>Definitions</u> – for purposes of this practice, the following definitions shall be applied:

- Full-Cost is intended to represent the per-unit cost of providing access to, or use of, District venues, services and programs, and shall include operating costs (including overhead), capital depreciation and debt, as reflected in the annual budget.
- Operating Costs are defined to include direct personnel costs, nonpersonnel costs and overhead costs. For purposes of this definition,

overhead applied to programs and services shall include appropriate allocation of Central Services Overhead as well as Department-specific administrative overhead.

- <u>Direct Costs</u> are defined as the incremental cost of providing for access or services for a specific event or purpose. Examples would include incremental cost (staffing, supplies, etc.) of providing access to a venue during normal business hours versus outside of normal operations.
- <u>Capital Costs</u> for programs and services provided through the District's Community Services and Beach Funds shall be defined as the annual depreciation budgeted and allocated to each fund and cost center.
- <u>Debt Costs</u> for purposes of establishing full-cost recovery shall include principal and interest on outstanding debt allocated to each fund as included in the annual budget.

3.0 <u>2.0 Community Services Pricing</u>

The operations of Diamond Peak, the golf courses, catering and venues of such as the Chateau and Aspen Grove, the Recreation Center, Tennis/Pickleball Center are all operated within the Community Services Fund.

While the cost of operations, including any programs, and capital improvements for venues (cost centers) may not be covered entirely by charges for services, the revenue generated by other cost centers within Community Services, along with the allocation of the Board approved Recreation Fee, are the source of financial funding.

The District operates recreational facilities, venues, services and programs. To support the Community Services facilities, venues, services, and programs, the Board of Trustees shall establish, as part of the budgeting process, in January of each calendar year, a Recreation Facility Fee and a Beach Facility Fee to be that it may adopt through the annual budget process, and that is assessed on parcels and/or dwelling units within the District. This Recreation Facility Fee and Beach Facility Fee will be effective in the following fiscal year. This fee is set to cover capital improvements and in some cases the operating costs of venues.

<u>Discounts and target profit margins need to be established and openly</u> communicated (no "quiet discounts") and reported on per Resolution 1895.

Across all Community Services venues, food and beverage discounts are to be consistent. All IVGID Picture Pass holders receive a 10% discount on their food and non-alcoholic beverages. The discount only applies to the passholder, not their

guests.

Pricing for the general pubic for all programs, catering, golf, food & beverage, venue rentals and merchandise are to be priced based on competitive market analysis.

Pricing for parcel owners is to provide consistent value across all of the Community Services operations. Discounts and profit margins are to be consistent.

During the rate setting process for programs, staff are expected to evaluate the utilization and financial performance before continuing a program and including it in the budget. Staff is encouraged to bring forward ideas for new programs to meet the community's needs as part of the rate setting and budget process.

<u>Pricing for summer programs, golf rates and other summer season rates are to be set by the Board of Trustees in February. This allows staff time to communicate rates and prepares for the budget process in May.</u>

<u>Pricing for winter programs, ski rates and other winter season rates are also to be set in February to allow time for tiered early rates.</u>

Merchandise is not discounted based on customer but is discounted based on time of year to reduce the inventory. Merchandise Managers are responsible for determining the proper timing and discount percentages.

3.0 Parks Pricing

Rates for ballpark rental, venue rental and park related services or programs are to be based on competitive market analysis with a discount determined by the Board of Trustees for IVGID picture pass holders that covers at a minimum the operational costs of making the venue available and for clean up. The rates are to be approved by the Board of Trustees on an annual basis in February.

The costs for maintaining and upgrading the skate park, bike park, disc golf course, exercise circuit, Aspen Grove fields, Preston Field, and the Ridgeline ball parks are subsidized 100%. Donations and/or grant funding may be made available to offset these District costs and if such donation and/or grant funding occurs, these opportunities will be brought before the Board of Trustees for their review and possible approval.

4.0 Beaches Pricing

Rates for guest access, boat launching, group picnic and any other beach relates services or programs are approved by the Board of Trustees on an annual basis in

February to allow staff time to communicate the opening season rates.

There are no discounts offered for food and beverages at the beaches since most customers would receive a discount. The food and beverages should be priced to cover all operational costs with a profit margin established by the Board of Trustees.

Notes

- (1) Key rates are presented to the Board of Trustees for their review and approval in February of each calendar year. The key rates, once approved, will go into effect for the following golfing season.
- (2) Key rates are presented to the Board of Trustees for their review and approval in January of each calendar year. The key rates, once approved, will go into effect for the following ski season.
- (3) Key rates are presented to the Board of Trustees for their review and approval in March of each calendar year. The key rates, once approved, will go into effect at the start of the next fiscal year.
- (4) Rates may be presented to the Board of Trustees for their review and approval and a fixed sum amount of money is presented in the annual budget for both Adult and Youth Programming combined into one fixed sum. It is then the Staff's job to work within that fixed sum of money for all its Adult and Youth programming.
- (5) Donations are solicited and donations go to Parks revenue for maintenance of the facility.
- (6) Rentals are or will be available and the rental fees generated will go to Parks revenue.
- (7) This venue may be used for internal District events and discounts may be offered in off peak seasons in accordance with the key rates submitted and approved.

As it applies to daily rates charged for venue rental, venue access, programs, and services, management is authorized to utilize dynamic pricing, based on changing

market conditions, provided that doing so contributes positively to the net operating income of the venue. (The Board may establish a "floor" such as no lower than the IVGID Picture Pass-holder rate).

5.0 Community Focused Nonprofits

Community Focused Nonprofits may be eligible for complimentary use of District facilities and recreational programs. Eligible non-profits shall be a local non-profit, a national nonprofit with a local chapter, or local government agency or school district providing services to the local community. Local shall be defined as the Incline Village/Crystal Bay community. Organizations shall provide supporting documentation of their nonprofit status prior to receiving complimentary use of District facilities or recreational programs. Non-government agencies shall be an IRS 501(c)(3) nonprofit corporation or similar organization. All entities shall otherwise comply with all applicable terms and conditions for use of the facility or participating in the program, including insurance, indemnity, damage deposits, and similar requirements. Blackout Dates. IVGID prioritizes the use of IVGID facilities for resident or revenue-generating use. As such, IVGID staff shall, on an annual basis, identify dates in which complimentary use of District facilities are unavailable. Moreover, resident or revenue-generating use shall take priority over complimentary use. IVGID may provide other special pricing, discount, or promotional programs to the general public or to a category of the general public. Examples may include complimentary lift tickets to Diamond Peak for local students or a round of golf at the Mountain Golf Course. Categories of the general public shall not include IVGID employees, retirees, or similar group provided benefits under personnel or similar policies. Special pricing or promotional programs shall be identified, budgeted, and approved through the annual budget. On an annual basis, the General Manager or designee shall provide a report to the Board of Trustees listing any use of District facilities and recreational programs pursuant to this Practice. The Board of Trustees may authorize additional complimentary use of District facilities and recreational programs at its discretion. In addition, the Board of Trustees may authorize monetary contributions to Community Focused Non-Profits or other entities to the extent permitted by NRS 318 and other applicable law. This Practice does not affect or invalidate any existing joint use or similar agreement with a Community Focused Non-Profit, which be deemed an additional use subject to this Practice.

The annual budget could provide a funding allocation from the District's General Fund to be used to offset complimentary use anticipated to be provided to community focused non-profit organizations. This funding is to be allocated to venues, programs or services based on utilization by community focused non-profits in order mitigate the impact on overall financial performance of the venue, program or service.

6.0 Reporting

An annual report will be provided to the Board of Trustees, no later than August 31 and beginning with Fiscal Year ending 2024/2025, that will detail the financial impact of the complimentary use extended to the various groups and/or non-profits. At the end of each season, the staff is to provide a report to the Board of Trustees showing the budget and rate assumptions compared to the actual financial performance. This analysis is intended to improve the rate setting and budgeting process. The Board may alter the discount percents and target cost recovery as necessary.

7.0 Caveats to this Practice

While applying the Community Services pricing guidelines as set forth in this practice, each venue, as a unique business enterprise, may incorporate modifications to its pricing for access/rentals, programs, and services. The measurement for success will be the overall performance of the fund/sub-fund that these venues make up i.e. the Community Services Fund and more specifically the working capital (cash) balance.

8.0 Beach Pricing

District-owned beaches are restricted to deeded parcel owners within the District and their guests. To support the Beaches, services, and programs, the District may establish in January, a Beach Facility Fee assessed on eligible parcels and/or dwelling units within the District.

- 8.1 Beach access is restricted for use by IVGID Picture Pass holders with beach access and their guests.
- 8.2 Funding to support the District beaches comes directly from the annual Beach Facility Fee assessed on parcels and/or dwelling units within the District and, as such, beach access to IVGID Picture-pass holders with beach access is made available at no additional charge.
- 8.3 The daily Guest beach access fee is to be set during key rate approvals.
- 8.4 The daily Beach access fee may vary based on time of year, and peak periods.

 Management shall report on the average daily rates for the season to ensure that pricing policy and beach revenue targets are met.

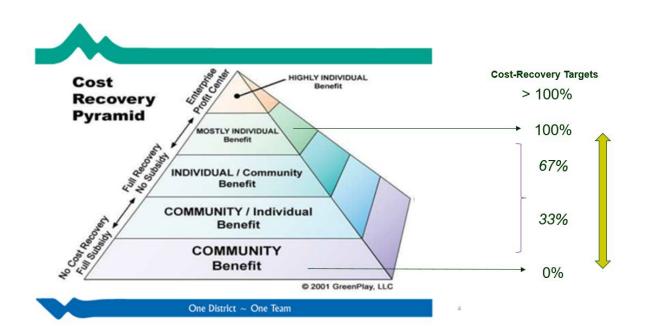

9.0 Administration of Community Services and Beach Pricing Policy

- 9.1 The Board of Trustees will establish overall financial performance targets for each venue through the annual budget process.
- 9.2 The General Manager is authorized to approve daily and group rates for all other programs, based on the recommendations of venue managers,

consistent with the parameters of the District's Pricing Policy (Policy 6.1.2.2).

9.3 Fee Schedules shall be placed on the District's website, and shall be updated, as needed, to reflect current pricing, to the extent practical.

Appendix A Cost-Recovery Pyramid Recreation and Community Programs

Practice 6.2 – with all changes accepted

RELEVANT POLICIES: 6.1.0 Adoption of Financial Policies

PRACTICE. It is the practice of the District to establish the manner in which fees and charges for services are set and the extent to which they cover the cost of services provided (per Policy 6.1.2.2)

1.0 <u>Scope</u>

This Practice shall be used to ensure consistent application of pricing across the District's Community Services, Beach and Park venues to meet venue-specific revenue objectives.

The objective of the District's pricing policy is to:

- Ensure that revenues, including Charges for Services and applicable Recreation and/or Beach Facility Fees, as annually approved in May of each year for the forthcoming fiscal year by the Board of Trustees, are sufficient to cover the cost of providing services, venue maintenance and capital improvements.
- The Recreation and Beach Facility fees should not result in overcollection, but cover the costs identified by the budget as approved by the Board of Trustees.
- Ensure a consistent for pricing across all venues and programs.
- Establish conditions for management to modify pricing during the fiscal year based on market conditions.

2.0 Community Services Pricing

The operations of Diamond Peak, the golf courses, catering and venues of such as the Chateau and Aspen Grove, the Recreation Center, Tennis/Pickleball Center are all operated within the Community Services Fund.

While the cost of operations, including any programs, and capital improvements for venues (cost centers) may not be covered entirely by charges for services, the revenue generated by other cost centers within Community Services, along with the allocation of the Board approved Recreation Fee, are the source of financial funding.

The Board of Trustees shall establish, as part of the budgeting process, a Recreation Facility Fee and a Beach Facility Fee to be assessed on parcels within the District. This Recreation Facility Fee and Beach Facility Fee will be effective in the following fiscal year. This fee is set to cover capital improvements and in some cases the

operating costs of venues.

Discounts and target profit margins need to be established and openly communicated (no "quiet discounts") and reported on per Resolution 1895.

Across all Community Services venues, food and beverage discounts are to be consistent. All IVGID Picture Pass holders receive a 10% discount on their food and non-alcoholic beverages. The discount only applies to the passholder, not their quests.

Pricing for the general public for all programs, catering, golf, food & beverage, venue rentals and merchandise are to be priced based on competitive market analysis.

Pricing for parcel owners is to provide consistent value across all of the Community Services operations. Discounts and profit margins are to be consistent.

During the rate setting process for programs, staff are expected to evaluate the utilization and financial performance before continuing a program and including it in the budget. Staff is encouraged to bring forward ideas for new programs to meet the community's needs as part of the rate setting and budget process.

Pricing for summer programs, golf rates and other summer season rates are to be set by the Board of Trustees in February. This allows staff time to communicate rates and prepares for the budget process in May.

Pricing for winter programs, ski rates and other winter season rates are also to be set in February to allow time for tiered early rates.

Merchandise is not discounted based on customer but is discounted based on time of year to reduce the inventory. Merchandise Managers are responsible for determining the proper timing and discount percentages.

3.0 Parks Pricing

Rates for ballpark rental, venue rental and park related services or programs are to be based on competitive market analysis with a discount determined by the Board of Trustees for IVGID picture pass holders that covers at a minimum the operational costs of making the venue available and for clean up. The rates are to be approved by the Board of Trustees on an annual basis in February.

The costs for maintaining and upgrading the skate park, bike park, disc golf course, exercise circuit, Aspen Grove fields, Preston Field, and the Ridgeline ball parks are

subsidized 100%. Donations and/or grant funding may be made available to offset these District costs and if such donation and/or grant funding occurs, these opportunities will be brought before the Board of Trustees for their review and possible approval.

4.0 Beaches Pricing

Rates for guest access, boat launching, group picnic and any other beach relates services or programs are approved by the Board of Trustees on an annual basis in <u>February</u> to allow staff time to communicate the opening season rates.

There are no discounts offered for food and beverages at the beaches since most customers would receive a discount. The food and beverages should be priced to cover all operational costs with a profit margin established by the Board of Trustees.

A. Facility Rental Rules and Fee Provisions

- 1. The facility will not be considered rented until (a) User delivers to IVGID a signed copy of this Agreement, certificate of insurance upon request, the full amount of any fees due for the rental, and any other items deemed necessary by IVGID; and (b) IVGID, in its sole discretion, approves such rental in writing.
- 2. The charges for facility rental must be paid at the time of booking. To be eligible for any Incline Village "Resident" rental rates, the applicant must hold and provide staff with a valid IVGID Resident Photo ID, and be current in all recreation fees and assessments. IVGID may charge an additional reasonable fee to User if the event continues past the ending time stated in this Agreement without prior written approval from IVGID.
- 3. User represents, by signing this Agreement, that they are at least 18 years of age and authorized to execute this Agreement on their own behalf or on behalf of the entity which is the subject of this Agreement.
- 4. After submitting this Agreement and paying the associated fee, User will receive confirmation from IVGID staff that the requested facility will be made available on the date requested. Confirmation does not guarantee facility availability in the event that circumstances beyond IVGID's reasonable control prevent the facility's availability (i.e. weather, vandalism, and/or other factors). IVGID reserves the right to cancel any scheduled use of a facility due to unforeseen circumstances outside of IVGID's control. IVGID will not be responsible for any cost(s) incurred as a result of such cancellations.
- 5. Should an event be canceled by the User more than 30 days prior to the scheduled date, all fees paid to that point will be refunded. Should User cancel the scheduled event within 30 days of the scheduled date, User will forfeit 50% of the fees paid to that point. If User needs to cancel a scheduled event on the day of the reservation, for weather or other emergency purposes, IVGID will work with User to reschedule the event for a mutually agreeable date and time. However, should the parties not be able to reach an agreement on a rescheduled date and User proceeds with same-day cancelation, User will forfeit any fees pre-paid in connection with the rental.
- 6. User shall use the facility only for the purpose stated in this Agreement. In the event that the facility is left damaged or User leaves the facility in a condition other than its original condition, User agrees to pay a liquidated damage totaling \$500.00, to account for staff time, administration costs, loss of use, and other economic damages of a type and amount impossible to ascertain with certainty in advance. The Parties agree that such liquidated damages represent a fair, reasonable, and appropriate estimate of the economic loss to IVGID; that such liquidated damages are intended to represent estimated actual damages, and not as a penalty; and that User shall pay such liquidated damages without limiting IVGID's right to pursue other legal remedies as may otherwise be appropriate. IVGID further reserves the right to charge an advance security deposit, in addition to the standard facility rental fee, for certain event types.
- 7. User shall not use IVGID's name or address to suggest endorsement or sponsorship of the event without prior written approval in accordance with IVGID Policy and Procedure No. 113. User's publicity for the event, if any, shall clearly and accurately identify the name of the sponsoring organization or individual.

MEMORANDUM

TO: Board of Trustees

THROUGH: Karen Crocker

Interim General Manager

SUBJECT: Review, discuss, and award Recreation Center Janitorial

Services Contract to CC Cleaning Service effective

October 30, 2024, in the amount of \$77,168.

STRATEGIC PLAN: Long Range Principle #1 - Service

Long Range Principle #3 – Finance

Long Range Principle #5 – Assets and Infrastructure

DATE: November 13, 2024

I. RECOMMENDATION

- 1. Staff recommends that the Board of Trustees approve and award a Janitorial Service Agreement between the District and CC Cleaning Service, LLC for the Recreation Center in the amount of \$77,168.
- Authorize and direct the Interim General Manager to Sign and Execute the Agreement

II. DISTRICT STRATEGIC PLAN

Long Range Principle #1 – Service – The District will provide superior quality service and value to its customers considering responsible use of District resources and assets.

• The District will provide well defined customer centric service levels consistent with community expectations.

Long Range Principle #3 – Finance – With allocated resources, equate service expectations and the capability to deliver.

 Comply with Nevada Revised Statutes and Administrative Code requirement for the budget process and document content.

Long Range Principle #5 - Assets and Infrastructure - The District will practice

Review, discuss, and award Recreation-2-Center Janitorial Services Contract to CC Cleaning Service effective October 30, 2024, in the amount of \$77,168.

perpetual asset renewal, replacement, and improvement to provide safe and superior long-term utility services and recreation activities.

 The District will maintain, renew, expand, and enhance District infrastructure to meet the capacity needs and desires of the community for future generations.

III. BACKGROUND

This is a follow up to the Board meeting of October 30, 2024. The question the Board of Trustees had with the contract was the delineation of the "District" and "Contractor" responsibilities of who was providing the supplies and equipment per the contract. Article 6.1.3 and 6.1.4 identifies what the "Contractor" is to provide and Article 7.1.3 identifies what the "District" is to supply. For ease of reference, this paragraph reads as follows:

OWNER will supply all consumable supplies for restrooms. This to include hand soaps, paper towels, toilet tissue, sanitary napkins and tampons, toilet seat covers, show curtains and paper cups. OWNER will also supply all liners for trash cans and recycle totes.

The Recreation Center Operating budget has \$35,413 to cover these costs.

The current janitorial contract for the Recreation Center expired on October 30, 2024. Staff has solicited bids through Request for Proposals for a new contract to begin on November 1, 2024. However, due to the direction of the Board at the October 30, 2024 meeting to bring back the contract with clarification, the contract will still be effective November 1, 2024. This is direction from our Legal Counsel. The contract is for a one (1) year term with the option to renew for four (4) additional one (1) year terms. The current janitorial contract is with CC Cleaning Services, LLC.

IV. <u>BID RESULTS</u>

In accordance with NRS 332.115 and District Policy 3.1.0, the District posted a Notice to Bidders for the Recreation Center Janitorial Services. Staff had also solicited proposals from CC Cleaning Services, JSCF Janitorial and Nevada Building Services. Only one bid was received on October 15, 2024 and that bid result is as follows:

Review, discuss, and award Recreation-3-Center Janitorial Services Contract to CC Cleaning Service effective October 30, 2024, in the amount of \$77,168.

CC Cleaning Services, LLC

\$77,168 Annually (Recreation Center)

V. FINANCIAL IMPACT AND BUDGET

The financial impact of the proposed agreement is within the total appropriations included in the FY2025 budget for the Recreation Fund. Expenditures will be charged to the following general ledger line item: Recreation Center; Janitorial, #30354884-7530. The Finance Department has approved this expenditure.

VI. <u>ALTERNATIVES</u>

The Board could direct Staff to consider hiring additional maintenance staff to perform janitorial services at the Recreation Center.

VII. BUSINESS IMPACT

This item is not a "rule" within the meaning of Nevada Revised Statutes, Chapter 237, and does not require a Business Impact Statement.

Upon contract extensions the contract price can increase by up to Consumer Price Index (CPI) and is agreed to by both parties.

Also, OWNER reserves the right to reject any Bid pursuant to Nevada Law if OWNER believes that it would not be in the best interest of the District, whether the Bid is not responsive, the BIDDER is unqualified or of doubtful financial ability, based on prior contractual employment concerns which may or may not include written correction notices from OWNER, or fails to meet any other pertinent standard or criteria established by OWNER. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.
- In evaluating bids, OWNER will consider the qualifications of the BIDDERs, whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, and other data as may be requested in the Bid Form or prior to the Notice of Award. If, upon investigation by the OWNER, a bid is received from a BIDDER who has had a previous janitorial service contract terminated for cause, within the last five (5) years, the OWNER reserves the right to deem that bid non-responsive.
- 14.3 OWNER may consider the qualifications and experience of Subcontractors, Suppliers, and other Persons and Organizations proposed for those portions of the Work as to which the identity of Subcontractors, Suppliers, and other Persons and Organizations must be submitted as provided in the Supplementary Conditions. OWNER also may consider the operating costs, maintenance requirements, performance data, and guarantees of major items of materials and equipment proposed for incorporation in the Work when such data is required to be submitted prior to the Notice of Award.

- 14.4 OWNER may conduct such investigations as OWNER deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications, and financial ability of BIDDERs, proposed Subcontractors, Suppliers, and other Persons and Organizations to perform and furnish the Work in accordance with the Contract Documents to OWNER's satisfaction within the prescribed time.
- 14.5 If the contract is to be awarded, it will be awarded to the BIDDER whose evaluation by OWNER indicates to OWNER that the award will be in the best interests of the District. The OWNER reserves the right to reduce the scope of the work up to twenty-five percent (25%) of the total bid price by deleting items and/or reducing the scope of work without invalidating the bid, if necessary, to reduce the cost of the project to within the ENGINEER's Estimate and/or OWNER's Budget.

Article 15 -- Signing of Agreement

When OWNER gives a Notice of Award to the Successful Bidder, it will be accompanied by the required number of unsigned counterparts of the Agreement with all other written Contract Documents attached. Attention of Ms. Kelly Langley

Subject: Proposed Plan of Correction Regarding Annual Audit Report – Fiscal Year 2023

Pursuant to NRS 354.6245

Dear Ms. Langley,

The IVGID Fiscal Year 2023 Audit included a disclaimer of opinion, as provided by Davis Farr. As a result of this, the Incline Village General Improvement District (IVGID) received the enclosed letter from the Department, dated September 18, 2024, identifying a violation of NRS 354.624(4) based on the lack of expression of opinion.

In accordance with NRS 354.6245 and NAC 354.721, IVGID provides the following as its proposed plan of correction:

Proposed Plan of Correction

1. Identify the statute or regulation violated.

The September 18, 2024 letter identified that IVGID's the Fiscal Year 2023 Audit violated NRS 354.624(4) on the basis that "an expression of opinion on the financial statements" was not included.

2. Describe the violation, including when it occurred, how it occurred and the frequency of its occurrence

The violation occurred in the Fiscal Year 2023 Audit, and this is the first occurrence of such a violation. The auditors have indicated to IVGID that the basis for the disclaimer opinion stating was that the auditors were unable to complete the analytical review procedures of IVGID's revenues and expenses and were not able to obtain sufficient audit evidence supporting other amounts in the financial statements.

3. If the violation was reported in the local government's last audit, describe that occurrence and the corrective action taken in the preceding year.

The violation was not listed in the audit itself, and the District was notified by the Department of Taxation of the violation after the close of fiscal year 2023, accordingly, IVGID was unable to take corrective action during the preceding year.

4. Identify the administrative and procedural means of control used to prevent a recurrence of the violation; and [d]escribe planned changes in the procedures for control and review to prevent future violations and identify the public officers responsible for carrying out those changes.

The issues that caused the disclaimer of opinion by Davis Farr involved the inability of IVGID staff to timely respond to certain requests for information by its auditors. To prevent the recurrence of the violation, the District intends to undertake the following actions:

1. Addressing Issues with Implementation of Tyler Munis

IVGID acknowledges its challenges with the implementation of the Tyler Munis system for the Finance and Human Resources Departments. At the October 9, 2024 Board of Trustees meeting, a contract was approved to assist IVGID in rectifying the integration, with the bank reconciliation function being the top priority. This work will begin on or about January 9, 2025, although IVGID is making effort to expedite the initiation and completion of this work. The persons responsible for carrying out this task shall be IVGID's Director of Information Technology and Acting Director of Finance.

IVGID was also assigned a sub-committee of the Committee of Local Government Finance (CLGF) and it is our understanding that this subcommittee has experience with the Tyler Munis system, and IVGID will incorporate any guidance, suggestions, and ideas from the sub-committee in addressing problems with the present implementation. IVGID has reached out to the sub-committee chair and is working to coordinate the first meeting with this sub-committee.

2. Fully staffing the Finance Department; Minimizing significant turnover of financial staff

IVGID is short staffed within the Finance Department with two vacant positions. The positions that we are short staffed and budgeted for this fiscal year are Senior Accountant and Accountant. IVGID is presently using 2 temporary contract persons who are working on a variety of accounting items as well as auditing work. As verbally reported to the Committee on Local Government Finance, IVGID staff is focused on the 2023/2024 Audit and working with our auditors, Davis Farr. However, IVGID is committed to fully staffing its Finance Department and ensuring adequate staff resources for the completion of the Fiscal Year 24 audit. On November 5, 2024, IVGID staff held interviews for an Accountant. Staff is now exploring the possibility of filling this specific position with temporary employees. The persons responsible for carrying out this task shall be IVGID's Interim General Manager and Acting Director of Finance.

	Respectfully Submitted,
	Karen Crocker IVGID Interim General Manager
